Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Robinson Media Company, LLC 401(k) Plan as of December 31, 2012 and 2011, and the changes in its net assets available for benefits for the year ended December 31, 2012, in accordance with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Item 4i – Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

ROBINSON MEDIA COMPANY, LLC
401(k) Plan

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2012

1. DESCRIPTION OF THE PLAN

The following description of Robinson Media Company, LLC ("the Company") 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Robinson Media Company, LLC who have completed at least one year (1,000 hours) of service and have attained the age of twenty-one. The service requirement was waived for employees who were Cox Enterprises Acquired Employees as of August 1, 2009. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employee Contributions

Participants may elect to have the employer make salary reductions to contribute to the Plan. Pursuant to Section 401(k) of the Internal Revenue Code (the "IRC"), participants may contribute up to the lesser of 100% of their compensation or \$17,000 for 2012. Employees who are age 50 or older may also make catch-up contributions of up to \$5,500 for 2012. Participants direct the investment of contributions to various investment options offered by the Plan. All participants' contributions are fully vested at all times.

Employer Contributions

Each year the Company can elect to contribute to the Plan through a discretionary matching or discretionary profit sharing contribution. During 2012, the Company made a discretionary matching contribution of 75 cents for every dollar contributed by the participant up to 5% of participant compensation.

During 2012, there was no discretionary profit sharing contribution.

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution, any discretionary Company's matching contribution, any employer discretionary profit-sharing contribution, and Plan earnings, which are allocated proportionately among all participants based on their investment in each fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary deferral contributions, both employer matching and profit sharing contribution, plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.00%, which are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

Upon termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in the manner chosen by the individual as soon as practicable. If a participant's vested interest in his or her account is less than \$1,000, the participant will have their account automatically distributed.

Administrative Expenses

The expenses of maintaining the Plan are paid by the Company, except for certain investment transaction charges that are paid by the participants involved.

Forfeitures

There are no forfeitures at year end as participants are immediately vested in all contributions.

Investment Options

The assets of the Plan are allocated to the various funds at the direction of the participant.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires Plan management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and changes therein at the date of the financial statements. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2012 or 2011. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded on the Schedule H of the 5500. Under generally accepted accounting principles, the defaulted loan will remain a note receivable from participant until a distributable event occurs. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Investment Valuation and Income Recognition

The investments in all of the funds are presented at fair value based on the quoted market prices of the underlying securities within each fund at December 31, 2012 and 2011. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

3. INVESTMENTS

All Plan investment assets are held by Capital Bank and Trust, the custodian of the plan.

The Plan's investments, which consisted (including investments bought, sold and held during the year), appreciated in value by \$188,271 during 2012 as follows:

Mutual funds	\$ 188,271
Money market funds	-
	<u>\$ 188,271</u>

4. FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Money market –

Valued at the net asset value (NAV) of shares held by the Plan at year-end

Mutual funds –

Valued at the net asset value (NAV) of shares held by the Plan at year-end.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011.

Assets at Fair Value as of December 31, 2012				
	Level 1	Level 2	Level 3	Total

5. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The financial statements agree to Schedule H of Form 5500 in its entirety.

6. RELATED PARTY TRANSACTIONS

The Plan pays certain administrative and record keeping fees to Capital Research and Management. Direct compensation paid during the year amounted to \$757 for record keeping and administrative services for the year ended December 31, 2012. These transactions qualify as exempt party-in-interest transactions.

During the year ended December 31, 2012, the Plan paid \$631 in direct compensation for third party administration services. These transactions qualify as exempt party-in-interest transactions.

7. TAX STATUS

The Internal Revenue Service has determined and informed the company by a letter dated August 1, 2009, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the plan administration and the plan's tax counsel believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. PLAN TERMINATION

The Company has a right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Robinson Media, LLC was purchased by Waco Tribune-Herald in July 2012. As a part of this purchase, Robinson Media Company, LLC 401(k) Plan was terminated and all assets were transferred to another qualified plan, Omaha World-Herald Company 401(k) Plan, on October 31, 2012. Due to plan assets being rolled over to another qualified plan, the participant accounts were not required to become 100% vested according to the rule noted above.

9. RISK AND UNCERTAINTIES

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

10. RECLASSIFICATIONS

Certain amounts in the prior year financial statements have been reclassified for comparative purposes to conform to the presentation in the current year financial statements.

11. SUBSEQUENT EVENTS

For the year ended December 31, 2012, the Company has evaluated subsequent events for potential recognition and disclosure through August 26, 2013, the date of financial statement issuance. No events requiring disclosure were noted.
