Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Aimia Proprietary Loyalty U.S. Inc. Employee Savings and Investment Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2012, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011**

NOTE 1 DESCRIPTION OF PLAN

The following description of Aimia Proprietary Loyalty U.S. Inc. (Employer) Employee Savings and Investment Plan (formerly Carlson Marketing Worldwide, Inc. Employees' Savings and Investment Plan) (the Plan) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established effective February 1, 2010. This Plan was a spin-off of a previous plan in which Carlson Marketing Worldwide, Inc. was a participating employer. The Plan was recently restated effective January 1, 2012 to add an automatic increase provision for those automatically enrolled in the Plan. The Plan was amended effective February 1, 2012 to change the name of the Plan to Aimia Proprietary Loyalty U.S. Inc. Employee Savings and Investment Plan. The Plan was last amended and restated effective December 1, 2012 to add an Employer nonelective profit sharing provision and to also modify the definition of eligible compensation. The Plan covers all employees of the Employer and the participating employer of Aimia Loyalty Analytics, U.S. Inc. (formerly known as LMG Insight & Communications US Inc.) who meet certain eligibility requirements including completion of 60 days of service and age 21. The Plan recognizes years of service for employees who had previously been employed by Carlson Companies, Inc. and controlled affiliates, if the employee transferred to the Employer in connection with the acquisition of the Employer by Groupe Aeroplan, Inc. on December 7, 2009 and employment with the Employer began on or before December 31, 2010. The Plan excludes employees covered by a collective bargaining agreement, non-resident aliens not receiving U.S. source income, leased employees, individuals who become employees of the Employer as a result of a merger or acquisition, until such employees are designated as eligible employees by the Employer, and individuals who are a resident of and primarily employed in any territory or possession of the United States that is not part of the 50 states. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Subsequent to year-end, the Plan was amended effective January 1, 2013 to change eligibility service requirements to 30 days of service for employee deferrals and employer match, to reflect part-time, temporary or seasonal employees as excluded employees, to change the entry date for employer matching contributions, and to add a provision for an employer additional matching contribution. The Plan was also amended effective July 1, 2013 to add Excellence In Motivation, Inc. as a participating employer and to recognize years of service for employees that had been participating in the Excellence In Motivation, Inc. 401(k) Plan as of June 30, 2013 and have one hour of service with the Employer after June 30, 2013.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions

Upon completion of the eligibility requirements, participants are automatically enrolled in the Plan using a contribution percentage equal to 3% of the employees' compensation, as defined in the Plan. Participants do have the ability to elect an alternative deferral amount or elect not to defer. Effective January 1, 2012, the Plan includes an automatic increase provision whereby participants that are automatically enrolled in the Plan at 3% deferral contributions will automatically have their deferral percentage increased by 1% at the beginning of each Plan year until their deferral percentage reaches a maximum deferral of 6% of compensation.

Eligible participants are permitted to elect to have a percentage, limited to 75%, of their compensation contributed as pre-tax 401(k) contributions to the Plan. The Plan allows participants age 50 and older to make catch-up contributions.

The Employer may elect to make a discretionary matching contribution as determined by the Employer. For the years ended December 31, 2012 and 2011, the Employer matched 20% of deferrals up to 6% of compensation. A participant must complete twelve consecutive months of employment to be eligible to receive an Employer matching contribution. Effective January 1, 2013, a participant must complete 30 days of employment to be eligible to receive an Employer matching contribution. Effective December 1, 2012, the Employer may elect to make a discretionary profit sharing contribution as determined by the Employer. A participant must be employed on the last day of the year to be eligible to receive an Employer profit sharing contribution, unless termination is due to retirement, death, or total and permanent disability. For the year ended December 31, 2012, the Employer authorized a discretionary profit sharing contribution equal to 1.58% of eligible compensation.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans and certain IRAs. Contributions are subject to certain limitations. Participants direct the investment of contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's contributions, an allocation of Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Income is allocated daily based on the shares in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's matching and profit sharing contribution portions of their account, plus actual earnings thereon, is based on years of credited service. A participant vests at a rate of 25% after two years of service and is 100% vested after the completion of five years of credited service. A participant earns a year of vesting service for each calendar year in which they complete 1,000 or more hours of service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability. Employees who were participants in the Carlson Companies, Inc. Employees' Savings and Investment Plan on December 7, 2009 and who were transferred to the Employer in connection with the acquisition of the Employer by Groupe Aeroplan, Inc. on December 7, 2009 and commenced employment on or before December 31, 2010, are 100% vested in all accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms will not exceed five years, unless the note is for the purchase of a primary residence for which terms may be longer. The notes are secured by the vested balance in the participant's account and bear interest at a fixed rate which is equal to 1% over the prime rate. Principal and interest is paid ratably through regular payroll deductions. At December 31, 2012, interest rates on outstanding notes receivable ranged from 4.25% to 10.00%.

Payment of Benefits

Upon termination of employment, death, disability or retirement (age 65), participants may receive the value of the vested interest in their account in the form of a lump sum payment, installment payments, or partial withdrawals. If a participant terminates employment and the participant's account balance does not exceed \$5,000, the Plan administrator will authorize the benefit payment without the participant's consent. The Plan allows for in-service withdrawals upon attainment of age 59½ and hardship withdrawals, subject to Plan provisions.

Forfeited Non-Vested Accounts

Forfeited non-vested accounts may be used to pay Plan expenses or reduce future Employer contributions. Forfeited non-vested accounts as of December 31, 2012 and 2011 totaled \$10,223 and \$584, respectively. There were no forfeitures used to pay Plan expenses during the years ended December 31, 2012 and 2011. Forfeitures of \$1,104 and \$-0- were used to reduce Employer contributions during the years ended December 31, 2012 and 2011, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared under the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2012 and 2011.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in the mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. Investments in the open end mutual funds and collective trust fund are valued using the NAV of units, which are based on observable market prices for the underlying assets, held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

The Employer pays certain administrative expenses on behalf of the Plan. Expenses paid by the Plan are reflected in the statements of changes in net assets available for benefits.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through July 29, 2013, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo Bank, N.A., the trustee of the Plan, has certified to the completeness and accuracy of the notes receivable from participants and the investment information (except for the adjustment from fair value to contract value) presented in the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011, the statements of changes in net assets available for benefits for the years then ended, respectively, and the supplemental schedule of assets (held at end of year) as of December 31, 2012.

NOTE 4 FAIR VALUE OF INVESTMENTS

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

The Vanguard Total Bond Market Index Institutional Fund seeks to track the performance of a broad, market-weighted bond index. The fund employs a “passive management”, or indexing investment approach designed to track the performance of the Barclays Capital U.S. Aggregate Float Adjusted Index. The fund maintains a dollar-weighted average maturity consistent with that of the index, ranging between 5 and 10 years.

The Stable Return Fund seeks to provide a moderate level of stable income without principal volatility while seeking to maintain adequate liquidity and returns superior to shorter maturity instruments. The fund invests in a variety of investment contracts and instruments issued by selected high-quality insurance companies and financial institutions.

NOTE 5 INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets as of December 31:

<u>Investments</u>	<u>2012</u>	<u>2011</u>
Blackrock Global Allocation Fund	\$ 3,762,363	\$ 4,003,070

PIMCO Total Return Institutional Fund	4,368,938	3,555,164
Wells Fargo Stable Return Fund (at Contract Value)	8,569,676	9,986,148

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

**AIMIA PROPRIETARY LOYALTY U.S. INC.

NOTE 8 PLAN TAX STATUS

The Plan Sponsor is placing reliance on a determination letter dated September 30, 2011 received from the Internal Revenue Service (IRS) on the Plan indicating that the Plan is qualified under Section 401 of the Internal Revenue Code (IRC) and is therefore not subject to tax under current income tax law. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

The investments are managed by Wells Fargo Bank, N.A., the trustee; therefore, these investment transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative services amounted to \$12,826 and \$15,270, respectively, for the years ended December 31, 2012 and 2011.

NOTE 10 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Aimia Proprietary Loyalty U.S. Inc. Employee Savings and Investment Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2012, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 DESCRIPTION OF PLAN

The following description of Aimia Proprietary Loyalty U.S. Inc. (Employer) Employee Savings and Investment Plan (formerly Carlson Marketing Worldwide, Inc. Employees' Savings and Investment Plan) (the Plan) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established effective February 1, 2010. This Plan was a spin-off of a previous plan in which Carlson Marketing Worldwide, Inc. was a participating employer. The Plan was recently restated effective January 1, 2012 to add an automatic increase provision for those automatically enrolled in the Plan. The Plan was amended effective February 1, 2012 to change the name of the Plan to Aimia Proprietary Loyalty U.S. Inc. Employee Savings and Investment Plan. The Plan was last amended and restated effective December 1, 2012 to add an Employer nonelective profit sharing provision and to also modify the definition of eligible compensation. The Plan covers all employees of the Employer and the participating employer of Aimia Loyalty Analytics, U.S. Inc. (formerly known as LMG Insight & Communications US Inc.) who meet certain eligibility requirements including completion of 60 days of service and age 21. The Plan recognizes years of service for employees who had previously been employed by Carlson Companies, Inc. and controlled affiliates, if the employee transferred to the Employer in connection with the acquisition of the Employer by Groupe Aeroplan, Inc. on December 7, 2009 and employment with the Employer began on or before December 31, 2010. The Plan excludes employees covered by a collective bargaining agreement, non-resident aliens not receiving U.S. source income, leased employees, individuals who become employees of the Employer as a result of a merger or acquisition, until such employees are designated as eligible employees by the Employer, and individuals who are a resident of and primarily employed in any territory or possession of the United States that is not part of the 50 states. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Subsequent to year-end, the Plan was amended effective January 1, 2013 to change eligibility service requirements to 30 days of service for employee deferrals and employer match, to reflect part-time, temporary or seasonal employees as excluded employees, to change the entry date for employer matching contributions, and to add a provision for an employer additional matching contribution. The Plan was also amended effective July 1, 2013 to add Excellence In Motivation, Inc. as a participating employer and to recognize years of service for employees that had been participating in the Excellence In Motivation, Inc. 401(k) Plan as of June 30, 2013 and have one hour of service with the Employer after June 30, 2013.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions

Upon completion of the eligibility requirements, participants are automatically enrolled in the Plan using a contribution percentage equal to 3% of the employees' compensation, as defined in the Plan. Participants do have the ability to elect an alternative deferral amount or elect not to defer. Effective January 1, 2012, the Plan includes an automatic increase provision whereby participants that are automatically enrolled in the Plan at 3% deferral contributions will automatically have their deferral percentage increased by 1% at the beginning of each Plan year until their deferral percentage reaches a maximum deferral of 6% of compensation.

Eligible participants are permitted to elect to have a percentage, limited to 75%, of their compensation contributed as pre-tax 401(k) contributions to the Plan. The Plan allows participants age 50 and older to make catch-up contributions.

The Employer may elect to make a discretionary matching contribution as determined by the Employer. For the years ended December 31, 2012 and 2011, the Employer matched 20% of deferrals up to 6% of compensation. A participant must complete twelve consecutive months of employment to be eligible to receive an Employer matching contribution. Effective January 1, 2013, a participant must complete 30 days of employment to be eligible to receive an Employer matching contribution. Effective December 1, 2012, the Employer may elect to make a discretionary profit sharing contribution as determined by the Employer. A participant must be employed on the last day of the year to be eligible to receive an Employer profit sharing contribution, unless termination is due to retirement, death, or total and permanent disability. For the year ended December 31, 2012, the Employer authorized a discretionary profit sharing contribution equal to 1.58% of eligible compensation.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans and certain IRAs. Contributions are subject to certain limitations. Participants direct the investment of contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's contributions, an allocation of Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Income is allocated daily based on the shares in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's matching and profit sharing contribution portions of their account, plus actual earnings thereon, is based on years of credited service. A participant vests at a rate of 25% after two years of service and is 100% vested after the completion of five years of credited service. A participant earns a year of vesting service for each calendar year in which they complete 1,000 or more hours of service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability. Employees who were participants in the Carlson Companies, Inc. Employees' Savings and Investment Plan on December 7, 2009 and who were transferred to the Employer in connection with the acquisition of the Employer by Groupe Aeroplan, Inc. on December 7, 2009 and commenced employment on or before December 31, 2010, are 100% vested in all accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms will not exceed five years, unless the note is for the purchase of a primary residence for which terms may be longer. The notes are secured by the vested balance in the participant's account and bear interest at a fixed rate which is equal to 1% over the prime rate. Principal and interest is paid ratably through regular payroll deductions. At December 31, 2012, interest rates on outstanding notes receivable ranged from 4.25% to 10.00%.

Payment of Benefits

Upon termination of employment, death, disability or retirement (age 65), participants may receive the value of the vested interest in their account in the form of a lump sum payment, installment payments, or partial withdrawals. If a participant terminates employment and the participant's account balance does not exceed \$5,000, the Plan administrator will authorize the benefit payment without the participant's consent. The Plan allows for in-service withdrawals upon attainment of age 59½ and hardship withdrawals, subject to Plan provisions.

Forfeited Non-Vested Accounts

Forfeited non-vested accounts may be used to pay Plan expenses or reduce future Employer contributions. Forfeited non-vested accounts as of December 31, 2012 and 2011 totaled \$10,223 and \$584, respectively. There were no forfeitures used to pay Plan expenses during the years ended December 31, 2012 and 2011. Forfeitures of \$1,104 and \$-0- were used to reduce Employer contributions during the years ended December 31, 2012 and 2011, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared under the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2012 and 2011.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in the mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. Investments in the open end mutual funds and collective trust fund are valued using the NAV of units, which are based on observable market prices for the underlying assets, held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

The Employer pays certain administrative expenses on behalf of the Plan. Expenses paid by the Plan are reflected in the statements of changes in net assets available for benefits.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through July 29, 2013, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo Bank, N.A., the trustee of the Plan, has certified to the completeness and accuracy of the notes receivable from participants and the investment information (except for the adjustment from fair value to contract value) presented in the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011, the statements of changes in net assets available for benefits for the years then ended, respectively, and the supplemental schedule of assets (held at end of year) as of December 31, 2012.

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

The Vanguard Total Bond Market Index Institutional Fund seeks to track the performance of a broad, market-weighted bond index. The fund employs a “passive management”, or indexing investment approach designed to track the performance of the Barclays Capital U.S. Aggregate Float Adjusted Index. The fund maintains a dollar-weighted average maturity consistent with that of the index, ranging between 5 and 10 years.

The Stable Return Fund seeks to provide a moderate level of stable income without principal volatility while seeking to maintain adequate liquidity and returns superior to shorter maturity instruments. The fund invests in a variety of investment contracts and instruments issued by selected high-quality insurance companies and financial institutions.

NOTE 5 INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets as of December 31:

<u>Investments</u>	<u>2012</u>	<u>2011</u>

PIMCO Total Return Institutional Fund	4,368,938	3,555,164
Wells Fargo Stable Return Fund (at Contract Value)	8,569,676	9,986,148

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 PLAN TAX STATUS

The Plan Sponsor is placing reliance on a determination letter dated September 30, 2011 received from the Internal Revenue Service (IRS) on the Plan indicating that the Plan is qualified under Section 401 of the Internal Revenue Code (IRC) and is therefore not subject to tax under current income tax law. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

The investments are managed by Wells Fargo Bank, N.A., the trustee; therefore, these investment transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative services amounted to \$12,826 and \$15,270, respectively, for the years ended December 31, 2012 and 2011.

NOTE 10 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Aimia Proprietary Loyalty U.S. Inc. Employee Savings and Investment Plan, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2012, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 DESCRIPTION OF PLAN

The following description of Aimia Proprietary Loyalty U.S. Inc. (Employer) Employee Savings and Investment Plan (formerly Carlson Marketing Worldwide, Inc. Employees' Savings and Investment Plan) (the Plan) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that was established effective February 1, 2010. This Plan was a spin-off of a previous plan in which Carlson Marketing Worldwide, Inc. was a participating employer. The Plan was recently restated effective January 1, 2012 to add an automatic increase provision for those automatically enrolled in the Plan. The Plan was amended effective February 1, 2012 to change the name of the Plan to Aimia Proprietary Loyalty U.S. Inc. Employee Savings and Investment Plan. The Plan was last amended and restated effective December 1, 2012 to add an Employer nonelective profit sharing provision and to also modify the definition of eligible compensation. The Plan covers all employees of the Employer and the participating employer of Aimia Loyalty Analytics, U.S. Inc. (formerly known as LMG Insight & Communications US Inc.) who meet certain eligibility requirements including completion of 60 days of service and age 21. The Plan recognizes years of service for employees who had previously been employed by Carlson Companies, Inc. and controlled affiliates, if the employee transferred to the Employer in connection with the acquisition of the Employer by Groupe Aeroplan, Inc. on December 7, 2009 and employment with the Employer began on or before December 31, 2010. The Plan excludes employees covered by a collective bargaining agreement, non-resident aliens not receiving U.S. source income, leased employees, individuals who become employees of the Employer as a result of a merger or acquisition, until such employees are designated as eligible employees by the Employer, and individuals who are a resident of and primarily employed in any territory or possession of the United States that is not part of the 50 states. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Subsequent to year-end, the Plan was amended effective January 1, 2013 to change eligibility service requirements to 30 days of service for employee deferrals and employer match, to reflect part-time, temporary or seasonal employees as excluded employees, to change the entry date for employer matching contributions, and to add a provision for an employer additional matching contribution. The Plan was also amended effective July 1, 2013 to add Excellence In Motivation, Inc. as a participating employer and to recognize years of service for employees that had been participating in the Excellence In Motivation, Inc. 401(k) Plan as of June 30, 2013 and have one hour of service with the Employer after June 30, 2013.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Contributions

Upon completion of the eligibility requirements, participants are automatically enrolled in the Plan using a contribution percentage equal to 3% of the employees' compensation, as defined in the Plan. Participants do have the ability to elect an alternative deferral amount or elect not to defer. Effective January 1, 2012, the Plan includes an automatic increase provision whereby participants that are automatically enrolled in the Plan at 3% deferral contributions will automatically have their deferral percentage increased by 1% at the beginning of each Plan year until their deferral percentage reaches a maximum deferral of 6% of compensation.

Eligible participants are permitted to elect to have a percentage, limited to 75%, of their compensation contributed as pre-tax 401(k) contributions to the Plan. The Plan allows participants age 50 and older to make catch-up contributions.

The Employer may elect to make a discretionary matching contribution as determined by the Employer. For the years ended December 31, 2012 and 2011, the Employer matched 20% of deferrals up to 6% of compensation. A participant must complete twelve consecutive months of employment to be eligible to receive an Employer matching contribution. Effective January 1, 2013, a participant must complete 30 days of employment to be eligible to receive an Employer matching contribution. Effective December 1, 2012, the Employer may elect to make a discretionary profit sharing contribution as determined by the Employer. A participant must be employed on the last day of the year to be eligible to receive an Employer profit sharing contribution, unless termination is due to retirement, death, or total and permanent disability. For the year ended December 31, 2012, the Employer authorized a discretionary profit sharing contribution equal to 1.58% of eligible compensation.

Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans and certain IRAs. Contributions are subject to certain limitations. Participants direct the investment of contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's contributions, an allocation of Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Income is allocated daily based on the shares in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employer's matching and profit sharing contribution portions of their account, plus actual earnings thereon, is based on years of credited service. A participant vests at a rate of 25% after two years of service and is 100% vested after the completion of five years of credited service. A participant earns a year of vesting service for each calendar year in which they complete 1,000 or more hours of service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability. Employees who were participants in the Carlson Companies, Inc. Employees' Savings and Investment Plan on December 7, 2009 and who were transferred to the Employer in connection with the acquisition of the Employer by Groupe Aeroplan, Inc. on December 7, 2009 and commenced employment on or before December 31, 2010, are 100% vested in all accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Note terms will not exceed five years, unless the note is for the purchase of a primary residence for which terms may be longer. The notes are secured by the vested balance in the participant's account and bear interest at a fixed rate which is equal to 1% over the prime rate. Principal and interest is paid ratably through regular payroll deductions. At December 31, 2012, interest rates on outstanding notes receivable ranged from 4.25% to 10.00%.

Payment of Benefits

Upon termination of employment, death, disability or retirement (age 65), participants may receive the value of the vested interest in their account in the form of a lump sum payment, installment payments, or partial withdrawals. If a participant terminates employment and the participant's account balance does not exceed \$5,000, the Plan administrator will authorize the benefit payment without the participant's consent. The Plan allows for in-service withdrawals upon attainment of age 59½ and hardship withdrawals, subject to Plan provisions.

Forfeited Non-Vested Accounts

Forfeited non-vested accounts may be used to pay Plan expenses or reduce future Employer contributions. Forfeited non-vested accounts as of December 31, 2012 and 2011 totaled \$10,223 and \$584, respectively. There were no forfeitures used to pay Plan expenses during the years ended December 31, 2012 and 2011. Forfeitures of \$1,104 and \$-0- were used to reduce Employer contributions during the years ended December 31, 2012 and 2011, respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements are prepared under the accrual method of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract value basis.

Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2012 and 2011.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in the mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. Investments in the open end mutual funds and collective trust fund are valued using the NAV of units, which are based on observable market prices for the underlying assets, held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

The Employer pays certain administrative expenses on behalf of the Plan. Expenses paid by the Plan are reflected in the statements of changes in net assets available for benefits.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through July 29, 2013, the date the financial statements were available to be issued.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo Bank, N.A., the trustee of the Plan, has certified to the completeness and accuracy of the notes receivable from participants and the investment information (except for the adjustment from fair value to contract value) presented in the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011, the statements of changes in net assets available for benefits for the years then ended, respectively, and the supplemental schedule of assets (held at end of year) as of December 31, 2012.

NOTE 4 FAIR VALUE OF INVESTMENTS

NOTE 4 FAIR VALUE OF INVESTMENTS (CONTINUED)

The Vanguard Total Bond Market Index Institutional Fund seeks to track the performance of a broad, market-weighted bond index. The fund employs a “passive management”, or indexing investment approach designed to track the performance of the Barclays Capital U.S. Aggregate Float Adjusted Index. The fund maintains a dollar-weighted average maturity consistent with that of the index, ranging between 5 and 10 years.

The Stable Return Fund seeks to provide a moderate level of stable income without principal volatility while seeking to maintain adequate liquidity and returns superior to shorter maturity instruments. The fund invests in a variety of investment contracts and instruments issued by selected high-quality insurance companies and financial institutions.

NOTE 5 INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets as of December 31:

<u>Investments</u>	<u>2012</u>	<u>2011</u>
Blackrock Global Allocation Fund	\$ 3,762,363	\$ 4,003,070

PIMCO Total Return Institutional Fund	4,368,938	3,555,164
Wells Fargo Stable Return Fund (at Contract Value)	8,569,676	9,986,148

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 8 PLAN TAX STATUS

The Plan Sponsor is placing reliance on a determination letter dated September 30, 2011 received from the Internal Revenue Service (IRS) on the Plan indicating that the Plan is qualified under Section 401 of the Internal Revenue Code (IRC) and is therefore not subject to tax under current income tax law. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

The investments are managed by Wells Fargo Bank, N.A., the trustee; therefore, these investment transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative services amounted to \$12,826 and \$15,270, respectively, for the years ended December 31, 2012 and 2011.

NOTE 10 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:
