To the Plan Administrator
FCCI Services, Inc. 401(k) Profit Sharing Plan
Sarasota, Florida

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the FCCI Services, Inc. 401(k) Profit Sharing Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Vanguard Fiduciary Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2012 and 2011, and for the years then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

The following description of the FCCI Services, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with an Internal Revenue Code 401(k) provision covering employees of FCCI Services, Inc.'s operating and administrative subsidiaries, and their divisions and affiliates (collectively, the Company or Employer). The Plan is administered by the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2011, the Plan was amended to reflect the changes required and permitted by the Heroes Earnings Assistance and Relief Tax Act of 2008. There were no significant changes to the terms of the Plan.

Eligibility

All employees of the Employer shall be eligible to become participants in the Plan with respect to elective contributions and matching contributions upon the completion of one hour of service regardless of age. Effective January 1, 2012, all employees of the Employer shall be eligible to become participants in the Plan with respect to non-elective contributions upon the completion of one hour of service regardless of age. For 2011, all employees of the Employer were eligible to become participants in the Plan with respect to non-elective contributions upon completing one year of service regardless of age. Participants must be employed by the Employer on the last day of the Plan year in order to receive non-elective contributions.

Administration of Plan Assets

Employer and participant contributions are held and managed by the trustee, which invests cash received, interest and dividend income, and makes distributions to participants. The 401(k) Administration Committee is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. Certain administrative functions are performed by officers and employees of the Company. No such officer or employee receives compensation from the Plan.

Contributions

The Plan permits voluntary participant contributions through salary reductions. Participants' maximum elective deferrals for the years ended December 31, 2012 and 2011 were $17,000 and $16,500, respectively. Other IRS limits exist for certain highly compensated employees participating in the Plan. Participants are fully vested in their voluntary contributions and related investment income. The Plan permits participants to make rollover contributions from other qualified retirement plans and permits participants to make Roth elective contributions.

The Plan also allows for participants age 50 and older to contribute additional tax-deferred contributions. The catch-up contributions are subject to the IRS limit of $5,500 for both 2012 and 2011.

The Plan permits the Company to make both discretionary matching contributions and discretionary profit sharing contributions. The discretionary matching contribution during the years ended December 31, 2012 and 2011 equaled 50% of the participant's voluntary contribution, up to the first 4% of the participant's compensation, as defined. All contributions made by the Company are determined annually by the Board of Directors.

Discretionary profit sharing contributions, discretionary matching contributions, and investment earnings or losses are allocated proportionately among participants based upon compensation, voluntary participant contributions, and individual account balances, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution (including rollover contributions) and allocations of (a) the Company's contribution, (b) Plan earnings, and (c) interest income on the participant's outstanding loan balance, if any. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested balance. The loans are secured by the balance in the participants' account and bear interest of rates that range from 4.25% to 9.50%. Loans must be repaid within five years, except principal residence loans which may not exceed fifteen years, to the participant's account with interest. Repayments are made through bi-weekly payroll deductions. Upon termination of employment, the unpaid principal and accrued interest on a participant loan is due within 60 days of termination.

Payment of Benefits

Benefit payments are made based upon a participant's vested account balance. Benefit payments are payable upon reaching 59½ years of age, termination, retirement, death, disability, or serious financial hardship. Retirement is defined as reaching the later of age 65 and 5 years of service (normal retirement) or the later of age 55 and 10 years of service (early retirement). Benefit payments are made in the form of a lump-sum payment. The Plan also permits participants receiving distributions to make direct rollover contributions to another qualified retirement plan. Vested account balances of $1,000 or less at the time of termination will automatically be paid out as a lump sum.

Forfeitures and Vesting

Participants do not vest in the Company's contributions and earnings thereon until completing three years of service with the Company. After three years of service, participants become fully vested. Amounts forfeited by participants whose employment terminates prior to full vesting are utilized to reduce the Company's contributions for the Plan year. During the 2012 and 2011 Plan years, forfeitures of $21,717 and $31,685, respectively, were used to reduce Company contributions to the Plan. Forfeiture balances available to offset Company contributions were $90,793 and $6,400 at December 31, 2012 and 2011, respectively.

Administrative Expenses

The majority of the administrative expenses of the Plan are paid by the Company. Administrative expenses recorded in the Plan pertain to loan fees paid directly by the participant.

2. Summary of Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting.

New Accounting Pronouncements

In May 2011, the FASB issued ASU 2011-04, *Fair Value Measurement: Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS.* This guidance clarifies the application of existing fair value measurement and disclosure requirements and amends certain fair value measurement principles, requirements and disclosures. Changes were made to improve consistency in global application. The guidance is to be applied prospectively for reporting periods beginning after December 15, 2011, and early adoption is not permitted. The adoption did not have a material impact to the Plan's financial statements.

Accounting Pronouncements to be Adopted

In October 2012, the FASB issued ASU No. 2012-04, Technical Corrections and Improvements ("ASU 2012-04"), which amends a wide variety of Topics in the FASB Accounting Standards Codification ("Codification" or "ASC"). The amendments in ASU No. 2012-04 represent changes to clarify the Codification, correct unintended application of guidance, or make minor improvements to the Codification that are not expected to have a significant effect on current accounting practice. Additionally, the amendments make the Codification easier to understand and the fair value measurement guidance easier to apply by eliminating inconsistencies and providing needed clarifications. Amendments in ASU 2012-04 that do not provide transition guidance were effective upon issuance for both public and nonpublic entities. For nonpublic entities, the amendments that are subject to the transition guidance will be effective for fiscal periods beginning after December 15, 2012. Amendments that are subject to the transition guidance are effective for fiscal periods beginning after December 15, 2012. The Plan is currently reviewing the provisions of ASU 2012-04, but does not expect it to have a material effect on the Plan's Net Assets Available for Benefits or its Changes in Net Assets Available for Benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians.

The Plan's investments include mutual funds, which invest in various types of investment securities and in various companies within various markets. The Plan's investments in mutual funds are stated at fair value and are valued daily at quoted market prices which represent the net asset value of shares held by the Plan at year end.

The Vanguard Retirement Savings Trust stable value fund (common/collective trust) invests primarily in guaranteed investment contracts and synthetic investment contracts with insurance companies which are fully benefit-responsive. Investment contracts held by a defined contribution plan are required to be reported at fair value. This applies even when the contracts are not held directly by the Plan but are underlying assets in common/collective trust (CCT) investments held by the Plan. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a CCT. The Statements of Net Assets Available for Benefits presents the fair value of the investment in the CCT as well as the adjustment of the investment in the CCT from fair value to contract value relating to the investment contracts. The Statements of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

The CCT is valued at the Net Asset Value ("NAV") of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. There is no restriction in place with respect to the daily redemption of the CCT and there are no unfunded commitments as of December 31, 2012 and 2011.

The Vanguard Retirement Savings Trust seeks stability of principal and a high level of current income consistent with a 2-3 year average maturity. The trust is a tax-exempt collective trust invested primarily in investment contracts issued by insurance companies and commercial banks, and similar types of fixed-principal investments.

Investment purchases and sales are accounted for on the date securities are purchased or sold. Gains and losses on investments sold are recorded at the difference between proceeds received and average cost of the investment on the trade date.

The Plan presents, in the Statements of Changes in Net Assets Available for Benefits, the net appreciation or depreciation in fair value of investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Expenses

Substantially all administrative costs related to the Plan are incurred and paid by the Company and are not reflected in the operations of the Plan. Investment advisory fees for portfolio management are deducted from fund earnings. Investment related expenses are included in net appreciation of fair value of investments. Purchase and redemption fees, if applicable, are paid by the participants investing in those funds that are subject to such fees. Participant requested services such as loan origination and distribution fees are paid by the participants.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivables from participants are measured at the unpaid principal balance plus unpaid accrued interest. Interest income is recorded on the accrual basis. The Plan classifies all notes receivable from participants with no payments received for 6 months as in default. Defaulted notes receivable from participants are deemed distributed and recorded as benefits paid to participants in the Statements of Changes in Net Assets Available for Benefits.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The plan has evaluated subsequent events through August 2, 2013, the date the financial statements were available to be issued. Except for item discussed below, there were no material recognizable subsequent events.

In 2013, an amendment was executed to allow for an automatic contribution of three percent for all employees hired on or after March 1, 2013. The automatic contribution shall increase by 1% of eligible compensation on each one year anniversary of the participant's initial date of eligibility to make contributions to the Plan, up to a maximum of 8% applicable compensation.

3. Investments

All of the Plan's investments are participant directed. Participant and Company contributions are invested in mutual funds and a common/collective trust based upon each individual participant's direction. At December 31, 2012 and 2011, the Plan's investments at fair values were as follows:

⁂ Represents 5% or more of net assets available for benefits at December 31, 2012

During the year ended December 31, 2012, the Plan's investments in mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $6,782,115. During the year ended December 31, 2011, investments in mutual funds depreciated in value by $702,306.

4. Fair Value Measurements

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Plan management periodically evaluates the significance of transfers between levels, based upon the nature of the financial instruments and size of the transfer relative to total net assets available for benefits. For the year ended December, 31, 2012 and 2011, there were no transfers between level 1 or level 2.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31:

5. Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

December 31,	2012	2011
Mutual funds	**$ 83,594,358**	$ 74,237,671
Common/collective trust at contract value	**$ 3,548,889**	$ 3,773,678
Notes receivable from participants	**$ 2,059,090**	$ 1,661,479

Years Ended December 31,	2012	2011
Interest and dividends	**$ 1,988,633**	$ 1,719,933
Net appreciation (depreciation) in fair value of investments	**$ 6,782,115**	$ (702,306)

The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information with the related information included in the financial statements and supplemental schedule.

6. Transactions with Parties-In-Interest

Certain plan investments are shares of mutual funds and a common/collective trust fund managed by Vanguard Fiduciary Trust Company ("Vanguard"). Vanguard is the trustee as defined by the plan and therefore, these transactions qualify as party-in-interest transactions.

7. Tax Status

The Plan obtained its latest determination letter on November 28, 2008, in which the Internal Revenue Service stated the Plans, as then designed, were in compliance with the applicable requirements of the IRC. The Plan has submitted to the IRS application for a new determination letter dated January 31, 2013, however, no new determination letter has been received. The Plan has been amended since receiving the latest determination letter and the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes is included in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2009.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions and earnings thereon.

9. Risks and Securities Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. Reconciliation of Financial Statements to Form 5500

As of December 31, 2012 and 2011, the common/collective trust fund is shown at contract value in the Form 5500.
