Minnetonka, Minnesota

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of G&K Services 401(k) Savings Incentive Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing this information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes investment transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2012 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

G&K Services 401(k) Savings Incentive Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the G&K Services 401(k) Savings Incentive Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is sponsored by G&K Services, Inc. (the Company). The Plan is a defined contribution plan covering all qualified eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Each nonexcluded employee, as defined by the Plan, becomes eligible to defer a portion of their earnings to the Plan on the first day on which they are credited with an hour of service with the Company. Nonexcluded employees may participate in the employer contributions portion of the Plan on the plan entry date immediately following the later of (a) the date on which he or she completes one year of eligible service or (b) his or her 18th birthday. A year of eligible service is defined as one in which the participant completes at least 1,000 hours of service to the Company.

The Company, as the sponsor of the Plan, has appointed certain individuals of the Company to serve as the Plan Administrator (the Retirement Committee). The Retirement Committee appointed Wells Fargo Bank, N.A. (Wells Fargo) as the trustee of the Plan effective January 1, 2005. Wells Fargo is responsible for holding the assets of the Plan, executing investment transactions and making disbursements.

Contributions: Participants may elect to make contributions to the Plan of up to 75 percent of their annual compensation, as defined by the Plan, up to the maximum amount allowed by the Internal Revenue Code (the Code). Under provisions of the Code, the Plan also allows participants to roll over funds from other qualified plans into the Plan.

The Company makes safe harbor matching contributions of 100 percent of employees' contributions, not to exceed 3 percent of each employee's earnings. The Company also makes matching contributions of 50 percent of employees' contributions that exceed 3 percent, but not to exceed 5 percent, of each employee's earnings. The Company may also make employer retirement, employer transition, and discretionary nonelective contributions to the Plan. For the year ended December 31, 2012, employer transition contributions totaled approximately \$341,000. There were no employer retirement or discretionary nonelective contributions for the year ended December 31, 2012.

Vesting: Participant contributions, rollover accounts, Company safe harbor matching and matching contributions made subsequent to January 1, 2007, employer transition contributions, and discretionary nonelective contributions are always 100 percent vested and cannot be forfeited. For Company matching contributions made to the Plan prior to January 1, 2007, participants become 20 percent vested each year after one year of eligible service and are fully vested after five years of service. Participants become 100 percent vested in employer retirement contributions after completing three years of service.

Participants reaching the normal retirement age of 65 while still employed by the Company or terminating employment due to permanent disability or death automatically become fully vested in all Company contributions.

Participant accounts: Each participant's account is credited with the participant and Company contributions and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which the participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

G&K Services 401(k) Savings Incentive Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Investment options: Participants are allowed to invest in a variety of investment choices, as more fully described in the Plan's literature. All choices vary in type of investment, rate of return and investment risk. Participants may elect to have all or part of their account balance and future contributions transferred from one fund to another or in any combination.

Notes from participants: Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Note terms may not exceed five years, unless the purpose of the note is to acquire a principal residence. Participants are only allowed to have one note outstanding at a time. The notes are secured by the balance in the participant's account and bear a reasonable rate of interest. At December 31, 2012, interest rates range from 4.25 percent to 10.50 percent. Principal and interest are paid ratably through payroll deductions, and notes are due in various amounts through December 2027.

Payment of benefits: Upon termination of employment, death, disability or termination of the Plan, a participant or designated beneficiary will receive the vested portion of the participant's account balance. A participant or designated beneficiary will receive a lump-sum amount, if the vested account balance is \$1,000 or less. If the vested account balance is greater than \$1,000, the participant or beneficiary either may elect to receive a lump-sum amount or may elect to have the balance paid directly to an eligible retirement plan. If the vested account balance is greater than \$5,000, the distribution can also be received in the form of installments over a period of time. Withdrawals of rollover contributions and hardship withdrawals are allowed at any time. Upon obtaining age 59 ½, a participant may take a withdrawal from compensation deferrals or Company contributions. Certain other benefit options are available to participants of former plans.

Forfeitures: Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are used to pay the Plan's administrative expenses or to reduce Company matching contributions. At December 31, 2012 and 2011, forfeited nonvested account balances totaled approximately \$3,000 and \$24,000, respectively. Forfeitures of approximately \$15,900 were used to pay plan expenses in 2012, and forfeitures of approximately \$4,000 were used to reduce employer contributions during 2012.

Plan termination: Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of the Plan's termination, each participant's account would become fully vested, nonforfeitable and distributable in accordance with the provisions of the plan document.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation: Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

G&K Services 401(k) Savings Incentive Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Revenue recognition: Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Realized gains and losses related to sales of investments are recorded on the trade date, and unrealized gains and losses are based on the fair value as of the end of the reporting period.

Notes from participants: Notes from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Default notes from participants are recorded as a distribution based on the term of the plan document.

Accounting guidance requires that participant loans be classified as notes from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued interest. Notes from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in supplemental Schedule H, line 4i—Schedule of Assets (Held at End of Year).

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain fees and expenses of the Plan are paid by the Company.

Subsequent events: The Plan Administrator has evaluated subsequent events through August 5, 2013, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Wells Fargo Bank, N.A.

The Plan's assets are held by Wells Fargo Bank, N.A., the trustee of the Plan.

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified or provided by the trustee, except for comparing such information certified or provided by the trustee with information included in the Plan's financial statements and supplemental schedule. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate.

	<u>\$ 121,432,681</u>	<u>\$ 105,836,116</u>

The trustee also certified to the completeness and accuracy of \$9,622,510 of net appreciation in fair value of the aforementioned investments, \$1,620,728 of interest and dividend income related to the aforementioned investments, and \$213,491 of interest income on notes from participants for the year ended December 31, 2012.

During 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) generated a net appreciation in fair value of investments of \$9,622,510, as follows:

Registered investment companies	\$ 9,340,050
Collective trust	282,460
	<u>\$ 9,622,510</u>

Note 4. Fair Value Measurements

Accounting standards establish the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

G&K Services 401(k) Savings Incentive Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Money market account: The money market account is priced at the net asset value per share, which is calculated as the total of the account's assets, less any liabilities, divided by the total number of shares outstanding on the valuation date. The account's underlying assets are valued using the amortized cost method, which is acquisition cost adjusted for discounts or premiums reflected in their purchase price.

Shares of registered investment companies: Shares of registered investment companies are valued based on quoted prices of identical shares in active markets for shares held by the Plan at year-end.

Units of participation in collective trust: Units of participation in the collective trust are valued at the net asset value as reported by the investment manager at year-end, which approximates fair value. Generally, the fund's net asset value equals the total value of each asset held by the fund, less any liabilities, divided by the total number of shares outstanding on the valuation date.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The Plan follows guidance on how entities should estimate fair value of certain alternative investments. The fair value of investments within the scope of the guidance can be determined using net asset value (NAV) per share as a practical expedient, when fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. The following table includes categories of investments where NAV is available as a practical expedient:

	Fair Value as of December 31		Redemption Frequency	Redemption Notice Period
	2012	2011		
Wells Fargo Advantage Money Market Fund; Class I shares (a)	\$ 18,299,307	\$ 19,754,725	Daily	None
Wells Fargo S&P 500 Index Fund; Class G shares (b)	2,299,132	1,795,848	Daily	6 days

- (a) Fund seeks current income, while preserving capital and liquidity. The fund invests in high-quality, short-term, U.S. dollar-denominated money market instruments of domestic and foreign issues, such as time deposits, certificates of deposit, government securities, asset-backed securities, commercial paper, corporate bonds and repurchase agreements.
- (b) Fund seeks to approximate as closely as practicable the total return, before deduction of fees and expenses, of the Standard & Poor's 500 Index and invests in the equity securities of companies that comprise the Standard & Poor's 500 Index.

Note 5. Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated May 23, 2008, that the Plan and trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the Code.

Management evaluated the Plan's tax position and concluded that the Plan has maintained its tax-exempt status and taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities beyond three years.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of G&K Services 401(k) Savings Incentive Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing this information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes investment transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2012 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

G&K Services 401(k) Savings Incentive Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the G&K Services 401(k) Savings Incentive Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is sponsored by G&K Services, Inc. (the Company). The Plan is a defined contribution plan covering all qualified eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Each nonexcluded employee, as defined by the Plan, becomes eligible to defer a portion of their earnings to the Plan on the first day on which they are credited with an hour of service with the Company. Nonexcluded employees may participate in the employer contributions portion of the Plan on the plan entry date immediately following the later of (a) the date on which he or she completes one year of eligible service or (b) his or her 18th birthday. A year of eligible service is defined as one in which the participant completes at least 1,000 hours of service to the Company.

The Company, as the sponsor of the Plan, has appointed certain individuals of the Company to serve as the Plan Administrator (the Retirement Committee). The Retirement Committee appointed Wells Fargo Bank, N.A. (Wells Fargo) as the trustee of the Plan effective January 1, 2005. Wells Fargo is responsible for holding the assets of the Plan, executing investment transactions and making disbursements.

Contributions: Participants may elect to make contributions to the Plan of up to 75 percent of their annual compensation, as defined by the Plan, up to the maximum amount allowed by the Internal Revenue Code (the Code). Under provisions of the Code, the Plan also allows participants to roll over funds from other qualified plans into the Plan.

The Company makes safe harbor matching contributions of 100 percent of employees' contributions, not to exceed 3 percent of each employee's earnings. The Company also makes matching contributions of 50 percent of employees' contributions that exceed 3 percent, but not to exceed 5 percent, of each employee's earnings. The Company may also make employer retirement, employer transition, and discretionary nonelective contributions to the Plan. For the year ended December 31, 2012, employer transition contributions totaled approximately \$341,000. There were no employer retirement or discretionary nonelective contributions for the year ended December 31, 2012.

Vesting: Participant contributions, rollover accounts, Company safe harbor matching and matching contributions made subsequent to January 1, 2007, employer transition contributions, and discretionary nonelective contributions are always 100 percent vested and cannot be forfeited. For Company matching contributions made to the Plan prior to January 1, 2007, participants become 20 percent vested each year after one year of eligible service and are fully vested after five years of service. Participants become 100 percent vested in employer retirement contributions after completing three years of service.

Participants reaching the normal retirement age of 65 while still employed by the Company or terminating employment due to permanent disability or death automatically become fully vested in all Company contributions.

Participant accounts: Each participant's account is credited with the participant and Company contributions and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which the participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

G&K Services 401(k) Savings Incentive Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Investment options: Participants are allowed to invest in a variety of investment choices, as more fully described in the Plan's literature. All choices vary in type of investment, rate of return and investment risk. Participants may elect to have all or part of their account balance and future contributions transferred from one fund to another or in any combination.

Notes from participants: Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Note terms may not exceed five years, unless the purpose of the note is to acquire a principal residence. Participants are only allowed to have one note outstanding at a time. The notes are secured by the balance in the participant's account and bear a reasonable rate of interest. At December 31, 2012, interest rates range from 4.25 percent to 10.50 percent. Principal and interest are paid ratably through payroll deductions, and notes are due in various amounts through December 2027.

Payment of benefits: Upon termination of employment, death, disability or termination of the Plan, a participant or designated beneficiary will receive the vested portion of the participant's account balance. A participant or designated beneficiary will receive a lump-sum amount, if the vested account balance is \$1,000 or less. If the vested account balance is greater than \$1,000, the participant or beneficiary either may elect to receive a lump-sum amount or may elect to have the balance paid directly to an eligible retirement plan. If the vested account balance is greater than \$5,000, the distribution can also be received in the form of installments over a period of time. Withdrawals of rollover contributions and hardship withdrawals are allowed at any time. Upon obtaining age 59 ½, a participant may take a withdrawal from compensation deferrals or Company contributions. Certain other benefit options are available to participants of former plans.

Forfeitures: Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are used to pay the Plan's administrative expenses or to reduce Company matching contributions. At December 31, 2012 and 2011, forfeited nonvested account balances totaled approximately \$3,000 and \$24,000, respectively. Forfeitures of approximately \$15,900 were used to pay plan expenses in 2012, and forfeitures of approximately \$4,000 were used to reduce employer contributions during 2012.

Plan termination: Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of the Plan's termination, each participant's account would become fully vested, nonforfeitable and distributable in accordance with the provisions of the plan document.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation: Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

G&K Services 401(k) Savings Incentive Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Revenue recognition: Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Realized gains and losses related to sales of investments are recorded on the trade date, and unrealized gains and losses are based on the fair value as of the end of the reporting period.

Notes from participants: Notes from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Default notes from participants are recorded as a distribution based on the term of the plan document.

Accounting guidance requires that participant loans be classified as notes from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued interest. Notes from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in supplemental Schedule H, line 4i—Schedule of Assets (Held at End of Year).

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain fees and expenses of the Plan are paid by the Company.

Subsequent events: The Plan Administrator has evaluated subsequent events through August 5, 2013, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Wells Fargo Bank, N.A.

The Plan's assets are held by Wells Fargo Bank, N.A., the trustee of the Plan.

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified or provided by the trustee, except for comparing such information certified or provided by the trustee with information included in the Plan's financial statements and supplemental schedule. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate.

	<u>\$ 121,432,681</u>	<u>\$ 105,836,116</u>

The trustee also certified to the completeness and accuracy of \$9,622,510 of net appreciation in fair value of the aforementioned investments, \$1,620,728 of interest and dividend income related to the aforementioned investments, and \$213,491 of interest income on notes from participants for the year ended December 31, 2012.

During 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) generated a net appreciation in fair value of investments of \$9,622,510, as follows:

Registered investment companies	\$ 9,340,050
Collective trust	282,460
	<u>\$ 9,622,510</u>

Note 4. Fair Value Measurements

Accounting standards establish the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

G&K Services 401(k) Savings Incentive Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Money market account: The money market account is priced at the net asset value per share, which is calculated as the total of the account's assets, less any liabilities, divided by the total number of shares outstanding on the valuation date. The account's underlying assets are valued using the amortized cost method, which is acquisition cost adjusted for discounts or premiums reflected in their purchase price.

Shares of registered investment companies: Shares of registered investment companies are valued based on quoted prices of identical shares in active markets for shares held by the Plan at year-end.

Units of participation in collective trust: Units of participation in the collective trust are valued at the net asset value as reported by the investment manager at year-end, which approximates fair value. Generally, the fund's net asset value equals the total value of each asset held by the fund, less any liabilities, divided by the total number of shares outstanding on the valuation date.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The Plan follows guidance on how entities should estimate fair value of certain alternative investments. The fair value of investments within the scope of the guidance can be determined using net asset value (NAV) per share as a practical expedient, when fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. The following table includes categories of investments where NAV is available as a practical expedient:

	Fair Value as of December 31		Redemption Frequency	Redemption Notice Period
	2012	2011		
Wells Fargo Advantage Money Market Fund; Class I shares (a)	\$ 18,299,307	\$ 19,754,725	Daily	None
Wells Fargo S&P 500 Index Fund; Class G shares (b)	2,299,132	1,795,848	Daily	6 days

- (a) Fund seeks current income, while preserving capital and liquidity. The fund invests in high-quality, short-term, U.S. dollar-denominated money market instruments of domestic and foreign issues, such as time deposits, certificates of deposit, government securities, asset-backed securities, commercial paper, corporate bonds and repurchase agreements.
- (b) Fund seeks to approximate as closely as practicable the total return, before deduction of fees and expenses, of the Standard & Poor's 500 Index and invests in the equity securities of companies that comprise the Standard & Poor's 500 Index.

Note 5. Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated May 23, 2008, that the Plan and trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the Code.

Management evaluated the Plan's tax position and concluded that the Plan has maintained its tax-exempt status and taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities beyond three years.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of G&K Services 401(k) Savings Incentive Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing this information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes investment transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2012 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

G&K Services 401(k) Savings Incentive Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the G&K Services 401(k) Savings Incentive Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is sponsored by G&K Services, Inc. (the Company). The Plan is a defined contribution plan covering all qualified eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Each nonexcluded employee, as defined by the Plan, becomes eligible to defer a portion of their earnings to the Plan on the first day on which they are credited with an hour of service with the Company. Nonexcluded employees may participate in the employer contributions portion of the Plan on the plan entry date immediately following the later of (a) the date on which he or she completes one year of eligible service or (b) his or her 18th birthday. A year of eligible service is defined as one in which the participant completes at least 1,000 hours of service to the Company.

The Company, as the sponsor of the Plan, has appointed certain individuals of the Company to serve as the Plan Administrator (the Retirement Committee). The Retirement Committee appointed Wells Fargo Bank, N.A. (Wells Fargo) as the trustee of the Plan effective January 1, 2005. Wells Fargo is responsible for holding the assets of the Plan, executing investment transactions and making disbursements.

Contributions: Participants may elect to make contributions to the Plan of up to 75 percent of their annual compensation, as defined by the Plan, up to the maximum amount allowed by the Internal Revenue Code (the Code). Under provisions of the Code, the Plan also allows participants to roll over funds from other qualified plans into the Plan.

The Company makes safe harbor matching contributions of 100 percent of employees' contributions, not to exceed 3 percent of each employee's earnings. The Company also makes matching contributions of 50 percent of employees' contributions that exceed 3 percent, but not to exceed 5 percent, of each employee's earnings. The Company may also make employer retirement, employer transition, and discretionary nonelective contributions to the Plan. For the year ended December 31, 2012, employer transition contributions totaled approximately \$341,000. There were no employer retirement or discretionary nonelective contributions for the year ended December 31, 2012.

Vesting: Participant contributions, rollover accounts, Company safe harbor matching and matching contributions made subsequent to January 1, 2007, employer transition contributions, and discretionary nonelective contributions are always 100 percent vested and cannot be forfeited. For Company matching contributions made to the Plan prior to January 1, 2007, participants become 20 percent vested each year after one year of eligible service and are fully vested after five years of service. Participants become 100 percent vested in employer retirement contributions after completing three years of service.

Participants reaching the normal retirement age of 65 while still employed by the Company or terminating employment due to permanent disability or death automatically become fully vested in all Company contributions.

Participant accounts: Each participant's account is credited with the participant and Company contributions and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which the participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

G&K Services 401(k) Savings Incentive Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Investment options: Participants are allowed to invest in a variety of investment choices, as more fully described in the Plan's literature. All choices vary in type of investment, rate of return and investment risk. Participants may elect to have all or part of their account balance and future contributions transferred from one fund to another or in any combination.

Notes from participants: Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Note terms may not exceed five years, unless the purpose of the note is to acquire a principal residence. Participants are only allowed to have one note outstanding at a time. The notes are secured by the balance in the participant's account and bear a reasonable rate of interest. At December 31, 2012, interest rates range from 4.25 percent to 10.50 percent. Principal and interest are paid ratably through payroll deductions, and notes are due in various amounts through December 2027.

Payment of benefits: Upon termination of employment, death, disability or termination of the Plan, a participant or designated beneficiary will receive the vested portion of the participant's account balance. A participant or designated beneficiary will receive a lump-sum amount, if the vested account balance is \$1,000 or less. If the vested account balance is greater than \$1,000, the participant or beneficiary either may elect to receive a lump-sum amount or may elect to have the balance paid directly to an eligible retirement plan. If the vested account balance is greater than \$5,000, the distribution can also be received in the form of installments over a period of time. Withdrawals of rollover contributions and hardship withdrawals are allowed at any time. Upon obtaining age 59 ½, a participant may take a withdrawal from compensation deferrals or Company contributions. Certain other benefit options are available to participants of former plans.

Forfeitures: Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are used to pay the Plan's administrative expenses or to reduce Company matching contributions. At December 31, 2012 and 2011, forfeited nonvested account balances totaled approximately \$3,000 and \$24,000, respectively. Forfeitures of approximately \$15,900 were used to pay plan expenses in 2012, and forfeitures of approximately \$4,000 were used to reduce employer contributions during 2012.

Plan termination: Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of the Plan's termination, each participant's account would become fully vested, nonforfeitable and distributable in accordance with the provisions of the plan document.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation: Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

G&K Services 401(k) Savings Incentive Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Revenue recognition: Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Realized gains and losses related to sales of investments are recorded on the trade date, and unrealized gains and losses are based on the fair value as of the end of the reporting period.

Notes from participants: Notes from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Default notes from participants are recorded as a distribution based on the term of the plan document.

Accounting guidance requires that participant loans be classified as notes from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued interest. Notes from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in supplemental Schedule H, line 4i—Schedule of Assets (Held at End of Year).

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain fees and expenses of the Plan are paid by the Company.

Subsequent events: The Plan Administrator has evaluated subsequent events through August 5, 2013, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Wells Fargo Bank, N.A.

The Plan's assets are held by Wells Fargo Bank, N.A., the trustee of the Plan.

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified or provided by the trustee, except for comparing such information certified or provided by the trustee with information included in the Plan's financial statements and supplemental schedule. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate.

Note 4. Fair Value Measurements

Accounting standards establish the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

G&K Services 401(k) Savings Incentive Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Money market account: The money market account is priced at the net asset value per share, which is calculated as the total of the account's assets, less any liabilities, divided by the total number of shares outstanding on the valuation date. The account's underlying assets are valued using the amortized cost method, which is acquisition cost adjusted for discounts or premiums reflected in their purchase price.

Shares of registered investment companies: Shares of registered investment companies are valued based on quoted prices of identical shares in active markets for shares held by the Plan at year-end.

Units of participation in collective trust: Units of participation in the collective trust are valued at the net asset value as reported by the investment manager at year-end, which approximates fair value. Generally, the fund's net asset value equals the total value of each asset held by the fund, less any liabilities, divided by the total number of shares outstanding on the valuation date.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The Plan follows guidance on how entities should estimate fair value of certain alternative investments. The fair value of investments within the scope of the guidance can be determined using net asset value (NAV) per share as a practical expedient, when fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. The following table includes categories of investments where NAV is available as a practical expedient:

	Fair Value as of December 31		Redemption Frequency	Redemption Notice Period
	2012	2011		
Wells Fargo Advantage Money Market Fund; Class I shares (a)	\$ 18,299,307	\$ 19,754,725	Daily	None
Wells Fargo S&P 500 Index Fund; Class G shares (b)	2,299,132	1,795,848	Daily	6 days

- (a) Fund seeks current income, while preserving capital and liquidity. The fund invests in high-quality, short-term, U.S. dollar-denominated money market instruments of domestic and foreign issues, such as time deposits, certificates of deposit, government securities, asset-backed securities, commercial paper, corporate bonds and repurchase agreements.
- (b) Fund seeks to approximate as closely as practicable the total return, before deduction of fees and expenses, of the Standard & Poor's 500 Index and invests in the equity securities of companies that comprise the Standard & Poor's 500 Index.

Note 5. Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated May 23, 2008, that the Plan and trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the Code.

Management evaluated the Plan's tax position and concluded that the Plan has maintained its tax-exempt status and taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities beyond three years.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of G&K Services 401(k) Savings Incentive Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Wells Fargo Bank, N.A., the trustee of the Plan, except for comparing this information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes investment transactions. The Plan Administrator has obtained certifications from the trustee as of December 31, 2012 and 2011, and for the year ended December 31, 2012, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Schedule H, line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2012 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purposes of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance With Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

G&K Services 401(k) Savings Incentive Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the G&K Services 401(k) Savings Incentive Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is sponsored by G&K Services, Inc. (the Company). The Plan is a defined contribution plan covering all qualified eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Each nonexcluded employee, as defined by the Plan, becomes eligible to defer a portion of their earnings to the Plan on the first day on which they are credited with an hour of service with the Company. Nonexcluded employees may participate in the employer contributions portion of the Plan on the plan entry date immediately following the later of (a) the date on which he or she completes one year of eligible service or (b) his or her 18th birthday. A year of eligible service is defined as one in which the participant completes at least 1,000 hours of service to the Company.

The Company, as the sponsor of the Plan, has appointed certain individuals of the Company to serve as the Plan Administrator (the Retirement Committee). The Retirement Committee appointed Wells Fargo Bank, N.A. (Wells Fargo) as the trustee of the Plan effective January 1, 2005. Wells Fargo is responsible for holding the assets of the Plan, executing investment transactions and making disbursements.

Contributions: Participants may elect to make contributions to the Plan of up to 75 percent of their annual compensation, as defined by the Plan, up to the maximum amount allowed by the Internal Revenue Code (the Code). Under provisions of the Code, the Plan also allows participants to roll over funds from other qualified plans into the Plan.

The Company makes safe harbor matching contributions of 100 percent of employees' contributions, not to exceed 3 percent of each employee's earnings. The Company also makes matching contributions of 50 percent of employees' contributions that exceed 3 percent, but not to exceed 5 percent, of each employee's earnings. The Company may also make employer retirement, employer transition, and discretionary nonelective contributions to the Plan. For the year ended December 31, 2012, employer transition contributions totaled approximately \$341,000. There were no employer retirement or discretionary nonelective contributions for the year ended December 31, 2012.

Vesting: Participant contributions, rollover accounts, Company safe harbor matching and matching contributions made subsequent to January 1, 2007, employer transition contributions, and discretionary nonelective contributions are always 100 percent vested and cannot be forfeited. For Company matching contributions made to the Plan prior to January 1, 2007, participants become 20 percent vested each year after one year of eligible service and are fully vested after five years of service. Participants become 100 percent vested in employer retirement contributions after completing three years of service.

Participants reaching the normal retirement age of 65 while still employed by the Company or terminating employment due to permanent disability or death automatically become fully vested in all Company contributions.

Participant accounts: Each participant's account is credited with the participant and Company contributions and plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which the participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

G&K Services 401(k) Savings Incentive Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Investment options: Participants are allowed to invest in a variety of investment choices, as more fully described in the Plan's literature. All choices vary in type of investment, rate of return and investment risk. Participants may elect to have all or part of their account balance and future contributions transferred from one fund to another or in any combination.

Notes from participants: Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Note terms may not exceed five years, unless the purpose of the note is to acquire a principal residence. Participants are only allowed to have one note outstanding at a time. The notes are secured by the balance in the participant's account and bear a reasonable rate of interest. At December 31, 2012, interest rates range from 4.25 percent to 10.50 percent. Principal and interest are paid ratably through payroll deductions, and notes are due in various amounts through December 2027.

Payment of benefits: Upon termination of employment, death, disability or termination of the Plan, a participant or designated beneficiary will receive the vested portion of the participant's account balance. A participant or designated beneficiary will receive a lump-sum amount, if the vested account balance is \$1,000 or less. If the vested account balance is greater than \$1,000, the participant or beneficiary either may elect to receive a lump-sum amount or may elect to have the balance paid directly to an eligible retirement plan. If the vested account balance is greater than \$5,000, the distribution can also be received in the form of installments over a period of time. Withdrawals of rollover contributions and hardship withdrawals are allowed at any time. Upon obtaining age 59 ½, a participant may take a withdrawal from compensation deferrals or Company contributions. Certain other benefit options are available to participants of former plans.

Forfeitures: Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are used to pay the Plan's administrative expenses or to reduce Company matching contributions. At December 31, 2012 and 2011, forfeited nonvested account balances totaled approximately \$3,000 and \$24,000, respectively. Forfeitures of approximately \$15,900 were used to pay plan expenses in 2012, and forfeitures of approximately \$4,000 were used to reduce employer contributions during 2012.

Plan termination: Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of the Plan's termination, each participant's account would become fully vested, nonforfeitable and distributable in accordance with the provisions of the plan document.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation: Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

G&K Services 401(k) Savings Incentive Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Revenue recognition: Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Realized gains and losses related to sales of investments are recorded on the trade date, and unrealized gains and losses are based on the fair value as of the end of the reporting period.

Notes from participants: Notes from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Default notes from participants are recorded as a distribution based on the term of the plan document.

Accounting guidance requires that participant loans be classified as notes from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued interest. Notes from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in supplemental Schedule H, line 4i—Schedule of Assets (Held at End of Year).

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain fees and expenses of the Plan are paid by the Company.

Subsequent events: The Plan Administrator has evaluated subsequent events through August 5, 2013, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Wells Fargo Bank, N.A.

The Plan's assets are held by Wells Fargo Bank, N.A., the trustee of the Plan.

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified or provided by the trustee, except for comparing such information certified or provided by the trustee with information included in the Plan's financial statements and supplemental schedule. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate.

	<u>\$ 121,432,681</u>	<u>\$ 105,836,116</u>

The trustee also certified to the completeness and accuracy of \$9,622,510 of net appreciation in fair value of the aforementioned investments, \$1,620,728 of interest and dividend income related to the aforementioned investments, and \$213,491 of interest income on notes from participants for the year ended December 31, 2012.

During 2012, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) generated a net appreciation in fair value of investments of \$9,622,510, as follows:

Registered investment companies	\$ 9,340,050
Collective trust	282,460
	<u>\$ 9,622,510</u>

Note 4. Fair Value Measurements

Accounting standards establish the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

G&K Services 401(k) Savings Incentive Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Money market account: The money market account is priced at the net asset value per share, which is calculated as the total of the account's assets, less any liabilities, divided by the total number of shares outstanding on the valuation date. The account's underlying assets are valued using the amortized cost method, which is acquisition cost adjusted for discounts or premiums reflected in their purchase price.

Shares of registered investment companies: Shares of registered investment companies are valued based on quoted prices of identical shares in active markets for shares held by the Plan at year-end.

Units of participation in collective trust: Units of participation in the collective trust are valued at the net asset value as reported by the investment manager at year-end, which approximates fair value. Generally, the fund's net asset value equals the total value of each asset held by the fund, less any liabilities, divided by the total number of shares outstanding on the valuation date.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2012 and 2011:

Investments at Fair Value as of December 31, 2012

G&K Services 401(k) Savings Incentive Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The Plan follows guidance on how entities should estimate fair value of certain alternative investments. The fair value of investments within the scope of the guidance can be determined using net asset value (NAV) per share as a practical expedient, when fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. The following table includes categories of investments where NAV is available as a practical expedient:

	Fair Value as of December 31		Redemption Frequency	Redemption Notice Period
	2012	2011		
Wells Fargo Advantage Money Market Fund; Class I shares (a)	\$ 18,299,307	\$ 19,754,725	Daily	None
Wells Fargo S&P 500 Index Fund; Class G shares (b)	2,299,132	1,795,848	Daily	6 days

- (a) Fund seeks current income, while preserving capital and liquidity. The fund invests in high-quality, short-term, U.S. dollar-denominated money market instruments of domestic and foreign issues, such as time deposits, certificates of deposit, government securities, asset-backed securities, commercial paper, corporate bonds and repurchase agreements.
- (b) Fund seeks to approximate as closely as practicable the total return, before deduction of fees and expenses, of the Standard & Poor's 500 Index and invests in the equity securities of companies that comprise the Standard & Poor's 500 Index.

Note 5. Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated May 23, 2008, that the Plan and trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the Code.

Management evaluated the Plan's tax position and concluded that the Plan has maintained its tax-exempt status and taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state or local tax authorities beyond three years.

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
