NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Arden Group, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a complete description of the Plan's provisions.

General - The Plan is a defined contribution plan, adopted on January 1, 1992, that covers all non-union employees of Arden Group, Inc. (the Company or the Plan Sponsor) who have attained the age of 18 and completed one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Trustee - At the beginning of 2010, MG Trust Company, LLC served as the trustee of the Plan. Effective August 2010, the Company transferred all investment funds to a new trustee, Frontier Trust Company (Frontier), except for the Arden Group, Inc. Unitized Stock Fund (the Unitized Fund) which was retained by MG Trust Company, LLC until June 2011 when the Unitized Fund was transferred to Mid Atlantic Trust Company which is a subcustodian to Frontier.

Contributions - On the first of the month following the completion of one month of service, the Plan provides that, with certain limitations, a qualifying employee may elect to contribute up to 100% of such employee's annual compensation, on a pre-tax basis, up to the maximum prescribed amount, which was $17,000 for 2012, under Section 401(k) of the Internal Revenue Code (IRC). Participants who attained the age of 50 before the end of the Plan year were eligible to make catch-up contributions of an additional $5,500 for 2012.

In order to qualify for Company contributions, an employee must have completed one year of service and a minimum of one thousand hours as of the next Plan entry date (January 1 or July 1). For each Plan year, the Company may make a discretionary matching contribution on behalf of each participant whose annualized gross earnings were $45,000 per year or less for the previous year. In addition, the Company may also contribute a discretionary profit sharing amount from the Company's current or accumulated net profits. In 2012, the Company made discretionary matching and profit sharing contributions totaling $0 and $507,857, respectively.

Participant Accounts - A separate account is established and maintained for each participant. Each participant's account is credited, as applicable, with the participant's contributions, the Company's matching contribution, the Company's discretionary profit sharing contribution and an allocation of the respective investment income or loss. The Company's discretionary profit sharing contribution and terminated employee forfeitures are allocated to the accounts of all participants who are employees on the last day of the Plan year based on the proportion of the participant's eligible compensation for the Plan year to the total eligible compensation for all active participants during the Plan year. The benefit to which a participant is entitled equals the participant's accumulated vested account balance. All contributions are held by the trustee in accordance with the option or options elected by each participant.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF THE PLAN (Continued)

Vesting - Participants are immediately fully vested in the value of their contributions plus actual earnings thereon. Effective January 1, 2007, the Company changed its vesting schedule for the Company's discretionary profit sharing contribution as required by the Pension Protection Act of 2006. As of the 2012 Plan year, all participants that are not already fully vested, are subject to a six year graded vesting schedule on profit sharing contributions.

Forfeitures - Participants forfeit any nonvested Company discretionary profit sharing contributions upon termination of employment. Forfeitures are held in the participant's account until the participant takes distribution of their vested account balance at which point the unvested portion is transferred to a forfeitures account. The unvested portion remains in the forfeitures account unless the employee is not eligible for rehire or incurs a five year break in vesting service as defined by the Plan Agreement. If an employee is rehired before the five year break in vesting service occurs, the nonvested contributions are removed from the forfeitures account and restored to the employee's account. Each year, after the Company determines its discretionary profit sharing contribution for the year, the Company uses forfeitures that are no longer required to be held in suspense toward its annual discretionary profit sharing contribution. At December 31, 2012 there were $23,059 forfeitures in suspense. Forfeitures totaling $10,194 were included in the Company's contribution for 2012 made in 2013.

Payment of Benefits - Upon termination of employment, participants with a vested account balance in the Plan of more than $1,000 may elect to receive a lump-sum amount equal to the value of their vested account balance, or may defer distribution until retirement, as defined by the Plan Agreement. Employees electing to defer their distribution continue to participate in the Plan's net investment income or loss. Terminated employees with a vested account balance in the Plan of less than $1,000 will be paid a lump-sum amount equal to the value of their vested account balance without the option to defer the distribution until retirement. On termination of service due to death, disability or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Withdrawals and Loans - Participants may request hardship withdrawals for defined expenses and are eligible to apply for a loan from the Plan, subject to approval by the Plan Administrator. Loans are limited to the lesser of $50,000 or one-half of the participant's vested account balance and must be a minimum of $1,000. Loans bear interest at a stated rate determined by the Plan Administrator and are collateralized by the borrower's assignment of rights to the vested participant account, as acknowledged by a promissory note. Repayments are generally made over a maximum five-year repayment term. All loans become immediately due and payable upon death or termination of employment. Loans are recorded at their unpaid principal balances plus any accrued but unpaid interest.

NOTES TO FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with generally accepted accounting principles (GAAP).

Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Subsequent Events - The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued. The Plan has evaluated subsequent events through August 30, 2013, which is the date the financial statements were available to be issued.

Investment valuation - The investments are stated at fair value. The Plan's trustee certifies the fair market value of all investments. If available, quoted market prices are used to value investments. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Income recognition - Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

Benefit Payments - Benefits are recorded when paid.

NOTE 3 - INVESTMENTS

The following unaudited investment information as of December 31, 2012 and 2011 and for the year ended December 31, 2012 included in the financial statements and supplemental schedule was certified to be complete and accurate by the Trustee, within the meaning of 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

NOTE 4 - FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820, "Fair Value Measurements and Disclosures," establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all the significant inputs are observable, either directly or indirectly.

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and are unobservable.

Following is a description of the valuation inputs used to determine fair value of the Plan's assets as of December 31, 2012:

Unitized stock fund: Valued at the closing price reported on the NASDAQ Global Market.
Mutual funds: Based on the net asset value of shares held.

The following tables disclose by level the ASC 820 fair value hierarchy for investments as of December 31, 2012 and 2011:

NOTES TO FINANCIAL STATEMENTS

NOTE 5 - RECENT ACCOUNTING STANDARDS

In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2011-04, "Fair Value Measurement (Topic 820) - Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs." ASU 2011-04 requires disclosure of valuation techniques for Level 2 and Level 3 measurements and for Level 3 measurements requires disclosure of valuation processes used by the reporting entity and quantitative information about significant unobservable inputs.

NOTE 6 - PLAN TERMINATION

While the Company has not expressed any intent to discontinue the Plan or its contributions, they do have the right to terminate the Plan at any time, subject to penalties as prescribed by ERISA. In the event of Plan termination, the Trustees will distribute the entire net assets available for benefits to the participants or their beneficiaries in accordance with the terms and provisions of the Plan Agreement and ERISA.

NOTE 7 - TAX STATUS OF THE PLAN

The Plan has adopted a prototype plan sponsored by a third party. The prototype plan received a letter dated March 31, 2008 from the Internal Revenue Service stating the prototype plan, as then designed, meets the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, management has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE 8 - RELATED PARTY TRANSACTIONS

All administrative expenses and transaction fees are paid by the Plan. The Plan holds investments in Company stock through the Unitized Stock Fund. Such transactions with the Company qualify for a statutory exemption.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. These investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

NOTE 9 – RISKS AND UNCERTAINTIES (Continued)

While the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
