Notes to Financial Statements
July 9, 2013 and December 31, 2012

NOTE A - PLAN DESCRIPTION

The following description of the Newport Television 401(k) Plan (the Plan) provides only general information. The Plan, established April 15, 2008, is a defined contribution plan covering all eligible employees of Newport Television LLC and its subsidiaries and its affiliate, High Plains Broadcasting Inc. and its subsidiaries (the Company). During 2012 and 2013, the Company sold all of its assets in a series of transactions. See Note G for information regarding the Plan's termination. The following description of the Plan is prior to the aforementioned termination. Participants should refer to the Plan agreement or summary plan description for a more complete description of the Plan's provisions.

1. *General*

The Company completed its acquisition of certain TV stations from Clear Channel Communications, Inc. on March 14, 2008. In connection with the acquisition, certain employees of the acquired stations became employees of the Company. The account balances of these employees were transferred from the Clear Channel Communications 401(k) Plan to the Newport Television 401(k) Plan in 2008.

Employees are eligible to participate upon reaching the age of 21 and having completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

2. *Contributions*

Participants may contribute up to 25% of pretax annual eligible compensation, as defined by the Plan document, up to the maximum amount allowed by the Internal Revenue Code. Highly compensated individuals, as defined by ERISA, are allowed to contribute up to 5% of pretax annual eligible compensation. The Company may make discretionary matching contributions to the Plan. The Company made no discretionary matching contributions during 2013.

3. *Vesting*

Participants are immediately vested in their contributions plus actual earnings thereon. Prior to August 2012, vesting in the Company's contribution and earnings thereon is based on years of service including years of service at Clear Channel Communications, Inc. as follows:

Years of vesting service	Vesting percentage
Less than 1	0%
1	20
2	40
3	60
4	80
5 or more	100

In August 2012, the Plan was modified and all accounts became fully vested.

4. *Participant accounts*

Each participant's account is credited with the participant's contribution, the Company's discretionary matching contribution, if any, and investment earnings (loss) on the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

5. *Investment options*

Participants may direct their accounts to be invested in any combination of the investment options offered by the Plan. The Plan does not have any nonparticipant directed investments. Participants may change their investment options at any time.

6. *Payment of benefits*

Participants are eligible to receive benefits upon retirement, disability, death, or termination of employment. Benefits and termination payments are made in the form of a lump-sum amount equal to the value of the participant's vested account. In addition, participants may elect in-service distributions, including financial hardship withdrawals, as defined by the Plan.

7. *Forfeitures*

Forfeitures are used to pay administrative expenses, reduce employer contributions or distributed to active employees based on contributions. Unallocated forfeitures were $842 at December 31, 2012. The remaining forfeitures balance of $860 was used to pay plan expenses for the period January 1, 2013 through July 9, 2013.

8. *Notes Receivable from Participants*

Participants may borrow from their accounts a minimum of $1,000 up to the maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at prevailing commercial lending interest rates. Interest rates ranged from 4.25% to 9.25% at December 31, 2012, and from 4.25% to 8.75% for the period January 1, 2013 through July 9, 2013. Principal and interest are paid through payroll deductions. The repayment period is no more than five years.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

1. *Basis of accounting*

The accompanying financial statements have been prepared using the liquidation basis of accounting for the period ended July 9, 2013 and on the ongoing plan basis under the accrual method of accounting at December 31, 2012 in accordance with accounting principles generally accepted in the United States of America.

2. *Use of estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. *Administrative expenses*

Certain administrative expenses of the Plan are paid by the Company.

4. *Investment valuation and income recognition*

The investments of the Plan are stated at fair value as determined by quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see note E for discussion of fair value measurement). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

5. *Notes Receivable from Participants*

Notes receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

6. *Payment of benefits*

Benefits are recorded when paid.

7. *Subsequent Events*

The Plan evaluated and disclosed subsequent events, if any, through August 22, 2013, which represents the date as of which financial statements were available to be issued.

NOTE C - PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by Fidelity Management Trust Company (Fidelity). Fidelity is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid to Fidelity totaled $2,108 for the period ended July 9, 2013.

NOTE D - INVESTMENTS

The following investments comprise more than 5% of the Plan's net assets as of December 31, 2012:

Spartan 500 Index Institutional Fund	$	4,579,468
Pimco Total Return Fund		4,129,686
Fidelity Retirement Money Market Fund		3,749,895
Fidelity Freedom 2010 Fund		3,397,700
Fidelity Growth Company K Fund		2,945,926
Fidelity Diversified International K Fund		2,271,618
Invesco Diversified Dividend Fund		2,170,519
Fidelity Freedom 2020 Fund		2,047,878
Morgan Stanley Institutional Mid Cap Growth Fund		1,946,495
Fidelity Freedom 2030 Fund		1,934,655

NOTE E - FAIR VALUE MEASUREMENTS

The fair value guidance provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
    - Quoted prices for similar assets or liabilities in active markets.
    - Quoted prices for identical or similar assets or liabilities in inactive markets.
    - Inputs other than quoted prices that are observable for the asset or liability.
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at July 9, 2013 and December 31, 2012.

Mutual funds: Valued at the closing market price on the balance sheet date.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different

methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments at fair value as of December 31, 2012:

NOTE F - INFORMATION CERTIFIED BY TRUSTEE

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustee has certified that the following data included in the financial statements is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of July 9, 2013 and December 31, 2012.

- Investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the period January 1, 2013 through July 9, 2013.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

NOTE G - PLAN TERMINATION

The Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Due to the sale of all Company assets in a series of transactions during 2012 and 2013, the Company adopted an amendment on April 1, 2013, to terminate the Plan. Participants were given the option to rollover their funds into their new employer's plan, withdraw their funds, or rollover their funds to an individual IRA. Any balances remaining at close of business on June 28, 2013 belonging to those participants who elected not to take any action, were rolled over to an individual third party administered IRA in the name of the participant. All assets of the Plan were distributed as of July 9, 2013.

NOTE H - INCOME TAX STATUS

The Internal Revenue Service has issued a letter dated March 31, 2008, stating the form of the Plan adopted by the Company qualifies under Section 401 of the Internal Revenue Code. The Plan has been amended since receiving the determination letter; however, the plan administrator believes that

the Plan is currently designed in compliance with applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of July 9, 2013 and December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE J - RISKS AND UNCERTAINTIES

In general, the investments provided by the Plan are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.
