Report on the Financial Statements

We have audited the accompanying financial statements of Vita Living, Inc. 403(b) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2012 and 2011 and the changes in net assets available for benefits for the year ended December 31, 2012 in conformity with accounting principles generally accepted in the United States of America.

Other Matter

The supplemental schedules, as listed in the index, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosures under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. These supplemental schedules are the responsibility of the Plan's management. The form and content of the information included in the supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

VITA LIVING, INC. 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN

The following description of the Vita Living, Inc. 403(b) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all full-time employees of Vita Living, Inc. The Plan became effective January 1, 1998. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Benefits under the Plan are provided by a trust fund. All assets in the Plan are subject to participant investment directions.

Contributions - Each year, participants may contribute up to the maximum percentage allowable of their pretax annual income, subject to the limits set by the Internal Revenue Code. There are no employer matching contributions.

Participant Accounts - Each participant's account is credited with the allocations of (a) their contribution, (b) Plan earnings, and (c) amounts charged from an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - The participants contributions are 100% vested.

Payment of Benefits - On termination of service, participants may elect to have his or her vested account distributed in one lump sum or as specified in the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices which represent the net asset value held by the Plan at the end of its fiscal year. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the accrual basis as recognized by the different portfolios.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Participant loans - These loans are considered to be fully collectible; accordingly, an allowance for doubtful amounts has not been established.

Payment of Benefits - Benefits are recorded when paid.

NOTE C - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The financial statements reflect the adoption of the fair value measurements established by the Accounting Standards Codification (ASC) Section 820. ASC Sec 820 establishes a single authoritative definition of fair value, sets a framework for measuring fair value and requires additional disclosures about fair value measurement. In accordance with ASC Sec 820, the Plan classifies its investments into Level 1, which refers to securities traded in an active market; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available or Level 1 securities where there is a contractual restriction; and Level 3, which refers to securities not traded in an active market and for which no significant observable market inputs are available. The Plan's portfolio investments based on fair values at December 31, 2012 and 2011 of $102,159 and $88,322, respectively, were entirely classified as Level 1. The fair value of participant loans at December 31, 2012 and 2011 of $18,079 and $14,176, respectively approximate the amortized cost of the loans because the loans are secured by each respective participant's account balance and were classified as Level 3.

NOTE D - INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets as of December 31, 2012 and 2011, respectively.

	2012	2011
RVS Life Fixed	$ 7,716	$ -
COL VP Balanced Fd	15,344	12,631
COL VP Lg C Quant C13	8,775	7,856
VP Moderate Cl4	53,898	52,459
Total	$ 85,733	$ 72,946

The above investments are participant directed.

During 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as investments held at year end) appreciated in value by $10,695.

NOTE E - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE F - TAX STATUS

The Plan is based on The Allocation Company, Inc. Basic Plan Document E04-403B. The Internal Revenue Service determined that the master plan is acceptable and in accordance with section 403B of the Internal Revenue Code.

NOTE G - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per financial statements to the Form 5500:

	2012	2011

Independent Auditors' Report on Supplemental Schedules

Vita Living, Inc. 403(b) Plan and Participants
Houston, Texas

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes and reportable transactions is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements, and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.
