Note 1 - Plan Description

The following description of Keihin Thermal Technology of America, Inc. Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees of Keihin Thermal Technology of America, Inc. (the "Company") who have completed six months of service and are age 18 or older, except for Japanese nationals on temporary assignment with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - The Plan provides for employee salary 401(k) contributions up to a maximum of 100 percent of the annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code. The Plan allows participants to contribute up to 100 percent of their compensation on an after-tax basis. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Plan provides for employer discretionary contributions at the discretion of its board of directors. If a discretionary contribution is made, each participant's allocation of the contribution is based upon the participant's compensation as defined in the plan agreement. There were no discretionary contributions made to the Plan during 2012 or during the period from September 1, 2011 through November 30, 2011.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on the participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting - Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of service. Participants vest in contributions made by the Company 50 percent after one year of service, and they become fully vested after two years of service.

Forfeitures - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions. At November 30, 2012 and 2011, there were no forfeited account balances.

Note 1 - Plan Description (Continued)

Benefit Payments - Distributions are payable upon the retirement, death, disability, or termination of employment in the form of a lump-sum amount equal to the vested balance of a participant's account.

Participant Notes Receivable - Participants may borrow from their accounts subject to certain maximum and minimum amounts as prescribed in the Plan and in the Internal Revenue Code. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

Termination - While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan document and ERISA. In the event of plan termination, the trustees shall distribute all assets remaining in the Plan, after payment of any expenses properly chargeable against the Plan, to the participants in accordance with the value of the units credited to such participants as of the date of such termination. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Party-in-interest Transactions - Certain plan assets are in investment funds managed by Reliance Trust Company or its affiliates. Reliance Trust Company is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies

Investment Valuation - The Plan's investments are stated at fair value except as noted below. The common collective trust fund investment is valued at contract value. Contract value represents investments at cost plus accrued interest income less amounts withdrawn to pay benefits. The fair value of the common collective trust fund is based on the fair value of the underlying net assets at the measurement date by the issuer of the fund. The Plan's interest in the common collective trust fund is based on its proportionate ownership interest in the fair value of the common collective trust fund. The common collective trust fund primarily holds guaranteed investment contracts. The fair value of the guaranteed investment contracts is based on current yields of similar instruments with comparable durations taking into account the contract terms including interest reset intervals and the credit rating of the issuer.

All other investments are valued based on quoted market prices. See Note 5 for additional information.

Note 2 - Summary of Significant Accounting Policies (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Various administrative costs are paid by the Company.

Participant Notes Receivable - Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Subsequent Events - The financial statements and related disclosures include evaluation of events up through and including September 3, 2013, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Reliance Trust Company (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedules of assets held at end of year are based solely on information provided by the Trustee.

Note 3 - Unaudited Information (Continued)

Investments that exceed 5 percent of end of year net assets are as follows:

Note 4 - Tax Status

The Plan is a prototype plan. The prototype plan has received a favorable opinion letter from the Internal Revenue Service (IRS) that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax position and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements.

Note 5 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at November 30, 2012 and 2011.

Level 1 - Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2 - Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Note 5 - Fair Value Measurements (Continued)

Level 3 - Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Note 5 - Fair Value Measurements (Continued)

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no significant transfers between the levels of the fair value hierarchy during 2012 or for the period from September 1, 2011 through November 30, 2011.

Note 6 - Transfer of Assets

In June 2011, the Company acquired the heat exchange division of Showa Aluminum Corporation of America. In September 2011, the Showa Aluminum Corporation of America Retirement Plan (Showa) transferred the assets of the employees included in the division purchased by the Company. Accordingly, assets of approximately $6.5 million were transferred into the Plan in 2011. The affected participants' years of service carried over with their participant account balances. Additional employees were transferred during 2012, resulting in additional assets of approximately $59,000 transferring into the Plan.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator ("you") in completing the Form 5500 Schedule C[1] by identifying different types of compensation paid with respect to the Hartford product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 12/01/2011 - 11/30/2012 and indirect compensation is presented on a calendar year basis ending 12/31/2011.

This report includes compensation actually paid to or by the Hartford within the indicated plan year as part of your Hartford product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your Hartford customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than Hartford). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our Hartford product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your Hartford Service Team should you require additional information regarding the compensation paid to or by Hartford with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

Please note that if there is a discrepancy between the total direct fees reported above and the sum of the direct fees reported below, you should contact your other service providers or your plan records to identify the recipient(s) of the fees and any other information relevant to your Schedule C filing.

Direct Compensation **$0.00**

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2011 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Hartford Retirement Services, LLC are the net result of aggregating direct compensation after the effects of adjustments processed in 2011, some of which may have pertained to prior years.

Indirect Compensation

Float compensation Payor: Reliance Trust Company EIN: 58-1428634 **$2.61**

This is an estimate based on the average annual rate of float compensation (0.0712% for 2011) earned on certain processing bank accounts for the 2011 calendar year multiplied by an estimate of the assets related to uncashed checks*. This estimate does not include float earned for any other reason (e.g., if amounts remitted to The Hartford cannot be immediately invested because they are not in good order). Please review or request a copy of the current float disclosure for more information about the other circumstances in which float is earned.

* A complete listing of distribution checks that remain outstanding is available on the Retirement Plan Access web site under the Standard Reports section (Report R03998-Outstanding Distribution Checks). Uncashed check assets will continue to remain in a float-earning bank account until such time direction is received from the Plan Sponsor. The Plan Sponsor should consult with their tax advisor or benefits counsel to determine if assets attributable to uncashed checks should be included on the Form 5500 filing.

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. Hartford's Code of Ethics and Business Conduct generally restricts Hartford employees from giving to or receiving gifts from customers and/or business partners having a value of over $100, in any individual situation, without prior approval. However, it is possible that one or more of your service providers for the calendar year, including Hartford, engaged in transactions generating nonmonetary compensation. Information concerning reportable transactions undertaken between or among non-Hartford parties may not be available to The Hartford.

Please consult with your legal or tax advisors if you have any questions.

The list includes any investment option held by the plan on at least one month end during the 2011 calendar year. To arrive at an estimate of the dollar amount that Hartford received from each fund, multiply the rate of fees received from each fund by your plan's year-end balance (or if the fund was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the fund at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

* Please note that Hartford Retirement Services, LLC's affiliate, Hartford Securities Distribution Company, Inc., receives the sales compensation (12b-1 fees) portion of this amount. After compensating the plan's broker-dealer firm, if applicable, any residual amount is paid to Hartford Retirement Services, LLC.
