Note 1 - Description of Plan

The following brief description of the Big R of Lamar, Inc. Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering qualified employees of Big R of Lamar, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On August 7, 2012, the Plan sponsor decided to discontinue the Plan and become a participant in a multiple-employer plan. The final payroll contribution was made in August 2012 and all outstanding participant account balances of the Plan were transferred into the Peliton HR Administration 401(k) Profit Sharing Plan on October 8, 2012.

Eligibility

Employees are eligible to participate in the Plan if they have completed one year of service and are 21 years of age. A year of service for purposes of eligibility is a consecutive 12-month period during which the employee has 1,000 or more hours of service. An employee must complete 1,000 hours of service during a given year and be an active employee on December 31 to be eligible for the employer match and profit sharing contributions.

Entry Date

Employees may enter the Plan on the first day of each calendar quarter coinciding with or following the date they satisfy the Plan's eligibility requirements.

Contributions

Each year, participants may contribute from 1% to 50% of their pretax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. On a discretionary year to year basis, the Company contributes a match contribution in the amount of 50% of the first 6% of base compensation that a participant contributes to the Plan. There was no matching contribution made by the Plan sponsor for the period ended October 8, 2012. Additional amounts may be contributed at the discretion of the Company's Board of Directors. No such additional discretionary contributions were made for the period ended October 8, 2012. Participants may also contribute amounts representing distributions from other qualified plans.

The Plan instituted automatic enrollment effective on January 1, 2011 in which the Plan sponsor will automatically withhold 3% of the employee's compensation upon becoming eligible to participate unless otherwise elected by the participant. When an employee is automatically enrolled, they will have 90 days from the date of enrollment to elect out of participating in the Plan. If this election is chosen, all participant contributions into the Plan made by the participant will be returned to them without fines or penalties assessed for early withdrawals.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of the Company's discretionary contribution and Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant's earnings or account balances, as defined by their Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment to the Plan, a participant may direct employee and employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Vesting

Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service as set forth in the following table:

<u>Participants Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Plan Termination

On August 9, 2012 the Plan sponsor elected to terminate the Plan. All assets of the Plan were transferred to a multiple employer plan on October 8, 2012.

The net assets of the Plan were allocated as prescribed by ERISA and regulations issued pursuant thereto. The participants became 100% vested and vested benefits were paid in full to ascertainable participants and beneficiaries.

Forfeitures

At October 8, 2012 and December 31, 2011, forfeited nonvested accounts totaled \$0 and \$904, respectively. These funds can be first used to pay Plan expenses and any remainder can be used at the Plan sponsor's discretion to reduce the annual employer match contribution. During the period ended October 8, 2012, forfeitures of \$904 were used to pay Plan expenses.

Participant Loans

Loans to Plan participants are not permitted by the Plan.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments as defined in the Plan agreement. A terminated employee with a balance of less than \$1,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between \$1,000 and \$5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. In the event of termination of employment (other than for death, disability, or retirement after age 65), participants are entitled to all of their elective deferral account balance and their vested percentage of their matching contributions and nonelective employer contribution account balances. A participant can also be entitled to a hardship distribution when certain economic hardships are being experienced as defined by the Plan document.

Death Benefits

The designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Fees

Certain administrative expenses of the Plan are paid by the Plan.

Note 3 - Investments

The Plan's investments that represented 5% or more of the Plan's net assets available for benefits as of October 8, 2012 and December 31, 2011 are as follows:

	2012	2011
American Funds Europacific Growth	\$ -	\$ 165,393
PIMCO Total Return Fund	-	136,523
Nuveen Small Cap Fund	-	136,177
Blackrock Equity Dividend	-	124,306
Dreyfus Mid-Cap	-	123,460
First American Prime Obligations Fund Y	-	98,896
SSGA S&P 500 Index	-	81,859
T Rowe Price Retirement 2015	-	65,092

During the period ended October 8, 2012, the Plan's mutual fund investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$154,565.

The classification of investment earnings reported above and in the statement of changes in net assets may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Note 4 - Fair Value Measurements

Topic ASC 820, "Fair Value Measurements and Disclosures", establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described below:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Big R of Lamar, Inc. Profit Sharing Plan

Notes to Financial Statements

October 8, 2012 and December 31, 2011

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 8, 2012 and December 31, 2011.

Mutual funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of October 8, 2012 and December 31, 2011:

October 8, 2012				
	(Level 1)	(Level 2)	(Level 3)	Total

Total mutual funds	<u>\$ 1,244,693</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,244,693</u>

Note 5 - Information Certified by the Plan Trustee

The Plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified by Great-West Trust Company.

The Plan trustee has certified its statement of accounts as of October 8, 2012 and December 31, 2011 and for the period ended October 8, 2012. The statement of accounts includes beginning and ending balances of investments held and a detail of all transactions during the period, including investment earnings.

Note 6 - Tax Status

The Plan uses a prototype plan document sponsored by Orchard Trust Company, which received an opinion letter from the IRS, dated March 31, 2008, stating that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS and the prototype has been amended since receiving the opinion letter. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is not longer subject to income tax examinations for years prior to 2009.

Note 7 - Party-in-Interest Transactions

Transactions with parties in interest consist of payments for services rendered to the Plan for trust fees for the period ended October 8, 2012. These transactions are not in violation of parties-in-interest provisions of ERISA Code Section 406.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
