NOTE 1 - DESCRIPTION OF PLAN

The following description of Boat America Corporation Employees’ Pension and Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

Boat America Corporation Employees’ Pension and Savings Plan was established on January 1, 1979, as a defined contribution savings plan as described in Section 401(k) of the Internal Revenue Code (IRC). The Plan covers substantially all employees of Boat America Corporation who are age twenty one or older. The Plan adopted IRC Safe Harbor Provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Eligible participants can elect to contribute a percentage of their annual compensation, as defined in the Plan, up to the maximum allowed under the applicable provision of the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain IRAs. Participants may direct contributions and related earnings to a general asset fund or other mutual fund accounts selected by the 401(k) Plan Trustees. The Plan presently maintains 32 investment fund options that are classified by the Plan as stable, conservative, moderate, dynamic, or aggressive in nature. The ING fixed account is a guaranteed interest account which is supported by investments in public bonds, private placement bonds and commercial mortgages. Participants may elect to revise investment allocations at any time using on-line access. Boat America Corporation matches 100% of the participant’s elected deferred contribution, up to a maximum of 4% of the participant’s compensation each paid period. To discharge fiduciary liability for investment losses, the Plan sponsor qualified the Plan as a 404(c) plan under the Employee Retirement Security Act of 1974 (ERISA).

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of (a) Boat America Corporation’s contribution and, (b) Plan earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Participant Loans

The Plan also includes a loan provision allowing participants to borrow money from their individual accounts at amounts between \$1,000 and the lesser of \$50,000 or 50% of the participant’s vested balance. The loans are secured by the balance in the participant’s account and bear interest at rates ranging from 4.25% to 9.5%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid through payroll deductions each pay period.

Vesting

Participants are fully vested in their contributions and related earnings. Vesting in employer matching contributions and related earnings is based on years of continuous service. Participants vest in Boat America Corporation’s safe harbor matching contributions immediately. Participants also vest profit sharing matching contributions immediately.

Payment of Benefits

Upon separation of service, participants whose vested accounts that are below \$5,000 will receive an immediate lump sum distribution, while all others may elect to withdraw balances in lump sum or installments or may let the balances remain in the Plan until the participant has reached age 70½. The Plan also offers hardship withdrawals for those in need who qualify.

Pension and Savings Plan
Notes to Financial Statements (Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Forfeited Accounts

When termination occurs before the matching contribution is 100% vested, the forfeited amount is used to reduce the Plan’s administrative fees. During the years ended December 31, 2012 and 2011, forfeited amounts of \$75 and \$11,985, respectively, were used to reduce employer matching contributions.

Upon complete or partial termination of the Plan, or in the event of complete discontinuance of contributions, the rights of all affected participants to benefits accrued through the date of termination or discontinuance shall become non-forfeitable.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully-benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully-benefit responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

**Boat America Corporation Employees’
Pension and Savings Plan
Notes to Financial Statements (Continued)
December 31, 2012**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments of the Plan are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further details of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

All expenses of maintaining the Plan are paid by Boat America Corporation.

Federal Income Tax Status

The IRS provided the Plan with a favorable determination letter dated March 31, 2008. Therefore, it is exempt from Federal income taxes under Section 401(k) of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan’s tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Plan’s investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Total	<u>\$ 29,909,226</u>	<u>\$</u>	<u>-</u>	<u>\$</u>	<u>18,730,781</u>	<u>\$ 48,640,007</u>

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

**Boat America Corporation Employees’
Pension and Savings Plan
Notes to Financial Statements (Continued)
December 31, 2012**

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

Level 2 Fair Value Measurements

The fair value of certain corporate bonds and securities issued the U.S Government and agencies which are included within the funds underlying the pooled separate investment accounts, and for which quoted market prices are not available, are valued based on yields currently available on comparable securities of issuers with similar credit ratings. Investments in certain restricted common stocks included in the funds underlying the pooled separate investment accounts are valued at the quoted market price of the issuer’s unrestricted common stock less an appropriate discount.

Level 3 Fair Value Measurements

The guaranteed investment contract with ING Life Insurance and Annuity Company and participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed investment contract represents the estimated liquidation value determined within contract specifications. The fair value of participant loans approximates the amortized cost of the loans because the loans are secured by each respective participant’s account balance. The following table provides further details of the Level 3 fair value measurements.

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN TRUSTEE

The Statement of Net Assets at December 31, 2012 and 2011, the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2012 and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information includes total investments of \$58,918,624 and \$47,485,388 at December 31, 2012 and 2011, respectively, and a related gain of \$3,668,425 for the year ended December 31, 2012.

The following information presents investments held by ING National Trust Company, the trustee of the Plan, that are 5% or more of the Plan’s net assets at December 31, 2012 and 2011:

	<u>2012</u>	<u>2011</u>
ING Fixed Account Guaranteed Int. Contract	\$ 18,701,946	\$ 17,576,162

Total	<u>\$ 36,803,026</u>	<u>\$ 33,615,033</u>

NOTE 5 - INVESTMENT IN GUARANTEED INTEREST CONTRACT

The Plan’s general asset fund is a guaranteed interest account provided through a group annuity contract with ING Life Insurance and Annuity Company (ING). The ING Fixed Account is supported by investments in public bonds, private placement bonds, and commercial mortgages. Although the ING Fixed Account promises contract value for a benefit event (termination, death, disability, and retirement), there is a possible market value adjustment when funds are withdrawn prior to maturity.

Because the general asset fund is considered to be fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest account. Contract value, as reported by ING, represents contributions made plus credited interest less participant withdrawals and fees. Participants may ordinarily direct withdrawals or transfer all of their investment at contract value.

NOTE 5 - INVESTMENT IN GUARANTEED INTEREST ACCOUNT (Continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2012 and 2011 was \$18,701,946 and \$17,576,161, respectively. The crediting interest rate is based on Salomon Smith Barney’s Bond Market Roundup.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include but may not be limited to the following: (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the plan sponsor’s business; (5) removal from the Plan of one or more groups or classifications of participants; (6) partial or complete Plan termination; or (7) Plan disqualification. The Plan administrator does not believe that any events which would limit the Plan’s ability to transact at contract value with participants are probable of occurring.

The average yields of the interest contract were as follows for the years ended December 31, 2012 and 2011, respectively:

<i>Average yields:</i>	<u>2012</u>	<u>2011</u>
Based on actual earnings	3.07%	3.30%
Based on interest credited to participants	3.00%	3.00%

During 2008, a loan from the Plan was issued to John Gerndt, a plan trustee in the amount of \$11,000. The loan interest rate is 6% and will be repaid over a period of five years. The transaction was compliant with the provision of the Plan, but considered a related party transaction due to his position as a trustee of the Plan. As of December 31, 2011 \$35,703 of benefits allocated to accounts of participants who have withdrawn from the Plan have not been paid and are reflected in the accompanying statement of net assets available for benefits as accounts payable. This amount was fully distributed during 2012.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intent to do so, Boat America Corporation has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.
