LANDMARK ELECTRIC, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
For the year ended December 31, 2012

NOTE 1: DESCRIPTION OF PLAN

Landmark Electric, Inc. 401 (k) Plan (the "Plan") is a single-employer plan sponsored by Landmark Electric, Inc. (the "Company"). The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering all employees of the Company who have one year of service, are age 18 or older and who have worked for a year in which at least 1,000 hours are credited. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration of the plan:

The Plan is being administered by a two-person committee appointed by the board of directors of the Company. This committee has the general authority and responsibility to control the operation and administration of the Plan. The Company pays for all Plan expenses.

Contributions:

Each year, participants may contribute up to 100% of their pretax annual compensation, not to exceed the maximum allowed by law. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds and a money market account as investment options for participants. The Company makes a 25% matching contribution up to 4% of the participant's annual compensation.

In addition, for participants covered by prevailing wage contracts, the Company makes discretionary prevailing wage contributions as compensation paid under such contracts. The Company can offset the total participant's employer contributions allocation by the amount of the prevailing wage contributions. No eligibility conditions apply to prevailing wage contributions unless the prevailing wage contract provides otherwise.

Participant Accounts:

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and an allocation of Plan earnings within the designated specified investment funds. The Company pays administrative expenses incurred on behalf of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS (Continued)
For the year ended December 31, 2012

NOTE 1: DESCRIPTION OF PLAN (Continued)

Vesting:

Participants are immediately vested in their contributions and the Company's matching contributions plus actual earnings thereon.

Payment of benefits:

Upon termination of service due to death, disability or retirement, a participant will receive a lump sum payment except that, with respect to lifetime minimum required distributions, the participant may choose to receive partial withdrawals or installments. Benefits are recorded when paid.

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Note terms range from one to five years or up to 15 years for the purchase of a primary residence. The notes are secured by the balance in the participant's account and bear interest at a rate equal to 1% over USA Today prime rate as determined by the Plan administrator. Principal and interest are paid ratably through weekly payroll deductions.

Hardship withdrawal:

A participant may be permitted to withdraw a portion or all of the balance of their individual account that is attributable to the tax-deferred contributions (without earnings) for the reasons specified by and to the extent permitted under regulations issued by the Internal Revenue Service.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting:

The financial statements of the plan are prepared on the accrual basis of accounting.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

LANDMARK ELECTRIC, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
For the year ended December 31, 2012

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as, held during the year. Purchases and sales of investments are recorded as reported by the Custodian. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Appreciation or depreciation in fair value:

Differences between the fair value of investments at the beginning of the year, or cost if acquired subsequently, and fair values at the end of the year are recorded as appreciation or depreciation in fair value of investments.

Payment of benefits:

Benefits are recorded when paid.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2012 or 2011. If a participant ceases to make loan repayments and the Plan administrator deems the note receivable to be in default, the note receivable balance is reduced and a benefit payment is recorded.

Recently adopted accounting pronouncements:

In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2011-04, Amendments to Achieve Common Fair Value Measures and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards ("IFRS"), ("ASU 2011-04"). ASU 2011-04 amended Accounting Standards Codification ("ASC"), Fair Value Measurements and Disclosures, to converge the fair value measurement guidance in U.S. GAAP and IFRS. Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC, Fair Value Measurements and Disclosures. In addition, ASU 2011-04 requires additional fair value disclosures (although certain of these new disclosures will not be required for nonpublic entities). The amendments are to be applied prospectively and are effective for the Plan year beginning January 1, 2012. The adoption this ASU did not have a material effect on the Plan's financial statements.

LANDMARK ELECTRIC, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
For the year ended December 31, 2012

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment related expenses are included in net appreciation of fair value of investments.

Excess participant contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. There were no excess contributions for the plan year ended December 31, 2012.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Nationwide Financial Services, Inc. (the "Custodian") at December 31, 2012 and 2011:

	2012	2011
Investments	$ 2,818,366	$ 2,143,226
Net realized and unrealized appreciation in fair value of investments	288,075	

NOTE 4: INVESTMENTS

The following presents investments at December 31, 2012 and 2011 that represent 5% or more of the Plan's net assets:

	Fair Value	
	2012	2011
Nationwide Inv Dest Moderately Aggressive Fund SC	$ 171,148	$ 139,560
Nationwide Inv Dest Moderate Fund SC	396,777	230,307
Dreyfus Opportunistic Mid Cap Value Fund	183,071	154,058
Invesco Common Stock Fund Class A	187,983	142,362
Nationwide Money Market Institutional	243,742	N/A

NOTE 5: RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Custodian of the Plan's assets. Therefore, these transactions qualify as party-in-interest transactions. The fair value of investments managed by the Custodian amounted to $1,111,899 and $639,804 as of December 31, 2012 and 2011, respectively. Fees paid by the Plan for the investment management services are included in net depreciation in fair value of investments.

NOTE 6: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). All of the Plan's investments were in level one at December 31, 2012 and 2011. Under level one, inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investments in mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end. There have been no changes in the methodologies used at December 31, 2012 and 2011.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA.

LANDMARK ELECTRIC, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
For the year ended December 31, 2012

NOTE 8: TAX STATUS OF THE PLAN

The Plan has adopted a regional prototype plan prepared by the Plan's Third Party Administrator. This regional prototype plan obtained its latest determination letter on March 31, 2008, in which the Internal Revenue Service stated that the regional prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

NOTE 9: RISKS AND UNCERTAINTIES:

The Plan provides for various investment options in mutual funds that invest in investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

The Plan invests in securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than securities of comparable U.S. companies.

NOTE 10: SUBSEQUENT EVENTS:

The Plan has evaluated subsequent events through July 24, 2013 the date the financial statements were available to be issued. There were no subsequent events noted that would require adjustment to or disclosure in these financial statements.
