Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes E, F, and G, which was certified by MG Trust Company, LLC and CMFG Life Insurance Company, the custodians of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the custodians as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the custodians is complete and accurate.

A Description of Plan.

The following description of the Sooper Credit Union 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1 **General.** The Plan is a defined contribution plan consisting of a 401(k) Plan and a Profit Sharing Plan. The Plan covers all full-time employees of the Company who have completed three months of service. An employee must be employed on the last day of the Plan year in order to be eligible to receive the Company's discretionary annual profit sharing contribution. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2 **Contributions.**

Profit Sharing Plan: Each year, it is at the discretion of the Company's Board of Directors to determine the amount of contribution.

401(k) Plan: Each year, participants may contribute up to the amount allowed by law of pretax annual compensation, as defined in the Plan. For the years ended December 31, 2012 and 2011, the amount was $17,000 and $16,500, respectively. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan is a Safe Harbor Plan and requires the Company to match 100% of the first 3%, and 50% of the next 3%, but not in excess of 6% of the participant's base compensation contributed by the participants to the Plan. Additional amounts may be contributed at the option of the Company's Board of Directors. Contributions are subject to certain limitations.

3 **Participant Accounts.** Each participant's account is credited with the allocation of (a) the participant's contribution, (b) the Company's contribution, (c) Plan earnings, (d) participant rollovers, and (e) forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings and years of service or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4 **Vesting.** Participants are immediately vested in their contributions plus actual earnings thereon. The participants are 100% vested in the Company's matching 401(k) contributions due to the Safe Harbor election. Participants are 100% vested in the discretionary profit sharing and non-safe harbor matching contributions after three years of credited service.

5 **Investment Options.** Upon enrollment in the Plan, contributions will be allocated between accounts as directed by the participant in accordance with the investment allocation form provided by the employer. Participants may change their investment options at any time.

A Description of Plan. (Continued)

6 **Participant Notes Receivable.** Participants may borrow from their fund accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes fund. Loan terms range from 1-5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the Wall Street Journal prime rate plus 1%. Principal and interest is paid ratably through payroll deductions.

7 **Payment of Benefits.** Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments as required by minimum distribution rules. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

8 **Administrative Expenses.** Certain expenses of maintaining the Plan are paid directly by the Company. Loan administration fees are charged directly to the participant's account and are included in Administrative Expenses. Administrative Expenses paid-out of Plan assets for the years ended December 31, 2012 and 2011, were $35,564 and $33,974, respectively.

9 **Forfeited Accounts.** At December 31, 2012 and 2011, there was no balance in the Plan's forfeitures account, since participants are 100% vested in the Company's matching 401(k) Safe Harbor contributions. Forfeitures attributable to amounts other than employer matching contributions will be used to pay Plan administrative expenses or reduce any future employer contributions.

B Summary of Accounting Policies.

1 **Basis of Accounting.** The financial statements of the Plan are prepared using the accrual basis of accounting.

2 **Estimates.** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

B Summary of Accounting Policies. (Continued)

3 **Subsequent Events.** In preparing its financial statements, the Company has evaluated subsequent events through August 14, 2013, which is the date the financial statements were available to be issued. The Company has not identified any material subsequent events that require reporting or disclosure.

4 **Investment Valuation and Income Recognition.** The investments of all of the funds, except the Fully Benefit-Responsive Investment Contract, are presented at fair value based on the quoted market prices of the underlying securities within each fund at December 31, 2012 and 2011. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Fully Benefit-Responsive Investment Contract is reported at fair value and adjusted to contract value. Contract value represents the accumulated contributions plus accrued net earnings less distributions.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and (losses) on investments bought and sold, as well as held, during the year.

5 **Payment of Benefits.** Benefits are recorded when paid.

6 **Participant Notes Receivable.** Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent loans may be reclassified as distributions based upon the terms of the Plan document.

C Plan Termination.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

D Fair Value Measurements.

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels, and all of the Plan's investments are valued using inputs considered Level 1, Level 2, and Level 3.

Level 1 Fair Value Measurements.

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of mutual funds are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements.

The fair value of the common/collective trust is based on quoted net asset values of similar assets in active markets at year-end.

Level 3 Fair Value Measurements.

The fair value of the fully benefit-responsive investment contract is determined by discounting the expected cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

D Fair Value Measurements. (Continued)

The Plan's fully benefit-responsive investment contract with an insurance company at December 31, 2012 and 2011 is not actively traded and significant other observable inputs are not available. The current yield rates on the Plan's benefit-responsive investment contract are determined by CUNA Mutual Group (CUNA) and are guaranteed for an agreed period, usually one year. At the end of the period, CUNA determines a new rate, which is credited directly to the participants' account. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, CUNA evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms while others are substantiated utilizing available market data.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value, as of December 31, 2012 and 2011:

Investments at Fair Value as of December 31, 2012

	Fair Value	Quoted Prices in Active Markets for Identical Assets/Liabilities (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

E Investment in Common/Collective Trust.

The following is a detail of the investment in the common/collective trust at December 31, 2012 and 2011, where cost is not readily determinable:

	2012	2011
CUNA Mutual Diversified Equity	$ 147,882	$ 125,196
CUNA Mutual Lifestyle Aggressive	5,122	1,627
CUNA Mutual Lifestyle Conservative	67,210	72,126
CUNA Mutual Lifestyle Income	51,244	45,891
CUNA Mutual Lifestyle Moderate	1,070	293
	$ 272,528	$ 245,133

F Guaranteed Investment Contract with Insurance Company.

In July of 2011, the Plan entered into a fully benefit-responsive investment contract with CMFG Life Insurance Company (CUNA). Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

F Guaranteed Investment Contract with Insurance Company. (Continued)

The guaranteed investment contract is presented on the face of the Statements of Net Assets Available for Benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by CUNA, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The adjustment from fair value to contract value for the guaranteed investment contract is based on the contract value as reported to the Plan by CUNA.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the guaranteed investment contract at December 31, 2012 and 2011, was $532,203 and $525,967, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on an annual basis for resetting.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with CUNA. The plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with the Plan participants is not probable.

	2012	2011
Average Yields:		
Based on Actual Earnings	2.56%	2.98%
Based on the Interest Rate Credited to Participants	2.56%	2.98%

G Investment in Mutual Funds.

The following is a detail of the investment in mutual funds at December 31, 2012 and 2011, where cost is not readily determinable:

	2012	2011
Vanguard Ext Market Index	$ 245,352*	$ 152,453

Vanguard Value Index	84,333	71,599
Vanguard All World Ex US Index	76,620	55,399
	$ 4,432,461	$ 3,768,097

*Amount represents 5% or more of the Total Net Plan Assets for the respective years ended December 31.

H Related Party Transactions.

As of December 31, 2012 and 2011, certain Plan investments are units of a common/collective trust and a benefit-responsive investment contract managed by CUNA. CUNA is the third party administrator and a custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions. For the years ended December 31, 2012 and 2011, the fees and commissions paid to CUNA for the recordkeeping and investment management services amounted to $35,564 and $33,524, respectively.

I Transfer of Assets.

On January 1, 2012, all Plan assets from the Sooper Credit Union 401(k) Plan were transferred to the CUNA Mutual Group Trustee 401(k) Multiple Employer Plan, as adopted by Sooper Credit Union. The Plan is maintained by the Multiple Employer Plan and is required to file a separate Form 5500, engage in annual Plan audits, and obtain a separate fidelity bond, according to DOL advisory guidance.

J Tax Status.

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code and, accordingly, the trust's net investment income is exempt from income taxes. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service dated April 3, 2009. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

J Tax Status. (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

K Risks and Uncertainties.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
