REPORT OF INDEPENDENT AUDITORS

To the Trustees
Highline Medical Center
Tax Sheltered Annuity Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Highline Medical Center Tax Sheltered Annuity Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Fidelity Management Trust Company, Lincoln National Life Insurance Company, and American United Life Insurance Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2012, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplementary information.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

HIGHLINE MEDICAL CENTER TAX SHELTERED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of the Plan

The following description of the Highline Medical Center Tax Sheltered Annuity Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more comprehensive description of the Plan's provisions.

General - The Plan is a 403(b) tax sheltered annuity salary deferral plan covering substantially all employees of Highline Medical Center (the Medical Center), and is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Highline Medical Center (the Plan Sponsor) is the Plan's sponsor and serves as Plan administrator.

Eligibility - Employees of the Medical Center are eligible to participate in the Plan upon reaching age 18 and after completing two years of service in which at least 1,000 hours are worked in the first 24 consecutive months. Plan entry dates are restricted to the beginning of each quarter. Participants must complete at least two years of service to be eligible to receive any employer paid matching contributions.

Participant contributions - Each year, participants may contribute between 1% and 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer match and discretionary contributions - The Medical Center matches 100% of employee contributions, up to 2% of eligible compensation deferred to the Plan. Contributions are subject to regulatory limitations. The Plan Sponsor further contributes a discretionary contribution equal to 5% of compensation for each employee who is eligible for the discretionary contributions.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Medical Center's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their salary deferral contributions and all employer contributions, plus actual earnings thereon.

HIGHLINE MEDICAL CENTER TAX SHELTERED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of the Plan (continued)

Notes receivable from participants - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of 5 years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed 15 years. Under the terms of the Plan agreement, Plan loans will bear a reasonable rate of interest determined by the local prevailing rate. Principal and interest are paid ratably through monthly payroll deductions. As of December 31, 2012, the rates of interest on outstanding loans ranged from 4.25% to 9.25% with various maturities through March 2026.

Payment of benefits - Upon termination of service due to termination, death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installment payments where the minimum payment is greater than \$50, or annuity payments through an insurance company, or he or she may roll the funds into another qualified account.

Note 2 - Summary of Accounting Policies

Basis of accounting - The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Recent accounting pronouncements - In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2011-04, *Fair Value Measurement (Topic 820)—Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*. ASU No. 2011-04 requires disclosure of valuation techniques for Level 2 and Level 3 measurements, and for Level 3 measurements, requires disclosure of valuation processes used by the reporting entity and quantitative information about significant unobservable inputs. ASU No. 2011-04 removes the requirement for nonpublic companies to disclose information about transfers between Level 1 and Level 2 of the fair value hierarchy. The Plan adopted the new disclosure requirements effective January 1, 2012.

Investment valuation - The investments are stated at fair value. The Plan's custodians, Fidelity Management Trust Company (Fidelity), Lincoln National Life Insurance Company (Lincoln), and American United Life Insurance (OneAmerica), certify the contract value of the guaranteed investment contract and the fair market value of all other investments. If available, quoted market prices are used to value investments. Investments held by American Century Investments (American Century) are also reported at fair value, but were not certified as of December 31, 2012.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

HIGHLINE MEDICAL CENTER TAX SHELTERED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2 - Summary of Accounting Policies (continued)

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Income recognition - Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants - Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based on the terms of the Plan document.

Payment of benefits - Benefits are recorded when paid.

Expenses - Several of the investment fund options are subject to investment and administrative fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance; thus, they are not separately disclosed in the accompanying financial statements. Participants are assessed separate fees for the administration of loans and repayments thereof, as well as investment advisory services, and such fees are separately disclosed in the financial statements. All other administrative expenses related to the Plan are paid by the Plan Sponsor.

Subsequent events - Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statements of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statements of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are issued.

The Plan has evaluated subsequent events through July 29, 2013, which is the date the financial statements are available to be issued.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification (ASC) 820 are described as follows:

Basis of fair value measurement

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Registered investment companies (mutual funds) - Shares of registered investment company funds (or mutual funds) are valued at the quoted market price in active markets, which represents the net asset value (NAV) of shares held by the Plan and are valued at the closing price reported on the active market on which the individual securities are traded. Registered investment companies are classified in Level 1 of the fair value hierarchy.

Note 4 - Fair Value Measurements (continued)

Guaranteed interest accounts - The Plan offers participants guaranteed interest accounts through Variable Annuity Life Insurance Company (VALIC), Lincoln, and OneAmerica that provide a guaranteed interest rate for a stated period. In accordance with generally accepted accounting principles, the investment in guaranteed interest accounts is stated at fair market value, which is determined based on contract value plus or minus an adjustment for the difference between current market interest rates and the actual interest rates on the accounts. Guaranteed interest accounts promise contract value for a benefit event (termination, death, disability, or retirement); however, there is a possible market value adjustment when funds are withdrawn prior to their maturity. Guaranteed interest accounts are classified in Level 2 or 3 of the fair value hierarchy.

The following table discloses, by level, the fair value hierarchy of the Plan's assets at fair value as of December 31, 2012 and 2011:

NOTES TO FINANCIAL STATEMENTS

Note 4 - Fair Value Measurements (continued)

The following table discloses the summary of changes in the fair value of the Plan's Level 3 investment assets:

	Guaranteed Investment Contract
Balance, beginning of year	\$ 35,118,561
Unrealized gains for the period relating to assets still held at the reporting date	928,689
Purchases	3,014,517
Sales	(3,533,609)
Balance, end of year	<u>\$ 35,528,158</u>

Quantitative information about significant unobservable inputs used in Level 3 fair value measurements:

Name	Fair Value	Valuation Technique	Unobservable Inputs	Range of Input Values/ (Weighted Average)
GIC	\$ 35,528,158	Discounted cash flow	Discount rate Crediting interest rate	.44-.50% 1.15-1.75%

In the event that full value of the account could not be paid upon demand, the "fair value" estimates are based upon "demand value" for the contract—i.e., the cash flow due to the contract holder under the surrender provisions of the contract, discounted according to risk-adjusted market rates. In addition to the five annual payments, mid-year withdrawals in the amount of 7% of each beginning-of-year value are assumed to be distributed in benefit-eligible events, so they are not affected by the restriction. Discount rates used are USD Industrial A+ fair market rates as of the valuation date.

Note 5 - Guaranteed Interest Accounts

The Plan's guaranteed interest accounts with VALIC are presented at fair value on the statements of net assets available for benefits. The adjustment from fair value to contract value is based on the contract value as reported by VALIC (which represents contributions made under the contracts, plus earnings, less withdrawals and administrative expenses). The contracts are fully benefit-responsive. For example, participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

HIGHLINE MEDICAL CENTER TAX SHELTERED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

Note 5 - Guaranteed Interest Accounts (continued)

These accounts provide fixed return investment growth for the short term. Funds are credited with guaranteed interest rates set by VALIC and vary based on the date the participant established their account. Generally, for most series, a current interest rate is declared at the beginning of each calendar month and is applicable to new contributions received during that month. Interest is credited to the account daily and compounded at an annual rate. VALIC guarantees that all contributions received during a calendar month will receive that month's current interest rate for the remainder of the calendar year.

There are no reserves against contract value for credit risk for the contract issuer or otherwise. Crediting rates on the investment contracts are based on a formula agreed upon with the issuer. It is VALIC's position that the average yield of the fund and the average yield credited to the participants are the same, since there is no ownership right to the assets in the general account that support the obligations of the fixed account options. As of December 31, 2012, the average yield was between 1.00% and 2.49%, depending on timing of the initial investment and series invested in. As of December 31, 2011, the average yield was between 2.42% and 3.00% based on these same factors.

The Plan holds investments in the Portfolio Director Group Fixed and Variable Deferred Annuity Contract (PD) and the V-Plan Group Fixed Annuity Contract (VP). PD series funds are subject to a 20%-per-year restriction. VP series funds are not subject to this restriction.

Note 6 - Tax Status

The Plan administrator believes the Plan meets the qualification requirements under Section 403(b) and is tax exempt under provisions of the Internal Revenue Code (the Code). The Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

Note 8 - Information Certified by the Custodians

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, Lincoln, and OneAmerica, the custodians of the Plan, have certified to the completeness and accuracy of:

Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011.

Net appreciation in fair value of investments, dividends, and interest, and interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2012.

Investments reflected on the supplemental schedule of assets (held at end of year).

Assets held by American Century were not certified as of December 31, 2012 and 2011, and for the year ended December 31, 2012.

The following table details the amount certified by each custodian for the 2012 and 2011 Plan years:

	Investment Assets and Notes Receivable From Participants at Fair Value as of December 31			
	Fidelity (Certified)	Lincoln (Certified)	OneAmerica (Certified)	Total
2012	\$ 84,450,077	\$ 849,322	\$ 396,295	\$ 85,695,694
2011	\$ 75,616,663	\$ 797,338	\$ 372,086	\$ 76,786,087

The following table shows investment and other income earned, including investment transactions and interest on notes receivable from participants, for the 2012 and 2011 Plan years:

Note 9 - Party-in-Interest Transactions

The Plan holds investments managed by Fidelity, Lincoln, OneAmerica, and American Century. These companies are the custodians of the Plan and, therefore, transactions with these entities qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services to Fidelity, Lincoln, OneAmerica, and American Century were \$28,550, \$500, \$0, and \$0, respectively, for the year ended December 31, 2012.

Note 10 - Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right to terminate the Plan and discontinue its contributions at any time.

REPORT OF INDEPENDENT AUDITORS

To the Trustees
Highline Medical Center
Tax Sheltered Annuity Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Highline Medical Center Tax Sheltered Annuity Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by Fidelity Management Trust Company, Lincoln National Life Insurance Company, and American United Life Insurance Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2012, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplementary information.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

HIGHLINE MEDICAL CENTER TAX SHELTERED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of the Plan

The following description of the Highline Medical Center Tax Sheltered Annuity Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more comprehensive description of the Plan's provisions.

General - The Plan is a 403(b) tax sheltered annuity salary deferral plan covering substantially all employees of Highline Medical Center (the Medical Center), and is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Highline Medical Center (the Plan Sponsor) is the Plan's sponsor and serves as Plan administrator.

Eligibility - Employees of the Medical Center are eligible to participate in the Plan upon reaching age 18 and after completing two years of service in which at least 1,000 hours are worked in the first 24 consecutive months. Plan entry dates are restricted to the beginning of each quarter. Participants must complete at least two years of service to be eligible to receive any employer paid matching contributions.

Participant contributions - Each year, participants may contribute between 1% and 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer match and discretionary contributions - The Medical Center matches 100% of employee contributions, up to 2% of eligible compensation deferred to the Plan. Contributions are subject to regulatory limitations. The Plan Sponsor further contributes a discretionary contribution equal to 5% of compensation for each employee who is eligible for the discretionary contributions.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Medical Center's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their salary deferral contributions and all employer contributions, plus actual earnings thereon.

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of the Plan (continued)

Notes receivable from participants - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of 5 years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed 15 years. Under the terms of the Plan agreement, Plan loans will bear a reasonable rate of interest determined by the local prevailing rate. Principal and interest are paid ratably through monthly payroll deductions. As of December 31, 2012, the rates of interest on outstanding loans ranged from 4.25% to 9.25% with various maturities through March 2026.

Payment of benefits - Upon termination of service due to termination, death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installment payments where the minimum payment is greater than \$50, or annuity payments through an insurance company, or he or she may roll the funds into another qualified account.

Note 2 - Summary of Accounting Policies

Basis of accounting - The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Recent accounting pronouncements - In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2011-04, *Fair Value Measurement (Topic 820)—Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*. ASU No. 2011-04 requires disclosure of valuation techniques for Level 2 and Level 3 measurements, and for Level 3 measurements, requires disclosure of valuation processes used by the reporting entity and quantitative information about significant unobservable inputs. ASU No. 2011-04 removes the requirement for nonpublic companies to disclose information about transfers between Level 1 and Level 2 of the fair value hierarchy. The Plan adopted the new disclosure requirements effective January 1, 2012.

Investment valuation - The investments are stated at fair value. The Plan's custodians, Fidelity Management Trust Company (Fidelity), Lincoln National Life Insurance Company (Lincoln), and American United Life Insurance (OneAmerica), certify the contract value of the guaranteed investment contract and the fair market value of all other investments. If available, quoted market prices are used to value investments. Investments held by American Century Investments (American Century) are also reported at fair value, but were not certified as of December 31, 2012.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

HIGHLINE MEDICAL CENTER TAX SHELTERED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

Note 2 - Summary of Accounting Policies (continued)

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Income recognition - Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants - Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based on the terms of the Plan document.

Payment of benefits - Benefits are recorded when paid.

Expenses - Several of the investment fund options are subject to investment and administrative fees based on a percentage of invested assets, as disclosed in the fund's prospectus. All such fees are charged directly against the fund's investment performance; thus, they are not separately disclosed in the accompanying financial statements. Participants are assessed separate fees for the administration of loans and repayments thereof, as well as investment advisory services, and such fees are separately disclosed in the financial statements. All other administrative expenses related to the Plan are paid by the Plan Sponsor.

Subsequent events - Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statements of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statements of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are issued.

The Plan has evaluated subsequent events through July 29, 2013, which is the date the financial statements are available to be issued.

Note 3 - Investments

Investments representing 5% or more of net assets available for benefits consist of the following as of December 31:

	2012	2011

American Beacon SPTN 500 Index Inv	\$ 5,747,383	\$ 5,095,640
Annuity funds		
VALIC Fixed Account	35,528,158	35,118,561

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB Accounting Standards Codification (ASC) 820 are described as follows:

Basis of fair value measurement

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Registered investment companies (mutual funds) - Shares of registered investment company funds (or mutual funds) are valued at the quoted market price in active markets, which represents the net asset value (NAV) of shares held by the Plan and are valued at the closing price reported on the active market on which the individual securities are traded. Registered investment companies are classified in Level 1 of the fair value hierarchy.

NOTES TO FINANCIAL STATEMENTS

Note 4 - Fair Value Measurements (continued)

Guaranteed interest accounts - The Plan offers participants guaranteed interest accounts through Variable Annuity Life Insurance Company (VALIC), Lincoln, and OneAmerica that provide a guaranteed interest rate for a stated period. In accordance with generally accepted accounting principles, the investment in guaranteed interest accounts is stated at fair market value, which is determined based on contract value plus or minus an adjustment for the difference between current market interest rates and the actual interest rates on the accounts. Guaranteed interest accounts promise contract value for a benefit event (termination, death, disability, or retirement); however, there is a possible market value adjustment when funds are withdrawn prior to their maturity. Guaranteed interest accounts are classified in Level 2 or 3 of the fair value hierarchy.

The following table discloses, by level, the fair value hierarchy of the Plan's assets at fair value as of December 31, 2012 and 2011:

NOTES TO FINANCIAL STATEMENTS

Note 4 - Fair Value Measurements (continued)

The following table discloses the summary of changes in the fair value of the Plan's Level 3 investment assets:

	Guaranteed Investment Contract
Balance, beginning of year	\$ 35,118,561
Unrealized gains for the period relating to assets still held at the reporting date	928,689
Purchases	3,014,517
Sales	(3,533,609)
Balance, end of year	<u>\$ 35,528,158</u>

Quantitative information about significant unobservable inputs used in Level 3 fair value measurements:

Name	Fair Value	Valuation Technique	Unobservable Inputs	Range of Input Values/ (Weighted Average)
GIC	\$ 35,528,158	Discounted cash flow	Discount rate Crediting interest rate	.44-.50% 1.15-1.75%

In the event that full value of the account could not be paid upon demand, the "fair value" estimates are based upon "demand value" for the contract—i.e., the cash flow due to the contract holder under the surrender provisions of the contract, discounted according to risk-adjusted market rates. In addition to the five annual payments, mid-year withdrawals in the amount of 7% of each beginning-of-year value are assumed to be distributed in benefit-eligible events, so they are not affected by the restriction. Discount rates used are USD Industrial A+ fair market rates as of the valuation date.

Note 5 - Guaranteed Interest Accounts

The Plan's guaranteed interest accounts with VALIC are presented at fair value on the statements of net assets available for benefits. The adjustment from fair value to contract value is based on the contract value as reported by VALIC (which represents contributions made under the contracts, plus earnings, less withdrawals and administrative expenses). The contracts are fully benefit-responsive. For example, participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

HIGHLINE MEDICAL CENTER TAX SHELTERED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS

Note 5 - Guaranteed Interest Accounts (continued)

These accounts provide fixed return investment growth for the short term. Funds are credited with guaranteed interest rates set by VALIC and vary based on the date the participant established their account. Generally, for most series, a current interest rate is declared at the beginning of each calendar month and is applicable to new contributions received during that month. Interest is credited to the account daily and compounded at an annual rate. VALIC guarantees that all contributions received during a calendar month will receive that month's current interest rate for the remainder of the calendar year.

There are no reserves against contract value for credit risk for the contract issuer or otherwise. Crediting rates on the investment contracts are based on a formula agreed upon with the issuer. It is VALIC's position that the average yield of the fund and the average yield credited to the participants are the same, since there is no ownership right to the assets in the general account that support the obligations of the fixed account options. As of December 31, 2012, the average yield was between 1.00% and 2.49%, depending on timing of the initial investment and series invested in. As of December 31, 2011, the average yield was between 2.42% and 3.00% based on these same factors.

The Plan holds investments in the Portfolio Director Group Fixed and Variable Deferred Annuity Contract (PD) and the V-Plan Group Fixed Annuity Contract (VP). PD series funds are subject to a 20%-per-year restriction. VP series funds are not subject to this restriction.

Note 6 - Tax Status

The Plan administrator believes the Plan meets the qualification requirements under Section 403(b) and is tax exempt under provisions of the Internal Revenue Code (the Code). The Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 7 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

Note 8 - Information Certified by the Custodians

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, Lincoln, and OneAmerica, the custodians of the Plan, have certified to the completeness and accuracy of:

Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011.

Net appreciation in fair value of investments, dividends, and interest, and interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2012.

Investments reflected on the supplemental schedule of assets (held at end of year).

Assets held by American Century were not certified as of December 31, 2012 and 2011, and for the year ended December 31, 2012.

The following table details the amount certified by each custodian for the 2012 and 2011 Plan years:

	Investment Assets and Notes Receivable From Participants at Fair Value as of December 31			
	Fidelity (Certified)	Lincoln (Certified)	OneAmerica (Certified)	Total
2012	\$ 84,450,077	\$ 849,322	\$ 396,295	\$ 85,695,694
2011	\$ 75,616,663	\$ 797,338	\$ 372,086	\$ 76,786,087

The following table shows investment and other income earned, including investment transactions and interest on notes receivable from participants, for the 2012 and 2011 Plan years:

Note 9 - Party-in-Interest Transactions

The Plan holds investments managed by Fidelity, Lincoln, OneAmerica, and American Century. These companies are the custodians of the Plan and, therefore, transactions with these entities qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services to Fidelity, Lincoln, OneAmerica, and American Century were \$28,550, \$500, \$0, and \$0, respectively, for the year ended December 31, 2012.

Note 10 - Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right to terminate the Plan and discontinue its contributions at any time.
