PLG 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the PLG 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan was adopted by Port Logistics Group, Inc. (the “Company” and “Plan sponsor”) on January 1, 2010. The Plan is defined as a contribution retirement plan of the profit-sharing type containing a cash or deferred arrangement described in Internal Revenue Code (IRC) Section 401(k). All full-time employees of the Company and participating employers: DSJ Acquisition, Inc. (excluding truck drivers that are union employees), Transport Express, Inc., TPE Acquisition, Inc. and DSJ West, Inc. are eligible to participate in the Plan providing they are at least age 21 for non-union employees and no age requirement for union employees. Leased employees are excluded from participating in the Plan. Participants may enter the Plan on the first day of the month following eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and certain provisions of the IRC.

Plan Administration

The Company is the administrator of the Plan. As administrator, the Company has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan (including the authority and responsibility to invest, manage, and control the assets of the Plan specifically allocated to the trustee). Verisight acted at the direction of the Plan’s administrator. The Company paid the majority of all necessary and proper expenses incurred in the administration of the Plan. Such expenses are primarily comprised of legal fees, auditing fees, and expenses relating to the maintenance of the Plan’s records.

Contributions

Employees who elect to participate in the Plan may contribute a portion of their salary up to the limits imposed by Section 402(g) and 415 of the IRC. Participants who have attained age 50 before the end of a calendar year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participant may designate all or a portion of their elective deferrals as Roth elective deferrals. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan sponsor may make discretionary matching employer contributions based on a discretionary percentage of a participant’s compensation or a discretionary dollar amount as determined by the Plan sponsor. Additionally, the Plan allows for non-elective profit sharing contributions at the discretion of the Plan sponsor. Participants must be employed at the end of the Plan year in order to receive any qualified non-elective employer contributions. For 2012 and 2011, the Plan Sponsor did not make or approve any employer contributions.

PLG 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan, continued

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions (if any), Plan earnings or losses, and rollovers from other qualified plans. Plan earnings or losses are allocated based upon each participant's account balance. Certain fees are charged to the fund investments and are offset against Plan investment income and loss as presented on the statement of changes in net assets available for benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Vesting

Participant contributions, rollovers and net earnings on these contributions, are fully vested when made or earned.

Vesting for employer matching contributions and non-elective profit sharing contributions:

Vesting Schedule		Transport Express Vesting Schedule	
Years of Service	Vesting Percentage	Years of Service	Vesting Percentage
0-2	0%	0	0%
3	100%	1	10%
		2	25%
		3	100%

Participant Notes Receivable

Loans to participants are not permitted by the Plan. Participant notes receivable that were part of the transfer of assets from other plans are allowed by the Plan. Loans are to be repaid under the terms established prior to them being transferred into the Plan. Payments on participant loans shall be repaid through automatic deductions through regular payroll. Interest rates on participant notes receivable ranged from 4.25% to 9.25%. Outstanding participant notes receivable amounted to \$2,902 and \$11,526 at December 31, 2012 and 2011, respectively.

Payments of Benefits

When participants leave the Company upon normal retirement (age 65) or for any other reason, those participants (or their beneficiaries) may receive their benefits in a single lump-sum amount equal to the value of the participant's vested interest in their accounts. The Plan allows for in-service withdrawals at age 59½ and for certain heavy financial need (hardship) as defined by the Plan document. In order to receive distributions, participants (or their beneficiaries) are required to file the appropriate forms with the Plan administrator. Account values will be determined as of the day the distribution is made. Distributions under the Plan shall generally be made as soon as possible after the date of retirement, death or termination of employment. The participant may elect, at the time to have all or a portion paid directly to an eligible retirement plan specified by the participant. The Plan allows for automatic lump-sum distributions of participant vested account balances that do not exceed \$5,000.

PLG 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan, continued

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into a series of mutual funds or money market fund offered by the Plan. Participants may change their investment options as of the first day of each month.

Forfeitures

Forfeitures that occur during a Plan year will be used to pay administrative expenses and to reduce future employer contributions. Forfeitures for the years ending December 31, 2012 and 2011 were approximately \$1,000 and \$11,000, respectively. Forfeitures utilized to pay administrative fees for the year ended December 31, 2012 amounted to approximately \$10,000.

2. Summary of Significant Accounting Policies

Method of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to report investments at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As of December 31, 2012 and 2011 the Plan did not invest in any benefit-responsive contracts.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, disclosure of contingent assets and liabilities and changes in net assets available for benefits. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

All investments are recorded at fair value based upon active market values determined by investment advisors as required under ERISA regulations.

Investments in securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the valuation period. In accordance with the policy of stating investments at fair value, net realized and unrealized appreciation for the year is reflected in the statement of changes in net assets available for benefits.

Purchases and sales of securities are reflected on a trade date basis. Interest is recorded as earned on an accrual basis. Dividends are recorded on the ex-dividend date.

PLG 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies, continued

Participant Notes Receivable

Participant notes receivable are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the Plan document.

Recognition of Benefit Payments

Benefits are recorded when paid.

3. Investments

The following presents the fair values of investments and those individual investments representing five percent (5%) or more of the Plan's net assets at December 31, 2012 and 2011:

The following is a summary of the Plan's financial information that is included in the financial statements and supplemental schedule based on information certified by the trustee as complete and accurate in accordance with Section 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA:

5. Fair Value Measurements

Accounting Standards for fair value measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under these accounting standards are described below:

- Level 1: inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Level 2 inputs include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3: inputs are unobservable inputs for the asset or liability.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

NOTES TO FINANCIAL STATEMENTS

6. Related Party Transactions

Certain Plan investments in mutual and money market funds are managed by Verisight, the trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. Tax Status

The Plan has adopted a prototype plan that has received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2008. The Plan has been amended since receiving that opinion letter. However, the Plan administrator and sponsor believes that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the IRC and ERISA, and that the trust, which forms a part of the Plan, is exempt from income tax. Accordingly, no provision has been made for federal or state income taxes.

Accounting principles generally accepted in the United States of America requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for the years prior to the applicable statute of limitations.

8. Plan Termination

The Company has established the Plan with the intention and expectation that the Plan will continue indefinitely. However, the Company reserves the right at any time to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in any employer contributions and distributions would be made to participants as described in the Plan agreement.

9. Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds and a money market fund offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

At December 31, 2012 and 2011, payables of \$18,374 and \$34,000, respectively, are recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the IRS.
