NOTE 1 - Description of Plan

The following description of the New York Central Mutual Fire Insurance Company ("Company") 401(k) Retirement Savings Plan ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A) General - The Plan is a defined contribution plan covering substantially all employees of the Company and its subsidiaries who have attained age twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B) Contributions - In accordance with Internal Revenue Code contribution limits, participants may elect to contribute up to 40% of their annual compensation up to a maximum of $17,000 for the 2012 plan year. Participants who have attained age 50 are eligible to make additional "catch up" contributions of up to $5,500.

The Company does not make employer contributions.

C) Participant Accounts - Each participant's separate account is credited with the participant's contribution and earnings thereon. Participants direct investment of their account into various investment options selected by the Plan's administration.

D) Vesting - Participants are immediately 100% vested in their contributions and earnings thereon.

E) Payment of Benefits - On termination of service due to death, disability or retirement, a participant or their beneficiary will receive an amount equal to the total vested account value in either a lump-sum, an annual flexible amount or a series of monthly installments over a period not exceeding the life expectancy of the participant and their spouse. If the employee's balance is $5,000 or less, the account balance is automatically distributed as a lump-sum amount.

F) Withdrawals and Loans - The Plan does allow financial hardship withdrawals for college education, purchase of a primary residence, prevention of eviction or foreclosure, and medical expenses. Hardship withdrawals are approved at the discretion of the Plan administrator. The Plan does not allow participant loans.

NOTE 2 - Significant Accounting Policies

A) Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

B) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan Administrator to make certain estimates and assumptions that affect reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (See Note 3). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

D) Payment of Benefits

Benefit payments are recorded when paid.

E) Inactive Accounts

Accounts of participants who have withdrawn from participation in the Plan, but for which distribution from the Plan has not been made totaled approximately $800,000 at December 31, 2012.

F) Fully Benefit - Responsive Contracts Held

The Plan purchases from an insurance company (Union), contracts for those participants receiving benefits in the form of an annuity. These contracts are considered Fully Benefit - Responsive Contracts.

Generally accepted accounting principles require investment contracts held by a defined-contribution plan to be reported at fair value. However, contract value is the relevant value for the Plan because that is the amount participants will receive. The statement of net assets available for benefits presents the fair value of these investment contracts as well as their adjustment from fair value to contract value.

NOTE 2 - Significant Accounting Policies (Continued)

G) Subsequent Events

The Plan did not have any subsequent events through July 30, 2013 (the date the financial statements were available to be issued) requiring recording or disclosure.

NOTE 3 - Fair Value Measurement

In accordance with generally accepted accounting principles, the Plan established a hierarchy that prioritizes the inputs used to measure fair value. The hierarchy consists of three broad levels as listed below:

- Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.
- Level 2 inputs consist of observable inputs other than quoted prices for the identical assets.
- Level 3 inputs consist of unobservable inputs and should be used only when Level 1 and Level 2 inputs are unavailable. Level 3 inputs have the lowest priority.

The Plan uses valuation techniques based on the available inputs to measure the Fair Value of its investments. When available, the Plan measures Fair Value using Level 1 inputs because they generally provide the most reliable evidence of Fair Value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 - Fair Value Measurement

The Fair Value of Mutual Funds are based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 - Fair Value Measurement

The Pooled Separate Accounts are expressed in units and determined at the close of each business day based on market values determined by outside sources or utilizing estimated trend factors, excluding mortgage loans and private placement bonds, which are valued using the present value of future cash flows. The fair value of the real estate investment (Principal U.S. Property Separate Account) has been estimated based on future rental receipts and estimated residual values of the real estate discounted at interest rates commensurate with the risk involved. At December 31, 2011 it is Principal's (the Manager) assessment that their property account meets the requirement to be categorized as a Level 2 measurement.

The Common Collective Trust Contracts (fully benefit-responsive contract with Union) is valued at contract value.

NOTE 3 - Fair Value Measurement (Continued)

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit and are summarized below.

NOTE 5 - Investment Contract with Insurance Company

The Plan entered into a benefit-responsive investment contract with Union Bond & Trust Company (Union). Union maintains the contributions in a pooled account.

NOTE 5 - Investment Contract with Insurance Company (Continued)

As described in Note 2(F), contract value is the relevant value for the Plan because contract value is the amount participants will receive under the contract.

Contract value, as reported by Union, represents contributions made plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events could limit the Plan's ability to transact at contract value with Union. Such events may include but are not limited to the following: (a) amendments to the plan (including plan termination or merger with another plan), (b) transfers to other investment options without meeting the Contract's provisions, (c) other events that cause a significant withdrawal from the plan, (d) the failure of the trust to qualify for exemption from federal income taxes, or (e) a prohibited transaction under ERISA. The Company does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value, is probable.

	2012	2011	2010
Average yields:			
Based on actual earnings	1.27%	1.79%	2.20%
Based on interest rate credited to participants	1.28%	1.78%	2.20%

NOTE 6 - Tax Status

The Plan has adopted the Principal Financial Group prototype plan, which received a determination on March 31, 2008 from the Internal Revenue Service that based on the Plan's provisions, it was exempt from federal income taxes.

The tax status of the Plan is subject to audit. Generally years after January 1, 2010 are open to audit.

NOTE 7 - Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to terminate it at any time, subject to the provisions of ERISA. Participants would receive their total account balances in the event of a termination.

NOTE 8 - Party-in-Interest

Certain Plan investments are shares of Pooled Separate Accounts and guaranteed Investment Contracts managed by Principal Life Insurance Company. Principal is the Trustee and Custodian as identified by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

NOTE 9 - Administrative Expense

The Company absorbs substantially all expenses of the Plan including investment management and auditing fees.

NOTE 10 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31,:

NOTE 11 - Financial Information Certified by Custodian

The following is a summary of information regarding the Plan and included in the Plan's financial statements that was provided by Principal Life Insurance Company and Principal Trust Company, custodians of the Plan, and furnished to the plan administrator. The plan administrator has obtained a certification from the custodians that such information is complete and accurate:

Statements of Net Assets Available for Benefits - "Investments at fair value"

Statements of Changes in Net Assets Available for Benefits - "Interest" and "Net appreciation in fair value of Investments"

Schedule of Assets (Held at End of Year) - all items and amounts

NOTE 12 - Risks and Uncertainties:

The Plan's assets, although diversified through investments in various investment options are all held by one custodian, Principal Life Insurance Company. The Plan is dependent on Principal for safeguarding of its assets.

The Plan's investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with investment securities, changes in the values of its investment will occur in the near term and it is possible that such changes could materially affect the amounts reported in the statement of net assets.

NOTE 13 - Legal Proceedings:

The Plan may engage legal counsel to defend it against actions whether asserted or anticipated as the Plan's management judges necessary in the circumstances. The Plan does not believe that the outcome of any of these actions are either not covered by insurance or would have a material effect on its financial condition or statement of changes in net assets available for benefits.
