Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Trust Management Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2012 and 2011, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Supplemental Schedule of Assets (Held at End of Year), which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Eligibility

The Plan requirements allow employees to be eligible to participate in the Plan after he/she completes four months of service and is at least 18 years of age.

Participants become eligible for Company contributions after completion of one year of credited service and must be employed at the end of the year, with the exception of employees terminated during the year due to retirement, death, or disability.

Contributions

The Plan offers participants the ability to contribute from 1% to 60% of their eligible compensation, as defined in the Plan document. In 2011 the Company made matching contributions of 50% of the first 4% of the participant's pretax earnings. The Plan allows participants who are age 50 or older to make pre-tax catch-up contributions each year. Catch up contributions may be made in 2012 up to \$5,500.

In 2012 the Company elected to make safe harbor matching contributions. The Company made matching contributions of 100% of the first 1% of the participant's compensation contributed to the plan and 50% of the next 5% of the participant's compensation contributed to the plan. The safe harbor matching contributions are vested 100% and are non-forfeitable after 2 years of service.

The Company may also designate all or a portion of any matching contribution for a payroll period as a qualified matching contribution. Participants are 100% vested in these contributions and may not request a hardship withdrawal of these contributions.

During the plan years ended December 31, 2012 and 2011, employer contributions were made from forfeited amounts totaling \$35,965 and \$22,103, respectively.

NOTE 1. DESCRIPTION OF PLAN – CONTINUED

Investment Options

Upon enrollment in the Plan and throughout the participant's eligible period of employment, each participant may direct his or her employee, Company matching, and Company discretionary contributions, in 1% increments, in several core mutual fund alternatives.

Effective August 5, 2010 the Plan added Fidelity BrokerageLink (BrokerageLink), a self-directed brokerage account. BrokerageLink expands the participant's investment choices and gives the participant the opportunity to more actively manage their contributions. The annual cost for the participant is \$25 to participate in BrokerageLink. Certain Fidelity funds carry short-term trading fees which are paid by the participant.

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with the participant's contributions, plan earnings, and allocations of the Company's matching contributions on a monthly basis. The Company's discretionary contributions are credited in the participant's account based on the investment allocation specified by the participant.

Vesting

The Company's matching contributions and discretionary profit sharing contributions plus actual earnings thereon made before 2012 are subject to the following vesting schedule:

<u>Years of Credited Service</u>	<u>Percentage Vested</u>
2	20%
3	40%
4	66%
5	100%

In 2012 the Company elected to make safe harbor matching contributions. The safe harbor matching contributions are vested 100% and are non-forfeitable after 2 years of service. Participants are immediately vested in their pretax contributions plus actual earnings thereon.

That portion of a participant's nonvested Company match or Company discretionary contribution account which is forfeited due to termination of employment for reasons other than retirement, disability or death, in any given year, may be used to reduce the Company contributions in the successive year. During the plan years ended December 31, 2012 and 2011 the amount of nonvested forfeitures were \$21,825 and \$15,995, respectively.

NOTE 1. DESCRIPTION OF PLAN – CONTINUED

Payment of Benefits

The vested portion of a participant's account balance is paid to the participant or the participant's beneficiary, as appropriate, in a lump sum as of the valuation date following retirement, death, disability or termination of employment.

To the extent a terminated participant's account balance exceeds \$5,000 and the participant has not attained age 70-1/2, the participant is allowed to leave funds in the Plan and can continue to earn investment income on the account balance until April 1 of the calendar year following the calendar year during which the participant attains age 70-1/2.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum of the lesser of \$50,000, reduced by the highest outstanding note balance the employee had in the previous 12 months, or 50% of the current vested account balance. Notes receivable from participants bear interest at the Bank of America Prime Rate plus 1% to be reviewed quarterly, as determined by the Company's Board of Directors. Applicable rates on new notes receivable made during 2012 were 4.25%. Participants may have only one note outstanding at any time. Note repayments, including principal and interest, are made ratably through weekly payroll deductions. Notes are secured by a lien on the participant's account balance in the Plan. The Plan also permits owner-employees the ability to borrow 401(k) dollars similar to all other employees.

Administrative Expenses

Administrative expenses are paid by the Company on behalf of the Plan.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on an accrual basis of accounting.

Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of net assets and changes therein. Actual results could differ from those estimates. The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

**HERITAGE BAG COMPANY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 2. SUMMARY OF ACCOUNTING POLICIES – CONTINUED

Investment Valuation

Investments of the Plan consist of registered investment company mutual funds. The investments are held by the Trustee and the investments in all of the funds are presented at fair value as determined by the Trustee based on the quoted market prices of the underlying securities within each fund.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid. At December 31, 2012 and 2011, there were no unprocessed participant benefit payment requests included in net assets.

Derivative Financial Instruments

The Plan's adoption of Accounting Standards Codification (ASC) 815 (ASC 815) *Derivative Instruments and Hedging Activities* (Prior authoritative literature SFAS No. 133) did not affect the Plan's statements of net assets or changes in net assets. The Plan holds no derivative financial instruments at December 31, 2012 and 2011 and does not currently engage in hedging activities.

Risks and Uncertainties

The Plan provides for various investment options in mutual funds. These types of investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments securities, including those held by the Plan, it is at least reasonably possible the changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 4. PLAN TERMINATION

The Company reserves the right to discontinue the Plan at any time. Upon termination, all participants must receive written notice, and all amounts credited to the participants' accounts shall become 100% vested.

NOTE 5. TAX STATUS

The Plan has obtained a determination letter in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and is therefore qualified and the related trust is tax-exempt.

The Financial Accounting Standards Board (FASB) has recently issued new guidance in accounting for uncertainties in income taxes which requires that the Plan recognize in its financial statements the financial effects of a tax position, if that position is more likely than not of being sustained upon examination, including resolution of any appeals or litigation processes, based upon the technical merits of the tax position. The new requirements also provide guidance on measurement, classification, interest, penalties and disclosure.

**HERITAGE BAG COMPANY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 5. TAX STATUS – CONTINUED

Tax positions taken related to the Plan's tax exempt status, unrelated business activities taxable income and deductibility of expenses and other miscellaneous tax positions have been reviewed, and management is of the opinion that material positions taken by the Plan would more likely than not be sustained by examination. Accordingly, the Plan has not recorded an income tax liability for uncertain tax benefits. The entities tax years 2009 and thereafter remain subject to examination.

NOTE 6. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, party rendering services to the Plan, the employer, and certain others. As such, transactions conducted by the trustee qualify as party-in-interest transactions.

NOTE 7. FAIR VALUE MEASUREMENTS

In September 2006, the FASB issued a new standard relating to fair value measurements, Accounting Standards Codification (ASC) 820 (ASC 820), Fair Value Measures and Disclosures (Prior authoritative literature: SFAS No. 157, Fair Value Measurements) which introduces a framework for measuring fair value and expands required disclosure about fair value measurements of assets and liabilities. Fair value measurements guidance defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

ASC 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The guidance describes three levels of inputs that may be used to measure fair value:

Level 1 inputs: Quoted prices in active markets for identical assets or liabilities.

Level 2 inputs: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 inputs: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

HERITAGE BAG COMPANY 401(k) PLAN NOTES TO FINANCIAL STATEMENTS

NOTE 1. DESCRIPTION OF PLAN

The following description of the Heritage Bag Company (the Company and the Plan Administrator) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective September 1, 1996, and covers substantially all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan established Fidelity Management Trust Company (Fidelity) as the Plan trustee and has adopted the Fidelity Plan document. During 2012 and 2011, all investment transactions were executed by Fidelity.

Eligibility

The Plan requirements allow employees to be eligible to participate in the Plan after he/she completes four months of service and is at least 18 years of age.

Participants become eligible for Company contributions after completion of one year of credited service and must be employed at the end of the year, with the exception of employees terminated during the year due to retirement, death, or disability.

Contributions

The Plan offers participants the ability to contribute from 1% to 60% of their eligible compensation, as defined in the Plan document. In 2011 the Company made matching contributions of 50% of the first 4% of the participant's pretax earnings. The Plan allows participants who are age 50 or older to make pre-tax catch-up contributions each year. Catch up contributions may be made in 2012 up to \$5,500.

In 2012 the Company elected to make safe harbor matching contributions. The Company made matching contributions of 100% of the first 1% of the participant's compensation contributed to the plan and 50% of the next 5% of the participant's compensation contributed to the plan. The safe harbor matching contributions are vested 100% and are non-forfeitable after 2 years of service.

The Company may also designate all or a portion of any matching contribution for a payroll period as a qualified matching contribution. Participants are 100% vested in these contributions and may not request a hardship withdrawal of these contributions.

During the plan years ended December 31, 2012 and 2011, employer contributions were made from forfeited amounts totaling \$35,965 and \$22,103, respectively.

NOTE 1. DESCRIPTION OF PLAN – CONTINUED

Investment Options

Upon enrollment in the Plan and throughout the participant's eligible period of employment, each participant may direct his or her employee, Company matching, and Company discretionary contributions, in 1% increments, in several core mutual fund alternatives.

Effective August 5, 2010 the Plan added Fidelity BrokerageLink (BrokerageLink), a self-directed brokerage account. BrokerageLink expands the participant's investment choices and gives the participant the opportunity to more actively manage their contributions. The annual cost for the participant is \$25 to participate in BrokerageLink. Certain Fidelity funds carry short-term trading fees which are paid by the participant.

Participant Accounts

A separate account is maintained for each participant. Each participant's account is credited with the participant's contributions, plan earnings, and allocations of the Company's matching contributions on a monthly basis. The Company's discretionary contributions are credited in the participant's account based on the investment allocation specified by the participant.

Vesting

The Company's matching contributions and discretionary profit sharing contributions plus actual earnings thereon made before 2012 are subject to the following vesting schedule:

<u>Years of Credited Service</u>	<u>Percentage Vested</u>
2	20%
3	40%
4	66%
5	100%

In 2012 the Company elected to make safe harbor matching contributions. The safe harbor matching contributions are vested 100% and are non-forfeitable after 2 years of service. Participants are immediately vested in their pretax contributions plus actual earnings thereon.

That portion of a participant's nonvested Company match or Company discretionary contribution account which is forfeited due to termination of employment for reasons other than retirement, disability or death, in any given year, may be used to reduce the Company contributions in the successive year. During the plan years ended December 31, 2012 and 2011 the amount of nonvested forfeitures were \$21,825 and \$15,995, respectively.

NOTE 1. DESCRIPTION OF PLAN – CONTINUED

Payment of Benefits

The vested portion of a participant's account balance is paid to the participant or the participant's beneficiary, as appropriate, in a lump sum as of the valuation date following retirement, death, disability or termination of employment.

To the extent a terminated participant's account balance exceeds \$5,000 and the participant has not attained age 70-1/2, the participant is allowed to leave funds in the Plan and can continue to earn investment income on the account balance until April 1 of the calendar year following the calendar year during which the participant attains age 70-1/2.

Notes Receivable from Participants

Participants may borrow a minimum of \$1,000 up to a maximum of the lesser of \$50,000, reduced by the highest outstanding note balance the employee had in the previous 12 months, or 50% of the current vested account balance. Notes receivable from participants bear interest at the Bank of America Prime Rate plus 1% to be reviewed quarterly, as determined by the Company's Board of Directors. Applicable rates on new notes receivable made during 2012 were 4.25%. Participants may have only one note outstanding at any time. Note repayments, including principal and interest, are made ratably through weekly payroll deductions. Notes are secured by a lien on the participant's account balance in the Plan. The Plan also permits owner-employees the ability to borrow 401(k) dollars similar to all other employees.

Administrative Expenses

Administrative expenses are paid by the Company on behalf of the Plan.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on an accrual basis of accounting.

Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of net assets and changes therein. Actual results could differ from those estimates. The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

**HERITAGE BAG COMPANY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 2. SUMMARY OF ACCOUNTING POLICIES – CONTINUED

Investment Valuation

Investments of the Plan consist of registered investment company mutual funds. The investments are held by the Trustee and the investments in all of the funds are presented at fair value as determined by the Trustee based on the quoted market prices of the underlying securities within each fund.

Notes Receivable from Participants

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid. At December 31, 2012 and 2011, there were no unprocessed participant benefit payment requests included in net assets.

Derivative Financial Instruments

The Plan's adoption of Accounting Standards Codification (ASC) 815 (ASC 815) *Derivative Instruments and Hedging Activities* (Prior authoritative literature SFAS No. 133) did not affect the Plan's statements of net assets or changes in net assets. The Plan holds no derivative financial instruments at December 31, 2012 and 2011 and does not currently engage in hedging activities.

Risks and Uncertainties

The Plan provides for various investment options in mutual funds. These types of investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments securities, including those held by the Plan, it is at least reasonably possible the changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3. FINANCIAL INFORMATION PROVIDED BY THE TRUSTEE (UNAUDITED)

The investments included in the December 31, 2012 and 2011 Statements of Net Assets Available for Benefits, the investment activities included in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2012 and 2011, and certain information on investments and investment activities in the notes to the financial statements were prepared in part or entirely from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. NOTE 4. PLAN TERMINATION

The Company reserves the right to discontinue the Plan at any time. Upon termination, all participants must receive written notice, and all amounts credited to the participants' accounts shall become 100% vested.

NOTE 5. TAX STATUS

The Plan has obtained a determination letter in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code.

The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and is therefore qualified and the related trust is tax-exempt.

The Financial Accounting Standards Board (FASB) has recently issued new guidance in accounting for uncertainties in income taxes which requires that the Plan recognize in its financial statements the financial effects of a tax position, if that position is more likely than not of being sustained upon examination, including resolution of any appeals or litigation processes, based upon the technical merits of the tax position. The new requirements also provide guidance on measurement, classification, interest, penalties and disclosure.

**HERITAGE BAG COMPANY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS**

NOTE 5. TAX STATUS – CONTINUED

Tax positions taken related to the Plan's tax exempt status, unrelated business activities taxable income and deductibility of expenses and other miscellaneous tax positions have been reviewed, and management is of the opinion that material positions taken by the Plan would more likely than not be sustained by examination. Accordingly, the Plan has not recorded an income tax liability for uncertain tax benefits. The entities tax years 2009 and thereafter remain subject to examination.

NOTE 6. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, party rendering services to the Plan, the employer, and certain others. As such, transactions conducted by the trustee qualify as party-in-interest transactions.

NOTE 7. FAIR VALUE MEASUREMENTS

In September 2006, the FASB issued a new standard relating to fair value measurements, Accounting Standards Codification (ASC) 820 (ASC 820), Fair Value Measures and Disclosures (Prior authoritative literature: SFAS No. 157, Fair Value Measurements) which introduces a framework for measuring fair value and expands required disclosure about fair value measurements of assets and liabilities. Fair value measurements guidance defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

ASC 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The guidance describes three levels of inputs that may be used to measure fair value:

Level 1 inputs: Quoted prices in active markets for identical assets or liabilities.

Level 2 inputs: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 inputs: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 7. FAIR VALUE MEASUREMENTS – CONTINUED

Following is a description of the valuation methodologies used for assets measured at fair value.
