Notes to Financial Statements

A. DESCRIPTION OF THE PLAN

The following description of the Arby's Restaurant Group, Inc. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan covering substantially all employees of Arby's Restaurant Group, Inc. (the "Company"), except for nonresident alien employees, leased employees or independent contractors of the Company, and employees working outside the United States. The Plan, as adopted by the Company effective August 1, 2011, is a profit-sharing plan with a 401(k) arrangement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Eligibility and participant contributions. Employees of the Company are eligible for participation in the Plan if they have attained age 21 and have completed 30 days of service, as defined by the Plan. Participants direct the investments of their contributions as well as their allocable Company contributions into any investment option offered by the Plan.

Participants may elect to defer up to 75% of compensation, before taxes, subject to certain Internal Revenue Code (IRC) limitations. An employee may terminate his or her election to participate at any time. Participants may also elect to make supplemental catch-up contributions, subject to IRC limitations. Employees may roll over into this Plan amounts that represent a "qualified total distribution" or a complete distribution from an individual retirement account or individual retirement annuity, as defined by the IRC and the Plan.

Company contributions. The Company adopted a safe-harbor matching formula whereby the Company matches 100% up to 3% of each participant's plan contributions and 50% of the next 2% of each participant's plan contributions. In order for participants to be eligible for the Company's matching contribution, they must have completed one year of service, as defined by the Plan. The Company match is contributed to the Plan each quarter of each plan year. The Company, at its discretion, may also make a profit-sharing contribution to the Plan. The Company did not elect to make a profit-sharing contribution in 2012.

Participant Accounts. Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, allocation of the Company's contributions and Plan earnings and is charged with withdrawals and an allocation of Plan losses. Allocations are based on participant earnings (losses) or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting. Participants are vested 100% at all times in their 401(k) salary deferral and safe-harbor matching contributions.

Withdrawals and Distributions. Generally, a participant's vested account balance is payable by lump-sum distribution, between ages 59½ and 70½, upon his or her retirement or disability. Upon termination of employment, the vested portion of the participant's account may be withdrawn in a lump sum or left in the Plan. If the vested amount is $5,000 or less, a lump-sum distribution is required.

Notes Receivable from Participants. Participants may borrow from their fund accounts up to a maximum of $50,000 or 50% of their account balance, whichever is less. The minimum amount that can be borrowed is $1,000. The loans are secured by the balance in the participant's account and bear interest at the current prime lending rate plus 1%. The Plan adjusts the interest rate on a quarterly basis. Principal and interest are paid ratably through payroll deductions. Repayments of the loans are made in substantially equal payroll deductions amortized over the life of the loan. Participants may have only one loan outstanding at any time. The loans must be repaid within five years, unless used to purchase a primary residence, in which case the term may be extended to twenty years.

Plan administration. The Plan is administered by the Company. Mercer Trust Company (the Trustee) is the trustee of the Plan, and Mercer HR Services, LLC is the recordkeeper for the Plan.

Administrative Expenses. The Company pays substantially all administrative costs of the Plan, except for recordkeeping fees and various fees associated with processing loans which are paid by the Plan.

B. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting. The financial statements of the Plan are prepared under the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates. The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties. The Plan's investments include mutual funds and a common collective trust fund. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Notes Receivable from Participants. Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 and 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Mutual funds: Valued at quoted market prices at year end.

Common collective trust fund: Valued at net asset value as determined by the issuer of the collective trust fund based on the fair market value of the underlying investments.

Effective April 30, 2012, the Plan adopted the Morley Stable Value Fund (the "Fund") as an investment option offered under the Plan. The Fund is a stable value fund that is a collective investment fund designed for retirement trusts. The Fund invests primarily in a variety of high quality benefit-responsive stable value investment contracts, cash and cash equivalents. The Fund is recorded at fair value; however, since these contracts are fully benefit-responsive within the meaning of Financial Accounting Standards Board Accounting Standards Codification (ASC) 962-325, *Defined Contribution Pension Plans - Investment (Other)* (ASC 962-325), an adjustment is reflected in the statement of net assets available for benefits as of December 31, 2012 to present this investment at contract value. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value represents contributions plus earnings, less participant withdrawals and administrative expenses.

Prior to April 30, 2012, the Plan offered the Schwab Stable Value Fund which was a stable value fund that was a commingled pool of Charles Schwab Bank. The trustee of the fund announced its plans to terminate the fund effective April 30, 2012. Following the November 8, 2011 termination announcement, the fund's fixed income investments were sold and reinvested in four short-term government funds. The fund also invested in one bank-issued guaranteed investment contract. The fund's guaranteed investment contract was deemed to be fully benefit-responsive within the meaning of ASC 962-325. An adjustment was reflected in the statement of net assets available for benefits to present this investment at contract value as of December 31, 2011.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Payment of Benefits. Benefits are recorded when paid.

New Accounting Pronouncement. In May 2011, the Financial Accounting Standards Board issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in GAAP and International Financial Reporting Standards* (IFRS) (ASU 2011-04). ASU 2011-04 amended ASC Topic 820 (ASC 820), *Fair Value Measurements and Disclosures*, to converge the fair value measurement guidance in GAAP and IFRS. Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle in ASC 820. In addition, ASU 2011-04 requires additional fair value disclosures. The amendments are to be applied prospectively and are effective for annual periods beginning after December 15, 2011. The Plan's management adopted these amendments which had no impact on the Plan's financial statements.

C. FAIR VALUE MEASUREMENTS

ASC 820 established a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities inputs (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

December 31, 2012	**Level 1**	**Level 2**
Mutual funds		
Value fund	$ 691,881	$ -
Index funds	5,866,112	-
Growth funds	2,519,774	-
Stock fund	642,026	-
Bond funds	1,643,118	-
Retirement income funds	17,314,053	-
Total mutual funds	28,676,964	-
Common collective trust fund		
Stable Value Fund (A)	-	3,313,658
Total	$ 28,676,964	$ 3,313,658

December 31, 2011	**Level 1**	**Level 2**
Mutual funds		
Value fund	$ 443,998	$ -
Index funds	2,563,442	-
Growth funds	1,899,532	-
Stock fund	450,529	-
Bond funds	1,184,170	-
Retirement income funds	14,259,880	-
Total mutual funds	20,801,551	-
Common collective trust fund		
Stable Value Fund (A)	-	1,666,072
Total	$ 20,801,551	$ 1,666,072

(A) The Stable Value Fund is a collective trust fund which seeks to maintain principal value, protect against market volatility, obtain consistent income return and provide liquidity for benefit payments and withdrawals. The fair value of this fund has been estimated based on the fair value of the underlying investments in the fund as reported by the issuer of the fund. The fair value differs from the contract value. As previously discussed in Note B, contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. There are no restrictions on participant redemptions.

F. FEDERAL INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by Mercer HR Services, LLC. The prototype plan document received an opinion letter from the Internal Revenue Service (IRS), dated January 31, 2006, which states that the prototype document satisfies the applicable provisions of the IRC. The prototype plan document has been amended since receiving the opinion letter. However, Mercer HR Services, LLC, believes that the prototype plan document is currently designed and operated in compliance with the applicable requirements of the IRC. The Plan itself has not received a determination letter from the IRS. However, Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions and the Plan years ended December 31, 2012 and 2011 remain subject to audit; however, there are currently no audits for any tax periods in progress. Plan years 2012 and 2011 remain subject to examination until the statute of limitations expires.

G. PARTY-IN-INTEREST TRANSACTIONS

Certain fees to administer the Plan have been paid to Mercer HR Services, LLC, the recordkeeper for the Plan, and therefore these transactions qualify as exempt party-in-interest transactions. Fees paid for the year ended December 31, 2012 totaled $80,616.

H. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will continue to be 100% vested in their accounts.
