Part I Asset and Liability Statement

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

OF BRAYTON PURCELL, LLP 401(k) RETIREMENT PLAN

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of BRAYTON PURCELL, LLP 401(k) RETIREMENT PLAN (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair representation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by ING Life Insurance and Annuity Company, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of Schedule H – Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2012, which is the responsibility of plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

BRAYTON PURCELL, LLP 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2012

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Brayton Purcell, LLP 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was established on January 1, 1990 by Brayton Purcell, LLP (the "Company") to provide retirement benefits for its employees.

The Plan is a defined contribution plan covering all employees who have completed one year of service and have reached 21 years of age. Employees become participants of the Plan on January 1, April 1, July 1 and October 1 after meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and certain provisions of the Internal Revenue Code ("IRC").

The Plan provides for a plan administrator who is responsible for keeping accurate and complete records of the Plan's operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law.

Participant Contributions – Participant contributions are made in the form of pretax deferred salary deductions. A participant may elect to contribute up to a maximum of $17,000 for the year ended December 31, 2012 in accordance with the IRC. Additionally, participants age 50 and over at the end of the Plan year may make additional catch-up contributions up to $5,500 for the year ended December 31, 2012. A participant may increase or decrease the amount of contributions quarterly, as defined by the Plan agreement.

Employer Contributions – Effective January 1, 2008, the Plan was amended to provide for "Safe-Harbor" contributions in accordance with the provisions of the IRC. Under the Safe-Harbor contribution rules, the Company makes mandatory matching contributions of each participant's contributions up to an amount equal to 100% up to a maximum of 4% of compensation, as defined in the Plan. In addition, the Company may, in its sole discretion, elect to make other contributions and such contributions are allocated to all participants who either are credited with at least 500 hours of service or are employed on the last day of the Plan year.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts – Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contributions and, (b) Plan investment earnings or losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that may be provided from the participant's vested account.

Vesting – Participants are immediately vested in their voluntary contributions, and employer Safe-Harbor contributions, plus actual earnings thereon. For employer matching contributions and profit sharing contributions made prior to January 1, 2008, vesting in employer contributions is based on years of continuous service. A participant is 100% vested after six years of credited service as follows:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%

Investment Options – A participant may direct the investment of his or her account balance into various funds available through ING Life Insurance and Annuity Company ("ING"), the custodian of the Plan.

Notes Receivables from Participants – Participants may borrow from their vested account balances provided they meet the Plan's eligibility requirements. The minimum loan amount is $1,000 and the maximum loan amount is equal to the lesser of one-half of the participant's vested account balance or $50,000. The duration of the loan is not to exceed five years, except for loans used to finance the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.25% at December 31, 2012, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through bi-weekly payroll deductions.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits – Upon termination of service due to death, disability or retirement, a participant may receive either a lump-sum distribution or a direct rollover distribution into a qualified plan. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. At the time of retirement, if a participant's account balance is in excess of $5,000, the participant may delay the receipt of distributions. A participant may also elect to receive a pre-retirement distribution if the participant is 100% vested in the amount being distributed, and has reached 59½ years of age.

Forfeited Accounts – The non-vested portion of a participant's balance is forfeited upon termination of employment. Forfeitures are reallocated among eligible participants. As of December 31, 2012 and 2011, forfeited non-vested accounts amounted to $12,141 and $10,615, respectively.

Administrative Expenses – The Company has elected to fund the administrative expenses of the Plan, other than those associated with custodian fees and certain participant directed transactions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan prepares its financial statements under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

As described in the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") *Financial Services – Investment Companies* topic, investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in a guaranteed investment contract through a stable value fund. As required by the FASB ASC *Financial Services – Investment Companies* topic, the Statements of Net Assets Available for Benefits present the fair value of the investment in the stable value fund as well as the adjustment of the investment in the stable value fund from fair value to contract value relating to the investment contract. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Adoption of New Accounting Standards – In May 2011, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2011-04, *Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. Generally Accepted Accounting Principles ("GAAP") and International Financial Reporting Standards ("IFRSs").* ASU 2011-04 amended ASC 820 to converge the fair value measurement guidance in U.S. GAAP and IFRSs. Some of the amendments clarify the application of existing fair value measurement requirements, while other amendments change a particular principle or requirement for measuring fair value. In addition, ASU 2011-04 required additional fair value disclosures, although certain of these new disclosures were not required for nonpublic entities. The amendments were to be applied prospectively and are effective for the year ended December 31, 2012. The adoption of ASU 2011-04 did not have an effect on the Plan's net assets available for benefits or its changes in net assets available for benefits.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. In addition, certain investment related expenses are included in net appreciation of fair value of investments.

Notes Receivables from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative fees and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 or 2011. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits – Benefits are recorded when paid.

NOTE 3 – FAIR VALUE MEASUREMENTS

The *Fair Value Measurements and Disclosures* topic of the FASB ASC defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the *Fair Value Measurements and Disclosures* topic of FASB ASC are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Pooled Separate Accounts: Stated at fair value based upon the net asset value ("NAV") as the practical expedient as determined by the issuer of the account. The NAV is determined daily based on the fair value of the underlying fund, the fund's dividends and separate account charges.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Guaranteed Investment Contract: Guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (see Note 5). Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Investment Committee evaluates a variety of factors including the review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated using available market data (for example, swap curve rate).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Balance, End of Year	$ 3,231,353
The Amount of Total Gains for the Period Attributable to the Change in Unrealized Gains Relating to Assets Still Held at the Reporting Date	$ 21,781

Unrealized gains from the guaranteed investment contract are not included in the accompanying statement of changes in net assets available for benefits as the contract is recorded at contract value for purposes of the net assets available for benefits.

NOTE 4 – INFORMATION CERTIFIED BY THE CUSTODIAN OF THE PLAN

The investment information as of December 31, 2012 and 2011, and for the year ended December 31, 2012, including investment assets and investment income or loss and the schedule of assets held at end of year, was obtained from data that has been certified by ING, the custodian of the Plan, to be complete and accurate. All investments are in participant directed funds. The contributions are maintained in pooled separate accounts and a guaranteed investment contract, which are invested in various fund options as directed by each participant. The accounts are credited with actual earnings and unrealized appreciation or depreciation on the investments and charged for Plan withdrawals and miscellaneous expenses.

The following is a summary of the certified information presented at fair value, furnished to the Plan administrator by ING, and included in the accompanying financial statements and supplemental schedule as of December 31, 2012 and 2011. Assets representing greater than 5% of net assets are individually identified:

	2012	2011
Pooled Separate Accounts:		
American Balanced Fund	$ 1,027,697	$ 973,705
EuroPacific Growth Fund	920,524	699,283*

* Individual asset is not greater than 5% of net assets but is included for comparative purposes.

** Contract value of $2,933,484 and $2,986,800 at December 31, 2012 and 2011, respectively, was certified by ING.

NOTE 4 – INFORMATION CERTIFIED BY THE CUSTODIAN OF THE PLAN (Continued)

The following is a summary of net investment income and interest on notes receivable from participants for the year ended December 31, 2012:

Net Appreciation in Fair Value of Pooled Separate Accounts	$ 1,845,807
Interest Income from Guaranteed Investment Contract	$ 85,136
Interest Income from Notes Receivable from Participants	$ 9,715

NOTE 5 – INVESTMENT CONTRACT

As part of the ING Fixed Account, the Plan entered into a benefit-responsive guaranteed investment contract ("GIC") with ING. ING maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. ING is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

ING may terminate the contract after the completion of five contract years by providing the contract holder a 90 day written notice to pay out the full value without fees, charges or Mark Value Adjustment ("MVA").

Because the GIC is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GIC. The GIC is presented on the face of the accompanying statements of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by ING, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the ING or otherwise. The fair value of the investment contract at December 31, 2012 and 2011 was $2,933,484 and $2,986,800, respectively. The average yield and crediting interest rates were both 3.00% for the years ended December 31, 2012 and 2011. The crediting interest rate is based on a formula agreed upon with ING. Guaranteed minimum interest rate will never be less than 3% for the life of the contract. Each calendar year ING will set a floor interest rate which will be declared in writing, to the contract holder prior to its effective date. For the year ended December 31, 2012, the crediting interest rate was 3.00%.

NOTE 5 – INVESTMENT CONTRACT (Continued)

Certain events may limit the ability of the Plan to transact at contract value with ING. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan, (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any require prohibited transaction exemption under ERISA. No surrender charge is assessed against contract withdrawals taken for reasons of participant retirement, severance from employment, death, disability, hardship, loan or in-service withdrawals after age 59½. There are restrictions on transfers to and from the GIC and a positive or negative MVA may apply if the contract were terminated by either ING or the Plan sponsor. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The GIC does not permit ING to terminate the agreement prior to the scheduled maturity date.

NOTE 6 – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for federal or state income taxes has been made.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

NOTE 7 – RELATED PARTY TRANSACTIONS

Certain Plan investments are pooled separate accounts and insurance contracts managed by ING. ING is the custodian as defined by the Plan and; therefore, these transactions qualify as party-in-interest transactions.

NOTE 8 – PLAN TERMINATION

The Company has established the Plan with the expressed intention and expectation that it will continue the Plan. However, if circumstances make it impossible or inadvisable to continue the Plan, the Company reserves the right to terminate it at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Benefits will be held in the trust fund which will remain in existence until the Company requests the discontinuance of the trust agreement.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, foreign currency rates, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in investment value in the near term would materially affect the participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits and in the Statement of Changes in Net Assets Available for Benefits.

The underlying securities of the Plan's investments could include securities with contractual cash flows, such as, but not limited to, asset-back securities, collateralized mortgage obligations, and commercial mortgage-backed securities and real estate. The value, liquidity and related income of these securities may be particularly sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by real or perceived difficulties of the issuers, changes in interest rates and conditions in financial markets.
