## ENDURANCE INTERNATIONAL GROUP – WEST, INC. 401(K) PLAN

Notes to Financial Statements

December 31, 2012 and 2011

### (1) Plan Description

The following description of the Endurance International Group – West, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

#### *(a) General*

The Plan was established January 1, 2005 by Dotster Inc. as a defined contribution plan under the provisions of Section 401(a) of the Internal Revenue Code (“IRC”), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

During 2012, Dotster Inc. changed its name to Endurance International Group – West, Inc. (the “Company”). The Plan was restated effective September 1, 2012 and the name of the Plan was changed from the Dotster Inc. 401(k) Plan to the Endurance International Group – West, Inc. 401(k) Plan. During the fourth quarter of 2012, Endurance International Group, the Company’s parent company, purchased Intuit Websites, which includes Homestead Technologies. The employees from this acquisition were able to participate in the Plan upon employment with the Company.

Charles Schwab Trust Company (“Charles Schwab”) serves as trustee for the Plan. Moran Knobel serves as recordkeeper for the Plan.

#### *(b) Eligibility*

Employees of the Company, except non-resident aliens, become eligible to enter the Plan after attaining age 18. Prior to September 1, 2012, employees were required to also be employed for six months before being eligible for the Plan. Employees may begin participating in the Plan the first day of the month after meeting the eligibility requirements.

#### *(c) Contributions*

Participants may elect to contribute up to 100% of pretax annual compensation, as defined in the Plan and subject to certain annual limitations under the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions (\$5,500 for 2012). Participants may also roll over amounts representing distributions from other qualified defined benefit or defined contribution plans. Annually, the employer can make a discretionary contribution. The Company made a matching contribution of 100% of the first 3% deferred by the participant for the period from January 1, 2012 through August 31, 2012. The employer matching contribution was increased to 125% of the amount deferred by the participant up to a maximum of \$10,000 for the period from September 1, 2012 through December 31, 2012. For the year ended December 31, 2011, the employer discretionary matching contribution was 100% of the first 3% deferred by the participant into the Plan.

***(d) Participant Accounts***

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, the Company's contributions, and an allocation of the Plan's earnings and expenses, and are valued on a daily basis. Each participant directs the investment of his or her account balance among the alternatives offered. The current benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

***(e) Investments***

Participants may direct the investment of their account balances in one or a combination of investment options offered by the Plan, as well as the participant-directed brokerage option. Participants may change their investment elections or transfer their assets between investments on a daily basis.

***(f) Notes Receivable from Participants***

The Plan was restated effective September 1, 2012 and one of the new provisions was to allow for participant loans as well as rollover of participant loans from other qualified plans. Participants may borrow the lesser of \$50,000 or 50% of their vested account balance, subject to certain restrictions. Loans are secured by the vested account balance of the participant. Participant loans are repayable through payroll deductions over periods ranging up to five years, unless the loan is used to acquire a principal residence, in which case the loan term may be extended. The interest rate on participant loans is determined by the Plan Administrator, and is fixed at inception of the loan. The interest rate on outstanding loans at December 31, 2012 is 4.25%, and loans mature through 2022.

***(g) Vesting***

Participants are vested immediately in their elective contributions. Vesting in the employer contributions and earnings thereon is based on years of credited service. Employees vest in their employer contributions at a rate of 20% per year and are fully vested after five years of service. A participant becomes immediately 100% vested upon death or disability.

***(h) Forfeitures***

If a participant terminates before becoming fully vested, the unvested portion of his or her account is forfeited. Forfeitures are utilized to offset employer contributions or to pay Plan expenses. At December 31, 2012 and 2011, no forfeitures were available to reduce future contributions. Forfeitures of \$3,509 and \$10,027 were used to offset employer contributions for the years ended December 31, 2012 and 2011, respectively.

***(i) Benefit Payments***

On termination of service, death, or disability, a participant, or beneficiary thereof, may request a direct rollover to an individual retirement account or another employee benefit plan, or may receive an amount equal to the value of the participant's vested interest in his or her account, as a lump-sum payment. If a participant's balance is less than \$5,000 upon termination of employment, the account balance will be distributed in a single lump sum as soon as possible after the participant's employment terminates.

***(j) Administrative Expenses***

The Company pays certain administrative fees of the Plan, including legal, trustee and audit fees. Direct expenses totaling \$10,109 and \$9,346 were paid by the Plan during 2012 and 2011, respectively. Certain expenses are included in the transaction prices of investments bought and sold and are not separately quantifiable.

**(2) Summary of Significant Accounting Policies**

***(a) Basis of Accounting***

The accompanying financial statements have been prepared on the accrual basis of accounting.

***(b) Use of Estimates***

The preparation of the financial statements in conformity with generally accepted accounting principles ("GAAP") requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

***(c) Investment Valuation and Income Recognition***

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Net appreciation (depreciation) in fair value of investments consists of the net change in unrealized gains or losses during the year and the realized gain or loss on investments sold during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date.

***(d) Notes Receivable from Participants***

Notes receivable from participants are carried at amortized cost plus accrued interest.

***(e) Payment of Benefits***

Benefits are recorded when paid.

***(f) Reclassifications***

Certain prior year amounts have been reclassified to conform with the current year presentation.

### (3) Investments

The following presents investments that represent 5% or more of the Plan's net assets at December 31, 2012 and 2011:

	<u>2012</u>	<u>2011</u>
Union Bond & Trust Stable Value Fund	\$ 248,709	\$ 208,379
PIMCO Total Return Inst	196,417	149,570
American Funds EuroPacific Growth Fund	103,048	76,523
BlackRock U.S. Opportunities Inst	83,068	71,202
Franklin Templeton Global Bond Advisor	87,236	66,420
Franklin Templeton Funds Growth Fund Adv Class	85,111	69,997

Net appreciation (depreciation) in fair value of investments for the years ended December 31, 2012 and 2011 are as follows:

	<u>2012</u>	<u>2011</u>
Mutual funds	\$ 65,939	\$ (71,111)
Participant-directed brokerage accounts	10,265	12,330
Total net appreciation (depreciation) in fair value of investments	\$ 76,204	\$ (58,781)

The Union Bond & Trust Stable Value Fund ("SVF") is a common and collective trust fund investing primarily in guaranteed investment contracts ("GICs") that are issued by insurance companies and commercial banks. The GICs are fully benefit-responsive. In accordance with FASB guidance for fully benefit-responsive contracts, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

The statements of net assets available for benefits present the fair value of the investments in common and collective trust funds relating to fully benefit-responsive investment contracts as well as the adjustment of the investments in the common and collective trust fund relating to fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis. The fair value of the SVF was calculated by discounting the related cash flows and the fair values of the underlying investments and the wrapper contracts using a discounted cash flow model that considers recent fee bids as determined by recognized dealers, discount rate, and the duration of the underlying portfolio securities. The crediting interest rate and average yield to participants for 2012 were approximately 1.7% and 0.9%, respectively, and for 2011 were approximately 2.5% and 1.4%, respectively.

### (4) Fair Value Measurements

FASB Accounting Standards Codification ("ASC") Topic 820 ("ASC Topic 820"), *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities

(Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

*Mutual Funds and Participant-Directed Brokerage Investments:* Valued at fair value based on quoted market prices.

*Common and Collective Trust Fund:* Valued at fair value based on the net asset value ("NAV") of the underlying investments which are valued by discounting the related cash flows based on current yields of similar instruments and comparable durations considering the creditworthiness of the issuer.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012:

<b>December 31, 2012</b>				
<b>investments, at fair value</b>				
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>

The following table provides information regarding redemption of investments where the NAV has been used as a practical expedient to measure fair value at December 31, 2012 and 2011:

	<b>Fair Value</b>		<b>Redemption Frequency</b>	<b>Redemption Notice Period</b>
	<b>2012</b>	<b>2011</b>		
Common and collective trust fund	\$ 248,709	\$ 208,379	Daily	1 – 2 days

The common and collective trust fund includes investments that are operated by a trust company that manages a pooled group of trust accounts. Common and collective trust funds combine the assets of various institutional investors to create a larger, well-diversified portfolio. Each investor owns a participating interest that is calculated in units and represents its portion of the holdings of the fund. The objective of the common and collective trust fund is to seek the preservation of capital and to provide a competitive level of income over time that is consistent with the preservation of capital. At December 2012 and 2011 there were no unfunded commitments.

#### (5) **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

The Plan may invest in mutual funds, a common and collective trust fund and participant-directed brokerage investments, which include securities with contractual cash flows, which may include asset-backed securities, collateralized mortgage obligations, and commercial mortgage-backed securities. The value, liquidity, and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

#### (6) **Information Certified by the Trustee**

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Charles Schwab, the trustee, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value (excluding the Union Bond & Trust Stable Value Fund)
- Union Bond & Trust Stable Value Fund, at contract value
- Net appreciation (depreciation) in fair value of investments
- Interest and dividend income
- Investments (Note 3) (excluding the Union Bond & Trust Stable Value Fund)
- Schedule of assets (held at end of year) (excluding the Union Bond & Trust Stable Value Fund and notes receivable from participants)

**(7) Party-in-Interest Transactions**

Certain Plan investment funds are managed by Charles Schwab, the trustee of the Plan. Therefore, these investments and investment transactions qualify as party-in-interest transactions.

Additionally, the Plan sponsor, Endurance International Group – West, Inc., is a party-in-interest to the Plan; however, there were no transactions with the Plan sponsor other than the funding of contributions to the Plan and payment of certain administrative expenses of the Plan.

**(8) Plan Tax Status**

The Plan has adopted a prototype plan agreement, which received a favorable opinion letter dated March 31, 2008 from the Internal Revenue Service (“IRS”) as to the qualification of the prototype plan agreement and exemption from tax under the applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and currently being operated in compliance with applicable requirements of the IRC, and, therefore, the Plan is qualified, and the related trust is not subject to tax.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012 and 2011, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

**(9) Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

**(10) Subsequent Events**

The Company has evaluated subsequent events with respect to the Plan through August 1, 2013, the date the financial statements were available for issuance.
