REPORT OF INDEPENDENT AUDITORS

To the Trustees
Solarity Credit Union 401(k) Plan and Trust

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Solarity Credit Union 401(k) Plan and Trust (the Plan), which comprise the statement of net assets available for benefits as of December 31, 2012, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by CMFG Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2012 and for the year ended December 31, 2012, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matters

The supplementary schedule of Schedule H, Line 4(i)-Schedule of Assets (Held at End of Year) as of December 31, 2012, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplementary information.

We have compiled the accompanying statement of net assets available for benefits of Solarity Credit Union 401(k) Plan and Trust, (formerly, Catholic Credit Union 401k Retirement Plan) as of December 31, 2011. We have not audited or reviewed the accompanying statement of net assets available for benefits and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with accounting principles generally accepted in the United States of America.

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the compilation in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The objective of a compilation is to assist plan management in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary information, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

SOLARITY CREDIT UNION 401(k) PLAN AND TRUST NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Solarity Credit Union 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of the Plan's provisions.

General – The Plan, established, January 1, 1999, as Catholic Credit Union 401(k) Retirement Plan, was amended and restated as of January 1, 2012, as Solarity Credit Union 401(k) Plan and Trust. The Plan is a 401(k) salary deferral and profit sharing plan covering all eligible employees of Solarity Credit Union (the Credit Union), and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In October 2011, Catholic Credit Union (CCU) and Yakima Valley Credit Union (YVCU) merged to become Solarity Credit Union (Solarity). The former eligible employees of YVCU could contribute in the Plan as of January 1, 2012. During February 2012, the assets of Yakima Valley Credit Union 401(k) Plan and Trust were transferred into the Plan. Additionally noted, CCU had a Money Purchase Pension Plan, and the assets of that plan were transferred into the Catholic Credit Union 401k Retirement Plan during 2011.

Administration – Under the terms of the Plan, designated officers of the Credit Union act as the trustees. The Credit Union has appointed an Administrative Committee (the Committee) to manage the operation and administration of the Plan. The Credit Union has contracted with CMFG Life Insurance Company to act as the custodian and third-party administrator to process and maintain the records of participant data. Substantially all expenses incurred for administering the Plan are paid by the Credit Union.

Eligibility – Employees of the Credit Union are eligible to participate in the Plan upon the first day of the month following reaching age 18 and after completing one year of service in which at least 1,000 hours are compensated by the Credit Union.

Contributions

Participant contributions - Each year, participants may contribute between 1-100% of pretax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Effective January 1, 2012, the Plan includes an automatic salary deferral feature. Upon becoming eligible to participate, the Plan Sponsor will automatically withhold 3% of each employee's eligible wages each payroll period and contribute that amount to the Plan as a Pre-Tax 401(k) deferral. The automatic deferral provisions apply to all participants, except those who have a salary deferral agreement in effect on the automatic deferral provision's effective date. The automatic deferral amount will increase by 1% of compensation per year up to a maximum of 6%.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

SOLARITY CREDIT UNION 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan (continued)

Employer contributions - The Credit Union is allowed to make contributions to the Plan in the form of matching contributions and profit sharing contributions, as defined in the Plan and as approved by the Board of Directors. The Plan provides for safe harbor matching contributions equal to 100% of each eligible participant's contribution up to a maximum of 5% of the participant's eligible wages, per year.

The Credit Union may elect to make discretionary profit sharing contributions to the Plan. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation. The profit sharing contribution for the year ended December 31, 2012 was \$64,122.

Contributions are subject to regulatory limitations.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Credit Union's contributions and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting - Prior to the merger of CCU and YVCU on January 1, 2012, CCU administered a Money Purchase Pension Plan, and funds from this plan vested ratably over a six-year period. Prior to January 1, 2012, there were also employer matching contributions; these funds vested ratably over a period of five years. As of January 1, 2012, discretionary profit sharing contributions vest ratably over a period of five years. As of January 1, 2012, safe harbor matching contributions will vest after two years.

Notes receivable from participants - Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case the loan must be repaid within a reasonable period of time. Under the terms of the Plan agreement, plan loans will bear a reasonable rate of interest determined by the Plan administrator. For 2012, the applicable interest was the Credit Union's Cost of Funds Rate, which is the share secured rate plus 3.0%. Generally, principal and interest is paid ratably through semimonthly payroll deductions. As of December 31, 2012, the rates of interest on outstanding loans ranged from 3.4%-5.9% with various maturities through October 2017.

Payment of benefits - On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or substantially equal installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In the event of termination, participant accounts with balances of \$1,000 or less are mandatorily distributed to participants.

Forfeitures - Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures may be used to pay plan administrative expenses, or used to reduce Credit Union contributions. As of December 31, 2012 and 2011, forfeited non-vested accounts totaled \$3,775 and \$10,394, respectively. For the year ended December 31, 2012, Credit Union safe harbor matching contributions were reduced by \$29,008 from forfeited, non-vested funds.

SOLARITY CREDIT UNION 401(k) PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Recent Accounting Pronouncement

ASU No. 2011-04 – In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2011-04, *Fair Value Measurement (Topic 820) - Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs*. ASU No. 2011-04 requires disclosure of valuation techniques for Level 2 and Level 3 measurements and for Level 3 measurements requires disclosure of valuation processes used by the reporting entity and quantitative information about significant unobservable inputs. ASU No. 2011-04 removes the requirement for nonpublic companies to disclose information about transfers between Level 1 and Level 2 of the fair value hierarchy. The Plan adopted the new disclosure requirements effective January 1, 2012.

Investment valuation – The investments are stated at fair value. The Plan's custodian, CMFG Life Insurance Company, certifies the contract value of the guaranteed investment contracts and the fair market value of all other investments. If available, quoted market prices are used to value investments.

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

As of December 31, 2012, the contract value approximated fair market value; therefore, there is no adjustment to contract value shown on the statements of net assets available for benefits.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based on the terms of the Plan Agreement.

Payment of benefits – Benefits are recorded when paid.

Expenses – General plan administrative expenses may be paid out of the forfeiture account or paid by the Credit Union. Investment management, distribution and loan transaction fees are paid by the Plan participants.

Note 2 – Summary of Significant Accounting Policies (continued)

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before financial statements are available to be issued.

The Plan has evaluated subsequent events through August 6, 2013, which is the date the financial statements were available to be issued.

Note 3 – Investments

Investments representing 5% or more of net assets available for benefits consist of the following as of December 31:

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2** – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2012 and 2011.

Registered investment companies (Mutual funds): Shares of registered investment company funds (or mutual funds) are valued at the net asset value (NAV) of shares held by the Plan and are valued at the closing price reported on the active market on which the individual securities are traded.

Guaranteed investment contracts: Values for the guaranteed investment contracts are calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations. The fund seeks a high level of current income consistent with preservation of capital by investing primarily in corporate bonds, mortgaged-backed securities, collateralized mortgage obligations, high quality commercial mortgage loans, municipal bonds, and other high-grade fixed income securities.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 – Guaranteed Investment Contract and Stable Value Fund with CMFG Life Insurance Company

In 2012, the Plan entered into a fixed, deferred annuity contract with CMFG Life Insurance Company (CMFG). CMFG maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Also, in 2012, the plan entered into a guaranteed investment contract with CMFG. CMFG maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the Plan by CMFG, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, and is credited annually on the anniversary date of deposit. Such interest rates are reviewed on a quarterly basis for resetting.

The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6 – Tax Status

The plan document is a prototype defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2008, which stated that the plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, management has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2009.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

Note 8 – Information Certified by the Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, CMFG Life Insurance Company, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2012.
- Net appreciation in fair value of investments, dividends, and interest, and interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2012.
- Investments reflected on the schedule of assets (held at end of year).

Note 9 – Party-in-Interest Transactions

Plan investments are shares of mutual funds and guaranteed investment contracts managed by CMFG. CMFG is the custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

Note 10 – Plan Termination

Although it has not expressed any intention to do so, the Credit Union has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.
