SHARP DECISIONS, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2012

NOTE 1 - DESCRIPTION OF PLAN

The Sharp Decisions, Inc. 401(k) Plan, (the "Plan") was established effective January 1, 1993, by Sharp Decisions, Inc., (the "Sponsor"). The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, ("ERISA").

Eligibility

The Plan is a defined contribution plan covering all employees who have completed one month of service and who attained the age of twenty-one.

Plan Contributions

Participants may elect to contribute up to 100% of pre-tax annual compensation, as defined in the Plan. The elective deferrals for any calendar year cannot exceed the annual dollar limit permitted by law. The Sponsor does not make matching contributions to the Plan. Participants may also make after-tax salary deferrals to their Roth account. In addition, a participant who is at least age 50 and who has reached a limit on their annual deferral contributions may elect to defer an additional "catch-up" contribution of $5,500 for both 2012 and 2011.

Excess Contributions

Contributions in excess of the Internal Revenue Code ("IRC") limitations are refunded to the participants in the year the corrective refund is made. During 2012, it was determined that excess contributions of $25,156 were made by participants which were refunded in 2013. For the year ended December 31, 2011, the Plan made corrective distributions of $33,138.

Participant Accounts

The Plan is a participant-directed account plan. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants' accounts are credited with participant contributions and rollovers. Plan earnings and administrative expenses are allocated based upon a participant=s account balance in proportion to the balances of all participants' accounts, as defined.

Investment Options

Contributions are invested by the ING Life Insurance and Annuity Company ("ING"), the custodian of the Plan, according to the options elected by the participants. All participant contributions are directed by the participant among the available investment options. Investment earnings are automatically reinvested into the fund or portfolio from which they were derived. The Plan provided participants with the following participant-directed investment options with ING:

NOTE 1 - DESCRIPTION OF PLAN *(Continued)*

Participant Loans - (See Note 3)

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum which is equal to the lesser of $50,000 or 50% of the participants account balance. The loans are treated as a participant directed investment and are only made for hardship and financial necessity. The loans are secured by the participant's vested funds and, except for loans used to acquire a principal residence, must have a repayment period of no greater than five years. The loans are made at a reasonable rate of interest that a bank or other professional lender would charge for making a loan in a similar circumstance. The interest rate for the loans outstanding during 2012 and 2011 ranged from 4.25% to 4.75%. Principal and interest are paid ratably through payroll deductions not less frequently than quarterly. Repayment of the entire balance is permitted at any time. All outstanding loan balances will become due and payable in their entirety upon the occurrence of a distributive event (other than satisfaction of conditions for an in-service distribution) as defined in the Plan agreement. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Investment Rollovers

Rollovers are permitted by employees who are not yet participants in the Plan. Participants are allowed to transfer or rollover funds into the plan from other qualified plans. In-kind rollovers are not permitted.

Payment of Benefits and Distributions

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in monthly, quarterly semi-annual or annual installments. Participants may elect to receive such distributions in the form of a life annuity. Hardship distributions are also permitted, but cannot exceed the amount necessary to meet the participant's financial hardship. The Plan may also elect to make involuntary distributions of amounts less than $1,000. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. A participant who receives a hardship distribution is prohibited from making contributions to the Plan for six months from the date of the distribution. Distributions from a participant's Roth account are subject to certain restrictions by law, as defined in the Plan document.

Effective May 1, 2013, the Plan was amended to include an involuntary cash out provision for all terminated employees whose vested account balance does not exceed $5,000. If the vested account balance exceeds $5,000, the terminated employee must consent to any distribution of their account. The Plan Administrator may commence distribution of a vested account without consent at the time that payments must begin under applicable federal law. Special rules apply to persons who are deemed to own more than 5% of the Sponsor.

Forfeited Accounts

These accounts are used to reduce future employer contributions. Since there have been no employer contributions into the Plan, there are no forfeited amounts to date.

NOTE 1 - DESCRIPTION OF PLAN *(Continued)*

Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. The net assets of the Plan, less any Plan expenses, would then be distributed to participants in accordance with the Plan's provisions.

Administrative Expenses

The Sponsor has elected to pay all administrative expenses incurred by the Plan except for certain transaction fees such as loan and distribution requests, which are paid by the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

As described in Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC), 972, investments are valued at the fund's net asset value reflecting all investments at fair value on the last day of the Plan year. The fund's net asset value is determined by the bank or entity sponsoring such funds by dividing the fund's net assets at fair value by its units outstanding at the valuation date.

Investment Valuation and Income Recognition

Investments are held in separate investment accounts that invest in publicly traded mutual funds and are stated at fair value as reported by the fund managers. Fair value is determined based upon quoted market prices, which represent net asset value per share. Fund transactions are accounted for on the trade date (date the securities are purchased and sold). Interest income is accounted for on the accrual basis. Dividend income is accounted for on the ex-dividend date.

Participant loans are valued at cost, which approximates fair value. The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments, which consists of realized gains and losses and the unrealized appreciation (depreciation) on those investments.

Guaranteed Interest Account

This account is valued at fair value which represents the contract value adjusted to reflect current market interest rates only to the extent that such market rates exceed crediting rates. The guaranteed interest account promises contract value for a benefit event (termination, death, disability and retirement); however there is a possible surrender charge when the funds are withdrawn prior to their maturity. Thus, the guaranteed interest account is not considered benefit responsive.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of certain assets, liabilities and disclosures of contingencies, if any, at the date of the financial statements, and the additions to and deductions from net assets available for benefits during the reporting period. Accordingly, actual results may differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined

Tax Status

The underlying standardized prototype plan has received an opinion letter from the Internal Revenue Service dated March 31, 2008, stating that the written form of the underlying prototype document is qualified under section 401(a) of the IRC, and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan has adopted the provisions of FASB ASC 740, *Accounting for Uncertainty in Income Taxes*. The standard clarifies the accounting for uncertainty in income taxes recognized in an entity's financial statements and prescribes a threshold of more-likely-than-not for recognition of tax benefits of uncertain tax positions taken or expected to be taken in a tax return. The standard also provides related guidance on measurement, derecognition, classification, interest and penalties, and disclosure. The adoption of this standard did not have an impact on the Plan's financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are no audits currently in progress. The Plan is no longer subject to income tax examinations for years prior to 2009.

Reclassifications

Certain reclassifications have been made to prior year amounts to conform with current year presentation.

Subsequent Events

The Plan has evaluated subsequent events after December 31, 2012 through August 19, 2013, the date the financial statements were available to be issued.

NOTE 5 - FAIR VALUE MEASUREMENTS

The Plan has implemented FASB ASC 820-10, *"Fair Value Measurements and* Disclosures."FASB ASC 820-10 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted observable quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Basis of Fair Value Measurement

Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.

Level 3 Prices or valuations that require inputs that are both significant to the far value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

The following tables present by level, within the fair value hierarchy the Plan investment assets at fair value, as of December 31, 2012 and 2011. As required by FASB ASC 820-10, investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

Total Plan investment assets at fair value classified within level 3 were $669,201 and $440,674, respectively as of December 31, 2012 and 2011, which consisted of an investment in a guaranteed interest account, as discussed in Note 2.

NOTE 6 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in separate investment accounts that invest in publicly traded mutual funds. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

NOTE 7 - RECONCILIATION OF FINANCIAL STATEMENT TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2012 and 2011.
