INDEPENDENT AUDITORS' REPORT

To the Trustees of the
Embee Incorporated Retirement Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Embee Incorporated Retirement Savings Plan (a 401(k) plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2012 and 2011 and for the year ended December 31, 2012, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

As described in Note 1 to the financial statements, the Trustees of Embee Incorporated Retirement Savings Plan decided to terminate the plan on December 18, 2012. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting used to determine the amounts at which the accumulated benefit information is stated, from the ongoing plan basis to the liquidation basis for periods after December 18, 2012. Our opinion is not modified with respect to that matter.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i - Schedule of Assets Held At End of Year, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Embee Incorporated Retirement Savings Plan (a 401(k) plan) ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, established January 1, 1994, is a defined contribution plan covering all employees of Embee Incorporated ("Company") who have six months of service and are age twenty and one-half years or older. The Plan qualifies as a 401(k) plan under the Internal Revenue Code and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Termination

On December 18, 2012, the Company was purchased by Triumph Group Acquisitions Holdings, Inc. ("Parent"). As part of the purchase transaction, the Plan was terminated. The Plan participants had the option to take distributions or transfer the funds in their accounts to the Parent's plan. All such distributions and transfers were completed as of April 30, 2013.

Contributions

Each year participants may contribute any amount up to their pretax annual compensation as defined in the Plan. A minimum contribution of 1% of compensation is required. Additional limitations are imposed by the Internal Revenue Code, which states participants are limited to a maximum annual contribution of $17,000 and $16,500 for 2012 and 2011, respectively. Participants who are at least age 50 by the end of the year may make a catch-up contribution of an additional $5,500 for 2012 and 2011. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make matching and discretionary contributions at the option of the Company's board of directors. For the years ended December 31, 2012 and 2011, the Company contributed an amount equal to 50% of the first 4% of base compensation that a participant contributed to the Plan.

Employees are automatically enrolled in the plan at the first entry date after they meet the eligibility requirements. Entry dates are the first day of each calendar quarter. Automatically enrolled employees defer 1% of pretax compensation into funds specifically designated by the Company. Eligible employees may decline automatic enrollment.

NOTE 1 – DESCRIPTION OF PLAN, CONTINUED

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations for (a) the Company's contribution and (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 50% vested after two years of credited service and 100% vested after three years of credited service.

All participants became fully vested on December 18, 2012.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested balance for up to five years. The loans are secured by the balance in the participant's account and bear interest at rates that range from 5.25% to 10.25%, which are commensurate with local prevailing rates on similar loans and are determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service, death, or retirement, a participant may elect to receive either a lump-sum amount or an annuity equal to the value of his or her vested account balance, to roll over the vested balance into another qualified plan, or to leave the vested balance in the Plan if greater than $5,000. For termination of service due to disability, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may also elect an in-service distribution after attaining age 59½ and six years of service.

Hardship Withdrawals

A withdrawal from a participant's account may be permitted if the participant has a financial hardship for reasons defined in the Plan document.

NOTE 1 – DESCRIPTION OF PLAN, CONTINUED

Forfeited Accounts

Forfeited employer contributions may be used to pay administrative costs of the Plan or to reduce future employer contributions. For the years ended December 31, 2012 and 2011, employer contributions and administrative expenses were reduced by $1,545 and $1,305, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting for the year ended December 31, 2011. For the year ended December 31, 2012, the Plan's basis of accounting was the liquidation basis of accounting. There were no material differences in the Plan's financial statements using the liquidation basis of accounting compared with the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value in the financial statements. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 - Fair Value Measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses incurred in the administration of the Plan are paid directly by the Company.

NOTE 3 – UNAUDITED INFORMATION CERTIFIED BY THE PLAN CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian as of December 31:

	2012	2011
Investments, at fair value	$ 9,296,817	$ 7,927,897
Net appreciation in fair value of investments	721,823	
Interest income	2,080	

NOTE 4 – INVESTMENTS

The Plan's investments are held by the custodian. The following table presents the fair value of those investments that represent 5% or more of the Plan's net assets at December 31:

	2012	2011
Principal Bond and Mortgage	$ 1,680,100	$ 1,720,145
Principal LargeCap S&P 500 Index	805,289	671,542
Principal Stable Value Fund	2,943,426	2,465,158

NOTE 4 – INVESTMENTS, CONTINUED

Realized and unrealized gains and losses for the year ended December 31, 2012 are reported in net appreciation in fair value of investments and totaled $721,823 as follows:

Mutual fund	$ 24,851
Pooled separate accounts	664,792
Collective investment trust	32,180
	$ 721,823

NOTE 5 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value on a recurring basis in the statement of net assets available for benefits in accordance with Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 820 - "Fair Value Measurements and Disclosures." This pronouncement defines fair value, establishes a framework for measuring fair value, enhances fair value disclosure requirements and creates a three-level valuation hierarchy for disclosure of fair value measurement. This valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The three levels of the inputs to the valuation methodology are defined as follows:

- Level 1 – Observable, quoted market prices (unadjusted) in active markets for identical assets and liabilities that the reporting entity has the ability to access at the measurement date.

- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data. This input level includes those financial instruments that are valued using models or other valuation methodologies where substantially all of the assumptions are observable in the marketplace, can be derived from observable market data, or are supported by observable levels at which transactions are executed in the marketplace.

- Level 3 – Unobservable inputs that are not corroborated by market data. This level of input includes financial instruments whose fair value is estimated based on internally developed models or methodologies utilizing significant inputs that are generally less readily observable from observable sources.

The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes that the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5 – FAIR VALUE MEASUREMENTS, CONTINUED

Investment assets stated at fair value consist of the following as of December 31:

	2012	2011
Level 1 Fair Value Measurements:		
Mutual fund	$ 198,141	$ 166,682
Level 2 Fair Value Measurements:		
Pooled separate accounts	6,155,250	5,186,134
Collective investment trust	2,943,426	2,465,158
Level 3 Fair Value Measurements:		
Guaranteed interest account	-	109,923
Total investments at fair value	$ 9,296,817	$ 7,817,974

The mutual fund is considered to be a Level 1 type asset, as defined; that is, its fair value is measured on a recurring basis using quoted prices in active markets for identical assets, which are considered to most reliably reflect fair value. The pooled separate accounts are considered to be open-end mutual funds and are valued at the net asset value of the shares held by the Plan at year end; these accounts are considered to be Level 2 type assets, as defined. The fair value of the collective investment trust is based on the fair value of the underlying investments owned by the fund and is considered to be a Level 2 type asset, as defined. The guaranteed interest account is not actively traded and significant other observable and comparable market values are not available; this account is considered to be Level 3 type assets, as defined.

For those assets with fair value measured using Level 3 inputs, the Plan administrator determines the fair value measurement policies and procedures in consultation with the Plan custodian. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on the current market conditions and other third party information.

NOTE 5 – FAIR VALUE MEASUREMENTS, CONTINUED

The following table provides further details of the assets whose fair value is measured according to Level 3 criteria:

	2012	2011
Guaranteed Interest Account		
Balance at beginning of year	$ 109,293	$ 246,991
Interest income	-	4,542
Purchases, sales, issuances, settlements:		
Purchases	-	130
Issuances	-	-
Sales	(109,923)	(141,740)
Settlements	-	-
Balance at end of year	$ -	$ 109,293

NOTE 6 – COLLECTIVE INVESTMENT TRUST

The Plan invests in a collective investment trust with the custodian, which has underlying investments in benefit-responsive investment contracts. The custodian maintains the employees' contributions in a general account. The account is also credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The custodian is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because this collective investment trust is fully benefit–responsive, contract value is the relevant measurement attribute for this portion of the net assets available for benefits. Contract value, as reported to the Plan by the custodian and presented on the statement of net assets available for benefits, represents employee contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawals or transfer all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract as of December 31, 2012 and 2011 is $2,943,426 and $2,465,158, respectively. The crediting interest rate is based on a formula agreed upon with the custodian and may not be less than 0%. The interest rates re-set on a monthly basis.

Certain events may limit the ability of the Plan to transact at contract value with the custodian. Examples of these events would include (but would not be limited to) premature termination of this contract and termination of the retirement plan. In these examples, the contract value could be reduced by any applicable surrender charges upon distribution of contract funds.

NOTE 6 – COLLECTIVE INVESTMENT TRUST, CONTINUED

The contract does not permit the custodian to terminate the agreement prior to the scheduled maturity date.

The following table summarizes the average yields earned by the Plan for the fully benefit-responsive investment contract for the year ended December 31:

	2012	2011
Average yields:		
Based on actual earnings	0.88%	1.35%
Based on interest rate credited to participants	1.64%	2.14%

NOTE 7 – REFUNDABLE EXCESS CONTRIBUTIONS

At December 31, 2012 and 2011, liabilities of $19,745 and $22,887, respectively, are recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service and were refunded in April 2013 and February 2012, respectively.

NOTE 8 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 at December 31:

	2012	2011
Net assets available for benefits per the financial statements	$ 9,563,078	$ 8,196,117
Add: excess contributions payable	19,745	22,887
Add: adjustment from contract value to fair value for fully benefit-responsive investment contracts	67,594	56,016
Net assets available for benefits per Schedule H of Form 5500	$ 9,650,417	$ 8,275,020

NOTE 8 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500, CONTINUED

The following is a reconciliation of net increase per the financial statements to net income per Schedule H of Form 5500 for the year ended December 31, 2012:

Net increase per the financial statements	$ 1,366,961
Subtract: change in excess contributions payable	(3,142)
Add: change in adjustment from fair value to contract value for fully benefit-responsive investment contracts	11,578
Net income per Schedule H of Form 5500	$ 1,375,397

NOTE 9 – TAX STATUS

The Plan obtained its latest income tax status determination letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the custodian believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 – RELATED PARTY TRANSACTIONS

Certain administrative functions are performed by officers or employees of the Plan sponsor and, therefore, these transactions qualify as party-in-interest transactions. No officer or employee of the Company receives compensation from the Plan. Certain Plan expenses are paid directly by the Plan sponsor.

Certain administrative functions are performed by the custodian and, therefore, these transactions qualify as party-in-interest transactions. Plan expenses include custodial fees and participant loan fees, which are paid by Plan participants. Total fees were $26,600 for the year ended December 31, 2012 and are included in administrative expenses on the statement of changes in net assets available for benefits.

NOTE 12 – SUBSEQUENT EVENTS

Subsequent events have been evaluated through August 2, 2013, which is the date the financial statements were available to be issued.

All distributions and transfers of the funds related to the plan termination were completed as of April 30, 2013 (see Note 1).
