The Eli's Cheesecake Company 401 (k) and Profit Sharing Plan
NOTES TO FINANCIAL STATEMENTS
October 31, 2012 and 2011

NOTE A – DESCRIPTION OF PLAN

The following description of The Eli's Cheesecake Company 401 (k) and Profit Sharing Plan ("the Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions:

PRELIMINARY DRAFT

1. General

The Plan is a defined contribution plan covering all employees of The Eli's Cheesecake Company (the "Company") who have completed six months of service. Such employees are eligible to participate in the Plan as of the day following the completion of six months of service. It is subject to the provisions of the Employees Retirement Income Security Act of 1974 (ERISA).

2. Contributions

Contributions include employee contributions that range from 1 to 100 percent of pretax annual compensation, and an employer matching contribution of one half of the employee's contribution not to exceed 4 percent of compensation. The employer matching contribution was suspended on May 1, 2010 and reinstated effective May 1, 2012. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions The Company may also make a discretionary contribution to the Plan. No discretionary contributions were made for the years ended October 31, 2012 and 2011.

3. Participants' Accounts

Participants' accounts are credited with their contributions, the employer matching contribution, an allocation of the Company discretionary contribution, if any, and plan net income (loss). The Company's discretionary contribution is allocated based upon each participant's compensation, as defined. Plan earnings (losses) are allocated based on participants' account balances, as defined.

4. Vesting

Participants are immediately vested in their contributions, and earnings thereon. A participant is 100 percent vested in the Company's matching and discretionary contribution portions of their account after four (4) years of credited service. A participant becomes fully vested upon death or disability.

5. Investment Options

Participants have a choice of several accounts in which to invest. Participants may change their investment allocations daily.

6. Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate

NOTE A – DESCRIPTION OF PLAN - CONTINUED

with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

7. Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump sum or periodic payments, or to leave the funds in the plan trust until a later date. If an active employee dies or becomes totally disabled, the value of the participant's account will be paid in either a lump sum or periodic installments at the option of the participant or beneficiary.

8. Forfeited Accounts

PRELIMINARY DRAFT

Forfeited amounts are to be reallocated to participants in the same manner as employer discretionary contributions. As of October 31, 2012 and 2011, forfeited non-vested accounts totaled approximately $0 and $600, respectively.

NOTE B – SUMMARY OF SIGNIFICANT ACOUNTING POLICIES

1. Basis of Accounting

The accompanying financial statements have been prepared on the accrual method of accounting.

2. Use of Estimates

The preparation of financial statements in conformity with general accepted accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note F for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

4. Date of Management's Review

Subsequent events were evaluated through August 12, 2013, which is the date the financial statements were available to be issued.

NOTE B – SUMMARY OF SIGNIFICANT ACOUNTING POLICIES - CONTINUED

5. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

6. Payment of Benefits

Benefits are recorded when paid.

PRELIMINARY DRAFT

NOTE C - INVESTMENTS

NOTE D – RISKS AND UNCERTAINTIES

The Plan invests in various investments securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA.

NOTE F – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

PRELIMINARY DRAFT

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

Level 2 Fair Value Measurements

The fair value of collective investment trusts and certain pooled separate accounts is based on the market value of its underlying investments and is not a publicly-quoted price in an active market.

Level 3 Fair Value Measurements

A certain pooled separate account is not actively traded and significant other observable inputs are not available. Thus, the fair value of a certain pooled separate account is based on the fair value of the underlying real estate, which is estimated using discounted cash flow valuation models that utilize various public real estate market data inputs and each property is also appraised annually by an independent appraiser. This separate account had a temporary withdrawal limitation. The restriction ended March 25, 2011 and this investment was transferred from Level 3 to Level 2.

NOTE F – FAIR VALUE MEASUREMENTS – CONTINUED

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of October 31, 2012 and 2011:

NOTE G – RELATED-PARTY/ PARTY-IN-INTEREST TRANSACTIONS

The Company pays the majority of the Plan's administrative expenses. The Plan's investments in single mutual fund accounts and pooled separate accounts are managed by Principal Life Insurance Company ("Principal"). Principal is the custodian of the Plan and, therefore, these transactions are party-in-interest transactions.

PRELIMINARY DRAFT

NOTE H - TAX STATUS

The Plan is a pre-approved prototype qualified under Code Section 401. The Internal Revenue Service has determined and informed the custodian of the Plan by a letter dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving this letter, the plan administrators believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.
