NOTE A - DESCRIPTION OF THE PLAN

The following description of the Bob Loquercio Auto Group 401(k) Plan (the Plan) provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution profit sharing and 401(k) plan covering eligible employees of Loquercio Enterprises, Inc. (d/b/a Elgin Toyota), Michael Robert Enterprises, Inc. (d/b/a Chicago Northside Toyota), Loquercio Automotive, Inc. (d/b/a Elgin Hyundai), and Loquercio Automotive South, Inc. (d/b/a Honda City) (collectively, "the Company"). Effective October 1, 2012 employees are eligible to participate upon completion of six months of service and attaining age 21. Prior to October 1, 2012 employees were eligible to participate upon completion of one year of service and attaining age 21. Employees covered by a collective bargaining agreement are not eligible to participate in the Plan. Once employees meet the eligibility requirements they are automatically enrolled in the Plan with a minimum deferral of 3% of eligible compensation, unless the employee elects not to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

The Plan is funded by voluntary contributions of participants and discretionary matching and profit sharing contributions of the Company. Participants may contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Participants may also roll over amounts representing distributions from other qualified employee benefit plans. The Company made or accrued discretionary matching contributions to the Plan amounting to $54,044 for the year ended December 31, 2012. There were no discretionary profit sharing contributions for the year ended December 31, 2012.

3. Investment Options

Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the Plan Administrator. Participants may change their investment options at any time.

NOTE A - DESCRIPTION OF PLAN (Continued)

4. Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's discretionary matching and profit sharing contributions, and an allocation of plan earnings. The Company's discretionary matching contribution is allocated based on a percentage of the participant's contribution. The Company's discretionary profit sharing contribution is allocated as of the last day of the plan year and is based on a ratio of each eligible participant's compensation to total compensation for all eligible participants. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

5. Vesting

Participants are immediately fully vested in participant and rollover contributions plus the actual earnings thereon. The portion of the participants' accounts attributable to the Company's contributions becomes 20% vested after two years of service and continues to vest at the rate of 20% for each successive year until 100% vested after six years of service. In the event of death, disability, or retirement at designated ages, participants become fully vested.

6. Payment of Benefits

On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance or a direct rollover distribution. Hardship withdrawals are also permitted by the Plan.

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants are permitted to take loans from the Plan up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are collateralized by the borrowers' respective vested account balances and bear interest at 3.25% to 5.25%. Principal and interest are paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence. Related interest income totaled $3,224 for the year ended December 31, 2012.

NOTE A - DESCRIPTION OF PLAN (Continued)

8. Administrative Expenses

Administrative expenses of the Plan are paid by the Company and the Plan. Administrative expenses paid by the Company approximated $15,300 for the year ended December 31, 2012.

9. Forfeitures

At December 31, 2012 and 2011, unallocated plan assets resulting from forfeited nonvested accounts totaled $34,321 and $18,852 , respectively. These accounts may be used to pay plan expenses, then to reduce future discretionary Company contributions. No forfeitures were used during 2012.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

Level 2 Inputs to the valuation methodology include the following:

* Quoted prices for similar assets or liabilities in active markets;
* Quoted prices for identical or similar assets or liabilities in inactive markets;
* Inputs other than quoted prices that are observable for the asset or liability;
* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the methodologies used for the Plan's investments measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate account: Valued at NAV per unit as determined by the insurance company or contract administrator. Such NAV is based on the value of the underlying assets and liabilities of the account. The investment objectives of the accounts vary and can be differentiated by the nature of their holding as disclosed below. Participants may transfer in and out of such trusts on a daily basis without any prohibitive restrictions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012 and 2011.

	Plan Investments at Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

	Plan Investments at Fair Value as of December 31, 2011			
	Level 1	Level 2	Level 3	Total
Mutual funds				
Small cap funds	$ 144,491	$ -	$ -	$ 144,491

Income fund	-	38,582	-	38,582
Investments, at fair value	$ 1,714,870	$ 38,582	$ -	$ 1,753,452

The Plan held shares of interests in a pooled separate account at December 31, 2011. There were no unfunded commitments and no redemption limitation or notice periods.

The pooled separate account invested primarily in investment grade, fixed-rate and floating-rate securities. Investments were valued at the fair value per share multiplied by the number of shares held as of the measurement date.

3. Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Unrealized gains or losses from appreciation or depreciation of investments are recognized as increases or decreases in net assets available for benefits.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

4. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

5. Payment of Benefits

Benefits are recorded when paid.

6. Accounting for Uncertainty in Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

NOTE C - INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Investments and notes receivable from participants held at December 31, 2012, net appreciation in the fair value of investments, and interest and dividends for the period from April 1, 2012 through December 31, 2012, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Reliance Trust Company, the current trustee. Investments held at December 31, 2011, net appreciation in the fair value of investments, and interest and dividends for the period from January 1, 2012 through March 31, 2012 was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Frontier Trust Company, the former trustee. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustees.

NOTE C - INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS (Continued)

The following table presents the fair value of the investments and notes receivable from participants in the Plan. Individual amounts representing more than 5% of the Plan's net assets as of December 31, 2012 and/or 2011, are separately identified.

	$ 2,137,962	$ 1,808,633

During the year ended December 31, 2012, the Plan's investments in mutual funds (including investments purchased, held and sold during the year) appreciated in value by $184,083.

NOTE D – INCOME TAX STATUS

Effective April 1, 2012, the Plan adopted a non-standardized form of a prototype plan sponsored by Automatic Data Processing. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE D – INCOME TAX STATUS (Continued)

Effective April 1, 2009 the Plan adopted a non-standardized form of a prototype plan sponsored by Ascensus, Inc. The prototype plan had received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter had been relied upon by this Plan through March 31, 2012. The Plan Administrator believes that the Plan was designed and was being operated in compliance with the applicable provision of the Internal Revenue Code through the period ending March 31, 2012.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their respective account balances.

NOTE F - MARKET RISK

The value of the Plan's investments is subject to market risk associated with potential fluctuations in the values of the underlying securities. Fluctuations in the market value of the Plan's investments could be material to the financial statements.

NOTE G - RELATED-PARTY TRANSACTIONS

Plan investments are managed by Reliance Trust Company. Reliance Trust Company is the current trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

Plan investments were managed by Frontier Trust Company for the period from January 1, 2012 through March 31, 2012. Frontier Trust Company was the custodian and trustee as defined by the Plan; therefore these transactions qualified as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

NOTE H - RECONCILIATION OF AUDITED FINANCIAL STATEMENTS TO FORM 5500

The following are reconciliations of net assets available for benefits and contributions from these financial statements to the Form 5500. The reconciliation items are a result of the fact that the 2012 and 2011 Form 5500 was prepared on the cash basis rather than the accrual basis, as required by accounting principles generally accepted in the United States of America.

	2012	2011
Net assets available for benefits - financial statements	$ 2,126,670	$ 1,806,608
Corrective contributions payable	53,837	5,190
Net assets available for benefits - Form 5500	$ 2,180,507	$ 1,811,798

	Year ended December 31, 2012
Participant contributions - financial statements	$ 342,334
Corrective contributions payable at December 31, 2012	53,837
Participant contributions - Form 5500	$ 396,171

	Year ended December 31, 2012
Benefits paid to participants - financial statements	$ 297,182
Corrective contributions payable at December 31, 2011	5,190
Benefits paid to participants - Form 5500	$ 302,372

NOTE I - PLAN AMENDMENT

The Plan was amended on April 1, 2012 in its entirety, by the adoption of a non-standardized form of a prototype plan sponsored by Automatic Data Processing. At that date, the trustee and third-party recordkeeper of the Plan changed from Frontier Trust Company and Ascensus, Inc. to Reliance Trust Company and Automatic Data Processing. Plan guidelines were largely unaffected by the change in service provider. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

Effective October 1, 2012 the Plan was amended to reduce the service requirement for eligibility from one year to six months.

NOTE J - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through July 31, 2013, the date that these financial statements were available to be issued. Plan management has determined that no events or transactions have occurred subsequent to the statement of net assets available for benefits date that require disclosure in the financial statements.

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Bob Loquercio Auto Group 401(k) Plan (the Plan) provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution profit sharing and 401(k) plan covering eligible employees of Loquercio Enterprises, Inc. (d/b/a Elgin Toyota), Michael Robert Enterprises, Inc. (d/b/a Chicago Northside Toyota), Loquercio Automotive, Inc. (d/b/a Elgin Hyundai), and Loquercio Automotive South, Inc. (d/b/a Honda City) (collectively, "the Company"). Effective October 1, 2012 employees are eligible to participate upon completion of six months of service and attaining age 21. Prior to October 1, 2012 employees were eligible to participate upon completion of one year of service and attaining age 21. Employees covered by a collective bargaining agreement are not eligible to participate in the Plan. Once employees meet the eligibility requirements they are automatically enrolled in the Plan with a minimum deferral of 3% of eligible compensation, unless the employee elects not to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions

The Plan is funded by voluntary contributions of participants and discretionary matching and profit sharing contributions of the Company. Participants may contribute to the Plan, through regular payroll deductions, an amount subject to limitations imposed by the Internal Revenue Code. Participants may also roll over amounts representing distributions from other qualified employee benefit plans. The Company made or accrued discretionary matching contributions to the Plan amounting to $54,044 for the year ended December 31, 2012. There were no discretionary profit sharing contributions for the year ended December 31, 2012.

3. Investment Options

Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment funds made available and determined by the Plan Administrator. Participants may change their investment options at any time.

NOTE A - DESCRIPTION OF PLAN (Continued)

4. Participant Accounts

Each participant's account is credited with the participant's contribution, an allocation of the Company's discretionary matching and profit sharing contributions, and an allocation of plan earnings. The Company's discretionary matching contribution is allocated based on a percentage of the participant's contribution. The Company's discretionary profit sharing contribution is allocated as of the last day of the plan year and is based on a ratio of each eligible participant's compensation to total compensation for all eligible participants. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

5. Vesting

Participants are immediately fully vested in participant and rollover contributions plus the actual earnings thereon. The portion of the participants' accounts attributable to the Company's contributions becomes 20% vested after two years of service and continues to vest at the rate of 20% for each successive year until 100% vested after six years of service. In the event of death, disability, or retirement at designated ages, participants become fully vested.

6. Payment of Benefits

On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance or a direct rollover distribution. Hardship withdrawals are also permitted by the Plan.

7. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants are permitted to take loans from the Plan up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are collateralized by the borrowers' respective vested account balances and bear interest at 3.25% to 5.25%. Principal and interest are paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence. Related interest income totaled $3,224 for the year ended December 31, 2012.

NOTE A - DESCRIPTION OF PLAN (Continued)

8. Administrative Expenses

Administrative expenses of the Plan are paid by the Company and the Plan. Administrative expenses paid by the Company approximated $15,300 for the year ended December 31, 2012.

9. Forfeitures

At December 31, 2012 and 2011, unallocated plan assets resulting from forfeited nonvested accounts totaled $34,321 and $18,852 , respectively. These accounts may be used to pay plan expenses, then to reduce future discretionary Company contributions. No forfeitures were used during 2012.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. Fair Value Measurements

Current accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

Level 2 Inputs to the valuation methodology include the following:

* Quoted prices for similar assets or liabilities in active markets;
* Quoted prices for identical or similar assets or liabilities in inactive markets;
* Inputs other than quoted prices that are observable for the asset or liability;
* Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the methodologies used for the Plan's investments measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate account: Valued at NAV per unit as determined by the insurance company or contract administrator. Such NAV is based on the value of the underlying assets and liabilities of the account. The investment objectives of the accounts vary and can be differentiated by the nature of their holding as disclosed below. Participants may transfer in and out of such trusts on a daily basis without any prohibitive restrictions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

2. Fair Value Measurements (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012 and 2011.

	Plan Investments at Fair Value as of December 31, 2012			
	Level 1	Level 2	Level 3	Total

Income fund	-	38,582	-	38,582
Investments, at fair value	$ 1,714,870	$ 38,582	$ -	$ 1,753,452

The Plan held shares of interests in a pooled separate account at December 31, 2011. There were no unfunded commitments and no redemption limitation or notice periods.

The pooled separate account invested primarily in investment grade, fixed-rate and floating-rate securities. Investments were valued at the fair value per share multiplied by the number of shares held as of the measurement date.

3. Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Unrealized gains or losses from appreciation or depreciation of investments are recognized as increases or decreases in net assets available for benefits.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

4. Use of Estimates

In preparing the Plan's financial statements, management is required to make estimates and assumptions that affect the reported amounts of net assets, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

5. Payment of Benefits

Benefits are recorded when paid.

6. Accounting for Uncertainty in Income Taxes

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

NOTE C - INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Investments and notes receivable from participants held at December 31, 2012, net appreciation in the fair value of investments, and interest and dividends for the period from April 1, 2012 through December 31, 2012, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Reliance Trust Company, the current trustee. Investments held at December 31, 2011, net appreciation in the fair value of investments, and interest and dividends for the period from January 1, 2012 through March 31, 2012 was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Frontier Trust Company, the former trustee. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the trustees.

NOTE C - INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS (Continued)

The following table presents the fair value of the investments and notes receivable from participants in the Plan. Individual amounts representing more than 5% of the Plan's net assets as of December 31, 2012 and/or 2011, are separately identified.

During the year ended December 31, 2012, the Plan's investments in mutual funds (including investments purchased, held and sold during the year) appreciated in value by $184,083.

NOTE D – INCOME TAX STATUS

Effective April 1, 2012, the Plan adopted a non-standardized form of a prototype plan sponsored by Automatic Data Processing. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

NOTE D – INCOME TAX STATUS (Continued)

Effective April 1, 2009 the Plan adopted a non-standardized form of a prototype plan sponsored by Ascensus, Inc. The prototype plan had received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter had been relied upon by this Plan through March 31, 2012. The Plan Administrator believes that the Plan was designed and was being operated in compliance with the applicable provision of the Internal Revenue Code through the period ending March 31, 2012.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their respective account balances.

NOTE F - MARKET RISK

The value of the Plan's investments is subject to market risk associated with potential fluctuations in the values of the underlying securities. Fluctuations in the market value of the Plan's investments could be material to the financial statements.

NOTE G - RELATED-PARTY TRANSACTIONS

Plan investments are managed by Reliance Trust Company. Reliance Trust Company is the current trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

Plan investments were managed by Frontier Trust Company for the period from January 1, 2012 through March 31, 2012. Frontier Trust Company was the custodian and trustee as defined by the Plan; therefore these transactions qualified as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each investment.

NOTE H - RECONCILIATION OF AUDITED FINANCIAL STATEMENTS TO FORM 5500

The following are reconciliations of net assets available for benefits and contributions from these financial statements to the Form 5500. The reconciliation items are a result of the fact that the 2012 and 2011 Form 5500 was prepared on the cash basis rather than the accrual basis, as required by accounting principles generally accepted in the United States of America.

	2012	2011
Net assets available for benefits - financial statements	$ 2,126,670	$ 1,806,608
Corrective contributions payable	53,837	5,190

Participant contributions - financial statements	$ 342,334
Corrective contributions payable at December 31, 2012	53,837
Participant contributions - Form 5500	$ 396,171

	Year ended December 31, 2012
Benefits paid to participants - financial statements	$ 297,182
Corrective contributions payable at December 31, 2011	5,190
Benefits paid to participants - Form 5500	$ 302,372

NOTE I - PLAN AMENDMENT

The Plan was amended on April 1, 2012 in its entirety, by the adoption of a non-standardized form of a prototype plan sponsored by Automatic Data Processing. At that date, the trustee and third-party recordkeeper of the Plan changed from Frontier Trust Company and Ascensus, Inc. to Reliance Trust Company and Automatic Data Processing. Plan guidelines were largely unaffected by the change in service provider. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

Effective October 1, 2012 the Plan was amended to reduce the service requirement for eligibility from one year to six months.

NOTE J - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through July 31, 2013, the date that these financial statements were available to be issued. Plan management has determined that no events or transactions have occurred subsequent to the statement of net assets available for benefits date that require disclosure in the financial statements.
