Report on the Financial Statements

We were engaged to audit the accompanying financial statements of CRWealth Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2012, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

**CRWEALTH PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011**

NOTE 1 DESCRIPTION OF PLAN

The following description of the CRWealth Plan (the Plan) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established January 1, 1989 and most recently amended and restated effective January 1, 2011. The Plan covers all employees of Carlson Restaurants, Inc. and related subsidiaries (the Company), except those covered by a collective bargaining agreement (unless such agreement expressly so provides), non-resident aliens not receiving U.S. source income and independent contractors. All qualified hourly employees, as defined by the Plan, who have completed 1,000 hours of service within a consecutive 12-month period and have attained age 21 or any qualified salaried employee, as defined by the Plan, are eligible to participate as of the entry date. Qualified hourly and salaried employees may enter the Plan on each business day and the date of hire, respectively. Service previously recognized under the Plan, any 401(k) plan sponsored by the Company or an Affiliate or the Carlson Wagonlit Travel Employees' Savings and Investment Plan will be included in a Participant's service under this Plan, provided the individual's service was as a "qualified employee" as defined by said plan. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants are allowed to contribute up to 75 percent of their certified earnings, as defined by the Plan. For the years ended December 31, 2012 and 2011, the Company matched 20 percent of deferrals up to 10 percent of compensation. For the year ended December 31, 2012, the Company also contributed an additional discretionary match in the amount of 30 percent up to 10 percent of compensation based upon the amounts contributed by each eligible participant during 2012. The discretionary match was \$852,915.

The Plan allows participants age 50 and older to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans and certain IRAs. Contributions are subject to limitations.

Participants direct the investment of contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching and discretionary contributions, an allocation of Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. Administrative expenses are allocated based on a flat dollar amount or based upon active participant counts. Income is allocated daily based on the shares in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**CRWEALTH PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011**

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution, plus actual earnings thereon, is based on years of continuous service. A participant vests at a rate of 25 percent after one year of service and is 100 percent vested after four years of credited service. A participant earns a year of vesting service for each calendar year in which they complete 1,000 or more hours of service. A participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Note terms range from a minimum of 1 month to 4 years or up to 10 years for the purchase of a principal residence. The notes are secured by the vested balance in the participant's account and bear interest at a fixed rate which is equal to 1 percent over the prime rate as of the first business day of each month. Principal and interest are paid ratably through payroll deductions. At December 31, 2012 and 2011, interest rates on outstanding notes ranged from 3.25 percent to 10.50 percent, respectively.

Payment of Benefits

Upon termination of employment, death, disability, or retirement (age 65), participants may receive the value of the vested interest in his or her account in the form of a lump sum distribution or through installment payments. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent. The Plan allows for in-service distributions, hardship withdrawals, withdrawals of rollover contributions, and early retirement distributions at the age of 59½, subject to limitations, as defined by the Plan.

Forfeited Accounts

Forfeited non-vested accounts are used to pay administrative expenses or to reduce future Company matching contributions. Any remaining amounts are allocated as additional matching contributions. Forfeited non-vested accounts as of December 31, 2012 and 2011 totaled \$116,453 and \$78,276, respectively. Forfeitures used to reduce matching contributions for the years ended December 31, 2012 and 2011 was \$0 and \$71,645, respectively. Administrative expenses paid by forfeitures were \$16,927 and \$15,397 during 2012 and 2011, respectively.

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Expenses

Administrative expenses paid by the Plan include trustee, investment advisory, recordkeeping, audit and legal expenses.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of mutual funds is determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are valued at the net asset value. Units held in the collective funds are valued based on the market prices of the underlying investments in the funds at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment Contracts

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

**CRWEALTH PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefit payments are recorded when paid.

NOTE 3 RISKS AND UNCERTAINTIES

The Plan provides for investment in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 5 PLAN TAX STATUS

The Plan has received a favorable determination letter from the Internal Revenue Service (IRS) dated April 4, 2012 indicating that the Plan is qualified under Section 401(k) of the Internal Revenue Code (IRC) and the trust established under the Plan is tax-exempt under present income tax law.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011

NOTE 6 CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo Bank, N.A., the trustee of the Plan, has certified to the completeness and accuracy of the notes receivable from participants and the investment information (except for the adjustment from fair value to contract value) presented in the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011, the statements of changes in net assets available for benefits for the years ended December 31, 2012 and 2011, and the supplemental schedule of assets (held at end of year) as of December 31, 2012.

NOTE 7 FAIR VALUE MEASUREMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction with a market participant at the measurement date. In the absence of active markets for the identical assets or liabilities, such measurements involve developing assumptions based on market observable data and, in the absence of such data, internal information that is consistent with what market participants would use in a hypothetical transaction that occurs at the measurement date. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect our market assumptions. Preference is given to observable inputs. These two types of inputs create the following fair value hierarchy:

Level 1 — Quoted prices for identical instruments in active market.

Level 2 — Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations whose inputs are observable or whose significant value drivers are observable.

Level 3 — Significant inputs to the valuation model are unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at net asset value (NAV) of shares held by the Plan at year-end.

Collective fund: Valued at the quoted market prices of the underlying investments in the fund. Underlying securities for which quotations are readily available are valued at the quoted market price based on the closing price reported on the active market on which the individual securities are traded. Underlying securities for which quotations are not readily available are valued at original costs plus accrued interest or amortized cost, which approximates fair value. Investments in underlying funds are valued at their closing NAV.

CRWEALTH PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011

NOTE 7 FAIR VALUE MEASUREMENTS (CONTINUED)

Certain mutual funds and collective funds are valued using NAV of shares held as of December 31, 2012 and 2011. The NAV is a quoted transactional price for participants in the fund. The NAV is computed by dividing net assets by the total number of shares outstanding. In relation to these investments, there are no unfunded commitments and shares can be redeemed with minimal restrictions and can do so daily. Events that may lead to a restriction to transact with the funds are not considered probable. There have been no changes in the valuation methodologies used at December 31, 2012 and 2011.

The following table presents information as of December 31, 2012 and 2011 about the Plan's financial assets that are measured at fair value on a recurring basis:

Total assets at fair value	<u>\$ 38,933,552</u>	<u>\$ 10,190,549</u>	<u>\$ -</u>	<u>\$ 49,124,101</u>

The stable value fund's primary objective is to protect principal and provide the fund with liquidity to accommodate participant withdrawals and investment transfers in a timely fashion. Once these objectives are met, the focus of the fund is to select the best security values available to provide participants with competitive returns. To achieve this, the fund invests in instruments which are not expected to experience significant price fluctuation in most economic or interest rate environments. However, there is no assurance that this objective can be achieved.

The trustee of the stable value fund has the ability to require a 12-month redemption notice.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of CRWealth Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2012, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

CRWEALTH PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011

NOTE 1 DESCRIPTION OF PLAN

The following description of the CRWealth Plan (the Plan) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established January 1, 1989 and most recently amended and restated effective January 1, 2011. The Plan covers all employees of Carlson Restaurants, Inc. and related subsidiaries (the Company), except those covered by a collective bargaining agreement (unless such agreement expressly so provides), non-resident aliens not receiving U.S. source income and independent contractors. All qualified hourly employees, as defined by the Plan, who have completed 1,000 hours of service within a consecutive 12-month period and have attained age 21 or any qualified salaried employee, as defined by the Plan, are eligible to participate as of the entry date. Qualified hourly and salaried employees may enter the Plan on each business day and the date of hire, respectively. Service previously recognized under the Plan, any 401(k) plan sponsored by the Company or an Affiliate or the Carlson Wagonlit Travel Employees' Savings and Investment Plan will be included in a Participant's service under this Plan, provided the individual's service was as a "qualified employee" as defined by said plan. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants are allowed to contribute up to 75 percent of their certified earnings, as defined by the Plan. For the years ended December 31, 2012 and 2011, the Company matched 20 percent of deferrals up to 10 percent of compensation. For the year ended December 31, 2012, the Company also contributed an additional discretionary match in the amount of 30 percent up to 10 percent of compensation based upon the amounts contributed by each eligible participant during 2012. The discretionary match was \$852,915.

The Plan allows participants age 50 and older to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans and certain IRAs. Contributions are subject to limitations.

Participants direct the investment of contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching and discretionary contributions, an allocation of Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. Administrative expenses are allocated based on a flat dollar amount or based upon active participant counts. Income is allocated daily based on the shares in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**CRWEALTH PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011**

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution, plus actual earnings thereon, is based on years of continuous service. A participant vests at a rate of 25 percent after one year of service and is 100 percent vested after four years of credited service. A participant earns a year of vesting service for each calendar year in which they complete 1,000 or more hours of service. A participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Note terms range from a minimum of 1 month to 4 years or up to 10 years for the purchase of a principal residence. The notes are secured by the vested balance in the participant's account and bear interest at a fixed rate which is equal to 1 percent over the prime rate as of the first business day of each month. Principal and interest are paid ratably through payroll deductions. At December 31, 2012 and 2011, interest rates on outstanding notes ranged from 3.25 percent to 10.50 percent, respectively.

Payment of Benefits

Upon termination of employment, death, disability, or retirement (age 65), participants may receive the value of the vested interest in his or her account in the form of a lump sum distribution or through installment payments. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent. The Plan allows for in-service distributions, hardship withdrawals, withdrawals of rollover contributions, and early retirement distributions at the age of 59½, subject to limitations, as defined by the Plan.

Forfeited Accounts

Forfeited non-vested accounts are used to pay administrative expenses or to reduce future Company matching contributions. Any remaining amounts are allocated as additional matching contributions. Forfeited non-vested accounts as of December 31, 2012 and 2011 totaled \$116,453 and \$78,276, respectively. Forfeitures used to reduce matching contributions for the years ended December 31, 2012 and 2011 was \$0 and \$71,645, respectively. Administrative expenses paid by forfeitures were \$16,927 and \$15,397 during 2012 and 2011, respectively.

CRWEALTH PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Expenses

Administrative expenses paid by the Plan include trustee, investment advisory, recordkeeping, audit and legal expenses.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of mutual funds is determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are valued at the net asset value. Units held in the collective funds are valued based on the market prices of the underlying investments in the funds at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment Contracts

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

CRWEALTH PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefit payments are recorded when paid.

NOTE 3 RISKS AND UNCERTAINTIES

The Plan provides for investment in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 5 PLAN TAX STATUS

The Plan has received a favorable determination letter from the Internal Revenue Service (IRS) dated April 4, 2012 indicating that the Plan is qualified under Section 401(k) of the Internal Revenue Code (IRC) and the trust established under the Plan is tax-exempt under present income tax law.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011

NOTE 6 CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo Bank, N.A., the trustee of the Plan, has certified to the completeness and accuracy of the notes receivable from participants and the investment information (except for the adjustment from fair value to contract value) presented in the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011, the statements of changes in net assets available for benefits for the years ended December 31, 2012 and 2011, and the supplemental schedule of assets (held at end of year) as of December 31, 2012.

NOTE 7 FAIR VALUE MEASUREMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction with a market participant at the measurement date. In the absence of active markets for the identical assets or liabilities, such measurements involve developing assumptions based on market observable data and, in the absence of such data, internal information that is consistent with what market participants would use in a hypothetical transaction that occurs at the measurement date. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect our market assumptions. Preference is given to observable inputs. These two types of inputs create the following fair value hierarchy:

Level 1 — Quoted prices for identical instruments in active market.

Level 2 — Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations whose inputs are observable or whose significant value drivers are observable.

Level 3 — Significant inputs to the valuation model are unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at net asset value (NAV) of shares held by the Plan at year-end.

Collective fund: Valued at the quoted market prices of the underlying investments in the fund. Underlying securities for which quotations are readily available are valued at the quoted market price based on the closing price reported on the active market on which the individual securities are traded. Underlying securities for which quotations are not readily available are valued at original costs plus accrued interest or amortized cost, which approximates fair value. Investments in underlying funds are valued at their closing NAV.

CRWEALTH PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011

NOTE 7 FAIR VALUE MEASUREMENTS (CONTINUED)

Certain mutual funds and collective funds are valued using NAV of shares held as of December 31, 2012 and 2011. The NAV is a quoted transactional price for participants in the fund. The NAV is computed by dividing net assets by the total number of shares outstanding. In relation to these investments, there are no unfunded commitments and shares can be redeemed with minimal restrictions and can do so daily. Events that may lead to a restriction to transact with the funds are not considered probable. There have been no changes in the valuation methodologies used at December 31, 2012 and 2011.

The following table presents information as of December 31, 2012 and 2011 about the Plan's financial assets that are measured at fair value on a recurring basis:

The stable value fund's primary objective is to protect principal and provide the fund with liquidity to accommodate participant withdrawals and investment transfers in a timely fashion. Once these objectives are met, the focus of the fund is to select the best security values available to provide participants with competitive returns. To achieve this, the fund invests in instruments which are not expected to experience significant price fluctuation in most economic or interest rate environments. However, there is no assurance that this objective can be achieved.

The trustee of the stable value fund has the ability to require a 12-month redemption notice.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of CRWealth Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2012, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

**CRWEALTH PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011**

NOTE 1 DESCRIPTION OF PLAN

The following description of the CRWealth Plan (the Plan) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established January 1, 1989 and most recently amended and restated effective January 1, 2011. The Plan covers all employees of Carlson Restaurants, Inc. and related subsidiaries (the Company), except those covered by a collective bargaining agreement (unless such agreement expressly so provides), non-resident aliens not receiving U.S. source income and independent contractors. All qualified hourly employees, as defined by the Plan, who have completed 1,000 hours of service within a consecutive 12-month period and have attained age 21 or any qualified salaried employee, as defined by the Plan, are eligible to participate as of the entry date. Qualified hourly and salaried employees may enter the Plan on each business day and the date of hire, respectively. Service previously recognized under the Plan, any 401(k) plan sponsored by the Company or an Affiliate or the Carlson Wagonlit Travel Employees' Savings and Investment Plan will be included in a Participant's service under this Plan, provided the individual's service was as a "qualified employee" as defined by said plan. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Participants are allowed to contribute up to 75 percent of their certified earnings, as defined by the Plan. For the years ended December 31, 2012 and 2011, the Company matched 20 percent of deferrals up to 10 percent of compensation. For the year ended December 31, 2012, the Company also contributed an additional discretionary match in the amount of 30 percent up to 10 percent of compensation based upon the amounts contributed by each eligible participant during 2012. The discretionary match was \$852,915.

The Plan allows participants age 50 and older to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans and certain IRAs. Contributions are subject to limitations.

Participants direct the investment of contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching and discretionary contributions, an allocation of Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. Administrative expenses are allocated based on a flat dollar amount or based upon active participant counts. Income is allocated daily based on the shares in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**CRWEALTH PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011**

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution, plus actual earnings thereon, is based on years of continuous service. A participant vests at a rate of 25 percent after one year of service and is 100 percent vested after four years of credited service. A participant earns a year of vesting service for each calendar year in which they complete 1,000 or more hours of service. A participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Note terms range from a minimum of 1 month to 4 years or up to 10 years for the purchase of a principal residence. The notes are secured by the vested balance in the participant's account and bear interest at a fixed rate which is equal to 1 percent over the prime rate as of the first business day of each month. Principal and interest are paid ratably through payroll deductions. At December 31, 2012 and 2011, interest rates on outstanding notes ranged from 3.25 percent to 10.50 percent, respectively.

Payment of Benefits

Upon termination of employment, death, disability, or retirement (age 65), participants may receive the value of the vested interest in his or her account in the form of a lump sum distribution or through installment payments. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent. The Plan allows for in-service distributions, hardship withdrawals, withdrawals of rollover contributions, and early retirement distributions at the age of 59½, subject to limitations, as defined by the Plan.

Forfeited Accounts

Forfeited non-vested accounts are used to pay administrative expenses or to reduce future Company matching contributions. Any remaining amounts are allocated as additional matching contributions. Forfeited non-vested accounts as of December 31, 2012 and 2011 totaled \$116,453 and \$78,276, respectively. Forfeitures used to reduce matching contributions for the years ended December 31, 2012 and 2011 was \$0 and \$71,645, respectively. Administrative expenses paid by forfeitures were \$16,927 and \$15,397 during 2012 and 2011, respectively.

CRWEALTH PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Administrative Expenses

Administrative expenses paid by the Plan include trustee, investment advisory, recordkeeping, audit and legal expenses.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of mutual funds is determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are valued at the net asset value. Units held in the collective funds are valued based on the market prices of the underlying investments in the funds at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment Contracts

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

CRWEALTH PLAN
NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefit payments are recorded when paid.

NOTE 3 RISKS AND UNCERTAINTIES

The Plan provides for investment in a variety of investment funds. In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 5 PLAN TAX STATUS

The Plan has received a favorable determination letter from the Internal Revenue Service (IRS) dated April 4, 2012 indicating that the Plan is qualified under Section 401(k) of the Internal Revenue Code (IRC) and the trust established under the Plan is tax-exempt under present income tax law.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE 6 CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo Bank, N.A., the trustee of the Plan, has certified to the completeness and accuracy of the notes receivable from participants and the investment information (except for the adjustment from fair value to contract value) presented in the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011, the statements of changes in net assets available for benefits for the years ended December 31, 2012 and 2011, and the supplemental schedule of assets (held at end of year) as of December 31, 2012.

NOTE 7 FAIR VALUE MEASUREMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction with a market participant at the measurement date. In the absence of active markets for the identical assets or liabilities, such measurements involve developing assumptions based on market observable data and, in the absence of such data, internal information that is consistent with what market participants would use in a hypothetical transaction that occurs at the measurement date. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect our market assumptions. Preference is given to observable inputs. These two types of inputs create the following fair value hierarchy:

Level 1 — Quoted prices for identical instruments in active market.

Level 2 — Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations whose inputs are observable or whose significant value drivers are observable.

Level 3 — Significant inputs to the valuation model are unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at net asset value (NAV) of shares held by the Plan at year-end.

Collective fund: Valued at the quoted market prices of the underlying investments in the fund. Underlying securities for which quotations are readily available are valued at the quoted market price based on the closing price reported on the active market on which the individual securities are traded. Underlying securities for which quotations are not readily available are valued at original costs plus accrued interest or amortized cost, which approximates fair value. Investments in underlying funds are valued at their closing NAV.

NOTE 7 FAIR VALUE MEASUREMENTS (CONTINUED)

Certain mutual funds and collective funds are valued using NAV of shares held as of December 31, 2012 and 2011. The NAV is a quoted transactional price for participants in the fund. The NAV is computed by dividing net assets by the total number of shares outstanding. In relation to these investments, there are no unfunded commitments and shares can be redeemed with minimal restrictions and can do so daily. Events that may lead to a restriction to transact with the funds are not considered probable. There have been no changes in the valuation methodologies used at December 31, 2012 and 2011.

The following table presents information as of December 31, 2012 and 2011 about the Plan's financial assets that are measured at fair value on a recurring basis:

The stable value fund's primary objective is to protect principal and provide the fund with liquidity to accommodate participant withdrawals and investment transfers in a timely fashion. Once these objectives are met, the focus of the fund is to select the best security values available to provide participants with competitive returns. To achieve this, the fund invests in instruments which are not expected to experience significant price fluctuation in most economic or interest rate environments. However, there is no assurance that this objective can be achieved.

The trustee of the stable value fund has the ability to require a 12-month redemption notice.
