COLORDYNAMICS, INC. 401(k) PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

December 31, 2012 and 2011

A. Description of the Plan

General

The following brief description of the ColorDynamics, Inc. 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. The Plan is sponsored by ColorDynamics, Inc. (the "Company"). Participants should refer to the Plan Document for more complete information. The Company's corporate offices are located in Allen, Texas.

The Plan, which was established June 1, 2001, is a defined contribution plan covering all employees of the Company and its affiliates who have completed three consecutive months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Contributions

Participants may make contributions to the Plan by deferring compensation up to the maximum amount allowable. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the "Code") as defined in the Plan Document. Participants may designate all or a portion of their contributions as Roth (after-tax) contributions. Eligible participants may make a rollover contribution to the Plan.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to, the limitations imposed by the Code.

The Company may also make discretionary contributions at the option of the Company's Board of Directors equal to a discretionary percentage of salary deferrals up to 3% of compensation. The Company did not make a matching contribution for the year ended December 31, 2012. The Company did make a matching contribution of approximately $88,000 for the year ended December 31, 2011.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contribution; (b) Plan earnings; and, (c) forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

A. Description of the Plan – continued

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contribution portion of accounts, plus actual earnings thereon is as follows:

Years of Service	Vested Percentage
Less than 1 year	0%
2 years	33%
3 years	66%
4 years	100%

In the event of disability or death, the participant will become fully vested.

Participant Loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their account balance. Loan terms range up to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate of Prime plus 1%. As of December 31, 2012 and 2011, interest rates ranged from 3.75% to 9.25%. Principal and interest is paid ratably through payroll deductions. Participant loans are classified as notes receivable from participants in the Plan's financial statements.

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed either in a lump sum or other mode of settlement. The Plan requires all benefit payments less than or equal to $1,000 to be paid in the form of a lump sum. Benefit payments greater than $5,000 may be deferred in the form of rollovers or lump sum payments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; (4) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) payment for burial or funeral expenses; or (6) expenses for the repair of damage to a participant's principal residence.

A. Description of the Plan – continued

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to pay any administrative expenses of the Plan. At December 31, 2012 and 2011, unallocated forfeitures totaled approximately $900 and $100, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals in 1% increments into any of the Plan's investment options.

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with Plan provisions, administrative expenses may be paid out of the Plan, unless paid by the Company, which are then not included in the accompanying financial statements.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's Administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

B. Summary of Significant Accounting Policies – continued

Investment Valuation and Income

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic No. 820, *Fair Value Measurements*, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. The Plan adopted FASB ASC Topic No. 820 effective January 1, 2008, and such adoption did not have a material impact on the financial statements of the Plan. See Note D for information related to the Plan's valuation methodologies under FASB ASC Topic No. 820.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Fully Benefit-Responsive Investment Contracts

The Plan accounts for its investment in the Putnam Stable Value Fund in accordance with FASB ASC Topic No. 962, *Plan Accounting—Defined Contribution Pension Plans*. As required by FASB ASC Topic No. 962, the accompanying statements of net assets available for benefits presents the fair values of the investment in the Putnam Stable Value Fund through a common collective trust as well as the adjustment of the investment from fair value to contract value relating to such underlying investment contracts. The accompanying statements of changes in net assets available for benefits are prepared on a contract-value basis. The contract value of the underlying fully benefit-responsive investment contracts represents contributions plus earnings, less participant withdrawals and administrative expenses. The average yield earned by the underlying investments of the Putnam Stable Value Fund during 2012 and 2011 was 2.40% and 3.76%, respectively. The average yield of the underlying investments, after an adjustment to reflect the actual interest credited to participants, was 2.38% and 3.63% during 2012 and 2011, respectively.

Payment of Benefits

Benefits are recorded when paid.

D. Fair Value Measurements

FASB ASC Topic No. 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined in FASB ASC Topic No. 820 are as follows:

- Level 1 — observable inputs that are based upon quoted prices for identical assets or liabilities within active markets.

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

FASB ASC Topic No. 820 requires that we describe the methodologies used to measure the fair value of assets and liabilities. We have described below the methodology used to measure each major category of assets and liabilities. There have been no changes in the methodologies used at December 31, 2012 and 2011.

- Mutual funds are valued based on the short-term cash component as of the measurement date and classified within Level 1 of the valuation hierarchy.

- The Stable Value Fund is measured using the estimated net asset values of the shares held by the Plan at year end and is classified within Level 2 of the valuation hierarchy.

D. Fair Value Measurements – continued

The following tables detail the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31. The Plan has no assets classified within Level 3 of the valuation hierarchy.

E. Information Certified by the Trustee

The Plan Administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator limited auditing procedures with respect to the investment information certified by the trustee, which included total investments as of December 31, 2012 and 2011, the total investment income (loss) for the years ended December 31, 2012 and 2011, and all information included in the supplemental schedule H, line 4i – schedule of assets (held at end of year).

F. Tax Status

The Company has adopted the Orchard Trust Company Profit Sharing Prototype Plan, which has a favorable opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2008, stating that the written form of the prototype plan document is acceptable under Section 401(a) of the Code and that any employer adopting this prototype plan document will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from federal income taxation.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan Sponsor believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes it is no longer subject to income tax examination for years prior to 2009.

G. Parties-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

G. Parties-in-Interest Transactions – continued

The Plan invests in shares of mutual funds and a stable value fund managed by Putnam Investments Trust Company. Putnam Investments Trust Company acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

H. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participant's accounts will become 100% vested.

I. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2012 and 2011, per the accompanying financial statements to the Form 5500:

	2012	2011
Net assets available for benefits per the financial statements	$16,510,440	$14,891,399
Adjustment from contract value to fair value for investments in fully benefit-responsive investment contracts	81,755	94,819
Contributions receivable per the financial statements	-	(88,016)
Contributions payable per the financial statements	7,704	16,199
Net assets available for benefits per the Form 5500	$16,599,899	$14,914,401

I. Reconciliation of Financial Statements to Form 5500 – continued

The following is a reconciliation of the net increase in assets available for benefits as of December 31, 2012 and 2011, per the accompanying financial statements to the Form 5500:

	2012	2011
Net increase (decrease) in assets available for benefits per the financial statements	$ 1,619,041	$ (44,760)
Change in adjustment from contract value to fair value for fully benefit-responsive investment contracts	(13,064)	(16,211)
Current year employer contributions receivable per the financial statements	-	(88,016)
Prior year employer contributions receivable per the financial statements	88,016	-
Current year liabilities per the financial statements	7,704	16,199
Prior year liabilities per the financial statements	(16,199)	(2,374)
Net increase (decrease) in assets available for benefits per the Form 5500	$ 1,685,498	$ (135,162)

The reconciling items noted above are due to the difference in the method of accounting used in preparing the Form 5500 as compared to the Plan's financial statements. The modified cash basis of accounting was used in 2012 and 2011 in preparing the Form 5500, whereas the Plan's financial statements have been prepared on the accrual basis of accounting as required by GAAP.

J. Subsequent Events

Effective January 1, 2013, our board of directors approved amending the Profit Sharing Plan to include the Eligible Automatic Contribution Arrangement and Annual Increase Program for all new and existing employees. The employer, as to each participant affected, will withhold as the automatic deferral amount, 3% from the participant's compensation each payroll period unless the participant makes a contrary election. Annual deferral rates for each participant will increase 1% each year, up to the legal percentage rate, unless an individual participant opts out and affirmatively elects not to accept the annual increase.

In preparing the accompanying financial statements, management of the Company has evaluated all subsequent events and transactions for potential recognition or disclosure through July 25, 2013, the date the financial statements were available for issuance.
