1. DESCRIPTION OF PLAN

The following description of the Central Irrigation Supply, Inc. (the "Employer" or "Company") Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General – The Plan was originally effective on January 1, 1999. The amended and restated provisions of the Plan became effective on January 1, 2010. The Plan is a qualified retirement plan commonly referred to as a profit sharing plan. Participants are eligible to participate when they have completed one (1) year of service, and the entry date will be the first day of the plan year or the first day of the seventh month of the plan year coinciding with or next following the date one satisfies the eligibility requirements, as described above. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions - Participants may only contribute rollover contributions into the Plan. The Company makes a discretionary profit sharing contribution to each of the eligible participant accounts each year. In order to receive the profit sharing contributions, the participants must be employed on the last day of the plan year and have met the requirements as described above.

(c) Participant Accounts - Each participant's account is credited an allocation of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of investment expenses. The allocation of the Company's contribution is based on participant compensation which is defined as the total compensation that is subject to income tax and paid to the participants by the Employer during the plan year, subject to IRC limits.

(d) Vesting - Participants are immediately vested in their accounts attributable to rollover contributions. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 20% vested after two years of credited service and 100% vested after six years of credited service. However, a participant will always be 100% vested after the Normal Retirement Age at age 65, or if they die or become disabled while employed.

(e) Withdrawals and Benefits - Upon termination of service due to death, disability or normal retirement, all distributions from the Plan will be made in a single lump sum payment if the balance exceeds $5,000. A participant may delay distributions of their vested account balance if the balance does not exceed $5,000. If a participant terminates employment before death, disability or retirement they may elect to have the amount distributed to them. The distribution amount will be equal to the value of the participant's vested interest in his or her account. Non-vested portions are maintained by the Plan in the forfeiture account to reduce Company contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Cash and Cash Equivalents - The Plan considers all cash and highly liquid, short-term investment funds held to be cash equivalents.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(c) Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(d) Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Quoted market prices are used to value investments, which represent the unit value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

(e) Administrative Fees - The Plan permits the payment of Plan expenses to be made from the Plan's Assets.

(f) Risks and Uncertainties - The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

(g) Payment of Benefits - Benefits are recorded when paid.

(h) Participant Loans - The Plan does not allow participant loans.

(i) Forfeited Accounts - Forfeitures are used to reduce future employer contributions. In 2012, $17,880 of forfeitures were used to reduce the employer contribution receivable.

(j) Subsequent Events - In accordance with FASB ASC 855, the Plan evaluated subsequent events through July 31, 2013, the date the Plan's financial statements were available to be used and all events have been disclosed.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, John Hancock Life Insurance Company, the custodian of the Plan assets, certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for plan benefits as of December 31, 2012, the schedule of assets held for investment purposes as of December 31, 2012 and the related investment activity reflected in the statement of changes in net assets available for plan benefits for the year ended December 31, 2012.

4. INVESTMENTS (unaudited)

The following investments at December 31, 2012 and 2011 represent 5% or more of the Plan's net assets:

	2012	2011
John Hancock Life Insurance Co.:		
Lifestyle- Balanced	$ 1,431,168	$ 1,221,588
Lifestyle- Growth	942,405	748,151
Lifestyle- Moderate	417,256	342,704
Lifestyle- Conservative	838,274	742,600

The net unrealized appreciation is reported together with realized gains in the statement of changes in net assets available for plan benefits.

5. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Pooled separate accounts: Pooled separate accounts that consist of investment funds made up of a variety of different investment assets are valued on the aggregate fair value of the underlying assets. The units of these pooled separate accounts are not actively traded. Accordingly, each individual underlying assets is evaluated to determine where its fair value measurement falls within the fair value hierarchy. The entire pooled separate account fund is included within the fair value hierarchy based on the lowest level of any asset, or group of assets, that is significant to the overall fair value measurement.

FAIR VALUE MEASUREMENTS (continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

	Assets at Fair Value as of December 31, 2012			
	(Level 1)	(Level 2)	(Level 3)	Total
Pooled separate accounts:				
Lifestyle funds	$ 3,773,313	$ -	$ -	$ 3,773,313

Growth and income funds	145,188	-	-	145,188
Aggressive growth funds	68,818	-	-	68,818
Conservative funds	22,946	-	-	22,946
Total	$ 4,058,078	$ -	$ -	$ 4,058,078

	Assets at Fair Value as of December 31, 2011			
	(Level 1)	(Level 2)	(Level 3)	Total
Pooled separate accounts:				
Lifestyle funds	$ 3,221,216	$ -	$ -	$ 3,221,216
Growth funds	20,420	-	-	0,420
Growth and income funds	184,264	-	-	184,264
Aggressive growth funds	34,495	-	-	34,495
Conservative funds	21,624	-	-	21,624
Total	$ 3,482,019	$ -	$ -	$ 3,482,019

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become one hundred percent (100%) vested in their accounts.

7. INCOME TAX STATUS

A determination letter was received on March 31, 2008, indicating that the Plan, as a prototype non-standardized plan, is acceptable under Section 401 of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

8. PARTIES IN INTEREST

Plan investments consist of investment contracts managed by John Hancock Life Insurance Company. John Hancock is the custodian of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Total amount paid to John Hancock for the year ended December 31, 2012 was $9,098.

9. WITHDRAWING PARTICIPANTS

All participants who have withdrawn from the Plan and requested their benefits have been paid as of December 31, 2012.
