INDEPENDENT AUDITORS' REPORT

To the Participants and Administrator of the
E.T. Horn Company Employee Stock Ownership Plan and Trust:

We have audited the accompanying statements of net assets available for benefits of the E.T. Horn Company Employee Stock Ownership Plan and Trust as of October 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended October 31, 2012. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of October 31, 2012 and 2011, and the changes in net assets available for benefits for the year ended October 31, 2012 in conformity with accounting principles generally accepted in the United States of America.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules, as listed in the accompanying index, as of and for the year ended October 31, 2012, are presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

E.T. HORN COMPANY EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

OCTOBER 31, 2012 AND 2011

1. DESCRIPTION OF PLAN

The following description of the E.T. Horn Company Employee Stock Ownership Plan and Trust (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of E.T. Horn Company (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Employees who have attained at least 20.5 years of age are eligible to participate in the Plan on November 1 or May 1 following the completion of at least 1,000 hours of service during the Plan year.

Administration

The Plan is administered by an internal committee (the Administrative Committee) which is comprised of employees of the Company who are appointed by the Company's Board of Directors.

Contributions

The Company may make discretionary contributions as determined each year by resolution of the Company's Board of Directors. In order to be eligible for the Company contributions, a participant must be employed by the Company on the last day of the plan year. For the year ended October 31, 2012, the Company made discretionary contributions to the Plan equal to 10% of the participant's gross compensation. Employee contributions to the Plan are not permitted.

Participant Accounts

Each participant's account is credited with allocations of (a) the Company's contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. The Company's contributions are allocated to eligible participants based on the percentage that their eligible compensation bears to total eligible compensation. Plan earnings, net of expenses, are allocated at the end of each plan year based on each eligible participant's account values. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

The Plan does not allow for participant loans.

E.T. HORN COMPANY EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

OCTOBER 31, 2012 AND 2011

1. DESCRIPTION OF PLAN - (Continued)

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments. Participants may also elect to rollover their account to another eligible retirement plan as defined by the plan agreement. All vested account balances not exceeding \$1,000 that are not directed by a participant to be transferred to another tax deferred account may be distributed in a lump-sum payment. Distributions of a participant's vested account balance upon termination of employment shall be made as soon as administratively feasible after the end of the plan year during which termination of employment occurs. A participant may elect to receive up to 30% of his or her vested account balance after the participant attains age 65 regardless of whether the participant has terminated employment. Such distribution shall be made in a single lump sum payment and commence as soon as administratively feasible after the participant attains age 65 and elects to receive a distribution.

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Participants eligible for diversification may elect to direct the Plan to diversify a portion of their account during a 90 day election period which begins on the first day of the plan year that follows each of the six plan years beginning with the plan year in which the participant becomes eligible for diversification. In each of the first five years, a participant may diversify up to 25% of the number of shares of Company stock allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify may elect to receive a cash distribution or to rollover the amount to one or more of at least three diversified investment options, which may be made available in another qualified plan maintained by the Company.

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option (the liquidity put). The liquidity put is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The Plan may also honor the put, although it is not required to do so. The put price is the fair market value of the stock as determined as of the most recent valuation date, as defined.

Forfeitures

The unvested portion of a terminated participant's account will be forfeited and be used first to pay Plan expenses, if the Administrative Committee elects, and then used to reduce the Company's discretionary contribution. There were no forfeitures for the year ended October 31, 2012.

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

Plan Fees and Administrative Expenses

Plan fees and administrative expenses are generally paid by the Plan, unless paid by the Company.

Subsequent Events

The Company has evaluated subsequent events through the date of the independent auditors' report, which is the date the accompanying financial statements were available to be issued.

3. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are managed by Burnham Gibson Financial Group, the plan broker. The Plan paid \$13,105 in advisory fees to the plan broker and \$280 in other administrative expenses during the year ended October 31, 2012. The Plan paid \$6,890 in insurance premiums on a life insurance policy for a key employee for which the Plan is the beneficiary. The Company paid certain administrative expenses of the Plan, including recordkeeping and audit fees. These transactions qualify as party in interest transactions for which a statutory exemption exists.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTES TO THE FINANCIAL STATEMENTS

OCTOBER 31, 2012 AND 2011

4. FAIR VALUE MEASUREMENTS - (Continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2012 and 2011.

Company stock: This investment is valued at fair value based upon an independent appraisal. This appraisal used a weighted combination of the market approach and the income approach for the valuation which is consistent with the prior year. This investment is not traded in an active market and inputs are not observable to the public. Therefore, this investment is classified within level 3 of the valuation hierarchy.

Registered investment companies: These investments are public investment vehicles valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within level 1 of the valuation hierarchy.

Interest-bearing cash: Interest-bearing cash consists of money market investments and cash balances held at financial institutions. The carrying value is believed to be representative of its fair value based on its short term nature and are classified within level 1 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS - (Continued)

In regards to the classifications of investments, there were no reclassifications in or out of levels 1, 2 or 3 during the year ended October 31, 2012.

The following table presents a summary of changes in the fair value of the Plan's level 3 assets for the year ended October 31, 2012:

	<u>Company Stock</u>
Balance, beginning of year	\$ 15,735,463
Purchases	837,265
Unrealized appreciation	<u>521,519</u>
Balance, end of year	<u>\$ 17,094,247</u>

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate or amend the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. TAX STATUS

The Company adopted a Volume Submitter Profit Sharing Plan which received a favorable opinion letter from the Internal Revenue Service (IRS), on June 15, 2010, which stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Effective November 1, 2009, the Plan was amended and restated to constitute an Employee Stock Ownership Plan and Trust (ESOP) as defined in section 4975(e)(7) of the IRC. The Plan has applied for an IRS favorable opinion letter for the ESOP restatement but has not yet received a response. However, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of October 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities and Company stock. These investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these investments, it is at least reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. INVESTMENTS

The following table presents investments that represent 5% or more of the Plan's net assets as of October 31, 2012 and 2011:

	<u>2012</u>
Investment in E.T. Horn Company common stock (1,158,932 shares at October 31, 2012)	\$ 17,094,247
	<u>2011</u>
Investment in E.T. Horn Company common stock (1,100,382 shares at October 31, 2011)	\$ 15,735,463

During the year ended October 31, 2012, the Plan's investments (including investments bought, sold and held during the year) appreciated in value by \$598,346 as follows:

Company stock	\$ 521,519
Registered investment companies	<u>76,827</u>
	<u>\$ 598,346</u>
