REPORT OF INDEPENDENT AUDITORS

To the Administrator of the Roll Coater
Savings Plan for Bargaining Unit Associates
Indianapolis, Indiana

We were engaged to audit the financial statements and supplemental schedules of the Roll Coater Savings Plan for Bargaining Unit Associates (the Plan) as of December 31, 2011 and 2010 and for the years then ended, as listed in the accompanying contents page. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wilmington Trust Retirement and Institutional Services Company and Reliance Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that Wilmington Trust Retirement and Institutional Services Company held the Plan's investment assets and executed investment transactions from June 25, 2010 – December 31, 2011 and that the Reliance Trust Company held the Plan's investment assets and executed investment transactions for the period January 1, 2010 – June 24, 2010. The plan administrator has obtained certification from the trustees as of December 31, 2011 and 2010 and for the years ended that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules as a whole. The information included in the supplemental schedules is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ROLL COATER SAVINGS PLAN
FOR BARGAINING UNIT ASSOCIATES
NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

NOTE 1 - GENERAL DESCRIPTION OF THE PLAN

The following description of the Roll Coater Savings Plan for Bargaining Unit Associates ("the Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all union employees of Precoat Metals Corp. ("the Company"), as stated in the plan agreement, effective November 24, 2004. Effective August 13, 2009, qualified employees are eligible to participate with 12 months of service with 83.3 hours of service per month. Prior to August 13, 2009, participants were eligible to participate on his/her date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

In October 2011, the Company, previously known as Roll Coater, was sold to Sequa Corporation ("Sequa") and was then merged with Precoat Metals Corp., a subsidiary of Sequa.

Contributions: Each year, participants may contribute from 1% to 50% of annual compensation, as defined by the Plan. Participants who have met eligibility requirements are automatically enrolled into the Plan. The default contribution is calculated at 3% for participants that are new to the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Each participant may direct their contribution and Company contributions into any of the investment options available under the Plan.

The Company makes matching contributions, which are based on union contract agreements. The Company may also make a discretionary profit sharing contribution based on years of service. Effective June 1, 2009, the Company elected to temporarily suspend employer matching contributions until January 1, 2010 and employer discretionary profit sharing contributions for July 1, 2009 and 2010 for Chauffeurs, Teamsters, and Helpers Local Union No. 215. Effective December 1, 2009, the Company elected to suspend employer matching contributions and employer discretionary profit sharing contributions until October 1, 2011 for International Union, United Automobile, Aerospace and Agricultural Implement Workers of America and Its Local Union No. 661. Effective January 11, 2010, the Company elected to temporarily suspend employer discretionary profit sharing contributions until February 1, 2011 for United Steel Workers Local Union No. 1191-14. For 2011 and 2010, the Company made employer contributions totaling \$87,072 and \$81,821, respectively. For 2011, the Company made discretionary profit sharing contributions totaling \$191,365. Contributions are subject to certain limitations.

Participants' Accounts: Each participant's account is credited with participant's own contributions, the Company's matching contribution on their deferral, the Company's discretionary contribution, an allocation of investment earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on the participant's compensation, contribution, or account balance, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear a reasonable rate of interest. Principal and interest are repaid ratably through payroll deductions.

Vesting: Participants are immediately vested in their contributions and in the Company's matching contributions, plus earnings thereon. Participants are 100% vested in the Company's profit sharing contribution after three years of service.

ROLL COATER SAVINGS PLAN
FOR BARGAINING UNIT ASSOCIATES
NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

NOTE 1 - GENERAL DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits: On termination of service for any reason, a participant or beneficiary, if applicable, may elect to receive a distribution of his or her vested account as a single lump sum or installments over a period of not more than their assumed life expectancy. In-service withdrawals are permitted for reasons of financial hardship only. These payments and withdrawals are subject to certain conditions and elections as defined in the plan agreement. Distributions from the Plan are subject to federal income tax rules and regulations.

Forfeitures: Forfeitures are used to pay plan expenses and to reduce future Company contributions. During the years ended December 31, 2011 and 2010, no forfeitures were used to reduce Company Contributions to the Plan. As of December 31, 2011 and 2010, there were \$768 and \$196 in forfeitures available to reduce future employer contributions or reduce plan expenses.

Transfer Out To Another Plan: The transfers are due to the employment status change of participants. The participants' balances were transferred between plans in association with the change.

Administrative and Investment Management Expenses: Loan origination fees associated with notes receivable from participants and the Plan's record keeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties: The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value as further described in Note 4. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits: Benefits are recorded when paid

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fully Benefit-Responsive Investment Contracts: While Plan investments are presented at fair value in the statement of net assets available for benefits, any material difference between the fair value of the Plan's direct and indirect interests in fully benefit-responsive investment contracts and their contract value is presented as an adjustment line in the statement of net assets available for benefits, because contract value is the relevant measurement attribute for that portion of the Plan's net assets available for benefits. Contract value represents contributions made to a contract, plus earnings, less participant withdrawals and administrative expenses. Participants in fully benefit-responsive contracts may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan holds an indirect interest in such contracts through its investment in a stable value fund.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Net Appreciation (Depreciation) in the Fair Value of Investments: The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses, and the unrealized appreciation (depreciation) on those investments.

Termination of the Plan: Although it has not expressed an intent to do so, the Company has the right to discontinue its contributions and terminate the Plan subject to the provisions of ERISA. In the event the Plan is discontinued, the Plan's assets will be distributed to participants in accordance with the Plan's provisions and subject to the provisions of ERISA. In the event of the Plan's termination, participants would become 100% vested in their accounts.

NOTE 3 - UNAUDITED INFORMATION – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Wilmington Trust Retirement and Institutional Services Company, the trustee of the Plan, held the Plan's investment assets and notes receivable from participants and executes investment transactions therein, and substantially all information pertaining to investments and notes receivable from participants included in the financial statements has been certified by Wilmington Trust Retirement and Institutional Services Company. This information has not been audited by independent accountants.

NOTE 4 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

Stable value fund: The fair values of participation units in the stable value collective trust are based upon the net asset values of such fund, after adjustments to reflect all fund investments at fair value, including direct and indirect interest in fully benefit-responsive contracts, as reported in the audited financial statements of the fund (Level 2 inputs). The fund invests in a series of proprietary commingled fixed income portfolios, which include short term investments, short duration investments, intermediate investments, core investments, and guaranteed investment contracts. The objective of the fund is to provide preservation of principal, maintain a stable interest rate, and liquidity to pay plan benefits of its retirement plan investors. The fund generally provides for daily redemptions by the Plan at reported net asset value per share at contract value. When market value of units is less than the contract value, plans may also elect to withdraw units at their market value upon 10 days' notice.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 - FEDERAL INCOME TAX STATUS

Effective January 1, 2009, the Plan adopted a prototype plan document issued by the Newport Retirement Services LLC. The Internal Revenue Service issued an opinion letter dated March 31, 2008 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan was amended from the prototype plan document and, therefore, Plan management elected to request a determination letter. The Internal Revenue Service has determined and informed the Company by a letter dated July 7, 2010 that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, Plan management believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. At December 31, 2010, the Plan held investments in mutual funds managed by Merrill Lynch, investment advisor, totaling \$769,757. This qualified as a party-in-interest investment. The Plan also held notes receivable from participants at December 31, 2011 and 2010 of \$197,747 and \$169,876, respectively, which qualify as party-in-interest transactions. During 2011 and 2010, the Plan paid administrative expenses of \$1,954 and \$6,354, respectively, to the Newport Retirement Services, Inc., the third party administrator, which qualifies as party-in-interest transactions. Certain professional fees related to the administration and recordkeeping of the Plan were paid by the Company on behalf of the Plan.
