Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Hartford Life Insurance Company, the custodian of the plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the year ended December 31, 2012, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the accompanying financial statements for the year ended December 31, 2012. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplemental schedules of (1) Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2012 and (2) Schedule H, Line 4a – Schedule of Delinquent Contributions for the year ended December 31, 2012 are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

We have previously audited the statement of net assets available for benefits of Ephonamation Com, Inc. 401(k) Profit Sharing Plan and Trust as of December 31, 2011, and in our report dated September 27, 2012, we expressed our opinion that such financial statement presents fairly, in all material respects, the financial status of Ephonamation Com, Inc. 401(k) Profit Sharing Plan and Trust as of December 31, 2011, in accordance with accounting principles generally accepted in the United States of America.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Description of the Plan

The following description of Ephonamation Com, Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted on January 1, 2000 to qualify as a defined contribution retirement plan for Ephonamation Com, Inc.'s (the "Company") eligible employees. The Plan has a pre-tax salary reduction provision as defined under Section 401(k) and an employer matching contribution under 401(m) of the Internal Revenue Code (the "IRC"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan covers Ephonamation Com, Inc., Intellical Services, Inc. and Target Admissions Support Center, LLC which are affiliated companies under common ownership. Effective October 25, 2012, Ansafone Contact Centers, LLC, which is another affiliated company under common ownership covered by the Plan, adopted the Plan. Collectively, all of the participating employers will be known as the "Companies" throughout the disclosures.

Participant Eligibility

Each of the Companies' employees are eligible to participate in the Plan upon attaining the age of 21 and after the completion of one year of service.

Contributions

The Companies' eligible employees may contribute from 1% up to 75% of their compensation, subject to the limitations as defined by the IRC, each year on a pre-tax basis by salary reduction.

For the year ended December 31, 2012, the Companies provided a safe harbor match equal to 100% of the first 3% of deferrals and 50% of the next 2% of deferrals.

The Companies may also make a discretionary contribution without regard to the Companies' current or accumulated profits as determined each year by resolution of the Companies' Board of Directors. No discretionary contributions were made for the year ended December 31, 2012.

Participants direct the investment of all contributions to their account into various investment options offered by the Plan.

Note 1. Description of the Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's allocation of (a) the Companies' safe harbor matching contributions, (b) the Companies' discretionary contributions, (c) the participant's contribution and (d) Plan earnings less an allocation of investment and operating expenses charged to the Plan. The Companies' discretionary contributions are based upon the ratio that each eligible participant's compensation bears to the total compensation of all eligible participants.

Vesting

Participants are 100% vested in their contributions, employer safe harbor matching contributions and earnings on such contributions. Participants become vested in their Companies' discretionary profit sharing contribution account and any earnings on the profit sharing contributions as follows:

Periods of Service For Vesting	Percent Vested
Less than two years	0%
Two years but less than three	20%
Three years but less than four	40%
Four years but less than five	60%
Five years but less than six	80%
Six or more years	100%

Forfeitures

Amounts forfeited from terminating participants' non-vested portion of their employer discretionary profit sharing contribution and earnings on those Employer contributions are used to reduce future Employer contributions. As of December 31, 2012 and 2011 there were no forfeitures available, and no forfeitures were used during the year ended December 31, 2012.

Payment of Benefits

Retired or terminated participants receive the vested portion of their Companies' discretionary profit sharing contributions and earnings on these Companies' contributions and 100% of their Companies' safe harbor matching contributions and their pre-tax contribution as soon as administratively possible following retirement, termination or upon becoming disabled. The Plan permits a terminated participant with vested account balances greater than $5,000 to defer commencement of the payment of benefits until the later of election to receive benefits or age 65.

Note 1. Description of the Plan (continued)

Safe Harbor Election

The Plan has elected to be a Safe Harbor Plan according to IRC regulations. Accordingly, the Plan must meet certain requirements relating to employer contributions and investing schedules and meet the applicable "Safe Harbor" requirements. If the Plan meets the "Safe Harbor" requirements it is not subject to the ADP or ACP discrimination tests required by the IRC.

Plan Administrative Expenses

The Company provides or pays for certain accounting, legal, administrative and management services without charge to the Plan.

Pooled Separate Accounts

The Plan has entered into a contract with Hartford Life Insurance Company whereby the assets under the contract are pooled with those of other investors in separate accounts. The Plan owns units of participation in the fair value of the account's underlying assets. Hartford Life Insurance Company does not own the underlying assets, but only holds them in trust for the participating plans.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America and present the net assets available for benefits and the changes in those net assets.

Contribution Funding

The Companies fund the participant contributions and Companies' safe harbor matching contributions on a consistent basis following the issuance of each Company's payroll. Discretionary profit sharing contributions, if any, are funded subsequent to year end.

Valuation of Investments

All investments are carried at fair value or an approximation of fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is accrued as earned.

Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Note 2. Summary of Significant Accounting Policies (continued)

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must be repaid at a fixed interest rate which is commensurate with local prevailing rates as determined by the Plan. Generally, loans must be repaid within five years, unless the loan was for the purchase of a principal residence. In this case, the repayment period may be extended. Principal and interest is paid ratably through payroll deductions. Delinquent or defaulted notes receivables from participants are written off as "deemed" distributions at the end of the quarter following the quarter in which the default occurs.

The Plan classifies participant loans as notes receivable from participants in the statements of net assets available for benefits and measures them at their unpaid principal balance plus any accrued interest.

Subsequent Events

Subsequent events have been evaluated through August 13, 2013, the date the financial statements were available for issuance.

Note 3. Investments

At December 31, 2012 and 2011 the following presents investments that represent 5% or more of the Plan's net assets:

	December 31,	
	2012	**2011**
Pooled separate accounts		
Blackrock Lifepath 2020	$ 151,617	$ 144,214
Blackrock Lifepath 2030	$ 42,798	$ 26,855
Blackrock Lifepath 2040	$ 234,730	$ 171,771
Blackrock Lifepath 2050	$ 120,750	$ 78,841

Note 3. Investments (continued)

During the year ended December 31, 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by investment type as follows:

	Year Ended December 31, 2012
Pooled separate accounts	$ 58,568

Note 4. Information Certified by the Investment Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for the year ended December 31, 2012. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information as of and for the year ended December 31, 2012 certified by Hartford Life Insurance Company, the custodian of the Plan, as complete and accurate, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule:

a) Investments

	(Certified) December 31, 2012	(Not Certified) December 31, 2011
Pooled separate accounts	$ 585,025	$ 447,049
b) Notes receivable from participants*	$ 43,046	$ 62,138

**The notes receivable from participants are participant loans allowed under the related regulations. They are included as investments on the supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA*

c) Other additions and investment income

	(Certified) Year Ended December 31, 2012
Interest income on notes receivable from participants	$ 2,140
Net appreciation in fair value of investments	$ 58,568

d) Supplemental Schedule:
Schedule H, Line 4i – Schedule of Assets (Held At End of Year)

Note 5. Fair Value Measurements

Fair value measurements are based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means;

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2012 and 2011.

Pooled separate accounts: These investments are public investment securities valued using the Net Asset Value ("NAV") provided by the investment custodian. The NAV is quoted on a private market that is not active; however, the unit price is based on the underlying investments. A majority of the investments held by each fund are traded on an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5. Fair Value Measurements (continued)

The following are the Plan's financial instruments carried at fair value categorized by the fair value hierarchy as of December 31, 2012 and 2011:

As of December 31, 2012 and 2011, there were no unfunded commitments. All investments can be redeemed daily and have no redemption notice period. Before you can transfer any assets held in the fixed account to the JP Morgan Prime Money Market fund, or to any other competing fund applicable to the Plan, you must first transfer the funds into a non-competing investment option for at least 90 days. No other redemption restrictions were noted for the investments in the Plan as of December 31, 2012 and 2011.

The following additional information presents the fund strategy relative to Plan investments reported on net asset value at December 31, 2012 and 2011:

(a) Target date portfolios provide a diversified exposure to stocks, bonds, and cash for those investors who have a specific date in for retirement or another goal. These portfolios aim to provide investors with an optimal level of return and risk, based solely on the target date. Over time, management adjusts the allocation among asset classes to more conservative mixes as the target date approaches.

(b) Intermediate term bond funds have average durations that are greater than 3.5 years and less than six years. Most of the funds rotate among a variety of sectors in the bond market, based upon which appear to offer better values. Whatever types of bonds they hold, these funds are less sensitive to interest rates, and therefore less volatile, than funds that have longer durations.

Note 5. Fair Value Measurements (continued)

(c) Inflation-protected bond portfolios invest primarily in debt securities that adjust their principal values in line with the rate of inflation. These bonds can be issued by any organization, by the U.S. Treasury is currently the largest issuer of these types of securities.

(d) Emerging markets bond funds invest more than 65% of their assets in foreign bonds from developing countries. These bonds are typically dollar denominated, although there are developing local currency markets. The largest portion of the emerging-markets bond market comes from Latin America, followed by Eastern Europe. Africa, the Middle East, and Asia make up the rest. Regardless of their strategy, the funds in this category are extremely volatile.

(e) High yield bond funds concentrate on lower-quality bonds. Because such bonds are riskier than those of higher-quality companies, they offer higher coupons to attract investors. Therefore, these funds generally offer higher yields than other types of funds--but they are also more vulnerable to economic and credit risk. While defaults have been rare lately, these funds can suffer losses from recessions and bankruptcies.

(f) Foreign large-growth funds focus on high-priced growth stocks, mainly outside of the United States. Most of these funds divide their assets among a dozen or more developed markets, including Japan, Britain, France, and Germany. They tend to invest the rest in emerging markets such as Hong Kong, Brazil, Mexico and Thailand. These funds typically will have less than 20% of assets invested in U.S. stocks.

(g) Diversified emerging-markets funds invest at least 50% of stock assets in developing nations. Most funds divide their assets among 20 or more nations, although they tend to focus on the emerging markets of Asia and Latin America rather than on those of the Middle East, Africa, or Europe. Thus, popular destinations include Hong Kong, Korea, Mexico, and Brazil. Whatever their favorite nations, all these funds have the potential for large price swings.

(h) Large blend funds have portfolios that are fairly representative of the overall stock market in both size, growth rates, and price. They tend to invest across the spectrum of U.S. industries and owing to their broad exposure, the funds returns are often similar to those of the S&P 500 Index.

(i) Large value funds focus on big companies that are less expensive or growing more slowly than other large-cap stocks. These funds often feature investments in energy, financial, or manufacturing sectors.

(j) Large growth funds invest in big companies that are projected to grow faster than other large-cap stocks. Most of these funds focus on companies in rapidly expanding industries.

(k) The typical mid cap blend fund invests in stocks of various sizes and mixed characteristics, giving it a middle-of-the-road profile. Most shy away from high-priced growth stocks, but aren't so price-conscious that they land in value territory.

Note 5. Fair Value Measurements (continued)

(l) Money market funds invest in high quality, short-term money market instruments which are issued and payable in US dollars. This includes high quality commercial paper, floating and variable rate demand notes, debt securities guaranteed by qualified banks, securities issued by the US government or its agencies, asset-backed securities, and repurchase agreements.

(m) Specialty precious metals funds focus on mining stocks, though some do own small amounts of gold bullion. Most funds concentrate on gold-mining stocks, but some have significant exposure to silver-, platinum-, and base-metal-mining stocks as well. Precious-metals companies are typically based in North America, Australia, or South Africa. As a result, these funds vary in their regional weightings. Whatever their geographic exposure, though, all of these funds are extremely risky.

(n) Small value funds invest in small-caps with valuations and growth rates below other small-cap peers. They tend to invest in manufacturing, financial, and energy sectors.

(o) Small blend funds favor firms at the smaller end of the market-capitalization range, and are flexible in the types of small caps they buy. Some aim to own an array of value and growth stocks while others employ a discipline that leads to holdings with valuations and growth rates close to the small-cap averages.

(p) Small growth funds focus on faster-growing companies whose shares are at the lower end of the market-capitalization range. These funds tend to favor companies in up-and-coming industries or young firms in their early growth stages. As a result, the category tends to move in sync with the market for initial public offerings. Many of these funds invest in the technology, health-care, and services sectors. Because these businesses are fast-growing and often richly valued, their stocks tend to be volatile.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of any termination of the Plan or upon complete or partial discontinuance of contributions, the accounts of each affected participant shall become fully vested.

Note 8. Tax Status

The Plan adopted a volume submitter plan that obtained a favorable opinion letter on March 31, 2008 from the Internal Revenue Service stating that the volume submitter plan document as then designed was in compliance with the applicable requirements of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

Note 9. Party-In-Interest Transactions

Certain Plan investments are units in pooled separate accounts which are managed by Hartford Life Insurance Company. Hartford Life Insurance Company is the custodian as defined by the Plan. These transactions qualify as party-in-interest transactions for which there is a statutory exemption.

The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations. These transactions also qualify as party-in-interest transactions for which there is a statutory exemption.

Note 10. Prohibited Transactions

The plan sponsor inadvertently failed to deposit $20,456 of participant deferrals and $11,875 of loan repayments for the year ended December 31, 2012 within the required timeframe as stated by the U.S. Department of Labor ("DOL"). These deferrals and loan repayments were deposited, beyond the earliest expected date on which assets could be segregated from the employer's assets. The DOL considers late deposits to be prohibited transactions. The plan sponsor is required to file Form 5330 and pay the excise tax relating to the prohibited transaction from the plan sponsor's assets and not from assets of the Plan, in addition to calculating the lost earnings on these deferrals and loan repayments. The plan sponsor has calculated and deposited lost earnings for the late remittances relating to the 2012 Plan year.

Effective January 1, 2013 - Role of MassMutual

Massachusetts Mutual Life Insurance Company (together, with its affiliates, "MassMutual") acquired The Hartford's retirement plans business effective January 1, 2013. In connection with the acquisition, The Hartford appointed MassMutual to provide all of administrative services necessary to support your plan's contract. In this role, MassMutual receives all charges, fees and compensation – both direct and indirect – as payable to The Hartford for the services provided to your plan under the packaged retirement services programs. Additionally, MassMutual and its affiliates are responsible for marketing and selling the retirement plan services programs and for paying sales commissions and other compensation to Financial Intermediaries for sales and marketing activities related to the retirement plan services programs.

For Form 5500 Schedule C reporting purposes, all Direct Compensation items (e.g., fees distributed from participant accounts) plus certain Indirect Compensation items (e.g., sales commissions) are reported on a Plan Year basis, and all remaining Indirect Compensation items (e.g., revenue sharing) are reported on a Calendar Year basis. As a result, if your 2012 Plan Year is an off-calendar year Plan Year (e.g., July 1, 2012 - June 30, 2013) certain of your Plan's Schedule C information may list multiple entities as payors or payees of Direct and Indirect Compensation.

Massachusetts Mutual Life Insurance Company: EIN 04-1590850

MassMutual Retirement Services, LLC (formerly Hartford Retirement Services, LLC): EIN 26-1589907

Hartford Life Insurance Company: EIN 06-0974148

Hartford Securities Distribution Company, Inc.: EIN 06-1408044

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator ("you") in completing the Form 5500 Schedule C[1] by identifying different types of compensation paid with respect to the Hartford product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2012 - 12/31/2012 and indirect compensation is presented on a calendar year basis ending 12/31/2012.

This report includes compensation actually paid to or by the Hartford within the indicated plan year as part of your Hartford product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your Hartford customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than Hartford). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our Hartford product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your Hartford Service Team should you require additional information regarding the compensation paid to or by Hartford with respect to your plan.

****

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

[1] Please refer to the Schedule C of the Form 5500 and its instructions (available at: http://www.dol.gov/ebsa/5500main.html), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

EIN #: 33-0883203

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2012 - 12/31/2012 and indirect compensation is presented on a calendar year basis ending 12/31/2012.

For use with lines 2(h), 3(c), 3(d), 3(e)

Total Direct Compensation Paid **$624.00**

The total amount identified above reflects all fees deducted from plan assets at the plan administrator's direction for the plan year. Service providers which have received portions of these direct fees are listed below, along with the amount of fees they received. Please note that if there is a discrepancy between the total direct fees reported above and the sum of the direct fees reported below, you should contact your other service providers or your plan records to identify the recipient(s) of the fees and any other information relevant to your Schedule C filing.

Recipient: Hartford Life Insurance Company EIN: 06-0974148

Service Codes: 15, 23, 37, 38, 54, 55, 59, 60, 62, 63, 64, 65, 66, 99, 50 (if direct compensation amount reflected below)

Direct Compensation **$624.00**

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2012 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Hartford Life Insurance Company are the net result of aggregating direct compensation after the effects of adjustments processed in 2012, some of which may have pertained to prior years.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Float compensation **$1.14**

Bank accounts and investments associated with short-term investment pool, 200 Hopmeadow Road, Simsbury, CT 06089

This is an estimate based on the annual average rate of float (0.1285% for 2012) earned on the bank accounts and investments associated with the short-term investment pool for the 2012 calendar year multiplied by an estimate of the assets related to uncashed checks.* This estimate does not include float earned for any other reason (e.g., if amounts remitted to The Hartford cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding for your plan is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor. The Plan Sponsor should consult with their tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. Hartford's Code of Ethics and Business Conduct generally restricts Hartford employees from giving to or receiving gifts from customers and/or business partners having a value of over $100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including Hartford, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-Hartford parties may not be available to The Hartford.

Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in Hartford Life Insurance Company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The list includes any investment option held by the plan on at least one month end during the 2012 calendar year. To arrive at an estimate of the dollar amount that Hartford received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.
