To the Participants and the Plan Administrator
DDi Global Corp. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the DDi Global Corp. 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2012, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Great-West Life & Annuity Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2012 financial statements. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year), which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

Other Matter – 2011 Financial Statements

The financial statements of the DDi Global Corp. 401(k) Plan as of and for the year ended December 31, 2011, were audited by a predecessor auditor. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan Administrator instructed the predecessor auditor not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustee. Their report, dated September 18, 2012, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DDI GLOBAL CORP. 401(K) PLAN

Notes to Financial Statements

December 31, 2012

(See Independent Auditor's Report)

Note A – Description of Plan

The following description of the DDi Global Corp. 401(k) Plan (the “Plan”) provides general information only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of DDi Global Corp. and subsidiaries (the “Company”) who meet eligibility requirements of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Eligibility

All employees are eligible to participate in the Plan upon completion of one hour of service. There are exclusions for certain employees subject to a collective bargaining agreement, non-resident aliens and leased employees, as outlined in the Plan document. Employees may enter the Plan on the date coinciding with or next following the date eligibility requirements have been satisfied.

Contributions

Each year, participants may contribute up to 50% of annual compensation, as defined in the Plan, not to exceed certain dollar limits established by the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Any eligible employee who fails to file a salary deferral agreement with the Plan Administrator is deemed to have entered into a salary deferral agreement for the Plan year which authorizes the employer to withhold 3% of his or her compensation as an elective deferral.

The Company may elect to make a discretionary matching contribution for each Plan year or other contribution period. The discretionary matching contribution may be made in a specific dollar amount and/or any specific percentage of elective deferrals, as determined by the Company. For the years ended December 31, 2012 and 2011, the Company did not elect to make a discretionary matching contribution.

Note A – Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contribution and Plan earnings, and charged with an allocation of certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants vest ratably over a three year period. Participants become 100% vested in all employer contributions if they become totally disabled, die or reach normal or early retirement age prior to termination of employment.

Forfeited Accounts

Benefits forfeited by participants are used to defray any expenses associated with the Plan or to reduce future Company contributions to the Plan. Forfeitures utilized during the years ended December 31, 2012 and 2011 amounted to \$15,335 and \$0, respectively. At December 31, 2012 and 2011, forfeited non-vested accounts totaled \$54,612 and \$66,142, respectively.

Payments of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant will receive a lump-sum payment in the amount equal to the value of the participant's vested interest in his or her account. The Plan permits a terminated participant to defer commencement of the payment of benefit until the later of election to receive benefits or age 65. Involuntary distributions may be made to terminated participants with an account balance of \$5,000 or less. The Plan also allows for a participant who is still employed to withdraw up to 100% of his or her account balance, for the sole purpose of satisfying an immediate financial hardship.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates based upon prevailing market rates for loans of similar purpose and duration as determined by the Plan Administrator. Principal and interest is paid ratably through monthly payroll deductions.

Note A – Description of Plan (Continued)

Administrative Expenses

The Plan's administrative expenses such as trustee, custodial, audit, and legal fees are paid from the assets of the Plan to the extent not paid by the Plan Sponsor. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net realized and unrealized appreciation (depreciation) in fair value of investments.

Note B – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed with incurred. No allowance for credit losses has been recorded as of December 31, 2012 and 2011. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Code ("IRC") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed all 2011 excess contributions to the applicable participants prior to March 15, 2012.

(See Independent Auditor's Report)

Note B – Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America required the Plan Administrator and management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Reclassifications

Certain reclassifications have been made to the 2011 financial statements to conform to the 2012 financial statements presentation.

Subsequent Events

The Plan has evaluated subsequent events through August 19, 2013, the date the financial statements were available to be issued.

Note C – Investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained certifications from Great-West Life & Annuity Insurance Company ("Great West") for the years ended December 31, 2012 and 2011 that all the information provided by Great West included in the accompanying financial statements and supplemental schedule is complete and accurate. Information as to the investments in the accounts of Great West, investment income, and all investment information appearing in the accompanying statements and supplemental schedule are presented in reliance solely upon these certifications.

Great West Key Guaranteed Portfolio Fund	4,204,718	3,837,757
Vanguard Small Cap Index Inv Fund	1,681,605	1,935,201

During the years ended December 31, 2012 and 2011, the Plan's mutual fund investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in fair value by \$2,129,376 and \$(1,327,847), respectively.

Note D – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology included:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

DDI GLOBAL CORP. 401(K) PLAN

Notes to Financial Statements

December 31, 2012

(See Independent Auditor's Report)

Note D – Fair Value Measurements (Continued)

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds: Valued at the net asset value ("NAV") of shares as reported on nationally recognized stock exchange.

Guaranteed interest account: Valued at fair value by discounting the related cash flows based on current yields of similar instruments considering the credit-worthiness of the issuer (See Note E).

The preceding methods used to arrive at a fair value calculation may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note E – Guaranteed Interest Account

The Plan invests in a fully benefit-responsive investment contract noted in the financial statements as the Key Guaranteed Portfolio Fund, with Great West. Great West maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The investment contract is included in the financial statements at fair value which approximates contract value.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believes that the occurrence of such events is not probable. Great West may not terminate the contract at any amount less than the contract value. The investment contract does not permit Great West to terminate the agreement prior to the scheduled maturity date.

DDI GLOBAL CORP. 401(K) PLAN

Notes to Financial Statements

December 31, 2012

(See Independent Auditor's Report)

Note E – Guaranteed Interest Account (Continued)

The credited interest rate is based on a formula agreed upon with Great West. Such interest rate is reviewed on a quarterly basis for resetting. The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The average yield earned by the Plan for the investment contract is derived by averaging the quarterly gross interest rates for the fund over the year. The average yield and crediting interest rates were 1.45% and 2.03% for the years ended December 31, 2012 and 2011, respectively.

Note F – Tax Status

The IRS has determined and informed the Company by a letter dated July 8, 2010, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax exempt.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Note G – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note H – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

DDI GLOBAL CORP. 401(K) PLAN

Notes to Financial Statements

(See Independent Auditor's Report)

Note I – Transactions With Parties-in-Interest

The Plan has an investment in a guaranteed interest account which is part of the general assets of Great West. Great West is the trustee, as defined by the Plan. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for services amounted to \$22,637 and \$16,112 for the years ended December 31, 2012 and 2011, respectively.
