NOTES TO FINANCIAL STATEMENTS

NOTE A DESCRIPTION OF PLAN

The following description of Ocasa, Inc. ("Company") 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General.
The Plan is a profit sharing plan covering all full-time employees of the Company who are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions.
Each year, participants may contribute up to $14,000 of pretax annual compensation, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make a discretionary contribution to the Plan known as a matching contribution in an amount not to exceed 100% of each participant's contribution.

Participant Accounts.
Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting.
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of Benefits.
On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of time not to exceed the participant's life expectancy as defined in the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE A DESCRIPTION OF PLAN (cont.)

Participant Loans
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's accounts and bear interest at rates from 5% to 10.5%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Forfeited Accounts
Any portion of a participant's account to which such participant is not entitled (the nonvested amount) at termination of such participant's employment shall become available to reduce employer contributions to the Plan or to pay Plan administrative expenses, in succeeding Plan years.

NOTE B SUMMARY OF ACCOUNTING POLICIES

Estimates.
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition.
The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. Participant loans receivable are valued at cost, which approximates fair value.

Benefits are recorded when paid.
