Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Independent Auditor's Report

Plan Committee
Poly-Bond, Inc. Retirement Plan
Charlotte, North Carolina

We were engaged to audit the accompanying financial statements of Poly-Bond, Inc. Retirement Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2012 and 2011, that the information provided to the Plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets (held at end of year) and reportable transactions, which are the responsibility of Plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Poly-Bond, Inc. Retirement Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Plan provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

General

The Poly-Bond, Inc. Retirement Plan (the Plan) is a non-contributory defined benefit plan that covers substantially all employees who were participants in the Dominion Textile (USA) Inc. Retirement Plan and employed by Poly-Bond, Inc. (the Employer) or who are specifically allocated to the Plan (certain employees of Wayn-Tex, DHJ, and Mirafi). Chicopee, Inc. is the Plan Sponsor as a result of a merger with Poly-Bond, Inc.

Salaried employees hired after December 31, 1999, are not eligible to participate in the Plan. However, salaried participants hired prior to December 31, 1999 are entitled to the benefits, which were accrued as of December 31, 1999, as reflected in the actuarial valuation.

Hourly employees hired or rehired after December 31, 2003 were not allowed to enter or re-enter the Plan, and benefit accruals were frozen on that date.

Pension Benefits

Eligible employees are entitled to annual pension benefits beginning at the latter of the participant's normal retirement age (65) or the fifth anniversary of participation in the Plan if the participant was hired after the age of 60. The normal retirement benefit will be a monthly retirement benefit equal to one-twelfth multiplied by the sum of (a) and (b): (a) 1% of the participant's final average earnings multiplied by the participant's years of credited service, plus (b) $\frac{1}{2}\%$ of the participant's final average earnings in excess of covered compensation multiplied by the participant's years of credited service, not to exceed 35 years.

The Plan permits early retirement at ages 55-64 on the first day of any month on or after the participant's 55th birthday. If benefits are received before the normal retirement date, the benefit will be reduced by $\frac{5}{12}$ of 1% for each month by which the retirement benefit is paid before the normal retirement date.

Upon qualification for pension payments, the standard form of payment for a single participant is a life annuity. For a participant who is married at the time of retirement, the standard form of payment is a qualified 50% joint and survivor annuity. Other optional forms of payment include 100% joint and survivor annuity, 10 and 20 year certain and life annuity, or a level income option.

Poly-Bond, Inc. Retirement Plan

Notes to Financial Statements

1. Description of the Plan (cont.)

Death and Disability Benefits

If a participant who is married at the time of his or her death has a vested interest in his or her accrued benefit and dies before the annuity starting date, the participant's surviving spouse will receive a qualified pre-retirement survivor annuity payable over the lifetime of the participant's surviving spouse, the value of which is equal to 50% of the participant's vested accrued benefit.

A participant who becomes disabled will receive a monthly retirement benefit commencing on the first day of the month coinciding with or following the participant's disability retirement date. The amount of the participant's disability pension is equal to his or her vested accrued benefit, based on the his or her credited service prior to incurring the permanent disability and the participant's final average earnings as of the date of the participant's permanent disability.

Vesting

Participants were 100% vested after five years of service.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Investments in mutual funds are valued at quoted market prices on the last business day of the Plan year. Interest and dividend income is recorded on the accrual basis.

2. Summary of Significant Accounting Policies (cont.)

Investment Valuation and Income Recognition (cont.)

A fair value hierarchy, that prioritizes the inputs to valuation techniques, is used to measure fair value. The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

- | | |
|---------|--|
| Level 1 | Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities; |
| Level 2 | Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly; |
| Level 3 | Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable. |

A financial instrument's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated Plan benefits are those estimated future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated Plan benefits include benefits expected to be paid to retired or terminated employees or their beneficiaries, beneficiaries of employees who have died and present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries are based on employees' compensation during their last five years of credited service. The accumulated Plan benefits for active employees are based on their average compensation during the five years preceding the valuation date. Benefits payable under all circumstances, retirement, death, disability and termination of employment are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

2. Summary of Significant Accounting Policies (cont.)

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Funding Policy

Under the provisions of the Plan, the Employer shall make contributions to this Plan in such amounts and at such times as it determines upon the advice of the actuary for the Plan. The Employer's present intention is to make annual contributions in amounts sufficient to fund the Plan's current year's service cost and the past service cost plus interest over projected service. The Plan has met the ERISA minimum funding requirements.

Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

In the event the Plan terminates, the net assets of the Plan will generally not be available on a pro rata basis to provide participants' benefits. Expenses relating to Plan termination may be paid from the trust fund before any payments are made to participants or their beneficiaries. Benefit payments from the Plan will be made in the order required by ERISA.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan and the amount of protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect at the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees.

3. Information Prepared and Certified by the Trustee

The Plan's assets are maintained in a Trust established under the Plan. All investments are non-participant directed. All investment information disclosed in the accompanying financial statements and schedules, including investments held at December 31, 2012 and 2011, and the net appreciation or depreciation in fair value of investments, interest and dividends for the years then ended, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Wells Fargo Bank, N.A. (the Trustee).

The fair value of individual investments that represent 5% or more of the Plan's net assets are as follows:

<i>December 31,</i>	2012	2011
Mutual funds		
Wells Fargo Advantage Growth Fund	\$ 1,638,388	\$ 841,427

4. Accumulated Plan Benefits

An actuary from Bryan, Pendleton, Swats & McAllister, LLC, a Wells Fargo Company, estimates the actuarial present value of accumulated Plan benefits, which is the amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits earned by the participants to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The accumulated Plan benefit information is as follows at January 1, 2012 and 2011:

| 4. Accumulated Plan Benefits (cont.) | <p>The significant actuarial assumptions used in the valuations as of January 1, 2012 and 2011, were life expectancy of participants (the 1994 Group Annuity Mortality Static Tables, male and female, were used), retirement age assumptions (the assumed retirement age was 65 or immediately, if older), actuarial cost method (projected unit credit method) and assumed rate of return (8% in 2012 and 2011).</p> <p>The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated Plan benefits.</p> |
| 5. Transactions with Related Parties | <p>Certain Plan investments are shares of mutual funds managed by Wells Fargo Bank, N.A. Wells Fargo is the Trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.</p> <p>Pursuant to provisions of the Plan, expenses incurred in the administration or operation of the Plan may be paid by the Employer, at the Employer's election. During 2012 and 2011, the Employer paid substantially all of the Plan expenses.</p> |
| 6. Income Tax Status | <p>The Internal Revenue Service has determined and informed the Employer by a letter dated January 24, 2003, that the Plan and related Trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is designed and is currently being operated in compliance with ASC 740.</p> |
| 7. Risk and Uncertainty | <p>Investments, in general, are exposed to various risks such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that the changes in the values of investments will occur in the near term and that such changes could be material in relation to these financial statements.</p> |

Summary of Plan Provisions

This summary has been prepared for valuation purposes only. It summarizes the plan provisions necessary to perform the actuarial valuation.

Effective date

April 1, 1998. Amended and restated effective January 1, 2001. Amended and restated effective January 1, 2010.

Plan year

Calendar year.

Covered employees

Each employee is eligible to participate on his date of employment. Participation in the plan was frozen effective December 31, 2003.

Definitions

Vesting service:	A participant shall receive credit for one year of vesting service for each plan year in which he completes 1,000 hours of service.
Credited service:	A participant shall receive credit for one year of credited service for each plan year in which he completes 1,000 hours of service. Credited service accruals were frozen December 31, 2003.
Normal retirement date:	First of month coincident with or next following the attainment of age 65 and five years of vesting service.
Normal retirement benefit:	1% of final average compensation times years of service plus .5% of the excess, if any, of final average compensation over the greater of \$10,000 or 1/2 of Covered Compensation for a person attaining Social Security retirement age during the year of determination times years of service up to a maximum of 35 years. Benefits for salaried employees were frozen as of December 31, 1999, and benefits for hourly employees were frozen as of December 31, 2003.
Final average compensation:	Average compensation for the five consecutive calendar years producing the highest average.
Accrued benefit:	A participant's accrued benefit is equal to the normal retirement benefit computed using the final average compensation and years of credited service as of the date of determination.

Poly-Bond, Inc. Retirement Plan

Basis for Valuation

Pre-retirement spouse benefit: The surviving spouse's benefit required by the Retirement Equity Act, which is the spouse's portion of the 50% Joint and Survivor Annuity that would have been payable had the participant terminated employment on his date of death, survived to his earliest possible retirement date and begun receiving benefits as a 50% Joint and Survivor Annuity. This benefit is payable at the earliest date the participant could have retired under the plan.

Eligibility for benefits

Normal retirement:	Retirement on NRD.
Early retirement:	Retirement before NRD and on or after both attaining age 55 and completing 5 years of vesting service.
"Rule of 85" retirement:	Retirement before NRD and on or after attaining age 55, with years of vesting service plus age equal to at least 85.
Disability:	Permanent and total disability and completion of 5 years of service.
Deferred vested:	Termination for reasons other than death or retirement after completing five years of vesting service.
Pre-retirement spouse benefit:	Death while eligible for normal, early, postponed, or deferred vested retirement benefits, with a surviving spouse.

Monthly benefits paid upon the following events

Normal retirement:	Monthly pension benefit determined as of NRD.
Early retirement:	Monthly accrued pension benefit determined as of a participant's early retirement date, reduced by 5/12% for each month by which the annuity starting date precedes his normal retirement date.
"Rule of 85" retirement:	Monthly accrued pension benefit determined as of a participant's early retirement date with no reduction.
Disability:	Monthly accrued pension benefit determined as of a participant's date of disability with no reduction.
Termination with deferred vested benefits:	Monthly accrued pension benefit determined as of the participant's termination date and is payable at age 65.
Death with pre-retirement spouse benefit:	Monthly pre-retirement spouse benefit is payable at the participant's earliest retirement date.

Poly-Bond, Inc. Retirement Plan

Basis for Valuation

Forms of Payment

Unmarried participants receive a straight life annuity. Married participants receive a 50% joint and survivor annuity. Other available optional payment forms are 50%, 75% and 100% joint & survivor annuities, ten-year certain and life annuity, Social Security leveling options, and life annuity.

Changes in plan provisions since prior year

None.

Summary of Actuarial Methods

Actuarial Cost Method

All liabilities and normal costs shown in this report are calculated based on the Traditional Unit Credit method as described in IRC Section 430 and relevant proposed regulations. This method is prescribed for funding, PBGC, and ASC 960 calculations.

Under the Traditional Unit Credit method, the liability is the present value of all benefits that have been accrued or earned under the plan as of the first day of the plan year. The normal cost is the present value of all benefits that are expected to accrue or be earned during the plan year, including any expected increase in compensation during the year.

Asset Valuation Method

The actuarial value of assets is equal to the market value of assets with discounted receivable contributions.

Miscellaneous

The limitations under IRC Sections 401(a)(17) and 415(b) have been taken into account in our calculations.

Any actual or potential limitations under IRC Section 436 have not been taken into account for any purpose.

To the best of our knowledge, all benefits payable from the plan, including retirement-type and ancillary benefits, have been incorporated into our calculations.

No liability is included for participants who terminated without vested benefits prior to the first day of the plan year.

No liability is included for any employees who are not yet participants as of the first day of the plan year.
