Hourly Employees' (USW) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Cerro Flow Products, Inc. (St. Louis Works) Hourly Employees' (USW) Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2012 and 2011 and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B (the "Custodians"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Custodians hold the Plan's investment assets and participant notes receivable and execute related transactions. The plan administrator has obtained certifications from the Custodians as of December 31, 2012 and 2011 and for the year ended December 31, 2012 that the information provided to the plan administrator by the Custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As explained in Note 5, the financial statements include investments valued at \$10,076,273 at December 31, 2012 and \$9,948,533 at December 31, 2011 whose fair values have been estimated by management in the absence of readily determinable market values. Management's estimates are based on information provided by Prudential Retirement Insurance and Annuity Company. Our opinion is not modified with respect to this matter.

Other Matters

The supplemental schedule of assets held at end of year as of December 31, 2012 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Cerro Flow Products, Inc. (St. Louis Works) Hourly Employees' (USW) Retirement Plan

Notes to Financial Statements December 31, 2012 and 2011

Note 1 - Plan Description

The following description of Cerro Flow Products, Inc. (St. Louis Works) Hourly Employees' (USW) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement and related union agreements, if applicable, for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all hourly employees of Cerro Flow Products, Inc. (the "Company") who are members covered by the collective bargaining agreement with the United Steelworkers of America (AFL-CIO). Each employee shall become an active participant on the date of his or her employment. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions - Contributions by participants are voluntary. Each participant may contribute from their eligible compensation for pretax contributions an amount in increments of \$0.02 per participant share not to exceed \$0.60 per participant share. A participant share is defined as being equivalent to one hour of work performed by an employee (e.g., eight shares accumulated for an eight-hour work day, 40 shares for a 40-hour work week, etc.). The maximum number of hours for which contributions can be made by participants is 2,080 hours. Participants may also make unmatched pretax and after-tax contributions in increments of whole cents per participant share, not to exceed \$9.99 per participant share, for each pretax and after-tax contribution. Participants age 50 and over may also make catch-up contributions. All employee contributions are subject to applicable Internal Revenue Code (IRC) limits.

The Plan also provides for required employer retirement and matching contributions pursuant to the terms of the collective bargaining agreement. The retirement contributions shall be the sum of \$0.85 per hour worked for the period from January 1, 2011 through November 12, 2011, \$0.90 per hour worked for the period from November 13, 2011 through November 10, 2012, \$0.95 per hour worked for the period from November 11, 2012 through July 6, 2013, and \$1.03 per hour worked for the period from July 7, 2013 through the termination or renegotiation of the collective bargaining agreement, not to exceed 2,080 hours. The matching contributions are 50 percent of the aggregate active participants' 401(k) contributions up to a limit of \$0.30 per hour worked, not to exceed 2,080 hours.

Cerro Flow Products, Inc. (St. Louis Works) Hourly Employees' (USW) Retirement Plan

Notes to Financial Statements December 31, 2012 and 2011

Note 1 - Plan Description (Continued)

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings and losses and charged with an allocation of administrative expenses and certain transaction fees. Allocations are based on participants' contributions, hours worked, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan. Plan earnings and losses from investments are credited to individual account balances on a daily basis.

Payment of Benefits - Distributions are payable upon retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account. The Plan was amended and, effective January 1, 2012, the Plan now allows in-service withdrawals for participants over 59½.

Hardship and Nonhardship Withdrawals - The Plan also offers hardship and nonhardship withdrawals. Each withdrawal type has specific requirements for eligibility, as defined by the plan document.

Participant Notes Receivable - In the event of severe financial hardship, participants may borrow a minimum of \$1,000 reduced by the highest outstanding balance of notes receivable during the one-year period prior to the date the note receivable is made (but not in excess of 50 percent of the participant's current account balance or \$50,000, whichever is less). Participant notes receivable are secured by the balance in the participant's account and bear an interest rate determined in accordance with the plan document. Only one outstanding note receivable is permitted at a time.

Vesting - Participants are immediately 100 percent vested in their voluntary contributions, rollover contributions, the Company's contributions, and any income or loss thereon.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B or their affiliates. Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B are the custodians of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA.

Cerro Flow Products, Inc. (St. Louis Works) Hourly Employees' (USW) Retirement Plan

Notes to Financial Statements December 31, 2012 and 2011

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value. The pooled separate accounts are valued at net asset value per share (or its equivalent) of the funds, which is based on the fair value of the funds' underlying net assets. The unallocated insurance contract is a group annuity contract of Prudential Retirement Insurance and Annuity Company (PRIAC) that invests in the general assets of PRIAC. PRIAC considers this contract to be benefit-responsive; however, since there are no specific securities in PRIAC's general account related to this contract and due to the contract terms, including the frequency of the interest rate reset intervals, contract value approximates fair value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. See Note 5 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Company with the exception of certain transaction fees that are paid by the participant at the time of the particular transaction.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Cerro Flow Products, Inc. (St. Louis Works) Hourly Employees' (USW) Retirement Plan

Notes to Financial Statements December 31, 2012 and 2011

Note 2 - Summary of Significant Accounting Policies (Continued)

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including July 22, 2013, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Prudential Retirement Insurance and Annuity Company and Prudential Bank & Trust, F.S.B (the "Custodians") hold the Plan's investments and participant notes receivable and execute all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by the Custodians.

Significant investments held at end of year are as follows:

	2012	2011
Pooled separate accounts:		
Dryden S & P 500 Index Fund	\$ 1,937,124	\$ 1,686,382
Balanced I Fund	1,315,994	1,295,677
Retirement Goal 2020 Fund	837,626	705,179
Unallocated insurance contract - Guaranteed Income Fund	10,076,273	9,948,533

Note 4 - Unallocated Insurance Contract

The Plan has a benefit-responsive unallocated insurance contract with PRIAC. PRIAC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Interest is credited on contract balances using a single portfolio rate approach. Under this methodology, a single interest rate is applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates are reviewed on a semiannual basis for resetting. When establishing interest credit rates for this product, PRIAC considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account. These rates are established without the use of a specific formula. The minimum crediting rate under the contract is 1.5 percent. Payment obligations and the fulfillment of any guarantees specified in the group annuity contract are insurance claims supported by the full faith and credit of PRIAC.

Cerro Flow Products, Inc. (St. Louis Works) Hourly Employees' (USW) Retirement Plan

Notes to Financial Statements December 31, 2012 and 2011

Note 4 - Unallocated Insurance Contract (Continued)

Generally, there are no events that could limit the ability of the Plan to transact at contract value paid within 90 days or, in rare circumstances, contract value paid over time. There are no events that allow the issuer to terminate the contract and which require the plan sponsor to settle an amount different than contract value paid either within 90 days or over time.

The investment yields related to the unallocated insurance contract are summarized below:

	December 31, 2012	December 31, 2011
Average yield earned by the Plan	2.15%	2.55%
Average yield credited to participants	2.15%	2.55%

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2012 and 2011 and the valuation techniques used by the Plan to determine those fair values.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset. Significant Level 3 inputs include original transaction price, quoted prices for similar securities or assets in active markets, completed or pending third-party transactions in the underlying investment or comparable issuers, credit rating of issuer, and changes in financial ratios or cash flows.

Cerro Flow Products, Inc. (St. Louis Works) Hourly Employees' (USW) Retirement Plan

Notes to Financial Statements December 31, 2012 and 2011

Note 5 - Fair Value Measurements (Continued)

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Assets Measured at Fair Value on a Recurring Basis at December 31, 2012

Total	<u>\$ -</u>	<u>\$ 4,879,233</u>	<u>\$ 9,948,533</u>	<u>\$ 14,827,766</u>

- (a) This class represents investments in actively managed pooled separate accounts that invest primarily in equity securities. The investments may include common stock, options, and futures. There were no unfunded commitments and no redemption limitations or notice periods.
- (b) This class represents investments in actively managed pooled separate accounts that invest primarily in a variety of fixed-income investments, which may include corporate bonds, both U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures. There were no unfunded commitments and no redemption limitations or notice periods.
- (c) This class represents investments in actively managed pooled separate accounts with investments in both equity and debt securities. The investments may include common stock, corporate bonds, U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures. There were no unfunded commitments and no redemption limitations or notice periods.

Cerro Flow Products, Inc. (St. Louis Works) Hourly Employees' (USW) Retirement Plan

Notes to Financial Statements December 31, 2012 and 2011

Note 5 - Fair Value Measurements (Continued)

- (d) This class represents investments in actively managed pooled separate accounts with investments in both equity and debt securities. There were no unfunded commitments and no redemption limitations or notice periods.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no transfers between levels of the fair value hierarchy during 2012.

Changes in Level 3 assets measured at fair value on a recurring basis for the year ended December 31, 2012 are as follows:

	Unallocated Insurance Contract
Balance at December 31, 2011	\$ 9,948,533
Purchases	907,627
Proceeds from sales	(779,887)
Balance at December 31, 2012	<u>\$ 10,076,273</u>

Quantitative Information About Level 3 Fair Value Measurements

The following table summarizes the valuation methods and inputs used to determine fair value at December 31, 2012 for assets measured at fair value on a recurring basis using unobservable inputs (Level 3 inputs).

	Fair Value at December 31, 2012	Valuation Technique	Significant Unobservable Inputs Used	Range (Weighted Average)
Assets - Unallocated insurance contract	\$ 10,076,273	Fair value = contract value	Earnings at guaranteed crediting rate	Gross guaranteed crediting rate must be greater than contractual minimum crediting rate.

The Company has processes in place to select the appropriate valuation technique and unobservable inputs to perform Level 3 fair value measurements. These processes include obtaining valuation information from PRIAC. See Note 2 for valuation techniques used on Level 3 investments.

Cerro Flow Products, Inc. (St. Louis Works) Hourly Employees' (USW) Retirement Plan

Notes to Financial Statements December 31, 2012 and 2011

Note 6 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated October 17, 2012 indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). The Plan has submitted an application for a new determination letter during 2013.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax position and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2009.
