Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wilmington Trust Retirement and Institutional Services Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

401(k) Savings & Investment Plan

Notes to the Financial Statements
December 31, 2012 and 2011

1. Description of Plan

The following brief description of the Headwaters Incorporated (the “Company”) 401(k) Savings & Investment Plan (the “Plan”) is provided for general information only. Participants should refer to the Plan agreement for more complete information.

General. The Plan is a defined contribution plan established under the provisions of Sections 401(a), 401(k) and 501(a) of the Internal Revenue Code. Under Section 401(k), contributions to a qualified plan are not included in a participant's compensation for federal income tax purposes until distributed to the participant. All employees who have completed three months of service and are 18 years of age are eligible for participation. An eligible employee becomes a participant on the first day of March, June, September or December following the date the employee satisfies the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Participants are allowed to contribute between 1 and 97 percent of their annual pay to the Plan subject to the maximum amount allowable under the Internal Revenue Code of \$17,000 in 2012. Contributions can be made on a pre-tax or after-tax (Roth) basis through payroll deductions. Participants who attain age 50 before the end of the year may elect to defer additional amounts.

The Company makes a matching contribution of 50 percent of the first 4 percent of a participant's contribution, which is credited to the participant's account. Employer contributions are accrued in the same method as participant's contributions. Each participant's account also receives a pro rata allocation, based on the account balance, of the applicable pooled investment account's earnings or losses. Participants are eligible for the employer match after completing three months of service.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching and additional contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their salary reduction contributions and related earnings. Participants vest in employer matching contributions at three years of service.

401(k) Savings & Investment Plan

Notes to the Financial Statements

1. Description of Plan (continued)

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Payments of Benefits. Distributions and withdrawals generally are payable upon termination, financial hardship, total disability, death or the attainment of the normal retirement age of 65. The participant or designated beneficiary can receive a lump sum distribution of the value of the account including vested portions of employer contributions. An alternative payment schedule may be requested by the participant as specified in the Plan. As of December 31, 2012, the Plan had \$9,501,054 of plan assets that were allocated to participants that had withdrawn from the Plan, but for which disbursement of those funds from the Plan had not yet been made.

Forfeitures Accounts. During 2012, \$73,339 of forfeitures was allocated to eligible participants. During 2012 and 2011, \$0 and \$42,660, respectively, of forfeitures were used to offset Plan fees.

2. Summary of significant accounting policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transaction under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Net Assets Available for Benefits is prepared on a contract value basis.

Headwaters Incorporated
401(k) Savings & Investment Plan

Notes to the Financial Statements

2 Summary of significant accounting policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Operating expenses

During 2012 and 2011, no administrative expenses were paid by the Company on behalf of the Plan.

Subsequent events

The Plan has evaluated subsequent events through July 19, 2013, the date the financial statements were available to be issued.

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	<p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds: Valued at fair value based on quoted redemption values on the last business day of the Plan year.

Common/collective trusts: Valued at fair value based on contract value on the last business day of the Plan year.

4. Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011.

Assets at Fair Value as of December 31, 2012				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 51,912,477	\$ —	\$ —	\$ 51,912,477
Common/collective trusts	10,429,803	—	—	10,429,803
Total assets at fair value	\$ 62,342,280	\$ —	\$ —	\$ 62,342,280

Assets at Fair Value as of December 31, 2011				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 46,414,438	\$ —	\$ —	\$ 46,414,438

Total assets at fair value	\$ 57,003,045	\$ —	\$ —	\$ 57,003,045

5. Investment Contract

Contributions to the Plan's funds can be invested in a Met Managed GIC, where the assets are invested in a MetLife separate account. MetLife will guarantee principal and accrued interest, based on credited interest rates, for participant-initiated withdrawals as long as the contract remains active. Interest is credited to the contract at interest rates that reflect the performance of the underlying portfolio. Rates are reset each quarter with a minimum credited rate of 0%.

MetLife will reset the rate by amortizing the difference between the market value of the portfolio and the guaranteed value over the weighted average duration of the Fund's investments. Participants will receive the principal and accrued earnings credited to their accounts on withdrawals for allowed events. These events include transfer to other Plan investment options, and payments because of retirement, termination of employment, disability, death and in-service withdrawals as permitted by the Plan.

5. Investment Contract (continued)

Average yields	2012	2011
Based on annualized earnings (1)	3.75%	6.45%
Based on interest rate credited to participants (2)	2.52%	2.96%

(1) Computed by dividing the annualized one-day earnings of the contract on the last day of the plan year by the fair value of the investments on the same date.

(2) Computed by dividing the annualized one-day earnings credited to participants on the last day of the plan year by the fair value of the investments on the same date.

6. Related-Party Transactions

Certain plan investments are shares of funds managed by Wilmington Trust Retirement and Institutional Services Company, the Plan trustee, and therefore, these transactions qualify as parties-in-interest. Any purchases and sales of these funds are open market transactions at fair market value. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of part-in-interest transactions under ERISA.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

8. Tax Status

The Internal Revenue Service has ruled that the Plan qualifies under Section 401(k) of the Internal Revenue Code ("IRC") and is, therefore, not subject to tax under present income tax laws. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The plan administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for
benefits.
