1. Description of Plan

General

The following description of the MJB Wood Group, Inc. (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description.

Employees of the following companies (the Employers) are presently covered under the Plan:

- Blue Marble Designs Holdings, LLC
- Blue Marble Designs, LLC
- MJB Supply, LLC

The Plan is a defined contribution plan covering all eligible employees of MJB Wood Group, Inc. (the “Company” or “Employer”). The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was established November 1, 1998.

Eligibility

All employees who have accrued 3 months of service with the Company and have attained age 21 are eligible for participation. Employees who have satisfied the eligibility requirements may begin participating on the first day of the quarter coinciding with or next following the date they satisfy the Plan’s eligibility requirements.

Contributions

Eligible employees can contribute up to 60% of their compensation as defined by the Plan, subject to certain limitations under the IRC. Plan participants direct contributions to specific investment fund programs.

The Company also provides discretionary matching contributions. For the years ended October 31, 2012 and 2011, the Company made contributions to the Plan totaling \$95,000 and \$121,000, respectively.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, employer contributions and any investment earnings or losses thereon. Participant accounts are also charged an allocation of administrative expenses. All investments held in the account are directed by the participant. Allocations of earnings or losses are credited to each participant account based on the performance of the underlying investments.

Payment of Benefits

Participants who terminate employment with the Company for reason other than death, disability or attainment of normal retirement age will be entitled to receive the vested percentage of their account balance. The normal retirement date is the date the participant attains age 65. The plan does not provide for early retirement. In the event of a participant’s death, the beneficiary is entitled to 100% of the participant’s account balance. Benefit payments are made in installments subject to certain restrictions as defined in the plan document and lump sum disbursements.

NOTES TO FINANCIAL STATEMENTS
As of October 31, 2012 and 2011

1. Description of Plan (continued)**Vesting**

Participants are immediately vested in their elective deferral contributions, rollover contributions and any earnings thereon.

Participants vest in employer matching contributions, and any earnings thereon, based on years of continuous service according to the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
<1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeitures

Upon separation of service for any reason other than death, disability, or retirement, participants forfeit any unvested portion of their employer contributions. The Plan allows forfeitures to be used to reduce Plan expenses. Any forfeiture left after paying plan expenses are used to reduce employer and/or matching contributions. There were no forfeitures available for the years ended October 31, 2012 and 2011.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50 percent of their vested account balance. Loans are collateralized by the participant's account balance and bear interest at a fixed rate based on the prevailing rate on the date of funding. Principal repayments and the interest on outstanding balances are deducted ratably from the participant's pay.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants' accounts will become fully vested and non-forfeitable. In the event of plan termination, employees become 100 percent vested in their accounts.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in appreciation of fair value of investments.

NOTES TO FINANCIAL STATEMENTS
As of October 31, 2012 and 2011

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Cash

Contributions received by the Plan Custodian, which have not been invested into the participants' accounts due to transactional timing differences across systems, are recorded as cash in the accompanying statements of net assets available for plan benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants represent loans and are stated at amortized cost. Interest income is recorded on the accrual basis.

No allowance for credit losses has been recorded as of October 31, 2012 and 2011. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Subsequent events

Subsequent events have been evaluated through the date of the independent auditor's report, which is the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in the financial statements.

As of October 31, 2012 and 2011

4. Information Certified by the Plan's Custodian (unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103—8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

	October 31,	
	2012	2011 (unaudited)
Cash	\$ -	\$ 383
Mutual funds, at fair value	3,773,009	3,223,473

Notes receivable from participants	147,132	184,573

For the year ended October 31,

	2012
Net appreciation in fair value of mutual funds	\$ 200,745
Net appreciation in common collective trust account	14,805
Interest and dividend income	79,438
Interest income from notes receivable from participants	8,069

NOTES TO FINANCIAL STATEMENTS
As of October 31, 2012 and 2011

5. Fair Value Measurements

The fair value hierarchy prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2012 and 2011.

Mutual funds: Quoted market prices are used to value investments in mutual funds, which are publicly traded funds of registered investment companies, and common stock.

Common collective trust: The fair value of the common collective trust fund is valued at the Plan's proportional interest in the net asset value of the fund as determined by inferring contract fair value of the underlying assets held in the fund. Net asset value is used as a practical expedient for fair value. Participants may redeem investments daily at their net asset value. There were no unfunded commitments, other redemption requirements or required redemption notice periods. Contract value of fully benefit responsive contracts is equal to principal balance plus accrued interest.

NOTES TO FINANCIAL STATEMENTS
As of October 31, 2012 and 2011

5. Fair Value Measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 31, 2012:

	Level 1	Level 2	Level 3	Total
Mutual Funds:				
Bonds (1)	\$ 748,409	\$ -	\$ -	\$ 748,409

NOTES TO FINANCIAL STATEMENTS
As of October 31, 2012 and 2011

5. Fair Value Measurements (continued)

- (1) Bond funds invest in fixed-income securities.
- (2) Large cap blend funds invest primarily in common stock of large size U.S. companies that offer a blend of growth and value characteristics.
- (3) Large cap value funds invest in common stock and other equity securities of large size U.S. companies that pay or are expected to pay dividends.
- (4) Large cap growth funds invest in common stock of large size U.S. companies with the potential for growth.
- (5) Small/mid/specialty funds invest in common stock of small or midsize U.S. companies or the common stock of specialized U.S. companies.
- (6) Money market funds invest in money market securities.
- (7) Global/international funds invest primarily in common stocks of issuers in Europe and the Pacific Basin.

6. Investments in Common Collective Trust Funds

As of October 31, 2012 and 2011, the Plan has invested in the Wells Fargo Stable Return Fund, which is a common collective trust fund. The Fund has invested all of its assets in the Wells Fargo Stable Return Fund G ("Fund G"), a collective trust fund managed and trustee by Wells Fargo Bank, N.A. ("Wells Fargo") as advised by Galliard Capital Management, Inc., a wholly owned subsidiary of Wells Fargo. An investment in the Fund results in the issuance of a given number of participation interests ("units") in the Fund. Fund G invests primarily in guaranteed investment contracts and synthetic investment contracts with insurance companies and other financial institutions. The asset value of the Fund is classified within level 2 of the fair value hierarchy because the unit price is quoted on a private market that is not active; however, the input price is based on the underlying investments which are traded on active markets.

The objective of the Fund is to seek safety of principal and consistency of returns while attempting to maintain minimal volatility. Any Plan sponsor or Plan fiduciary initiated withdrawal from the Fund will require a twelve month written notice of intent to withdraw assets from the Fund. At the discretion of Wells Fargo, the notification periods identified for withdrawals may be waived. Redemptions or exchanges of Fund Shares may be delayed or suspended for up to twelve months, or even longer if Wells Fargo obtains an exempted order or other appropriate relief from the Comptroller of the Currency.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants' accounts will become fully vested and non-forfeitable. In the event of plan termination, employees become 100% vested in their accounts.

NOTES TO FINANCIAL STATEMENTS
As of October 31, 2012 and 2011

8. Tax Status

The Plan uses a Volume Submitter Profit Sharing Plan with CODA sponsored by Sungard Corbel, LLC. Sungard Corbel, LLC received an opinion letter from the IRS dated March 31, 2008, which states that the form of the Prototype Plan satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan Management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan is subject to routine audits taken by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2008.

9. Risks and Uncertainties

The Plan offers a number of investment options to participants that are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
