To the Plan Committee Member and Plan Administrator of
Syniverse Technologies Savings Plan:

Report on the Financial Statements

We were engaged to audit the accompanying statement of net assets available for benefits of **Syniverse Technologies Savings Plan** (the "Plan") as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012 and the supplemental schedule H, line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2012. These financial statements and supplemental schedule are the responsibility of the Plan's management.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by T. Rowe Price Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets, notes receivable from participants, and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2012 and 2011 and for the year ended December 31, 2012 that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule as of or for the year ended December 31, 2012 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Note A – Description of Plan

The following description of the Syniverse Technologies Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan was adopted by the Plan sponsor, Syniverse Technologies, Inc. (the "Company" – formerly TSI Telecommunication Services, Inc.) with an effective date of February 14, 2002. The most recent amendment to the Plan was April 23, 2012.

All employees of the Company are eligible to participate in the Plan except for union employees, leased employees, contract or temporary employees including interns and certain nonresident alien employees. Eligible participants are enrolled quarterly in the Plan on January 1st, April 1st, July 1st or October 1st of each calendar year. Employees who became Company employees as a result of Company acquisitions have been given credit for all service with predecessors.

As of January 13, 2011 the Plan Sponsor was acquired by another entity. While the Plan was not terminated or merged with another plan, the October 1, 2010 Plan amendment created immediate vesting for participants in the Plan, as of the transition date, in their employer contributions received to that date. Contributions by the Employer received following the transaction date are vested based on the original three years from entering the Plan.

Administration of the Plan

The Retirement Plan Committee of the Company is the Plan Administrator. Any amendments to the Plan regarding terminations, materially adding or deleting benefits or modifying the funding obligations require approval by the Plan Administrator.

Contributions

Participants may contribute up to 100% of their compensation to their participant account subject to limitations imposed by the Internal Revenue Code (IRC) limitations. The maximum employee deferral for both December 31, 2012 and December 31, 2011 is $17,000 and $16,500, respectively. A participant who has attained the age of 50 may also make catch up contributions, subject to IRS limitations of $5,500, for December 31, 2012 and 2011.

The Company makes matching contributions for each participant who meets eligibility requirements for participation in the Plan. The Company's matching contribution is equal to 100% of the employee's contribution up to 2% of the employee's compensation. The Company will make an additional matching contribution for each participant equal to 50% of the employee's contribution up to an additional 2% of the employee's compensation.

Each Plan year, the Company may elect to make a discretionary profit sharing contribution (core contribution) to the Plan. During December 31, 2012 the Company's core contribution was equal to 2% of the employee's compensation.

The Plan also accepts rollovers and direct transfers from the other tax-qualified plans.

Note A – Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, rollover contributions from other qualified retirement plans and an allocation of the Company's contributions. Plan earnings and losses are allocated to each participant's account based upon the ratio of their account of the total of all participants' accounts.

Vesting

Participants are immediately 100% vested in their own salary deferral and rollover contributions and earnings thereon. Participants become vested in employer contributions and earnings thereon after three years of service. Participants also become fully vested upon reaching normal retirement age (age 65), death or retirement due to disability.

The Plan was amended effective October 1, 2010 to allow full and immediate vesting in a participant's account upon a change in control as defined by the amendment. All participants in the Plan as of January 13, 2011, the merger date, were fully vested in all contributions in the Plan. Employer contributions received after this date are vested based on the three year schedule.

Investment Options

Under the Plan, participants may currently direct investments to any of 29 investment options. Participants may change their investment elections daily through a telephone access system or online system.

Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes receivable. Loan terms can be up to five years. Principal and interest are paid by payroll deduction in substantially equal payments over the life of the loan, with payments not less frequently than bi-weekly.

In the event of default, foreclosure on the note and attachment of security will not occur until a distributable event occurs in the Plan. However, notwithstanding the foregoing to the contrary, loan repayments will be suspended as permitted under Code §414(u)(4).

Distribution of Benefits

Participants may be eligible to withdraw a portion of their vested account balances while employed by the Company. Employee elective deferral contributions may be distributed to a participant while still employed only to meet a qualifying financial hardship. Employee after-tax contributions and rollover contributions may be withdrawn in single sum payments.

On termination of service due to death, disability, retirement or termination from the employer, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account as defined in the Plan agreement. The lump-sum can be paid in a cash distribution, direct rollover distribution, or a combination cash & direct rollover distribution.

A participant who terminates with a vested balance less than $1,000 will be mandatorily cashed out.

Note A – Description of Plan (continued)

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to reduce future employer contributions. During the year ended December 31, 2012, employer contribution payments were reduced by approximately $213,526 from forfeited non-vested accounts. As of December 31, 2012 and 2011, there were $40,375 and $4,082, respectively, outstanding that could be used to offset future Company contributions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, each participant's account will become fully vested and non-forfeitable. All appropriate accounting provisions of the Plan will continue to apply until the accounts of all participants have been distributed.

Note B – Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

As described in the Code *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the Code), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As required by the Code, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. See Note G for further details.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the changes in net assets available for benefits and disclosure of contingent assets and liabilities during the reporting period. Actual results could differ from these estimates.

Valuation of Investments

The Plan's investments are stated at fair value. If available, quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Notes receivable from participants are valued at their outstanding balances, which approximate fair value. The Plan's interest in the common/collective trusts are valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year-end.

Note B – Summary of Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Company pays all administrative expenses of the Plan, with the exception of investment transaction fees, which are paid by the participants who incur such fees. For the years ended December 31, 2012 and 2011, the Plan paid administrative expenses totaling approximately $68,000.

Fair Value Measurements

The Code has established a framework for measuring fair value, *Fair Value Measurements*. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

In May 2011, the Code issued an amendment to the Statement, *Fair Value Measurements*. The Amendment clarifies application of the Statement and amends disclosure requirements to be consistent with international standards. The Amendment was effective January 1, 2012, the adoption of which did not have a material impact on the Organization's financial position or operating result.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Note B – Summary of Significant Accounting Policies (continued)

Common stocks, corporate bonds and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

	Fair Value Measurements at Reporting Date Using:		
	Assets Measured at Fair Value at 12/31/2012	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)
Mutual funds	$ 73,893,782	$ 73,893,782	$ -
Common/collective trusts	10,622,305	-	10,622,305
	$ 84,516,087	$ 73,893,782	$ 10,622,305

	Fair Value Measurements at Reporting Date Using:		
	Assets Measured at Fair Value at 12/31/2011	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)
Mutual funds	$ 58,242,015	58,242,015	-
Common/collective trusts	9,691,285	-	9,691,285
	$ 67,933,300	58,242,015	9,691,285

Note C – Investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by the Trustee, except for comparing such information to the related information included in the financial statements and supplemental schedule. The Plan Administrator has obtained a certification from the Trustee that the information provided to the Plan Administrator by the Trustee as of December 31, 2012 and for the year ended December 31, 2012, is complete and accurate. Such information includes all investments, notes receivable from participants, investment income and, and the information in the supplemental schedule of assets (held at end of year).

Each of these investments represents 5 percent or more of the Plan's net assets available for benefits as of December 31:

	2012	2011
TRP STABLE VALUE FUND SCH E	$ 7,756,453	$ 7,134,442
BLUE CHIP GROWTH FUND	7,123,582	5,316,047
PIMCO TOTAL RETURN ADMIN	6,751,927	5,806,730
PERSONAL STRATEGY GROWTH FUND	6,744,378	5,849,011
ROYCE PENNSYLVANIA, INV	5,214,233	4,832,315
PERSONAL STRATEGY BALANCED	5,104,047	4,329,388
ARTISAN INTERNATIONAL FUND	4,803,925	3,791,963
RETIREMENT 2035 FUND	4,526,508	*

* This fund did not represent 5% or more of the Plan's net assets available for benefits at the respective Plan yearend.

During 2012, the Plan's investments (including reinvested dividends and interest, as well as gains on investments bought and sold, as well as held during the year) appreciated in value as follows:

	2012
Mutual funds	$ 7,704,612
Common/collective trusts	384,125
	$ 8,088,737

Note D – Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated July 27, 2012, stating that the Plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is exempt from taxation. Subsequent to the issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements. The Plan is no longer subject to examination by taxing authorities for years prior to 2009.

Note E – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note F – Party-In-Interest

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Certain Plan investments are mutual funds and guaranteed interest contracts managed by the Trustee. Transactions related to these investments qualify as party-in-interest transactions. The Plan invests in mutual funds and common/collective trusts managed by the Trustee. Transactions in such investments qualify as party-in-interest transactions.

Note G – Fully Benefit-Responsive Investment Contracts

The common/collective trust fund Stable Value Common Trust Fund is a benefit-responsive investment contract (the Fund.) The Fund maintains contributions in a general account. As described in Note B, because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the Plan by the Fund represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2012 and 2011 was $7,756,453 and $7,134,442, respectively.

Note G – Fully Benefit-Responsive Investment Contracts (continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan,) (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures of spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exempt under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

	Stable Value Common Trust Fund for the 12 Month Period Ending December 31, 2012	Stable Value Common Trust Fund for the 12 Month Period Ending December 31, 2011
Average yields:		
Based on actual earnings	2.36%	2.69%
Based on interest rate credited to participants	2.45%	2.97%

Note H – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	2012	2011
Net assets available for benefits per the financial statements	$ 87,175,044	$ 70,400,720
Plus: Adjustment to contract value	319,708	240,426
