T FORCE ENERGY SERVICES, INC. 401(k) PLAN
(Formerly Hemphill Trucking 401(k) Plan)
NOTES TO FINANCIAL STATEMENTS
December 31, 2011 and 2010

1. Plan Description

The following description of the T Force Energy Services, Inc. 401(k) Plan ("the Plan") is provided for general information purposes only. As a single employer plan, the Plan covers all eligible employees of T Force Energy Services Inc. (formerly Hemphill Trucking, Inc.) ("Sponsor") The Plan is a Profit Sharing and Safe Harbor 401(k) Plan. More complete information regarding the Plan's provisions may be found in the Plan document.

General

The Plan was established in January 2006 under the name Hemphill Trucking Inc. 401(k) Plan as a defined contribution plan pursuant to the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2009, the Plan was amended to adopt conforming changes required by the Department of Labor. Effective August 30, 2010, in connection with a merger by the Sponsor with Speedy Heavy Hauling, the plan was amended to add acquired employees and to change the name of the Plan to Hemphill Speedy 401(k) Retirement Plan.

On December 1, 2011, in connection with the Sponsor's acquisition of IE Miller, the name of the plan was changed back to Hemphill Trucking 401(k) Plan, and other provisions relating to eligibility and compensation were amended effective January 1, 2012, the most significant of which was to remove the requirement for 1,000 hours of service prior to eligibility.

In June 2012, the plan name was changed to T Force Energy Services, Inc. 401(k) Plan to correspond with an equivalent name change by the Sponsor.

Administration

The Plan is administered by the Sponsor. The Plan trustees have been appointed by the management of the Sponsor. The third party administrator and custodian was AXA Equitable from January 2011 through November 2011. In December 2011, the Plan engaged Orchard Trust (currently known as Great West Retirement Services) to be the third party administrator and custodian.

Participation

For 2011, an employee is eligible to participate in the Plan upon reaching age twenty-one and completing one year of service (defined as 1,000 hours of service).

Plan entry dates are immediate after meeting the eligibility requirements of the Plan.

Contributions

Eligible employees can contribute an amount up to 100% of compensation as defined by the Plan, limited by the requirements of the IRC. The employer matching contribution for each Plan Year will be a percentage the employer determines at its discretion and will be made on behalf of participants who make elective deferrals to the Plan, this is currently 4%. The employer will determine the maximum percentage or dollar limitation for matching contributions for each Plan Year using a pro rata allocation. There were $300,616 employer matching contributions for the year ended December 31, 2011.

The Plan also allows catch-up contributions for participants over the age of 50 based on IRC limitations ($5,500 for 2011).

The Plan is a Safe Harbor Plan and the employer matches up to 100% of salary deferrals up to 4% of Plan compensation.

1. Plan Description (continued)

Vesting

Participants are fully vested in their contributions and the earnings thereon. Vesting for employer contributions is based on a six-year graded vesting schedule. Vesting for employer contributions are as follows:

Years of Service	Vesting
0-1	0 %
2	20 %
3	40 %
4	60 %
5	80 %
6	100 %

Forfeitures

Any forfeitures occurring during the Plan year will be reallocated as additional employer contributions and will be used to reduce matching contributions. Forfeitures will be applied for the Plan year in which the forfeitures occurred. Forfeitures may also be used to pay Plan expenses. Non-vested Company contributions are forfeited upon a break in service.

Payments of Benefits

Upon termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. The form of payment is a lump-sum distribution made to the participant, his or her estate, or rolled to an acceptable retirement plan pursuant to the elections and restrictions identified in the Plan.

If a participant's employment is terminated for reasons other than death, disability, or retirement, the participant forfeits any unvested contributions of the Company and related earnings on the contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contribution, and an allocation of Plan earnings, and is charged with fees or expenses that relate to the investment of plan assets or the administration of the plan.

Participant Loans

A participant may, with the consent of the plan administrator, borrow a minimum of $1,000 up to the lesser of $50,000 or one-half of his or her vested account balance. Participants may not have more than one loan outstanding at any time and pre-existing loans may be consolidated into a new loan if certain criteria are met. The maximum loan term is five years, except that a loan shall immediately become due and payable if such participant terminates employment for any reason or fails to make principal and/or interest payment provided in the loan agreement. The loans are secured by the balance in the participant's account and bear interest at a rate of 1% above the Wall Street Journal Prime Rate on the first day of the month the loan is originated. The interest rate is fixed for the term of the loan. Principal and interest are generally paid ratably through monthly payroll deductions.

Investment Options

A Participant's direct contributions are allocated to specific investment funds as elected by the participant. Participants may change their investment elections at their own discretion. For 2011, 27 investment elections are available to the participants.

2. Summary of Significant Accounting Policies

Limitations on Contributions

The total of elective contributions in any year may not exceed the dollar limit set by the Internal Revenue Service ("IRS"). The IRS limit may change from year to year. For 2011, the limit was $16,500. Individuals who will be at least age 50 by the end of the tax year may make an additional contribution of $5,500.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. Contributions receivable include the amounts due, as of the financial statement date, to the Plan from the participants and employer.

Income Recognition

Interest income is recognized as recorded by the Custodian. Dividend income is recorded on the ex-dividend date.

Investment Valuation

Investments of the Plan are stated at fair value. Securities traded in public markets are valued at their quoted market prices. Purchases and sales of securities are reflected on a trade-date basis. The difference between cost and market value from one period to the next is recognized as net increase (decrease) in fair value of investments in the accompanying statement of changes in net assets available for benefits.

Accounting for Investment Contract with Insurance Companies

The Plan entered into a fully benefit-responsive investment contract with Great West (through the Key Guaranteed Portfolio Fund investment). The Great West maintains the contributions in a general account (the "General Account"). The account is credited with earnings on the underlying investments and charged for participant's withdrawals and administrative expense. The guaranteed investment contract issuer is contractually obligated to pay the principal and specified interest rates are guaranteed.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully- benefit-responsive investment contracts because contract value is the amounts participants would receive if they were to initiate permitted transactions under the term of the Plan. Contract value approximate fair value and the adjustment from contract value to fair value as of December 31, 2011 was immaterial to the Plan. Therefore, the Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. Contract value was $117,891 for 2011. Average yield based on interest rates credited to participants was 1.80% for 2011. The interest rate earned is reset quarterly. Certain events could limit the ability of the Plan to transact at contractual value such as liquidation of the entire contract which would cause a one-time adjustment to the aggregate contract value. This could result in a fair value different from the contract value; however no liquidation by the Plan is intended in the near future.

2. Summary of Significant Accounting Policies (continued)

Administrative Expenses

Each participant's account may be charged with an allocation of administrative expenses. In addition, the Plan's sponsor incurs certain plan administration costs, including audit fees that are not reimbursed by the Plan. Total administrative expenses were $9,134 for the year ended December 31, 2011.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses, gains, losses, and other changes in the net assets during the reporting period. Actual results may differ from these estimates.

Fair Value Measurements

The Plan has adopted the latest pronouncements on fair value measurements as of January 1, 2008, which among other things requires enhanced disclosures about investments, that are measured and reported at fair value, and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820, *Fair Value Measurements and Disclosures*, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

2. Summary of Significant Accounting Policies (continued)

Fair Value Measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Unallocated Insurance Contract (Guaranteed Portfolio Funds): Is valued at the amount plan participants or plan sponsors would receive if they were to withdraw or transfer funds within the Plan prior to their maturity (some investments allow withdrawals without penalty for death, disability, termination or retirement) and is based on the contractual agreement between the Company and Great-West. The contract is fully benefit-responsive and is shown at contract value which approximates fair value as further described in Note 2- *Summary of Significant Accounting Policies- Accounting for Investment Contract with Insurance Companies.* Participants were able to transact at contract value on the measurement date.

Participant Loans: Are stated at the outstanding principal balance at year end, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In general, investments are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the investment balances and the amounts reported in the balance sheets.

3. Investments

Orchard Trust and AXA, Custodians of the Plan during 2011, held the Plan's investments and executed transactions therein with respect to the individually directed participants' elective contributions.

3. **Investments (continued)**

The fair market values of individual assets that represent 5% or more of the Plan's net assets as of December 31, 2011 are as follows:

	2011
American Funds Europacific Growth R3	$ 117,568
Dreyfus Mid Cap Index Fund	114,942
Goldman Sachs Small Cap Value IR	157,415
Loomis Sayles Small Cap Growth Fund Retail	106,772
Maxim American Century Growth Portfolio	103,505
Maxim Loomis Sayles Bond Portfolio	148,467
Maxim T. Rowe Price Equity Income	116,707
Oppenheimer Global Y	118,345
T. Rowe Price Retirement 2005 ADV	147,851
Vanguard 500 Index Signal	125,473
Key Guaranteed Portfolio Fund	117,891

During 2011, the Plan's mutual funds (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by $132,269.

The following tables present the Plan's fair value hierarchy for those assets measured at fair value on a recurring basis as of December 31, 2011:

December 31, 2011	Total	Level 1	Level 2	Level 3
Investments:				
Unallocated insurance Contract *	$ 117,891	$ -	$ 117,891	-
Participant loans	52,052	-	-	52,052
Mutual Funds *	1,421,569	1,421,569	-	-
Total	$ 1,591,512	$ 1,421,569	$ 117,891	$ 52,052

*Contract value approximates fair value.

The following tables set forth a summary of changes in the fair value of the Plan's Level 3 investments measured at fair value for the year ended December 31, 2011:

	Participant Loans
Fair value, beginning of year	$ 96,072
New loans issued	7,508
Loan principal repayments	(9,353)
Distributed upon termination	(42,175)
Fair value, end of year	$ 52,052

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Upon termination, participants may elect to receive a lump-sum amount equal to the vested value of his or her account. Terminated employees' contributions, as well as vested employer contributions, are available for distribution as soon as is administratively possible after the receipt of the distribution request.

5. Tax Status

No provision for income taxes has been included in the Plan's financial statements. Interest and penalties are included in income tax expense for the year ended December 31, 2011, there were no interest or penalties related to income tax positions. Management does not believe there are material uncertainties related to unrecognized tax benefits that would require disclosures in the financial statements. The Plan is no longer subject to examination by federal tax authorities for the year prior to 2008 and by state tax authorities for years prior to 2007.

6. Information Prepared and Certified by Custodian

Pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, certain information herein has not been audited by the Plan's independent accountants but has been certified as complete and accurate by the Custodian including:

Investments and participant loans as shown in the statement of net assets available for benefits as of December 31, 2011.

Investment income as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2011.

Net appreciation in fair value of investments for the year ended December 31, 2011.

Information included in the schedule of assets held for investment purposes as of December 31, 2011.

7. Risks and Uncertainties

The Plan provides for various investment options in mutual funds. Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

As of December 31, 2011 concentration of credit risk exists in notes receivable from participants with one participant having approximately 28% of the balance.

8. Delinquent Participant Contributions

During 2011 the Company failed to timely remit certain employee contributions to the Plan in the amount of $ 112,120. As of the date of these financial statements, no lost earnings on these untimely deposits have been remitted to the Plan. All late remittances have been included in the accompanying Supplemental Schedule of Delinquent Participant Contributions.

9. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2011 to Schedule H of Form 5500:

As of and for the year ended December 31:	2011
Net assets available for Plan benefits per the financial statements	$ 1,636,822
