**Report of Independent Auditors**

To the Plan Administrator of
Hughes Circuits 401(k) Plan
San Marcos, CA

We were engaged to audit the accompanying financial statements of Hughes Circuits 401(k) Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2012, and the related statements of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements, and the supplemental schedule of assets (held at end of year)

**Management's Responsibility for the Financial Statements**

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on conducting our audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

**Basis for Disclaimer of Opinion**

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information detailed in Note 8, which was certified by PAi Trust Company ("PAi), the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2012, that the information provided to the plan administrator by the trustee is complete and accurate.

**Disclaimer of Opinion**

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

**Other Matter- Supplemental Schedules**

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule of Assets (Held at Year End), which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

**Report on Form and Content in Compliance with DOL Rules and Regulations**

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

**Other Matter- 2011 Financial Statements**

The financial statements of the Plan as of December 31, 2011 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed the other auditors not to perform, and they did not perform any auditing procedures with respect to the information certified by PAi, the trustee of the Plan. Their report, dated June 11, 2012, indicated that (a) because of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the Trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

**HUGHES CIRCUITS 401(K) PLAN**
**Notes to Financial Statements**
**December 31, 2012**

**Note 1 - Description of Plan**

The following description of the Hughes Circuits 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan covering all full-time employees of the Company who have worked 1 year or 1,000 hours and are age eighteen or older. Participants may participate the beginning of the quarter following eligibility. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions**

Participants may contribute up to 100% of their compensation into the Plan subject to certain anti-discrimination tests and up to the maximum allowable Internal Revenue Service contribution for the year including the catch-up contribution for those participants who are age 50 or over.

The Plan sponsor has adopted the safe harbor matching provision whereby eligible participants receive 100% of applicable employee deferrals up to 4% of employee compensation for the plan year. Eligibility for safe harbor matching contributions is the same as for deferrals.

The Plan also permits the plan sponsor to make discretionary profit sharing contributions. Eligibility for profit sharing contributions is the same as for deferrals and matching contributions. For 2012, the plan sponsor elected to forego a profit sharing contribution.

**Participant accounts**

All of the Plan's assets are invested, as directed by the participant, as pooled funds. A participant's account balance in the Plan is derived through an allocation of these funds. Each participant's account is credited with the participant's contribution, plan sponsor contributions, and an allocation of investment earnings and losses pursuant to the participant's selection of investments and timing of purchase.

**Investment options**

Upon enrollment in the Plan, participants may direct the custodian of the Plan as to the investment of their account balances in accordance with guidelines established by the Plan. The Plan currently offers 14 mutual funds and one money market fund as investment options for participants.

**Forfeitures**

Forfeitures are used to reduce company contributions or to pay plan expenses. At December 31, 2012, there were no forfeitures available to offset plan sponsor contributions or to pay plan expenses.

**Participant Loans**

Participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. Loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates as determined annually. Principal and interest are paid ratably through payroll deductions.

**HUGHES CIRCUITS 401(K) PLAN**
**Notes to Financial Statements**
**December 31, 2012**

**Note 1 - Description of Plan (continued)**

**Vesting**

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is immediate at 100% under safe harbor requirements. Discretionary profit sharing contributions are based on years of service according to the following schedule:

| Years of Service | Vesting Percentage |
|---|---|
| 0-3 | 0% |
| 3 or more | 100% |

**Payment of benefits**

The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, death, disability, or termination of employment. In-service distributions are also available for participants. Participants who qualify for retirement benefits and withdrawals will receive their benefits in the form of lump sum. The benefit to which a participant is entitled is the benefit that can be provided directly from the participant's vested account balance. Participants who separate from service and have vested account balances of $1,000 or less are subject to a lump-sum administrative distribution at the discretion of the plan administrator. Participants who separate from service with balances more than $1,000 but less than $5000 are subject to an administrative distribution in the form of a rollover to an individual retirement account.

**Note 2 - Summary of Accounting Policies**

**Basis of accounting**

The financial statements of the Plan are prepared using the accrual method of accounting.

**Investment valuation and income recognition**

Investments are reported at fair value as determined by the plan custodian (see note 8). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

**Participant loan receivables**

Participant loan receivables are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Interest income on participant loan receivables is recognized in the period in which it is earned and is recorded as interest income on the statements of changes in net assets available for benefits.

**Payment of benefits**

Benefits are recorded when paid.

**Expenses**

Substantially all administrative expenses are paid by the Company. Certain transaction fees are paid by the Plan.

**Note 2 - Summary of Accounting Policies (continued)**

**Use of estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

**Credit risk**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**Note 3 - Fair Value Measurements**

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

| | |
|---|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include<br>• quoted prices for similar assets or liabilities in active markets;<br>• quoted prices for identical or similar assets or liabilities in inactive markets;<br>• inputs other than quoted prices that are observable for the asset or liability;<br>• inputs that are derived principally from or corroborated by observable market data by correlation or other means.<br><br>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012.

*Money and Mutual Funds*: Valued at market quoted net asset values of the shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Note 4 – Investments (continued)**

During the year ended December 31, 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held, during the year) appreciated in value by $70,310.

**Note 5 – Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

**Note 6 – Tax Status**

The Plan is a standardized prototype plan sponsored by the Trustee. The Internal Revenue Service has determined and informed the Trustee by a letter dated March 31, 2008, that the Plan and related trust, as then designed, were in compliance with applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2012, no uncertain positions are taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

**Note 7 – Party-In-Interest Transactions**

Since the inception of the Plan, the plan sponsor has absorbed some of the administrative expenses of operating the Plan.

PAi Trust Company ("PAi") serves as the custodian of the Plan's assets. All transactions with PAi qualify as party-in-interest transactions.

Fees paid by the plan for investment management services are included in net appreciation in fair value of investment.

**Note 8 – Financial Information Certified by the Custodian of the Plan**

Information regarding the statement of transactions and list of securities, which is included in the Plan's financial statements and supplemental financial schedules, was prepared by the custodian of the Plan. The custodian of the Plan has certified that it is complete and accurate.
