Independent Auditors' Report

Board of Directors
Bank of the Pacific 401(k) Plan
Aberdeen, Washington

REPORT ON THE FINANCIAL STATEMENTS

We were engaged to audit the accompanying financial statements of Bank of the Pacific 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Unified Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the plan administrator by custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplementary information, as listed in the accompanying table of contents, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplementary information is the responsibility of management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplementary information.

REPORT ON FORM AND CONTENT IN COMPLIANCE WITH DOL RULES AND REGULATIONS

The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the custodian have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1 - Description of the Plan

The following description of Bank of the Pacific 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan that was established for the benefit of employees of Bank of the Pacific (the Company). The Plan's provisions permit tax deferred contributions by participants pursuant to Section 401(k) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility - Certain employees are eligible to participate in elective deferrals to the Plan. Employees can enroll into the Plan the first day of the following month after attaining the age of 21 and completing 90 days of service. Employees excluded from participation include union employees, nonresident aliens and leased employees.

Participants must complete 1,000 hours of service and be enrolled on the last day of the Plan year to be eligible for discretionary employer matching and discretionary profit sharing contributions.

Contributions - Participants may contribute to the Plan through voluntary deferrals of eligible compensation. Eligible employees may contribute from 1% to 100% of their compensation to the Plan, not to exceed annual limitations prescribed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Upon completing the eligibility requirements, employees will be automatically enrolled in the Plan to contribute 3% of their eligible compensation. A participant may elect to not participate, or to participate at a different level of deferral contribution. Additionally, employees who are automatically enrolled in the Plan will have their deferral rates increased by 2% every April 1st, unless the Plan is notified otherwise by the participant. Employees can opt out or change contributions at any time.

The Company may make discretionary matching and discretionary profit sharing contributions, determined annually. For the year ended December 31, 2012, the Company authorized a matching contribution equal to 25% of a participant's elective deferrals up to deferral percentages of 7.5%. No discretionary profit sharing contributions were authorized by the Company for the year ended December 31, 2012.

Participant Accounts - Each participant's account is credited with any contributions made to the account, increases or decreases in the market value of investments, and any loans and loan repayments. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1 - Continued

Vesting - Participants are immediately vested in their voluntary deferral contributions plus actual earnings thereon. Any discretionary matching or discretionary profit sharing contributions are subject to a vesting schedule based on years of service as follows:

Years of Service	*Vested Percentage*
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeitures - Under the provisions of the Plan, forfeitures may be used to reduce the employer contributions or pay administrative expenses of the Plan. During 2012, forfeitures totaling approximately $6,100 were used to offset administrative expenses and employer match. Unallocated forfeitures as of December 31, 2012 and 2011, totaled approximately $8,000 and $3,400, respectively.

Administrative Expenses - Plan expenses, including trustee, advisor, and recordkeeper fees are paid from the Plan's assets. Certain transaction fees are paid by participants. The Company pays any other costs associated with administering the Plan.

Payment of Benefits - Upon termination of employment, death, disability, or retirement, a participant or beneficiary may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in his or her account. Participants are also eligible to receive withdrawals in the event of certain financial hardships. A participant's right to make deferrals to the Plan will be suspended for six months after receipt of a hardship withdrawal. Participants who have attained age 59½ can receive distributions while still employed by the Company.

Upon termination of service, a participant or beneficiary will automatically receive the vested interest in their account as a lump-sum payment if their vested benefits are $1,000 or less.

Notes Receivable From Participants - The Plan allows participants to borrow from their accounts using their vested balance as collateral for loans. The maximum amount that a participant may borrow is equal to the lesser of 50% of their entire vested account balance or $50,000. The minimum amount required to be borrowed is $1,000. Loan terms range from one to five years unless it is used to acquire a principal residence. The loans bear interest at the Prime rate plus 1% at the effective date of the loan. Principal and interest are paid ratably through payroll deductions.

Subsequent Events - The Plan's management has evaluated subsequent events through June 24, 2013, the date on which the Plan's financial statements were available to be issued.

Note 2 - Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

GAAP requires that investment contracts held by a defined-contribution plan be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust fund. As required by GAAP, the statements of net assets available for benefits presents the fair value of the investment in the collective trust fund and the adjustment of the investment in the collective trust fund from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements.

Benefits Paid to Participants - Benefits paid to participants are recognized when paid. As of December 31, 2012 and 2011, no amounts had been requested for payment by participants, but not yet paid. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 3 - Fair Value Measurements

GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under this guidance are described as follows:

Level 1 - Unadjusted quoted prices available in active markets for identical assets or liabilities;

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or

Level 3 - Unobservable inputs that are significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011. The Plan's management reassessed the leveling of the Collective Trust Fund and determined the investment is being valued using Level 2 inputs. The prior year presentation has been reclassified to be consistent with management's reassessment.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish the daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Fund - Valued at the net asset value (NAV) of units provided of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding at the valuation date. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transaction (purchases and sales) may occur daily. Were the Plan or the Plan Sponsor to initiate a full redemption of the investment, the Collective Trust reserves the right to make certain adjustments to the market value in determining liquidation value and/or to temporarily delay withdrawal from the trust to ensure that securities liquidations will be carried out in an orderly business manner.

The valuation methodologies used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 3 - Continued

The following table sets forth additional disclosures of the Plan's investments, whose fair value is estimated using NAV per share (or its equivalent), as of December 31, 2012 and 2011:

	2012 Fair Value	*2011 Fair Value*	*Redemption Frequency*	*Redemption Notice Period*
UTC Stable Value Bond Fund (a)	$ 3,302,869	$ 2,961,269	Daily	None

(a) The objective of the fund is to seek preservation of principal and stable market value, earning current income while tracking interest rates over the intermediate term. There were no unfunded commitments as of December 31, 2012 or 2011.

Note 4 - Investments

The following presents the fair values of investments that represent 5% or more of the Plan's net assets at December 31:

* *Did not comprise 5% or more of plan net assets as of December 31.*

Note 5 - Information Certified by the Custodian

The Plan's management has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Under this provision of ERISA, certain information certified by a trust company need not be subjected to independent audits. The Plan's management has obtained certifications from the asset custodian, Unified Trust Company, that the following information provided by the asset custodian and included in the Plan's financial statements and supplementary information is complete and accurate:

- Fair value and if applicable, contract value of investments as of December 31, 2012 and 2011;
- Investment and other income earned or losses incurred for the year ended December 31, 2012; and
- Investment transactions for the year ended December 31, 2012.

Note 6 - Parties-In-Interest Transactions

Certain Plan investments are being held in accounts managed by Unified Trust Company. As the trust company was the custodian, the investment transactions qualify as parties-in-interest transactions which are exempt from the prohibited transaction rules. Fees paid to Unified Trust Company for the year ended December 31, 2012, were $38,503.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

Note 8 - Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Note 9 - Federal Income Taxes

The Plan uses a prototype plan document sponsored by Unified Trust Company. Unified Trust Company received an opinion letter dated March 31, 2008, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to audits by the IRS for certain tax periods based on applicable laws and regulations; however, there are currently no audits for any tax periods in progress.

Note 10 - Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2012	*2011*
Net assets available for benefits per the financial statements	$ 11,313,261	$ 9,360,262
