NOTE 1 - DESCRIPTION OF PLAN

PLAN DESCRIPTION

The following description of the Alan Plummer Associates, Inc. Profit Sharing Plan (the "Plan") is provided as general information only. Participants should refer to the Plan document for complete information regarding the Plan's definitions, benefits, eligibility and other matters.

GENERAL

Effective February 1, 1979, Alan Plummer Associates, Inc. established the Alan Plummer Associates, Inc. Profit Sharing Plan, which is a defined contribution plan covering all eligible employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

ADMINISTRATION, CUSTODIANSHIP AND TRUSTEE OF THE PLAN

The Company is the plan administrator, Fidelity Management Trust Company, is the third party plan administrator, trustee and custodian.

ELIGIBILITY

All regular full-time and part-time employees are eligible to participate in the Plan. Participants may elect to enroll in the Plan on the first day of employment.

CONTRIBUTIONS

The Plan is a defined contribution plan to which participants may elect to defer a percentage of their compensation, as defined by the Plan, not to exceed the maximum contribution qualifying for tax deferral under the Internal Revenue Code. For the years ended December 31, 2012 and 2011, the maximum allowable contribution was $17,000 and $16,500, respectively, exclusive of allowable catch-up contributions (maximum of $5,500 per eligible participant), per participant, for those aged 50 and above as is allowed for deferral of tax under the Internal Revenue Code. Rollover contributions are allowed by the Plan.

Company matching contributions are contributed to participants each pay period. Effective April 1, 2011, the matching contributions are contributed at the rate of 100% of the first 3% of eligible compensation. Prior to April 1, 2011, such matching contributions were contributed at the rate of 100% of the first 3% of eligible compensation and 50% of the next 2% of eligible compensation.

Profit sharing contributions for participants who are employed for at least 1,000 hours of service during the Plan Year and who are employed on the last day of the Plan year are made at the discretion of the Board of Directors. No profit sharing contributions were made for the years ended December 31, 2012 and 2011.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's profit sharing contribution, (b) the Company's matching contribution, (c) earnings, and (d) forfeitures of terminated participant's nonvested accounts, and is charged with an allocation of administrative expenses. Allocations are based on participant gross wages or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participants are permitted to allocate their account balance and deferral contributions between several investment options and to change their investment elections at their own discretion.

NOTE 1 - DESCRIPTION OF PLAN - Continued

VESTING

Participants are immediately vested in their deferral contributions and rollover contributions, plus actual earnings thereon. Participants become vested in company matching contributions, if any, over six years of service beginning with the second year of service and increasing by 20 percent each year thereafter as defined in the Plan. Full 100 percent vesting may also be attained upon cessation of employment by reason of death, permanent disability or retirement. Participants who terminate prior to vesting in company matching contributions forfeit the right to receive that portion of their account attributable to such contributions. Amounts forfeited are allocated to the remaining participants as additional employer contributions in the Plan year in which the forfeiture occurs.

INVESTMENT OPTIONS

Upon enrollment in the Plan, a participant may direct the investment of all of their accounts in the funds selected in the Plan. Participants may change their investment options as often as they wish via the online system and other options provided by Fidelity Management Trust Company and the Company.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants shall be limited to one outstanding loan in any 12-month period. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of: (1) one-half of the participant's vested account, or (2) $50,000 reduced by the highest outstanding loan balance in the participant's account during the prior twelve-month period.

Loan terms generally range from 1 to 10 years. The participant's loan is collateralized by the balance in the participant's account and bears interest at a rate commensurate with local prevailing rates as determined at the application date of the loan. Interest rates range from 4.25% to 9.25% at December 31, 2012 and 2011. Principal and interest are paid ratably through bi-weekly payroll deductions. Interest income is recorded on the accrual basis and shown as a component of changes in net assets available for benefits.

FORFEITED ACCOUNTS

As of December 31, 2012 and 2011, the forfeited non-vested account balance was $2,082 and $84,058, respectively. These accounts may be used to reduce employer contributions and pay Plan expenses. During the year ended December 31, 2012, employer contributions were reduced by $85,043, and Plan expenses of $18,482 were paid from forfeited non-vested accounts.

BENEFITS

On termination of service, death, disability, or retirement, a participant may elect from one of the many distribution options provided in the Plan, including a lump sum distribution of all of the participant's accounts.

WITHDRAWALS

A participant may withdraw all or a portion of deferral contributions and prior plan employer contributions excluding earnings thereon under certain "hardship" conditions. Such hardship conditions include, but are not limited to, medical expenses, down payment on a principal residence or any payment of education expenses of the participant or their dependents.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared using the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, if any, and disclosure of contingent assets and liabilities, if any, at the dates of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are held by Fidelity Management Trust Company (the "Custodian") and are carried at their fair market value as determined by the Custodian, using market quotations, if available, and other available information. Shares of registered investment companies are valued at quoted market prices (level 1 inputs) that represent the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Accounting principles generally accepted in the United States of America (U.S. GAAP) establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The three levels of fair value hierarchy defined by U.S. GAAP are as follows:

Level 1 Fair Value Measurements - The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements – Pricing inputs are other than quoted prices in active markets included in Level 1, which are either directly or indirectly observable as of the reporting date. Level 2 includes those financial instruments that are valued using models or other valuation methodologies. These models are primarily industry-standard models that consider various assumptions, including quoted forward prices for commodities, time value, volatility factors, and current market and contractual prices for the underlying instruments, as well as other relevant economic measures. Substantially all of these assumptions are observable in the marketplace throughout the full term of the instrument, can be derived from observable data or are supported by observable levels at which transactions are executed in the marketplace.

Level 3 Fair Value Measurements – Pricing inputs include significant inputs that are generally unobservable from objective sources. These inputs may be used with internally developed methodologies that result in management's best estimate of fair value. Level 3 instruments include those that may be more structured or otherwise tailored to the Plan's needs.

As required by U.S. GAAP, financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement with the fair value hierarchy levels.

Investments are stated at fair value, which is determined by using market quotations and other information available at the valuation date.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES - Continued

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE FEES

The plan sponsor pays certain administrative fees of the Plan.

RISKS AND UNCERTAINTIES

The Plan provides various mutual fund options for investing in any combination of stocks, bonds, fixed income securities and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 3 – INFORMATION CERTIFIED BY THE TRUSTEE/CUSTODIAN

The plan administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, the plan administrator limited auditing procedures with respect to the information certified by the Trustee/Custodian.

A summary of the information certified by the Trustee/Custodian as of and for the years ended December 31, 2012 and 2011 is as follows:

Description	2012	2011
Registered investment companies (mutual funds)	$ 11,576,277	$ 10,131,389
Participant notes receivable	130,822	215,032
Net appreciation (depreciation) in fair value of investments	290,142	(462,841)
Interest and dividends on registered investment funds	957,866	263,016
Interest on participant notes receivable	9,031	10,024

Additionally, the Trustee/Custodian certified all information in the supplemental schedule.

NOTE 4 – TAX STATUS

The Plan received a favorable determination letter from the Internal Revenue Service relating to amendments adopted by the Plan effective prior to the date thereof. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the organization has taken as uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

The following table presents the individual investments of the Plan's net assets available for benefits at December 31, 2012 and 2011. Investments representing 5% or more of the plan assets have been separately identified. All of the investments are participant directed.
