Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

HARLOW-HRK SALES & MARKETING, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2012 AND 2011

1. DESCRIPTION OF PLAN

The following description of Harlow-HRK Sales & Marketing, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution savings plan established by Harlow-HRK Sales & Marketing, Inc. (the Sponsor) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participation in the Plan is entirely voluntary. An eligible employee is any person employed by Harlow-HRK Sales & Marketing, Inc. who has completed one year of continuous service, is age 21 or older and is employed on the next entry date. A year of service, for eligibility purposes, means a consecutive 12-month period in which the employee is credited with at least 1,000 hours of service. The Plan was amended effective January 1, 2012 to include Eligible Automatic Contribution Arrangement and Qualified Automatic Contribution Arrangement provisions.

Contributions - Participants may contribute up to 100% of pretax compensation, as defined in the Plan. The Sponsor will withhold an automatic deferral percentage of 6% of eligible compensation each payroll period unless a participant makes an affirmative salary deferral election. The Sponsor is required to make a safe harbor matching contribution equal to 100% of a participant's elective salary deferrals that do not exceed 1% of the participant's compensation plus 50% of the participant's elective salary deferrals between 1% and 6% of the participant's compensation. The Sponsor may, but is not required to, make discretionary matching contributions and discretionary profit sharing contributions to the Plan. Sponsor safe harbor matching contributions for the year ended December 31, 2012 were \$231,677. Sponsor discretionary matching contributions for the years ended December 31, 2012 and 2011 were \$150,971 and \$350,664, respectively. Participants direct the investment of their contributions and sponsor contributions into one or more funds currently available through the Plan.

Excess Contributions - Contributions made by certain active participants during a plan year are returned to them in order to satisfy the relevant nondiscrimination provisions of the Plan. There was no excess deferral contributions payable at December 31, 2012. Excess deferral contributions payable at December 31, 2011 and returned to participants during the year ended December 31, 2012 were \$11,681. Excess deferral contributions payable at December 31, 2010 and returned to participants during the year ended December 31, 2011 were \$18,123.

Participants' Accounts - Each participant's account is credited with its proportionate share of employee elective deferrals, the Sponsor's safe harbor matching, discretionary matching and discretionary profit sharing contributions, and the Plan's earnings. Allocations of contributions and Plan earnings are based on participants' compensation or account balances, as provided in the Plan agreement. Each participant is entitled only to the benefits that can be provided from that participant's account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Participants become fully vested in the Sponsor's safe harbor matching contributions after completing two years of service. Participants' vested interests in Sponsor discretionary matching contributions and profit sharing contributions increase from 20% after the second year of service to 100% after the sixth year.

Notes Receivable from Participants - Participants may borrow from their account up to a maximum of 50% of their total vested account balance, not to exceed \$50,000, reduced by their highest outstanding note balance during the preceding twelve months. Note transactions are treated as transfers between an investment fund and the note fund. Notes must be repaid within five years unless the purpose is to acquire, construct or reconstruct a principal residence. Each note is secured by the balance in the participant's account and bears a rate of interest of prime plus one percent. Interest rates range from 4.25% to 6.25% at December 31, 2012.

Payment of Benefits - Upon termination of employment, participants receive vested interests either in a lump-sum amount or over a period of time not exceeding the participant's life expectancy (or the life expectancy of the participant and his designated beneficiary).

Forfeiture Accounts - Forfeitures may be used to reduce the amount of any legally permitted expenses incurred in connection with the administration of the Plan which are not otherwise paid by the Sponsor or reduce the Sponsor's future matching contributions. Employer contributions were reduced by \$8,915 in 2012 and \$3,688 in 2011. Forfeited nonvested accounts at December 31, 2012 and 2011 were \$4,923 and \$8,915, respectively.

Tax Status - The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code (IRC), and, accordingly, the trust's net investment income is exempt from income taxes. The Internal Revenue Service has determined and informed the Sponsor by a letter dated March 31, 2008 that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving its acceptance under section 401 of the IRC, the plan administrator and sponsor believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Tax years 2009 and later remain open and subject to examination.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

The Plan has evaluated subsequent events through August 20, 2013, the date the financial statements were available to be issued.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures of net assets available for benefits as of the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Contracts - Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts.

The Plan has an investment in the Wells Fargo Stable Value Fund J at December 31, 2012 and 2011. This investment is not a fully benefit-responsive contract.

Investment Valuation and Income Recognition - The Plan's investments in shares of registered investment companies are stated at fair value determined using year-end market prices which represent the net asset value of shares held by the Plan. Unrealized gains or losses are allocated to participants' accounts. Security transactions are recorded on trade dates; the specific-identification method is used in computing gains or losses. Investment income is stated net of investment fees.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits - Benefits are recorded when paid.

Expenses of the Plan - The Sponsor has elected to pay certain administrative expenses of the Plan and provides administrative services at no cost to the Plan. If not paid by the Sponsor, administrative expenses become a liability and are paid out of the Plan.

Reclassifications - Certain reclassifications have been made to the 2011 financial statements in order for them to be in conformity with the 2012 presentation.

3. INVESTMENTS

The following presents investments that represent five percent or more of the Plan's net assets:

	2012	2011
American Balanced Fund	\$ 358,914	\$ 362,077
American Capital World Growth & Income Fund	444,081	358,873
American Europacific Growth Fund	351,995	284,386
JPMorgan Government Bond Fund	407,178	302,497

Wells Fargo Stable Value Fund J	793,753	916,475

The Plan's investments (including gains and losses on investments bought and sold as well as held during the year) appreciated (depreciated) in value as follows:

	2012	2011
Mutual funds	\$ 469,649	\$ (186,218)
Common/collective trust	10,445	12,051

The following information included in the Plan's financial statements and supplemental schedule as of and for the years ended December 31, 2012 and 2011 was obtained from data prepared by Charles Schwab Trust Company, the trustee of the Plan. The plan administrator has obtained certification from the trustee that such information is complete and accurate. The following represents the fair values of the investments in the separate identifiable funds administered by the trustee:

	2012	2011
Investments, at fair value	\$ 6,233,333	\$ 5,114,708
Interest and dividend income	128,932	95,434
Net appreciation (depreciation) in fair value of investments	480,094	(174,167)

4. FAIR VALUE MEASUREMENTS

The Plan's measurement of fair value for assets and liabilities are based on the framework established in the fair value accounting guidance. The framework is based on the inputs used in valuation, gives the highest priority to quoted prices in active markets, and requires that observable inputs be used in the valuations when available. The three levels of the hierarchy are as follows:

Level 1: observable inputs such as unadjusted quoted prices in active markets for identical assets or liabilities

- Level 2: inputs other than quoted prices included in active markets that are observable either directly or indirectly
- Level 3: unobservable inputs in which there is little or no market data, which requires the Plan to develop its own assumptions

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Common/collective trust: Guaranteed investment contract is valued at the amount plan participants would receive if they were to withdraw funds or transfer funds within the Plan prior to their maturity.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different valuation methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2012:

	Level 1	Level 2	Total
Mutual funds:			
Blend funds	\$ 358,914		\$ 358,914

6. RELATED PARTY AND PARTY-IN-INTEREST

7. PLAN TERMINATION

Although it has not expressed any intention to do so, the Sponsor has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.
