General:

The Plan is a defined contribution plan for employees of the T & A Supply Company, Inc. and Pacific Mat and Commercial Flooring, LLC (collectively, the Company). The Plan was established on November 1, 1981, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Employees who are at least 20 years of age are eligible to participate at the quarterly enrollment date following completion of twelve months and at least 1,000 hours of service. Participants must be employed on the last day of the plan year to be eligible for a profit sharing contribution.

Contributions:

Participants:

Participants may elect to defer up to 70% of annual compensation, not to exceed that permitted by applicable law. The Plan allows for "catch up" contributions for participants who are 50 or older. These "catch up" contributions are limited to \$5,500 for 2012. Participants may also make rollover contributions from other qualified plans.

Company:

Employer matching or profit sharing contributions may be made at the discretion of the Company. There were no matching contributions made during 2012. The Company made profit sharing contributions of \$240,000 for 2012. Profit sharing contributions are allocated to participants' accounts based on their shares of total eligible compensation in a formula that is integrated with Social Security.

T & A SUPPLY COMPANY, INC. 401(k) PROFIT SHARING PLAN AND TRUST

Participants may direct the investment of their accounts by choosing among the investment alternatives selected by the plan administrator.

Vesting periods:

Participants are 100% vested in their voluntary contributions at all times. Participants become vested in employer matching and profit sharing contributions based on their years of service, as follows:

Notes receivable from participants:

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of 50% of their vested account balance or \$50,000 less the highest outstanding loan balance in the prior 12 months. Each note receivable is carried at amortized cost, is secured by the borrower's vested account balance, bears interest at a commercially reasonable rate (from 5.25% to 10.25% on loans outstanding as of December 31, 2012), and may have terms ranging from one to five years (unless the loan qualifies as a home loan). Principal and interest are paid through semi-monthly payroll deductions.

Plan termination:

The Company reserves the right to amend or terminate the Plan at any time subject to the provisions of ERISA. Upon Plan termination, each participant shall become 100% vested. Benefits would then be disbursed in accordance with the Plan's provision for termination.

Retirement:

Normal retirement age is 65 years old.

Death or disability:

In the event of death of a participant before his or her retirement benefit commences, the participant becomes vested in any unvested balances, and 100% of the participant's account balance will be paid to the named beneficiary. If a participant becomes permanently disabled while employed by the Company, 100% of the participant's account will become vested and be distributed in the same manner as if the participant had retired.

Payment of benefits:

On termination of service, a participant may receive a lump-sum cash payment for the vested balance in his or her account.

1. Description of the Plan (continued):

Hardship withdrawals:

While still employed by the Company, participants are permitted to withdraw a single lump sum up to their total vested account balance under certain conditions. A participant's right to make deferrals to the Plan will be suspended for six months after the receipt of a hardship withdrawal.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements are presented on the accrual basis of accounting. Benefit payments are recorded when paid.

Use of estimates in preparation of financial statements:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect amounts reported and related disclosures. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are stated at fair value. Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Gains and losses (realized and unrealized) are reported in net appreciation in fair value of investments.

Subsequent events:

The Plan has evaluated subsequent events through August 12, 2013, the date on which the financial statements were available to be issued.

3. Tax status:

The Plan is a Fidelity-sponsored prototype plan with an opinion letter dated March 31, 2008, in which the Internal Revenue Service (IRS) stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the Code). The prototype plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Accordingly, no provision for income tax has been included in these financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that at December 31, 2012, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by departments of the federal government; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to tax examinations by tax authorities for years before 2009.

	<u>\$ 11,442,866</u>	<u>\$ 9,973,924</u>

Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of the Plan's investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

The following investments represent 5% or more of the Plan's net assets available for benefits as of December 31:
