Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Harry Meyering Center, Inc. Money Purchase Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011 and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, the supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4 which was certified by Principal Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2012 and 2011 and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule of Assets Held at End of Year as of December 31, 2012 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

HARRY MEYERING CENTER, INC.
MONEY PURCHASE PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accounting records for the Harry Meyering Center, Inc. Money Purchase Plan (the Plan) are maintained on the accrual basis.

In accordance with accounting principles generally accepted in the United States of America (GAAP), investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by GAAP, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value basis.

Valuation of investments

The Plan's investments are stated at fair value. See Note 5 for additional information on fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Other receivables

Other receivables include the amounts due from the Plan's third party administrator for erroneous distributions due to improper vesting calculations performed by the Plan's third party administrator.

Payments of benefits

Benefits payments are recorded when paid.

New accounting pronouncements

In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2011-04, which amends ASC 820, *Fair Value Measurement*. This ASU requires the categorization by level for items that are required to be disclosed at fair value and additional disclosure for Level 3 measurements. In addition, the ASU provides guidance on measuring the fair value of financial instruments managed within a portfolio and the application of premiums and discounts on fair value measurements. The Plan's financial statements are subject to this amendment for the year ending December 31, 2012. The adoption of these amendments did not have a material effect on the Plan's financial statements.

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Subsequent events

The Plan's management has evaluated subsequent events through July 29, 2013, the date the financial statements were available to be issued.

Note 2: DESCRIPTION OF PLAN

The description of the defined contribution money purchase profit sharing plan (the Plan) provides only general information. The Plan documents should be referred to for a more complete description of the Plan's provisions. A complete description of the Plan is available at Harry Meyering Center, Inc. (the Organization), who is the Plan sponsor.

General

On February 1, 1978, the Organization adopted the Plan which covers substantially all full-time employees that are age 21 and over. The Plan provides for benefits for all participants based upon the accumulation of employer contributions and earnings thereon allocated to individual participant's account balances. The Plan allows eligible employees to become participants on semi-annual entry dates after completing one year of service with at least 1,000 hours worked. The Plan is subject to the provisions of the Employees Retirement Income Security Act of 1974 (ERISA).

Participant accounts

Each participant's account is credited with the allocated portion of the Organization's contribution, investment earnings and changes in market values. Distributions of vested account balances occur upon retirement, termination of employment, disability or death.

Contributions

The Organization's mandatory contribution is 7 percent of the participant's eligible compensation. The minimum funding requirements have been met. The Organization's contribution is made monthly.

Participants may also make rollovers into the Plan from other qualified arrangements.

Vesting and forfeitures

Vesting in Organization contributions and earnings thereon is based on a 6 year graded schedule.

<u>Years of Service</u>	<u>Percentage Vested</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants also become fully vested upon death, disability or reaching normal retirement age of 65 years. Forfeitures on unvested account balances are used to pay plan expenses and offset the Organization's next contribution. Total forfeitures used to offset Organization contributions were approximately \$47,600 for the Plan year ended December 31, 2012.

MONEY PURCHASE PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

Note 2: DESCRIPTION OF PLAN - CONTINUED

Participant loans

Loans are not permitted under the Plan.

Payment of benefits

Distributions to terminated, disabled, or retired participants (or in the case of death, the participant's beneficiary) are made in the form of an annuity or a single lump-sum payment equal to the value of the participant's vested account. When a participant separates from service, a forced payout will be made for account balances of \$5,000 or less.

Plan amendments

Effective May 10, 2012, the Plan was amended to adjust the vesting date from January 31 to December 31.

Note 3: ADMINISTRATION FEES

The Organization pays substantially all significant administration fees.

Note 4: INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN OF PLAN

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified as complete and accurate by the Principal Life Insurance Company (the Custodian) as of and for the year ended December 31:

Note 5: FAIR VALUE MEASUREMENTS

Accounting principles generally accepted in the United States of America establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Pooled Separate Accounts: Valued at the net asset value (NAV) of the market value of its underlying investments, which is not a publicly-quoted price in an active market.

Common/Collective Trusts (CCT): Valued at the net asset value (NAV) of the market value of its underlying investments, which is not a publicly-quoted price in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

MONEY PURCHASE PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011

Note 5: FAIR VALUE MEASUREMENTS - CONTINUED

- (a) Fixed income - This category includes investments in four separate accounts described as follows:
- (i) Bond and Mortgage - invested primarily in bond and mortgage-type investments, including bonds and mortgages from both United States and non-United States corporations.
 - (ii) Core Plus Bond I - invested in a mutual fund that invests primarily in fixed income-type investments including fixed income instruments from both United States and non-United States entities.
 - (iii) Government & High Quality Bond - invested primarily in obligations issued or guaranteed by United States governmental agencies and instrumentalities, including, but not limited to, the Government National Mortgage Association, the Federal National Mortgage Association, the Federal Home Loan Mortgage Association and the Student Loan Marketing Association.
 - (iv) U.S. Property - invested primarily in real estate such as office buildings, industrial buildings, shopping centers, retail stores and similar property. Because of the illiquid nature of the assets in which the separate account is invested, the Custodian reserves the right to defer transfers or payments from this separate account if a transfer or payment would exceed the amount of cash and other liquid assets held in the separate account, reduced by amounts committed to purchase properties or needed for operating expenses. Transfers or payments will not be deferred for longer than three years. The Custodian will notify participants in writing in the event of any deferment of more than 45 days and will explain the investment and transfer options available to the participants. This separate account may be illiquid for indefinite periods of time. The separate account is not to be managed to provide a liquidity pool for requests for transfers and payments. Until March 25, 2011, this separate account had a temporary withdrawal limitation related to past turmoil in the credit markets that resulted in a sharp slowdown in the sale of commercial real estate assets. As of December 31, 2012 and 2011, there were no withdrawal limitations in place.
- (b) Balanced/ Asset allocation - This category includes investments in various separate accounts that each invests in portfolios of the Principal Investors Fund, Inc. The intent is to give the separate accounts board exposure to the domestic and foreign equity and fixed-income markets.
- (c) Large U.S. Equity - This category includes three separate accounts described as follows:
- (i) LargeCap Growth II - invests primarily in common stock of large capitalization companies that are expected to experience accelerating growth. The investments may also include over the counter (OTC) derivative instruments such as options and futures, other equity securities, or other convertible securities that may be converted to common stocks.
 - (ii) LargeCap S&P 500 Index - invested primarily in stocks and securities of companies similar to those stocks which are used to calculate the Standard and Poor's 500 Index. The investments may also include a reasonable amount of stock index futures, commercial paper, OTC derivative securities and other types of investments. This separate account attempts to earn a return similar to that of the Standard and Poor's 500 Stock Index.
 - (iii) LargeCap Value - invested primarily in common stocks from large, established companies with below-average price/earnings ratios and above-average dividend yields which are viewed as undervalued by the market. The investments may also include OTC derivative instruments such as options and futures, other equity securities or other convertible securities that may be converted to common stocks. If the market as a whole is overvalued, the separate account may hold assets in fixed income securities instead of stocks.

Note 5: FAIR VALUE MEASUREMENTS - CONTINUED

- (d) Small/ Mid U.S. Equity - This category includes seven separate accounts described as follows:
- (i) MidCap Blend - invested primarily in common stocks from medium-sized, established companies whose stock exhibits a combination of substantial value and good earnings growth potential. The investments may also include OTC derivative instruments such as options and futures, other equity securities, or other convertible securities that may be converted to common stocks.
 - (ii) MidCap Growth III - uses an active and aggressive style of management to invest primarily in common stocks of medium sized companies. The investments may also include OTC derivative instruments such as options and futures, other equity securities or other convertible securities that may be converted to common stock.
 - (iii) MidCap Value III - invested primarily in common stocks from medium-sized, financially stable companies with below-average price/earnings ratios and above-average dividend yields which are viewed as undervalued by the market. The investments may also include OTC derivative instruments such as options and futures, other equity securities, or other convertible securities that may be converted to common stock. If the market as a whole is overvalued, the separate account may hold assets in fixed income securities instead of stocks.
 - (iv) SmallCap Blend - invested primarily in common stocks from smaller, established companies whose stock exhibits a combination of substantial value and good earnings growth potential. The investments may also include OTC derivative instruments such as options and futures, other equity securities, or other convertible securities that may be converted to common stocks.
 - (v) SmallCap Value - invested primarily in common stocks from smaller, financially stable companies with below-average price/earnings ratios and above-average dividend yields which are viewed as undervalued by the market. The investments may also include OTC derivative instruments such as options and futures, other equity securities, or other convertible securities that may be converted to common stocks. If the market as a whole is overvalued, the separate account may hold assets in fixed income securities instead of stocks.
 - (vi) SmallCap Growth II - invests primarily in equity securities of smaller companies offering superior prospects for earnings growth. These companies are generally characterized as “growth” companies. The investments may also include OTC derivative instruments such as options and futures, other equity securities, or other convertible securities that may be converted to common stocks.
 - (vii) Real Estate Securities - invests primarily in equity securities of companies principally engaged in the real estate industry. Investments may include real estate investment trusts and companies with substantial real estate holdings such as paper, lumber, hotel, and entertainment companies. The portfolio may invest up to 25 percent of its assets in securities of foreign real estate companies.
- (e) International Equity - This category includes investment in a mutual fund that invests primarily in common stocks of companies located outside the United States. These stocks are selected for growth-oriented characteristics and an attractive valuation. These investments may be made in either United States currency or foreign currency or equivalencies.
- (f) Common/Collective Trusts – This is a collective investment trust that contains synthetic investment contracts comprised of both underlying investment and contractual components which have observable level 1 or level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets. The trust can be redeemed at NAV as of the measurement date. Collective investment trusts can be redeemed on a daily basis and unfunded commitments are not applicable to the trust.

Note 5: FAIR VALUE MEASUREMENTS - CONTINUED

Unless otherwise noted in (a) through (f) above, the separate accounts share similar terms, conditions and restrictions regarding redemptions. In general, transfers and payments from the separate accounts will be made within seven business days following the request of the participant. However, the Custodian reserves the right to defer such transfers and payments up to a maximum of 270 days. The participant will be notified in the event of any deferment of more than 30 days. These limitations generally do not apply to the payments of the beneficiary due to a participant's death, payments to a participant due to disability or retirement under the Plan. The Custodian reserves the right to make payments in a different manner than described if:

- They are required to do so under applicable statutes, regulations, or decisional law to which they are subject.
- They must do so to comply with their fiduciary responsibilities as an ERISA investment manager as described in the Plan's contract.
- They deem it necessary to make a change to maintain an equitable distribution of assets under all of their group annuity contracts.

As of December 31, 2012 and 2011, there were no unfunded commitments related to the investments.

During the year ended December 31, 2012, net unrealized gains and losses included in changes in net assets for assets held at the end of the reporting period were approximately \$308,000.

Note 6: INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into an investment contract with its asset Custodian. The Custodian maintains contributions in pooled separate accounts and common/collective trusts. The accounts are credited with actual earnings on the underlying investments (mainly mutual funds) and charged for Plan withdrawals. The Custodian maintains accounting records for each individual participant.

*** Investment did not represent more than 5 percent of net assets at December 31, 2012

Note 8: INCOME TAX STATUS

The Internal Revenue Service has issued an opinion letter dated March 31, 2008, that the non-standardized prototype plan document is designed in accordance with the applicable sections of the Internal Revenue Code (IRC) and, therefore, is exempt from federal and state income tax. The Plan and the related non-standardized prototype plan documents have been amended since receiving the opinion letter. However, the Plan Administrator and the Plan's Tax Counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the appropriate regulatory authorities. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note 9: PLAN TERMINATION

Although it has not expressed any intent to do so, the Organization has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, all the participants will become 100 percent vested in their accounts.

Note 10: RISKS AND UNCERTAINTIES

The Plan invests in various investments in common/collective trusts and pooled separate accounts. The investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 11: PARTY-IN-INTEREST TRANSACTIONS

Transactions resulting in Plan assets being transferred to or used by a related party are considered prohibited transactions under ERISA unless a specific exemption exists. Certain Plan investments are shares in common/collective trusts and pooled separate accounts managed by the Custodian; and therefore, these transactions qualify as party-in-interest transactions. However, the transactions are not considered prohibited transactions as ERISA regulations provide for a specific exemption for such transactions.

Certain employees of the Organization provide the Plan with certain accounting and administrative services for which no fees are charged.

Note 12: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
