Note 1 - Plan Description

The following description of Harting, Inc. Profit Sharing 401(k) Plan & Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering substantially all employees of Harting, Inc. and Subsidiaries (the "Company") who have completed six months of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan provides for employee salary 401(k) contributions subject to maximum tax-deferred limitations established by the Internal Revenue Code. The Plan allows participants to contribute a portion of their compensation on an after-tax basis. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company makes safe harbor matching contributions equal to 400 percent of the first 1 percent of each participant's deferral contribution.

The Company may also make an annual discretionary profit-sharing contribution. Participants who have completed 1,000 hours of service during the plan year and continue employment through December 31 will be eligible to receive an allocation of the discretionary profit-sharing contribution. The Company did not make such a contribution for the year ended December 31, 2012.

Vesting - Participants are immediately 100 percent vested in employee salary and rollover contributions, safe harbor matching contributions, and any income or loss thereon. The Company's discretionary contributions, if any, vest according to the following schedule:

Years of Service	Vested Percentage
1	33
2	66
3	100

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future employer contributions or to pay administrative expenses of the Plan. At December 31, 2012 and 2011, forfeited account balances totaled $536 and $29,969, respectively. Forfeitures of $30,361 were used to offset employer contributions in 2012.

Note 1 - Plan Description (Continued)

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Transamerica Life Insurance Company (Transamerica) or its affiliates. Transamerica is the custodian of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Participant Notes Receivable - Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The notes receivable are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined periodically by the plan administrator. Principal and interest is paid ratably through periodic payroll deductions. A participant may not have more than one loan outstanding at any time.

Participant Accounts - Each participant's account is credited with the participant's contributions and allocations of the employer contributions and plan earnings and charged with an allocation of administrative expenses and plan losses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Payment of Benefits - Upon termination of employment, the participant or, in the case of death, the surviving spouse can elect to receive the participant's account balance in a single lump sum or in various installment annuities. Account balances less than $5,000 are paid in a single lump sum upon termination.

Hardship Withdrawals - Participants may request that all or a portion of their accounts be distributed in the case of severe financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value except for the unallocated insurance contract which is at contract value. Pooled separate accounts are valued at net asset value (NAV) as determined by the issuer based on the fair value of the underlying net assets of the account. The Plan invests in a fully benefit-responsive, single group, fixed, unallocated annuity contract with Transamerica. Such investments are to be reported at fair value with an adjustment to contract value, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. While the contract is supported by the general assets of Transamerica, there are no specific underlying assets related to the contract. Therefore, contract value approximates fair value for this investment. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. See Note 5 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Company.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 2 - Summary of Significant Accounting Policies (Continued)

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including July 30, 2013, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Transamerica (the "Custodian") holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by the Custodian.

Significant investments at end of year are as follows:

	2012	2011
Pooled separate accounts:		
Transamerica Partners Stock Index	$ 1,054,992	$ 1,023,336
American Funds Growth Fund of America	605,676	546,874
American Funds New Perspective	411,870	355,474
Vanguard Target Retirement 2015	570,340	486,466
Vanguard Target Retirement 2025	409,997	366,910
Loomis Sayles Investment Grade Bond	765,359	659,879
Vanguard Target Retirement 2020	647,766	477,382
Thornburg International Value	401,617	371,526
Columbia Mid Cap Value	388,990	391,362
Unallocated insurance contract - Transamerica Stable Value Advantage Option	513,591	280,122

Note 4 - Tax Status

The Plan, as adopted, is a volume submitter plan offered by Transamerica, which does not require an application for a determination letter from the Internal Revenue Service (IRS). The volume submitter plan has received a favorable notification letter from the IRS dated March 31, 2008. The Plan has not individually sought its own determination letter.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax position and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The plan administrator believes the Plan is no longer subject to tax examinations for years prior to 2009.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2012 and 2011 and the valuation techniques used by the Plan to determine those fair values.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset. Significant inputs for the unallocated insurance contract include credit rating of the issuer, market rates, deposits made to the contract, earnings at guaranteed credit rates, withdrawals, and fees.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Assets Measured at Fair Value on a Recurring Basis at December 31, 2012

	Level 2	Level 3	Balance at December 31, 2012
Pooled separate accounts:			
Fixed-income funds (1)	$ 962,161	$ -	$ 962,161
Domestic equity funds (2)	3,384,384	-	3,384,384
International equity funds (3)	862,852	-	862,852
Retirement year-based funds (4)	2,140,162	-	2,140,162
Unallocated insurance contract - Stable value fund	-	513,591	513,591
Total	$ 7,349,559	$ 513,591	$ 7,863,150

Note 5 - Fair Value Measurements (Continued)

Assets Measured at Fair Value on a Recurring Basis at December 31, 2011

	Level 2	Level 3	Balance at December 31, 2011
Pooled separate accounts:			
Fixed-income funds (1)	$ 846,810	$ -	$ 846,810
Domestic equity funds (2)	3,061,781	-	3,061,781
International equity funds (3)	732,579	-	732,579
Retirement year-based funds (4)	1,998,582	-	1,998,582
Unallocated insurance contract - Stable value fund	-	280,122	280,122
Total	$ 6,639,752	$ 280,122	$ 6,919,874

(1) This class represents investments in actively managed pooled separate accounts that invest in a variety of fixed-income investments, which may include corporate bonds, both U.S. and non-U.S. municipal securities, interest rate swaps, options, and futures.

(2) This class represents investments in actively managed pooled separate accounts that primarily invest in equity securities of U.S. companies. Such accounts will also have varying degrees of exposure to cash and fixed-income securities.

(3) This class represents investments in actively managed pooled separate accounts that primarily invest in equity securities of companies throughout the world.

(4) This class represents investments in actively managed pooled separate accounts that invest in domestic and foreign equity, hybrid, and fixed-income investments with an emphasis on the preservation and growth of capital and current income. The asset allocation of these investments varies based on the target retirement year as indicated in the name of the account.

There were no unfunded commitments or redemption restrictions on the investments described above.

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between levels of the fair value hierarchy that took place during 2012.

Changes in Level 3 assets measured at fair value on a recurring basis for the year ended December 31, 2012 are as follows:

	Unallocated Insurance Contract
Balance at January 1, 2012	$ 280,122
Purchases	294,158
Sales	(60,689)
Balance at December 31, 2012	$ 513,591

Note 5 - Fair Value Measurements (Continued)

Quantitative Information about Level 3 Fair Value Measurements

The following table summarizes the valuation methods and inputs used to determine fair value at December 31, 2012 for assets and liabilities measured at fair value on a recurring basis using unobservable inputs (Level 3 inputs).

	Fair Value at December 31, 2012	Valuation Technique	Significant Unobservable Inputs Used	Range
Assets - Unallocated insurance contract	$ 513,591	Theoretical transfer (exit value)	Discount for credit rating	0%

For those assets with fair value measured using Level 3 inputs, the plan administrator determines fair value measurement policies and procedures in consultation with Transamerica. Those policies and procedures are reassessed at least annually to determine if the current valuation techniques are still appropriate. At that time, the unobservable inputs used in the fair value measurements are evaluated and adjusted, as necessary, based on current market conditions and other third-party information.

Note 6 - Investment Contracts

The Plan has entered into a benefit-responsive investment contract with Transamerica, the Transamerica Stable Value Advantage Option (TSVAO). Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Transamerica is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. There is no stated minimum or maximum interest rate. Effective July 1, 2012, such interest rates are reviewed on a semi-annual basis for resetting. Prior to July 1, 2012, such interest rates were reset on a monthly basis.

Certain events limit the ability of the Plan to transact at contract value with Transamerica. Such events include the following: (i) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision; (iii) bankruptcy of the plan sponsor or other plan sponsor events (e.g. divestitures or spin-offs of a subsidiary) which cause a significant withdrawal from the Plan; or (iv) the failure of the Plan to quality for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 6 - Investment Contracts (Continued)

The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date unless the balance of the contract is zero and no current deposit arrangements have been made. Contract termination also may occur by either party upon election and notice.

As described in Note 2, because the TSVAO is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets attributable to fully benefit-responsive investment contracts. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

Because of the significance of the information that we did not audit, we did not express an opinion on the financial statements taken as a whole. The form and content of the information included in the financial statements, other than that derived from the certified information, were audited by us in accordance with auditing standards generally accepted in the United States of America and were subjected to tests of your accounting records and other procedures as we considered necessary to enable us to express an opinion as to whether they are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of your responsibilities. As part of our audit, we considered the applicable internal control of Harting, Inc. Profit Sharing 401(k) Plan & Trust. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our meeting about planning matters on June 13, 2013.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by Harting, Inc. Profit Sharing 401(k) Plan & Trust are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2012.

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus.

There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was the Plan's valuation of investments.

Management has informed us that in determining the appropriateness of the estimate of investment values, they have recorded the fair values based on market values provided by the investment custodian, plus any applicable valuation adjustments. We performed no specific procedures related to the valuation of investments due to the limited scope nature of the engagement.

The disclosures in the financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Disagreements with Management

For the purpose of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management.

We did not detect any misstatements as a result of audit procedures.

Significant Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards and plans and strategies that may affect the risks of material misstatement, with management each year prior to our retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition of our retention.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated July 30, 2013.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts.

To our knowledge, there were no such consultations with other accountants.

Other Information in Documents Containing Audited Financial Statements

Our responsibility for other information in documents containing the Plan's financial statements and report does not extend beyond the financial statements. We do not have an obligation to determine whether or not such other information is properly stated. However, we read the Plan's 5500 filing, and nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information or manner of its presentation appearing in the financial statements.
