We were engaged to audit the accompanying financial statements of CUNA Mutual Group Trustee 401(k) Multiple Employer Plan As Adopted By Red Canoe Credit Union (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by MG Trust Company, the custodian of the Plan, and CUNA Mutual Financial Group Life Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian and trustee hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the custodian and trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the plan administrator by the custodian and trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The Schedule H, Line 4(i) – Schedule of Assets (held at end of year) as of December 31, 2012, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplementary information.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the custodian and trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 – Description of Plan

The following description of the CUNA Mutual Group Trustee 401(k) Multiple Employer Plan As Adopted By Red Canoe Credit Union (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of Red Canoe Credit Union (the Credit Union), and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Credit Union is the Plan's sponsor and serves as plan administrator.

Effective December 31, 2011, the Credit Union transferred its assets in the Red Canoe Credit Union Plan A Capital Accumulation Plan to the CUNA Mutual Group Trustee 401(k) Multiple Employer Plan.

Eligibility – Employees hired prior to December 31, 2009 are eligible to participate in the Plan after completing one year of service in which at least 1,000 hours are worked.

Contributions

Participant contributions – Each year, participants may contribute between 1–100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Profit sharing contributions – The Credit Union may elect to make discretionary profit sharing contributions to the Plan. Participants must complete at least 1,000 hours of service during the Plan year, and be employed as of the last day of the Plan year, to be eligible to receive any profit sharing contributions. The profit sharing contribution was $640,974 for the year ended December 31, 2012.

Employer safe harbor – The Credit Union also provides safe harbor contributions. Under the safe harbor provision, the Credit Union makes a non-elective matching contribution of 100% on salary deferrals up to 3% of compensation and then 50% of salary deferrals from 3% to 5% of compensation. The safe harbor contribution was $265,607 for the year ended December 31, 2012.

Employer contributions are not treated as taxable income until they are distributed and received by the participants as allowed by the Internal Revenue Code (IRC). Contributions are subject to regulatory limitations.

Note 1 – Description of Plan (continued)

Participant accounts – Each participant's account is credited with the participant's contributions and Credit Union profit sharing and safe harbor contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting – Participants are vested immediately in their contributions and employer safe harbor contributions plus actual earnings thereon. Vesting in profit sharing contributions and related investment earnings is based on years of service with increases in increments of 20% per year until fully vested after five years.

Notes receivable from participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed 20 years. Under the terms of the Plan agreement, plan loans will bear a reasonable rate of interest determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions. As of December 31, 2012, the rates of interest on outstanding loans ranged from 4.25 – 9.25% with various maturities through August 2032.

Payment of benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, substantially equal installments, or partial withdrawals. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures – Forfeitures are the non-vested portion of a participant’s account that is lost upon termination of employment. Forfeitures are retained in the Plan and will first be used to pay plan administrative expenses, with any remaining amount used to reduce future Credit Union contributions. For the year ended December 31, 2012, Company matching contributions were reduced by $10,719 from forfeited non-vested accounts. As of December 31, 2012 and 2011, there were no forfeited non-vested account balances.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Recent Accounting Pronouncement

ASU No. 2011-04 – In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2011-04, *Fair Value Measurement (Topic 820) – Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*. ASU No. 2011-04 requires disclosure of valuation techniques for Level 2 and Level 3 measurements and for Level 3 measurements requires disclosure of valuation processes used by the reporting entity and quantitative information about significant unobservable inputs. ASU No. 2011-04 removes the requirement for nonpublic companies to disclose information about transfers between Level 1 and Level 2 of the fair value hierarchy. The new guidance is effective for reporting periods beginning after December 15, 2011. The Plan adopted the new disclosure requirements effective January 1, 2012.

Investment valuation – The investments are stated at fair value. The Plan's trustee, CUNA Mutual Financial Group Life Insurance Company, certifies the contract value of the deposit administration contract and the guaranteed investment contract. MG Trust Company, the custodian, certifies the fair market value of all other investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. The Plan Oversight Committee determines the Plan's valuation policies utilizing information provided by the insurance company (CUNA). See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis for benefit responsive investments.

Note 2 – Summary of Significant Accounting Policies (continued)

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest.

Payment of benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events –Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through July 30, 2013, which is the date the financial statements were available to be issued.

Reclassification – Certain amounts from the prior year statement of net assets available for benefits have been reclassified, in order to conform to the current year presentation.

Note 3 – Investments

Investments representing 5% or more of net assets available for benefits consist of the following as of December 31:

	2012	2011
CUNA Mutual Lifestyle Aggressive Fund	$ 3,140,439	$ 2,687,030
CUNA Mutual Lifestyle Moderate Fund	$ 2,447,943	$ 2,074,571
Vanguard Institutional Index Fund	$ 2,093,231	$ 1,824,280
Vanguard Extended Market Index Fund	$ 2,054,709	$ 1,689,280
CUNA Mutual Stable Value Fund*	$ 1,511,192	$ 1,181,089
Vanguard FTSE All-World Ex US Index Fund	$ 1,130,871	$ 871,245
CUNA Mutual Lifestyle Conservative Fund	$ 1,045,816	$ 1,396,684
Vanguard Total Bond Market	N/A	$ 863,926

**Contract value has been presented for the CUNA Mutual Stable Value Fund, as it is the relevant measurement for financial statement purposes.*

N/A – this investment did not represent 5% or more of net assets available for benefits.

During 2012, the Plan's investments (including gains and losses on investments purchased, sold, as well as held during the year) appreciated in fair value as follows:

Registered investment companies	$ 919,780
Collective trusts	727,859
Net appreciation in fair value of investments	$ 1,647,639

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Note 4 – Fair Value Measurements (continued)

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Registered investment companies (Mutual funds): Shares of registered investment company funds (or mutual funds) are valued at the net asset value (NAV) of shares held by the Plan and are valued at the closing price reported on the active market on which the individual securities are traded.

Collective trust: Units held in collective trusts (CT) are valued using the net asset value (NAV) of the CT as reported by the CT managers. The NAV is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding. The NAV of a CT is calculated based on a compilation of primarily observable market information.

The Plan invests in the following significant collective trusts:

- *CUNA Mutual Lifestyle Conservative Fund* – The fund seeks to provide a high level of interest income and long-term growth of capital. The investment portfolio is approximately made up of 40% stocks and 60% bonds for conservative growth with income.

- *CUNA Mutual Lifestyle Moderate Fund* – The fund seeks to provide long-term growth of capital and a moderate level of interest income. The investment portfolio is approximately made up of 60% stocks and 40% bonds for substantial potential growth with income.

- *CUNA Mutual Lifestyle Aggressive Fund* – The fund seeks to provide long-term growth of capital and income from dividends. The investment portfolio is approximately made up of 80% stocks and 20% bonds for aggressive growth.

Note 4 – Fair Value Measurements (continued)

Deposit Administration Contract: The deposit administration contract is valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer (see Note 5).

Guaranteed Investment Contracts: The guaranteed investment contract (GIC) is valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer (see Note 5).

The following table provides additional information for investments in certain entities that calculate net asset value per share (or its equivalent):

	Fair Value	Redemption Frequency	Redemption Notice Period	Redemption Restrictions
CUNA Mutual Lifestyle Aggressive Fund	$ 3,140,439	Daily	N/A	N/A
CUNA Mutual Lifestyle Conservative Fund	$ 1,045,816	Daily	N/A	N/A
CUNA Mutual Lifestyle Moderate Fund	$ 2,447,943	Daily	N/A	N/A

The following table discloses by level, the fair value hierarchy, of the Plan's assets at fair value as of December 31, 2012:

	Fair Value Measurement at December 31, 2012

Note 4 – Fair Value Measurements (continued)

The following table discloses by level, the fair value hierarchy, of the Plan's assets at fair value as of December 31, 2011:

	Fair Value Measurement at December 31, 2011			
	Level 1	Level 2	Level 3	Total
Registered investment companies:				
Index funds	$ 5,383,900	$ -	$ -	$ 5,383,900

Total assets at fair value	$ 7,369,226	$ 6,260,615	$ 1,672,452	$ 15,302,293

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table discloses the summary of changes in the fair value of the Plan's Level 3 investment assets:

	Deposit Administration Contract	Guaranteed Investment Contract
Balance, beginning of year	$ 1,197,224	$ 475,228
Unrealized gains for the period relating to assets still held at the reporting date	5,324	450
Interest earned	36,705	14,279
Purchases	336,671	-
Sales	(43,273)	-
Balance, end of year	$ 1,532,651	$ 489,957

As the guaranteed investment contracts are valued at contract value, there are no realized or unrealized gains or losses for these investments included in the net appreciation in fair value of investments.

Note 4 – Fair Value Measurements (continued)

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements:

Name	Fair Value	Valuation Technique	Unobservable Inputs	Range of Input Values/ (Weighted Avg)
Deposit Administration contract	$ 1,532,651	Discounted cash flow	Interest rates	1.50 - 3.00%
			Duration	Evergreen contract
Guaranteed interest contract	$ 489,957	Discounted cash flow	Interest rates	2.15 - 3.00%
			Original Duration	3 years
			Payout Date	9/30/2013

The Plan Oversight Committee, under the supervision of the Company's Board of Directors, determines the fair value measurement policies and procedures in consultation with the Company's chief financial officer. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

Note 5 – Contracts with CUNA Mutual Insurance Society

The plan has entered into two benefit-responsive contracts with CUNA Mutual Insurance Society (CUNA Mutual). CUNA Mutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contracts. The deposit administration and guaranteed investment contracts are presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by CUNA Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 5 – Contracts with CUNA Mutual Insurance Society (continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the contracts at December 31, 2012 and 2011 was $2,022,608 and $1,672,452, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the plan's ability to transact at contract value with participants are probable of occurring.

The average yields earned by the contracts are as follows:

	Based on actual Earnings	Based on crediting Interest Rate	Fair Value	Contract Value	Adjustment to Contract Value
December 31, 2012:					
Deposit administration account	2.73%	3.00%	$ 1,532,651	$ 1,511,192	$ 21,459
Guaranteed interest account	3.00%	3.00%	$ 489,957	$ 483,103	$ 6,854
December 31, 2011:					
Deposit administration account	N/A	3.00%	$ 1,197,223	$ 1,181,089	$ 16,134
Guaranteed interest account	N/A	3.00%	$ 475,229	$ 468,824	$ 6,405

Note 6 – Tax Status

The plan document is a prototype non-standardized defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on April 8, 2009, which stated that the plan, as then designed, was in accordance with applicable sections of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, management has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

Note 8 – Information Certified By the Custodian and Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, MG Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011.

- Net appreciation in fair value of investments, dividends, and interest reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2012.

- Investments reflected on the supplementary schedule of assets (held at end of year), except for participant loans.

CUNA Mutual Financial Group Life Insurance Company, the trustee of the Plan, has certified to the completeness and accuracy of:

- The deposit administration and guaranteed investment contracts on the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011.

- Net appreciation in fair value of the deposit administration account and interest on guaranteed investment contracts on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2012.

Note 9 – Party-In-Interest Transactions

Plan investments include shares of registered investment company and collective trust funds managed by CUNA Mutual Group. Transactions with this entity qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services to CUNA Mutual were $94,123 for the year ended December 31, 2012.

Note 10 – Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.
