#### INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of the Employees' Savings Plan of PB (USA) Holdings, Inc.

#### Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Employees' Savings Plan of PB (USA) Holdings, Inc. (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2012 and 2011, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements, in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

#### Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information discussed in Note C, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the trustee as of December 31, 2012 and 2011 and for the year ended December 31, 2012, that the information provided to the Plan administrator by the trustee is complete and accurate.

#### Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

#### Emphasis of Matter

As further discussed in Note J to the financial statements, the Board of Directors of PB (USA) Holdings, Inc., the Plan sponsor, resolved to freeze participation in the Plan effective December 31, 2013 and to merge the Plan into the Deutsche Bank Matched Savings Plan on or about December 31, 2013. Our opinion is not modified with respect to this matter.

#### Other Matter

The supplemental schedule of assets (held at end of year) as of December 31, 2012, which is the responsibility of Plan management, is presented for the purpose of additional analysis and is not a required part of the financial statements, but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, it is inappropriate to, and we do not, express an opinion on the supplemental schedule referred to above.

#### Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

#### NOTE A - DESCRIPTION OF THE PLAN

The following description of the Employees' Savings Plan of PB (USA) Holdings, Inc. (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

#### [1] General:

The Plan is a defined contribution plan covering substantially all employees of PB (USA) Holdings, Inc. ("the Company"). Employees become eligible for participation upon reaching 21 years of age. An eligible employee may elect to participate as of January 1, April 1, July 1, or October 1 after satisfying the age requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The trustee of the Plan is Fidelity Management Trust Company.

#### [2] Contributions:

Participants may contribute up to 60% of pre-tax annual compensation, as defined by the Plan, as a reduction of salary. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In no event may participant pre-tax contributions exceed any statutory limitations. Participants may also contribute amounts representing distributions from other qualified retirement plans excluding rollovers of after-tax employee contributions and designated Roth contributions.

The Company matches 100% of the participant pre-tax contributions, up to 3% of base compensation as defined in the Plan. To be eligible for matching contribution, a participant must complete six months of service. Participants direct the investment of participant and employer contributions.

#### [3] Participant accounts:

Each participant's account is credited with the participant's contribution and employer matching contribution. Investment income is allocated to and reinvested in the same fund in which it is earned. Allocations of earnings are based on the proportion of the participant's account to total Plan participants' account balance.

#### [4] Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. In addition, participants are fully vested in their Company's matching contributions.

#### [5] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years, but not extend beyond ten years if issued, for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator, ranging from 4.25% to 8.25%. Principal and interest are paid ratably through payroll deductions. A participant may not have more than one note outstanding at a time. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Notes to Financial Statements December 31, 2012 and 2011

#### NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

#### [6] Payment of benefits:

A participant who ceases to be an employee for any reason other than death shall be entitled to receive their vested accrued benefit in the form of a lump-sum payment or distributions in the form of an annuity contract or in periodic installments of all benefits commencing at such time as the participant shall elect in accordance with the Plan, payable over a fixed period. If the account balance is paid in installments, it will be segregated and separately invested with one of the investment choices being a non-transferable annuity policy. If the participant's total distribution is \$5,000 or less, payment is made in a lump-sum. In the event of a participant's death, the participant's beneficiary shall be entitled to receive the participant's entire accrued benefit in the form of a lump-sum payment.

#### NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### [1] Basis of accounting:

The financial statements are prepared on the accrual method of accounting.

#### [2] Subsequent events:

The Plan has evaluated subsequent events through September 16, 2013, the date the financial statements were available to be issued.

#### [3] Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements. Purchases and sales of securities are recorded on a tradedate basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

#### [4] Payment of benefits:

Benefits are recorded when paid.

#### [5] Plan expenses:

Substantially all expenses, with the exception of participant loan fees and certain transaction processing fees, incurred in connection with the administration of the Plan are paid by the Company.

#### [6] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and when applicable, disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Notes to Financial Statements December 31, 2012 and 2011

#### NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### [7] Accounting changes:

In 2012, the Plan adopted Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") No. 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs* (ASU 2011-04), effective for plan years beginning after December 15, 2011. ASU 2011-04 amends Accounting Standards Codification ("ASC") 820 to converge the fair value measurement guidance in U.S. generally accepted accounting principles ("GAAP") and International Financial Reporting Standards ("IFRSs"). Adoption of ASU 2011-04 had no effect on the financial statements.

#### **NOTE C - INVESTMENT CERTIFICATION**

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Management Trust Company, the trustee of the Plan, has certified the completeness and accuracy of all investments and related investment activity and notes receivable from participants in the accompanying statements of net assets available for benefits as of December 31, 2012 and 2011, the statement of changes in net assets available for benefits for the year ended December 31, 2012 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2012.

#### **NOTE D - INVESTMENTS**

The following presents investments that represent 5% or more of the Plan's net assets at December 31:

	2012	2011
Fidelity Mutual Funds:		
Spartan US Equity Index Fund	\$ 3,661,936	\$ 3,423,007
Retirement Money Market Fund	2,575,247	2,775,208
Capital Appreciation Fund	2,379,522	1,684,925
Puritan Fund	1,363,584	1,182,494
Intermediate Bond Fund		802,825
Non-Fidelity Mutual Funds:		
Pimco Total Return Fund Class A	964,036	

During the year ended December 31, 2012, the Plan's investments (including investments bought, sold, as well as held during the year) appreciated in value on a net basis by \$1,415,707.

#### NOTE E - FAIR VALUE MEASUREMENTS

The FASB's ASC 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Notes to Financial Statements December 31, 2012 and 2011

#### NOTE E - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 – Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2012 and 2011.

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2012 and 2011:

#### Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan administrator evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2012, there were no transfers in or out of levels 1, 2 or 3.

#### NOTE F - TAX STATUS

The Company adopted a prototype defined-contribution plan that received a favorable opinion letter from the Internal Revenue Service dated March 31, 2008, which states that the form of the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2012, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2009.

Notes to Financial Statements December 31, 2012 and 2011

#### Note G - Related-Party Transactions

Certain investments are shares of registered investment companies managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Plan's trustee and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan were \$607 for the year ended December 31, 2012.

#### NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2012 may not necessarily be indicative of amounts that could be realized in a current market exchange.

#### NOTE I - MUTUAL FUND FEES

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

Certain mutual funds held by the Plan have short-term trading fees ranging from 0.75% to 1.50% for shares held less than 30 to 90 days.

#### NOTE J - SUBSEQUENT EVENTS

Effective January 1, 2013, the PB (USA) Holdings, Inc. was acquired by Deutsche Bank AG. In June 2013, a PB Capital Corporation's (a subsidiary of PB (USA) Holdings, Inc.) division was acquired by Union Bank, N.A. As a result of these acquisitions approximately 50% of Plan participants terminated their participation in the Plan through September 16, 2013. Further, in May 2013, the Company's Board of Directors resolved to freeze participation in the Plan effective December 31, 2013 and to merge the Plan into the Deutsche Bank Matched Savings Plan on or about December 31, 2013.
