401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the San Gabriel Transit & Affiliates 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for more comprehensive description of the Plan's provisions.

General

The Plan was established by San Gabriel Transit & Affiliates (the "Sponsor") on January 1, 2003 and amended and restated as of July 1, 2004, January 1, 2006, June 1, 2009, and December 30, 2010. The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective January 1, 2009, the Plan changed its third party plan administrator from Mt. Hood Pension Services, LLC to Digital Retirement Solutions, Inc.

Eligibility

Effective January 1, 2006, all employees shall be eligible to become participants on January 1, April 1, July 1 or October 1 immediately following date of hire.

Contributions

The Plan allows participants to make pretax contributions to the Plan up to 90% of their pretax annual compensation, as defined in the plan document, provided that amounts do not exceed the maximum salary deferral limitation of $16,500 for the Plan years ended December 31, 2011 and 2010. Participants may also make a separate election to defer up to 100% of any bonus. Participants may rollover amounts representing distributions from other qualified retirement or profit sharing plans.

Effective July 1, 2004, the Plan was amended whereby the Sponsor may contribute on behalf of each participant a Discretionary profit sharing contribution between 0% and 25% each year by the Sponsor. For the year ended December 31, 2011 and 2010, the Sponsor elected to $0 into the Plan. Discretionary profit sharing contributions are invested in non-participant-directed funds.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related matching contributions, as well as the participant's share of the Plan's income and any related administrative expenses. Allocations of administrative costs are based on the proportion that each participant's account balance bears to the total of all participant account balances.

NOTE 1 - DESCRIPTION OF PLAN – CONTINUED

Vesting

Participants are 100% vested in their own contributions plus the actual earnings thereon. Vesting in employer discretionary matching or profit sharing contributions is determined by the length of employee service.

Years of Service	Vested Percentage
Less than 1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

In the event of attainment of the normal retirement date, upon disability or death, a participant is entitled (or the beneficiary shall be entitled in the event of death) to receive 100% of the amount contributed by the employer.

Benefits and Withdrawals

Participants may make withdrawals from their individual accounts upon termination, death, disability, attainment of age 59-1/2, financial hardship (as defined by the Internal Revenue Service Safe Harbor Rules) or attainment of the normal Plan retirement age of 65. Distribution of funds shall occur once the account receives a valuation after separation from employment or request for withdrawal.

Forfeitures

Upon termination of a participant's employment, the non-vested portions of employer discretionary matching contributions (if any) and earnings thereon are forfeited. Such forfeitures are allocated among remaining participants. There were no forfeitures during December 31, 2011 and 2010.

NOTE 1 - DESCRIPTION OF PLAN – CONTINUED

Participant Loans Policies and Guidelines

1. Administration. In accordance with the terms of the Plan, the Plan Committee (the "Committee") shall be responsible for processing all loan applications, determining interest rates and otherwise making any determination or decision required pursuant to the terms of this Loan Policies and Guidelines.

2. Loan Application. Any Participant currently employed by San Gabriel Transit, Inc. and Affiliates (the "Company), beneficiary, alternate payee, or Participant who is an offices, director, fiduciary, or owner who has a vested account balance under the Plan, and who otherwise qualifies under the conditions of this Loan Policies and Guidelines, may apply for a loan from the Plan.

3. Numbers of Loans Outstanding. No Participant shall have more than two loans from the Plan outstanding at any time.

4. Loan Amount. The Committee shall not approve any loan for an amount which is less than $1,000 or which, when added to the outstanding balance of all other plan loans to that applicant, exceeds the lesser of:

   a. 50% of the present value of the Participant's current vested account balance; or
   b. $50,000 reduced by the excess, if any, of the highest outstanding balance of loans from the Plan during the one-year period ending on the day before the date of the current loan over the outstanding balance of loans from the plan on the date of the current loan

5. Interest. The Committee shall determine weekly the interest rate to be charged for loans. Interest rates must be commensurate with the prevailing rates of commercial lenders for similar loans and shall be determined by the Committee based on the prime lending rate plus 1%.

6. Duration of Loan. No general purpose loan shall have a term for repayment in excess of 5 years. If the loan is for the purpose of acquiring a dwelling unit which, within a reasonable time, will be used by the applicant as his or her principle resident (a residential loan), the term for repayment may be as long as 5 years.

7. Sources of Funds. A participant may borrow from his or her entire vested interest in the Plan.

8. Adequate Security. All loans under the Plan shall be adequately secured. An applicant shall secure a loan with an irrevocable pledge and assignment of 50% of the applicant's vested account balance.

NOTE 1 - DESCRIPTION OF PLAN – CONTINUED

9. Promissory Note Required. The Administrator shall document every loan by a promissory note, signed by the applicant, for the face amount of the loan.

10. Loan Payments

a. Repayment for Current Employees. All scheduled loan payments for loans must be made via payroll deduction.
b. Repayment for Participants who are Beneficiaries or Alternate Payees. All scheduled loan payments for loans must be made via personal check.
c. Repayment Upon Termination of Employment. All loans become due and payable in 90 days of the Participant's termination of employment with the Company.
d. Repayment While on a Leave of Absence. The Administrator may permit suspension of payments for a period not exceeding 1 year that occurs during an approved leave of absence. No such suspension shall extend the term of the loan, interest shall continue accrue, and upon resumption, the amortization shall be recalculated to assure payment of the entire loan by the original due date.
e. Repayment While on Qualified Military Service. If a Participant separates from service (or takes a leave of absence) from the Employer because of service in the military and does not receive a distribution of his or her account balances, the Plan shall suspend loan repayments until the Participant's completion of military service. The Employer will provide the Participant with a written explanation of the effect of the Participant's military service upon his or her Plan loan. While the Participant is on active duty in the United States military, the interest rate on the loan shall not exceed six percent (6%), compounded annually.
f. Early Repayment. Once granted, a loan may be prepaid in full, without penalty, at any time. Partial pre-payments, or payments in amounts not on the amortization schedule, will require re-amortization of the loan and production of new loan documents. A loan will also have to be re-amortized if the Company changes their payroll timing, resulting in a change to the payment frequency of the loan. Please refer to paragraph 14 for expenses associated with re-amortization.

11. Loan Refinancing. Loan refinancing is not permitted.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES N CONTINUED

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investments

The Plan's investments are reported at fair value, as reported by the custodian based on quoted market prices of the underlying investments. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation or depreciation on investments includes both realized and unrealized gains and losses. Loans are valued at their outstanding balances, which approximate fair value.

Payment of Benefits

Benefits claims are accrued when they have been processed and approved for payment by the Plan.

Risks and Uncertainties

The Plan utilizes various investment instruments. Investment instruments, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Recently Adopted Accounting Guidance

In January 2010, FASB issued Accounting Standards Update (ASU) No. 2010-06, *Fair Value Measurements and Disclosures (Topic 820) – Improving Disclosures about Fair Value Measurements*. The guidance, which was effective for reporting periods beginning after December 15, 2009, required additional disclosures about transfers between levels within the fair value hierarchy, and clarified existing disclosure requirements regarding classes of assets and liabilities measured at fair value. The Plan adopted this new guidance in 2010. Additional guidance, which is effective for reporting periods beginning after December 15, 2010, requires the Plan to present information about purchases, sales, issuances, and settlements on a gross basis in the reconciliation of the beginning and ending balance of Level 3 fair value measurements. The Plan adopted the

Level 3 reconciliation disclosures effective January 1, 2011, and these adoptions had no effect on the Plan's financial statements.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES N CONTINUED

Recently Adopted Accounting Guidance - Continued

In May 2011, the FASB issued ASU No. 2011-04, *Fair Value Measurement (Topic 820) - Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs.* ASU No. 2011-04 requires disclosure of valuation techniques for Level 2 and Level 3 measurements and for Level 3 measurements requires disclosure of valuation processes used by the reporting entity and quantitative information about significant unobservable inputs. ASU No. 2011-04 requires information about all transfers between levels 1 and 2, not just significant transfers, as well as additional disclosure for Level 3 measurements regarding the sensitivity of fair value to changes in unobservable inputs and any interrelationships between those inputs. It also requires disclosure of the categorization by level for items that are not measured at fair value in the statement of net assets available for benefits but are disclosed at fair value. The new guidance is effective for reporting periods beginning after December 15, 2011. Plan management does not expect the adoption of ASU No. 2011-04 to have a material effect on the statements of net assets available for benefits and statements of changes in net assets available for benefits.

Recognition of Income

Sales and purchases are accounted for on a trade date basis, and interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net Change in Fair Value of Investments

Net change in fair value of investments includes realized and unrealized gains and losses on investments sold or held during the year.

Administrative Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying statement of changes in net assets available for benefits as administrative expenses. Audit fees and other administrative expenses are paid by the Plan sponsor.

Subsequent Events

In accordance with GAAP, events occurring between December 31, 2011 and June 19, 2012 (the date the financial statements were available to be issued) were evaluated, and no material subsequent events that required recognition in these financial statements were noted.

During 2011, the Plan's investments (including interest and gains and losses on investments bought and sold, as well held during the year) depreciated in value by $22,856.

NOTE 4 - TAX STATUS

The Company has adopted a Prototype 401(k) Retirement Plan with a cash or deferral arrangement and received a favorable opinion letter from the Internal Revenue Service dated January 1, 2003, which states that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan is required to operate in accordance with IRC to maintain its tax-exempt qualification. The Plan administrator believes that during 2011, the Plan was designed and operated in accordance with applicable provisions of IRC.

NOTE 5 - CERTIFIED FINANCIAL INFORMATION

The Plan assets are invested in products by MG Trust Company, LLC. The investment balance and related investment information included in the financial statements, accompanying notes and supplemental schedule are derived from statements which have been certified by MG Trust Company, LLC as complete and accurate in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for

Reporting and Disclosure under ERISA.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their account balances.

NOTE 6 - FAIR VALUE MEASUREMENTS

Fair value is defined as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date (an exit price). The fair value hierarchy prioritized the inputs to valuation techniques used to measure fair value into three levels, with the highest priority given to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority given to unobservable inputs (Level 3). The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

While the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain assets could result in a different fair value measurement at the measurement date.

The following is a description of the valuation methods used for assets measured at fair value:

- *Registered Investment Companies:*

The registered investment company accounts with MG Trust Company, LLC are stated at fair value as reported to the Plan by MG Trust Company, LLC, based on the quoted market prices of the underlying mutual funds. The unit value of registered investment company account is calculated by dividing the total value of the assets of the account by the number of units in the account. For accounts that invest exclusively in mutual funds, the total value of the assets of the account is based on the net asset value (NAV), or price per share, of the underlying mutual fund. The mutual fund calculates its NAV by dividing the mutual fund's net assets by the mutual fund's outstanding number of shares.

Those accounts investing in mutual funds or equity securities are measured using quoted prices in active markets for identical assets (Level 1).

Those accounts directly investing in fixed maturity securities are measured based on the pricing data provided by outside valuation service providers who in turn generally use

the mean of bid and ask prices but may also use alternative observable pricing inputs for certain securities (Level 2 or Level 3).

NOTE 6 - FAIR VALUE MEASUREMENTS- CONTINUED
