Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Trustees of
Associated Medical Professionals of NY, PLLC
Employees' Defined Benefit Pension Plan and Trust
Syracuse, New York

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Associated Medical Professionals of NY, PLLC Employees' Defined Benefit Pension Plan and Trust, which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by Bank of America, N.A. and Huntington National Bank, the trustees of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that Bank of America, N.A. held the Plan's investment assets and executed investment transactions from September 4, 2012 to December 31, 2012, and that Huntington National Bank held the Plan's investment assets and executed investment transactions from January 1, 2011 to September 4, 2012. The Plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2012 and 2011, that the information provided to the Plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2012 and Schedule H, Line 4j - Schedule of Reportable Transactions for the Year Ended December 31, 2012, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011**

1. DESCRIPTION OF PLAN

The following description of the Associated Medical Professionals of NY, PLLC Employees' Defined Benefit Pension Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a cash balance defined benefit pension plan covering substantially all employees of Associated Medical Professionals of NY, PLLC (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Pension Benefits

Employees are eligible to participate in the Plan upon completion of one year of service, during which at least 1,000 hours are credited. Leased employees or those under a collective bargaining agreement are not eligible to participate.

On an annual basis participant's Theoretical Account Balances are increased by compensation credits equal to 3.5% of annual compensation, as defined by the Plan, for non-physician employees and \$50,000 for licensed physicians. Additionally, each employee receives an annual interest credit based upon the 30-year Treasury Rate.

Participants are entitled to the entire portion of their Theoretical Account Balance upon reaching normal retirement age which is the attainment of age sixty-five or upon the fifth anniversary of joining the Plan, whichever is later.

If the participant is married on the date benefits are to begin, they will automatically receive the value of the Theoretical Account Balance as a joint and 50% survivor annuity, or may elect one of the following: (1) a lump sum or (2) a life annuity. If the participant is not married on the date benefits are to begin, they will automatically receive a life annuity. The participant and their spouse, if applicable, may also consent to waive the annuity form of payment to receive a lump-sum payment.

Vesting

In the event employment terminates prior to death, disability or retirement, participants are vested in a percentage of their accrued benefit based upon years of service. A participant is 100% vested after three years of credited service.

1. DESCRIPTION OF PLAN (CONT'D)

Death and Disability Benefits

In the event that an employee is actively employed with the Company at the time of death, or the employee dies while on a leave of absence and had not yet received benefits, or the employee dies subsequent to termination of employment but before receiving retirement benefits, a participant's benefit will be payable to a surviving beneficiary based on the employee's Theoretical Account Balance at the date of death.

In the event an employee becomes disabled, the employee is entitled to receive the balance in their Theoretical Account as of the date the participant begins to receive disability benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results may differ from these estimates.

Payment of Benefits

Benefits are recorded when paid.

Funding Policy

The Company's funding policy is to make annual contributions to the Plan, as determined by the Plan's independent actuary. No contributions are permitted by individual participants. The Company is required by ERISA to fund the plan based on amounts determined through actuarial calculations. The Company's contribution for 2012 and 2011 complied with the minimum funding requirements of ERISA.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. For each Plan year in which a participant is credited with 1,000 hours of service, the participant account shall be credited with a compensation credit and an interest credit as defined by the Plan.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent Events

Subsequent events have been evaluated through August 5, 2013, the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosure*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

- *Money market funds:* valued at cost plus accrued interest.
- *U.S. government securities:* valued at closing price reported in the active market on which the individual securities are traded (level 1) and valued using pricing models maximizing the use of observable inputs for similar securities (level 2).
- *Common stocks and mutual funds:* valued at closing price reported in the active market on which the individual securities are traded.
- *Corporate bonds, foreign bonds and preferred stocks:* valued using pricing models maximizing the use of observable inputs for similar securities.

3. FAIR VALUE MEASUREMENTS (CONT'D)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the plan's fair value measurement at December 31, 2012 and 2011.

4. ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

The actuarial present value of accumulated plan benefits is determined by the Plan's actuaries. The actuarial valuation is used primarily to determine the level of contribution that meets the rules for minimum funding and maximum deductibility requirements. The recommended contribution calculated by the actuary is based on the assumed objective of keeping the plan assets approximately equal to the total theoretical account balance. The Plan's actuarial valuation was performed using census data for plan participants provided by the Company and unaudited financial information provided by the trustees.

The following actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

Significant actuarial assumptions used in the valuation are as follows:

- Assumed rate of return on investments net of expenses of 3.02%;
- Salary increases of 3%;
- Retirement at age 65 and the fifth anniversary of participation, whichever is greater.

The actuarially computed present value of accumulated plan benefits at January 1:

	<u>2012</u>	<u>2011</u>
Actuarial present value of accumulated plan benefits:		
Vested benefits	\$ 4,373,731	\$ 3,597,209
Nonvested benefits	<u>102,880</u>	<u>75,602</u>
Total	<u>\$ 4,476,611</u>	<u>\$ 3,672,811</u>

A summary of changes in accumulated plan benefits is as follows for the year ended December 31, 2012:

Actuarial present value of accumulated plan benefits at January 1, 2011	\$ 3,672,811
Increase (decrease) during the year attributable to:	
Benefits accumulated and actuarial gains or losses	1,270,604
Benefits paid	<u>(466,804)</u>
Actuarial present value of accumulated plan benefits at January 1, 2012	<u>\$ 4,476,611</u>

5. INVESTMENTS

Investment balances which represent 5% or more of the Plan assets available for benefits as of December 31:

	<u>2012</u>	<u>2011</u>
Federal National Mortgage Association, 04/15/2015, 5%	\$ -	\$ 295,664
Manning & Napier Core Plus Bond Series	-	402,980

During 2012 and 2011, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	<u>2012</u>	<u>2011</u>
U.S. government securities	\$ 961	\$ 17,392
Corporate bonds	63,037	3,986
Foreign bonds	(816)	-

6. FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEES

The Plan administrator has received certifications from Bank of America, N.A. and Huntington National Bank, the trustees of the Plan, which state that the following information is complete and accurate as of and for the years ended December 31, 2012 and 2011:

- Statements of Net Assets Available for Benefits - All items and amounts except for Company contributions receivable.
- Statements of Changes in Net Assets Available for Benefits - Interest and dividend income and net appreciation (depreciation) in fair value of investments.
- Note 5 - Investment balances and net appreciation (depreciation) in fair value of investments.
- Schedule H, Line 4i - Schedule of Assets (Held at End of Year) - All items and amounts.
- Schedule H, Line 4j - Schedule of Reportable Transactions - All items and amounts.

7. RELATED PARTY TRANSACTIONS

Plan investments were held by Huntington National Bank and Bank of America, N.A, who acted as trustees as defined by the Plan. Manning and Napier Advisors, Inc. was the Plan's investment advisor. Actuarial Pension Analysts, Inc. is the Plan's actuary. Transactions with these companies qualify as party-in-interest transactions. Fees paid to related parties totaled \$26,208 and \$33,311 for the years ended December 31, 2012 and 2011, respectively.

8. INCOME TAX STATUS

The Plan obtained its latest determination letter dated July 11, 2008 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates and employee demographics, all of which are subject to change. Due to the uncertainties inherent in the estimates and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012 AND 2011**

10. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth by ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order as indicated in the Plan documents:

- The portion of the participant's accrued benefit which is derived from their voluntary contributions made to the Plan, if any.
- Equally among retired participants and their beneficiaries, to whom payment commenced at least three years prior to the date of termination; and participants who could have retired and received payment of their benefits at least three years prior to the date of termination.
- To all benefits guaranteed and insured by the Pension Benefit Guaranty Corporation ("PBGC").
- To all other vested accrued benefits not insured by the PBGC.
- To all other accrued benefits provided under the Plan.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's benefits. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at the time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Company and the level of benefits guaranteed by the PBGC.
