**STANDARD CANDY COMPANY, INC. 401(K)
AND EMPLOYEE STOCK OWNERSHIP PLAN**

Notes to the Financial Statements

December 31, 2012 and 2011

(1) Description of plan

The following description of the Standard Candy Company, Inc. 401(k) and Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan, which has both employee stock ownership plan (ESOP) and 401(k) plan features, is a defined contribution plan established to provide retirement benefits for eligible employees of Standard Candy Company, Inc. (the Plan Sponsor). The Plan covers substantially all full-time employees who are age eighteen years of age or older and have completed one year of service (participants). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. In order to participate, employees must make a minimum contribution of 1% of compensation. Participant contributions are permitted up to 20% of compensation.

The Plan Sponsor will match an amount equal to 100% of the first 3% of eligible participant contributions and 50% of the next 2% of eligible participant contributions. The Plan Sponsor may also elect to make additional discretionary 401(k), as well as ESOP contributions. No additional discretionary 401(k) or ESOP contributions were made by the Plan Sponsor during 2012 or 2011.

Plan Sponsor and participant contributions may not exceed the maximum amount deductible for federal income tax purposes.

(c) Participant accounts

Each participant's account is credited (charged) with the participant's contributions, and allocations of Plan Sponsor contributions, investment earnings (losses), allocated forfeitures, and administrative expenses. Allocations are based on a participant's compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balances.

**STANDARD CANDY COMPANY, INC. 401(K)
AND EMPLOYEE STOCK OWNERSHIP PLAN**

Notes to the Financial Statements

December 31, 2012 and 2011

(d) Vesting

Participants are immediately vested in their elective salary deferrals, the Plan Sponsor's 401(k) matching contributions plus actual earnings (losses) thereon, and the ESOP portion of the participant accounts plus actual earnings (losses) thereon. Participants are 20% vested in the Plan Sponsor's discretionary contributions after three years of service, with the vesting increasing an additional 20% each year thereafter, until the participant is 100% vested after seven years of credited service.

(e) Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at fixed rates which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest are paid ratably through payroll deductions.

(f) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant may elect to receive either a lump-sum payment or annual installments over a specified period equal to his or her entire account balance. On termination of service due to other reasons, a participant may only receive a distribution equal to his or her vested account balance. If the vested balance in the participant's account is \$1,000 or less and has never exceeded \$1,000, a lump-sum distribution will automatically be made without the participant's written consent. Distributions of the participant's ESOP account will be made ratably over three years, beginning one year after the participant's break in service.

(g) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor discretionary contribution portion of their accounts. Such forfeitures are either used to pay plan expenses or are allocated to participants on the anniversary date, as defined in the plan agreement, based on the participant's account balance. At December 31, 2012 and 2011, forfeited nonvested accounts totaled \$3,433 and \$91, respectively. Plan expenses of \$10,382 were paid utilizing forfeited nonvested accounts during 2011. No plan expenses were paid utilizing forfeited nonvested accounts during 2012.

(h) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance. Participants are not eligible to make contributions to the Plan for six months after taking a hardship withdrawal.

**STANDARD CANDY COMPANY, INC. 401(K)
AND EMPLOYEE STOCK OWNERSHIP PLAN**

Notes to the Financial Statements

December 31, 2012 and 2011

(i) Voting rights on ESOP shares

Each participant is entitled to exercise voting rights attributable to the shares of Plan Sponsor common stock allocated to his or her account and is notified by the Custodian prior to the time such rights are to be exercised.

(j) Administrative expenses

Certain administrative expenses are paid by the Plan Sponsor.

(k) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the plan agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

(b) Investment valuation and income recognition

The Plan's investments are valued at fair value. The investment values are discussed more fully in Note 4.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan document.

(d) Payment of benefits

Benefits are recorded when paid.

Notes to the Financial Statements

December 31, 2012 and 2011

(e) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes therein, and disclosure of contingent net assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after the reporting date

The Plan has evaluated events and transactions that occurred between December 31, 2012 and August 27, 2013, which is the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Summary of information certified by custodian

The following information was certified as complete and accurate by John Hancock Life Insurance Company, as of December 31, 2012 and 2011.

	<u>2012</u>	<u>2011</u>
Cash	\$ <u>3,433</u>	\$ <u>90</u>
Pooled separate accounts	\$ <u>5,528,982</u>	\$ <u>4,272,280</u>
Net appreciation (depreciation) in fair value of pooled separate accounts	\$ <u>628,620</u>	\$ <u>(170,405)</u>

The Standard Candy Company, Inc. common stock investment as of December 31, 2012 and 2011 and related investment activity for the years then ended were excluded from the certifications. Third party stock valuation reports dated December 31, 2012 and 2011, respectively, were used to appraise stock value at each year end.

(4) Fair value measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**STANDARD CANDY COMPANY, INC. 401(K)
AND EMPLOYEE STOCK OWNERSHIP PLAN**

Notes to the Financial Statements

December 31, 2012 and 2011

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

- (i) *Pooled separate accounts:* Valued at net asset value, which is based on the market value of the underlying investments held by the pooled separate account at year end. The net asset value is not a publicly-quoted price in an active market. Each pooled separate account provides for daily redemption by the Plan at reported net asset values per share with no advance notice requirement.
- (ii) *Plan Sponsor common stock:* Valued at the independently appraised value, which is based on the price at which Plan Sponsor property would change hands between a hypothetical buyer and seller, acting at arm's length.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(7) Investment contract with insurance company

The Plan is party to a pooled separate account that includes an investment contract with an insurance company, John Hancock Life Insurance Company. This investment contract is not considered fully-benefit responsive in accordance with generally accepted accounting principles (GAAP). The insurance company maintains the Plan's contributions in a pooled account which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value, which approximates contract value, as reported to the Plan by John Hancock Life Insurance Company. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The average yield and crediting interest rates was approximately 2.5% for 2012 and 2011. The crediting interest rate is based on a formula agreed upon with the issuer and is reset quarterly.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value, which approximates fair value, of the investment contract was \$435,070 and \$294,569 at December 31, 2012 and 2011, respectively.

AND EMPLOYEE STOCK OWNERSHIP PLAN**

Notes to the Financial Statements

December 31, 2012 and 2011

(8) Income tax status

The Plan obtained a favorable determination letter on October 9, 2002, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Furthermore, the Plan has a pending request for a new determination letter that was filed with the Internal Revenue Service on January 31, 2011.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

(9) Untimely remittance of participant contributions

The Plan Sponsor is required by Department of Labor regulation to remit participant contributions as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. Certain contributions were not remitted timely. All other contributions were remitted timely.

(10) Related party transactions

The Plan's investment in the Plan Sponsor's common stock qualify as party-in-interest transactions.

Plan investments in the pooled separate accounts are managed by the custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions.

Administrative fees of \$18,466 in 2012 and \$15,763 in 2011 were paid by the Plan to the custodian.

Notes to the Financial Statements

(11) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
